FROM THE BOARD CHAIR AND THE EXECUTIVE DIRECTOR

2020: An Anniversary Celebrating Innovation and Resiliency

The year 2020 was an interesting one to say the least. Florida Housing Finance Corporation (Florida Housing) began 2020 with plans to celebrate 40 years of delivering innovative, affordable housing solutions and assistance to Floridians in need. But, like many others, Florida Housing had to address the COVID-19 crisis and its impact on many workforce and lower-income households. In four decades, Florida Housing has provided housing assistance to more than two million households – helping these individuals and families achieve housing stability and self-sufficiency and in turn find their “forever” homes. Over the years, Florida Housing has partnered with local governments and individual Floridians to devote billions of dollars toward homeownership programs, including first mortgage, down payment and closing cost assistance, in addition to investments and collaboration with private developer and nonprofit partners to provide safe affordable rental housing options for working families, senior citizens, as well as our most vulnerable citizens experiencing financial and other crises impacting housing stability.

While Florida Housing was hoping for a year celebrating its successes, the COVID-19 health pandemic forced a necessary pivot to address the rapidly compounding crises that disproportionately impacted low-income households. By working with our partnering property owners and local government housing offices, in five months, Florida Housing was able to provide more than \$160 million, of Coronavirus Relief Funds from the CARES Act that were made available by Governor DeSantis to stabilize impacted households and ensure tens of thousands of Floridians were able to remain safe in their homes.

In addition to assisting homeowners and renter households during the pandemic, Florida Housing worked hard to continue business as normal in administering its homeownership and rental housing programs. In 2020, funding was provided to create, rehabilitate or preserve units for more than 17,000 households. More than 8,000 households purchased a home through us. We were also able to assist specialized demographic households such as homeless schoolchildren and military families.

Some of the most vulnerable households we assisted in 2020 were families experiencing homelessness with school-aged children. In 2020, Florida Housing expanded upon the Housing Stability for Homeless Schoolchildren

demonstration projects in Santa Rosa and Hernando Counties, to begin initiatives in three new predominantly rural counties with populations of less than 400,000 residents that typically have more limited resources – Alachua, Bay, and Charlotte counties. This demonstration project, now expanded into a fully prioritized initiative of Florida Housing, connects local community partners – the public housing authority, the school district, and a case management organization – to provide intensive wrap around support services to eligible households. To date, four of the households in the demonstration projects were able to benefit from this initiative and springboard to a place where they have now purchased their own homes. The combination of federal HOME Investment Partnerships Program funding for short-term rental assistance, strong local community supports, and the tenacity of the families have proven successful in helping these parents and children rise out of homelessness and remain stably housed and meeting their education, employment and family objectives.

In early 2020 Florida Housing was excited to launch the “Salute Our Soldiers” Military Housing Loan Program, a new Homeownership Program aimed at providing down payment and first mortgage assistance for veterans and active duty military personnel. There were 258 military families that were able to access more than \$61,500,000 in first mortgage assistance and \$1,500,000 in down payment and closing costs assistance as part of this program in its initial launch year.

Despite the challenges related to COVID-19, Florida Housing continued fulfilling the vision of providing innovative, measurable, data-driven and fiscally sustainable solutions that respond to the affordable housing challenges in Florida. We’re excited to share in more detail how Florida Housing set out to achieve this in 2020 in the following pages, and hope you’ll join us for the next 40 years as we continue to make home a reality for our neighbors across the state.

Notes:

¹ See the Demographics and Charts in the back of this report for more detailed information on this chart.

² The number of units is equivalent to the number of households served. In order to serve lower income households, resources from more than one program are sometimes combined. Therefore, grand totals for rental and homeownership program areas are less than the sum of the individual programs due to program overlap. If financing was provided this year for units already funded in a recent, prior year, these units were not counted in this year's grand totals.

³ This program is typically funded by revenues from documentary stamp taxes. In some cases state funding is appropriated on a year by year basis for special programs.

ECONOMIC STIMULUS CREATED BY FLORIDA HOUSING'S PROGRAMS

The most recent information available showing Florida Housing's economic impact to the state is for program activity in 2019. In 2019, Florida Housing leveraged funding sources totaling \$1.6 billion to create a total of \$5.06 billion in economic activity linked to the construction or rehabilitation of affordable housing units. Florida State University's Center for Economic Forecasting and Analysis estimated the total 2019 economic impact as a result of Florida Housing's programs and internal operations to be:

- \$5.06 billion in economic output;
- \$2.09 billion in income;
- \$3.03 billion in value added; and
- 39,378 full- and part-time jobs created.

