Subject: Recommendation for the Affordable Housing Working Group

Good morning—

My recommendations to the Affordable Housing Working Group are as follows:

1. Require that the Sadowski Fund be fully funded each year rather than being swept by the legislature, and
2. Place an emphasis on preserving the opportunities created through the SHIP Program by promoting permanently affordable housing programs such as community land trusts or other shared equity programs.

Regards,

Cindee LaCourse-Blum

Cindee LaCourse-Blum, Executive Director