In addition, researchers at Florida State University analyzed the average ongoing economic impact created each year for the first 15 years of the rental properties funded based on the projected operations of the rental properties. The average economic impact over this period of operations is projected to be:

- \$578 million in economic output annually (equal to \$8.67 billion over 15 years);
- \$382 million in personal income annually (equal to \$5.73 billion over 15 years); and
- 2,898 full- and part-time jobs created.

HOMEOWNERSHIP PROGRAMS

Florida Housing's Homebuyer Loan Programs (HLP) offer 30-year, fixed-rate first mortgage loans originated by trained and approved lenders throughout the state of Florida. The programs are offered to eligible homebuyers who meet income, purchase price and other program criteria; can qualify for a loan; and successfully complete a homebuyer education course. Borrowers who qualify for this first mortgage program may access one of Florida Housing's down payment assistance programs.

Florida Housing funds homebuyer loans through various transaction types. Key types of transactions used to settle loans purchased are: (1) the specified pool market, (2) tax-exempt bonds and (3) forward delivery/To Be Announced (TBA) market.

Ninety-four percent of homes purchased through these programs in 2020 were existing homes. The average HLP purchase price in 2020 was \$183,399, as compared to \$164,069 in 2019. The average first mortgage loan amount was \$177,395.

Program Summary

- 3,450 first-time homebuyers purchased homes using \$612,014,086 in first mortgage funds through the HLP program in 2020.

DOWN PAYMENT ASSISTANCE PROGRAMS

Down payment assistance (DPA) is an effective way to assist otherwise credit-qualified low-to-moderate income individuals achieve homeownership. Florida Housing provided DPA to borrowers in 2020 through three DPA options offered in conjunction with the Homebuyer Loan Programs. Only one Florida Housing DPA program can be used by a borrower. DPA is provided through the Homeownership Assistance Program – Florida Assist (HAP), the Homebuyer Loan Program (HLP) Second Mortgage, and the HFA Preferred Plus Program.

Homeownership Assistance Program - Florida Assist (HAP)

In 2020, up to \$7,500 was available through HAP to assist first-time homebuyers with DPA. These loans are zero percent interest, non-amortizing second mortgage loans, which means the homebuyer does not make any monthly payments on them. Instead, the loan is repaid when the homebuyer sells the home, transfers ownership, satisfies or refinances the first mortgage, or ceases to occupy the home. These loans are for applicants whose incomes are at or below 120% of AMI, adjusted for family size.

- 2,361 households received a total of \$17,628,584 in assistance through HAP in 2020.

Homeownership Loan Program (HLP) Second Mortgage

This second mortgage product provides up to \$10,000 to assist first-time homebuyers with down payment and closing costs. The loans are three percent interest, fully amortizing second mortgage loans. The loan is amortized over 15 years which makes monthly payments more affordable to our borrowers. The loan becomes due in full when the homebuyer sells the home, transfers ownership, satisfies or refinances the first mortgage, or ceases to occupy the home. These loans are for applicants whose incomes are at or below 140% of AMI.

- 256 households received a total of \$2,553,358 in HLP second mortgage funds in 2020.

HFA Preferred Plus Program

Borrowers with incomes up to 140% of AMI qualified to receive three percent or four percent of the purchase price of their new home in DPA through Florida Housing in 2020. Most borrowers also received lower mortgage insurance costs than standard conventional loans or comparable Federal Housing Administration loans, making monthly payments more affordable.

- 439 households received a total of \$3,480,115 in HFA Preferred Plus assistance in 2020.

HOMEOWNERSHIP PROGRAMS

SALUTE OUR SOLDIERS MILITARY LOAN PROGRAM

This program provides 30-year, fixed rate first mortgage loans at a lower interest rate coupled with several down payment assistance options to eligible military service personnel and veterans who are purchasing a primary residence in Florida. Borrowers must meet income requirements, purchase price limits, and successfully complete a homebuyer education course.

Program Summary

- 258 households received a total of \$61,500,000 in first mortgage assistance coupled with over \$1,500,000 of down payment and closing cost assistance as part of the Salute our Soldiers Military Loan Program in 2020.

MORTGAGE CREDIT CERTIFICATES

Utilizing a portion of federal private activity bond volume allocated to states, the Mortgage Credit Certificate program provides eligible homebuyers with annual tax credits that can be applied against their federal tax liability. The credits increase homebuyers' after-tax pay, thereby improving their ability to afford a home. If the home remains their primary residence, participants may claim a dollar-for-dollar reduction of federal income tax liability on up to fifty percent of the mortgage interest on their first mortgage, reducing the amount of federal taxes owed by as much as \$2,000. Homebuyers with incomes up to 140% of AMI are eligible for this program, depending on household size, whether they are purchasing in a federally designated target area and the county where they are buying the home.

Program Summary

- 801 homebuyers received Mortgage Credit Certificates in 2020.

HOMEOWNERSHIP POOL PROGRAM

The Homeownership Pool (HOP) Program is a non-competitive program, with builders reserving funds for eligible homebuyers to provide down payment assistance on a first-come, first-served basis. The program is funded through the federal HOME program. In 2020, Florida Housing re-opened the program to eligible builders and developers, including non-profits, for-profit and USDA-Rural Development partners.

In 2020, the average HOP assistance per homebuyer was \$24,341. Eligible homebuyers include those whose adjusted income does not exceed 80% AMI. While program limits apply, through this program, homebuyers can receive a zero percent deferred second mortgage loan for the amount necessary to meet underwriting criteria. The average purchase price of homes assisted through HOP in 2020 was \$161,113.

Program Summary

- 126 households were assisted in 2020.
- \$3,066,929 in loans were closed.
- \$1,265,000 in additional loans for 53 homebuyers were reserved and will close in 2021.

HOMEOWNERSHIP PROGRAMS

FORECLOSURE COUNSELING PROGRAM

Florida Housing continued efforts to assist homeowners with foreclosure counseling through the Foreclosure Counseling Program (FCP). Established with state funding in 2013, FCP provides homeowners with extended foreclosure counseling, ideally leading toward a loan modification, as well as financial management education. Credit counseling and homebuyer education courses are also offered with this funding. In 2020, the counseling was provided by 22 HUD-certified counseling agencies throughout the state. The FCP program concluded in June 2020.

Program Summary

- In 2020, 994 counseling sessions were conducted.
- Since program inception, 17,438 homeowners have been advised, including 444 who began receiving assistance in 2020. In addition, 410 of these homeowners were provided financial management education training in 2020.
- \$267,125 was expended in 2020.

RENTAL HOUSING PROGRAMS

Florida Housing's rental programs feature unique financing arrangements designed to maximize the development of affordable housing around the state. Strategically combining federal and state resources helps to incentivize local funding opportunities and foster creative public-private partnerships. This results in a shared commitment to provide affordable and economically viable rental developments that serve a wide variety of populations using a range of housing types throughout the state.

Florida Housing uses a competitive Request for Applications (RFA) process to allocate rental resources. The RFA process ensures transparency and accountability in meeting statutorily and legislatively directed commitments. In addition, it provides Florida Housing with the flexibility to react to changing markets and needs.

Florida Housing's Board of Directors establishes a timeline for when all RFAs will be issued during the year. Each RFA is then independently drafted, beginning with multiple opportunities for stakeholder input, including at least one public workshop and a public comment period, before the final draft of the RFA is issued. Applications are scored by Florida Housing staff and recommendations are forwarded to Florida Housing's Board, which makes final award decisions.

REQUESTS FOR APPLICATIONS RECEIVING AWARDS IN 2020

The competitive RFA allocation process allows Florida Housing to best respond to the data-driven assessments generated by statewide affordable housing needs studies. The ability to target specific tenant groups and geographic regions results in a nuanced, comprehensive response to the affordable housing challenges across Florida. Listed below are the RFAs that contributed to the rental developments awarded funding by Florida Housing in calendar year 2020.

2019-118 Elderly Housing Community Loan

2020-102 SAIL Financing for Smaller Permanent Supportive Housing Developments for Persons with Special Needs

2020-103 Housing Credit and SAIL Financing to Develop Housing for Homeless Persons

2020-104 SAIL Financing Farmworker and Commercial Fishing Worker Housing

2020-105 Financing to Build Smaller Permanent Supportive Housing Properties for Persons with Developmental Disabilities

2020-106 Financing to Develop Housing for Persons with Disabling Conditions/Developmental Disabilities

2020-202 Housing Credit Financing for Affordable Housing Developments Located in Broward, Duval, Hillsborough, Orange, Palm Beach, and Pinellas Counties

2020-204 Housing Credit Financing for the Preservation of Existing Affordable Multifamily Housing Developments

2020-208 SAIL Financing for the Construction of Workforce Housing

2020-211 For Available Housing Credit Financing for Developments Located in Small Counties with an Aged Active Award of 9% Housing Credits

2020-302 Community Development Block Grant-Disaster Recovery (CDBG-DR) in Monroe County

RENTAL HOUSING PROGRAMS

STATE APARTMENT INCENTIVE LOANS

The State Apartment Incentive Loan (SAIL) program provides low-interest loans on a competitive basis, most often as gap financing to leverage mortgage revenue bonds and non-competitive Low-Income Housing Tax Credits (Housing Credits). This allows a developer to obtain the full financing needed to construct or rehabilitate affordable rental units for very low-income families. In 2020, SAIL was also used to help finance smaller, specialty housing for people experiencing homelessness as well as persons with special needs. Additional SAIL funding was used as forgivable loans to finance construction of a portion of units in some properties to lower the debt on these units, and thus, allow rents to be decreased to serve extremely low-income (ELI) residents. The Legislature also appropriated a portion of SAIL funds for higher income residents called "workforce" which can serve up to 80% AMI in all counties except Monroe, where the funds can serve up to 120% AMI.

Program Summary

- \$115,976,907 in SAIL funding was awarded for affordable rental housing in 2020; 2,888 total units were awarded funding and 2,888 will be set aside as affordable (of these, 387 affordable units will be set aside for ELI households).

MULTIFAMILY MORTGAGE REVENUE BONDS

The Multifamily Mortgage Revenue Bond program uses both taxable and tax-exempt bonds to provide below market rate loans to nonprofit and for-profit developers that set aside a certain percentage of their apartment units for low-income families. Proceeds from the sale of these bonds are used to construct or acquire and rehabilitate multifamily rental properties. SAIL financing and/or non-competitive Housing Credits are often paired with bonds to allow this federal resource to serve more low-income households than could be served with the bonds alone.

Program Summary

- \$453,925,000 from the sale of bonds was provided for the development of affordable rental housing in 2020;
- 3,682 total units were awarded funding and 1,850 will be set aside as affordable for Florida's low-income families.

GRANTS TO FINANCE HOUSING FOR PERSONS WITH DEVELOPMENTAL DISABILITIES

In recent years, Florida Housing has been appropriated grant funds by the Legislature to finance housing for persons with developmental disabilities. In 2020, funds were made available to develop smaller-scale Community Residential Homes (CRHs) for six persons or less or more independent rental housing known as Supported Living Units (SLUs). Grant funds were also paired with 9% Housing Credits to finance developments of up to 60 units for persons with developmental disabilities. All developments are committed to provide permanent supportive housing, which is housing with access to supportive services allowing the resident to continue living independently within the greater community. The funds were available to private nonprofit organizations whose primary mission includes serving persons with developmental disabilities.

Program Summary

- In 2020, a total of \$7,714,300 was provided to develop 8 CRHs and a 60-unit permanent supportive housing development for persons with developmental disabilities.
- 42 beds and 60 units were funded and set aside as affordable.
- The term "beds" is used to describe the individual living quarters in a CRH for persons with developmental disabilities. The funded CRHs will each serve 6 persons with developmental disabilities. CRHs are large single-family homes that are used as licensed group homes for this population, and bedrooms are rented separately by unrelated persons. RFA 2020-106 provided Housing Credits and grant funding to serve larger developments for Persons with Developmental Disabilities.

RENTAL HOUSING PROGRAMS

LOW INCOME HOUSING TAX CREDITS (HOUSING CREDITS)

The competitive (9%) and non-competitive (4%) Housing Credits program provides nonprofit and for-profit developers with federal tax credits. These credits are sold to investors to be used for a dollar-for-dollar reduction in their federal tax liability in exchange for equity to finance the acquisition, rehabilitation and/or new construction of affordable rental housing. Special consideration is given to properties that target specific demographic groups, such as people who are elderly or experiencing homelessness. Consideration is also given to properties that target certain geographic areas, such as the Florida Keys and developments in local revitalization areas.

Program Summary

- \$61,991,452 in competitive (9%) Housing Credits was allocated in 2020. 3,360 units were funded (3,335 units will be set aside as affordable).
- \$110,608,320 in non-competitive (4%) Housing Credits was allocated in 2020. A total of 12,615 units were funded (12,438 units will be set aside as affordable).

FLORIDA AFFORDABLE HOUSING GUARANTEE PROGRAM

Authorized by the Legislature in 1992, the Guarantee Program was created to provide credit enhancement (i.e., mortgage repayment guarantees) primarily on bond-financed affordable rental housing developments at a time when such products for bond transactions were mostly unavailable in the private market. During its active phase, the program guaranteed 120 transactions, representing approximately \$1.4 billion and over 28,000 rental units, the majority of which partnered with HUD's Risk-Sharing Program (Section 542c), with HUD assuming 50 percent of the default risk. In March 2009, Florida Housing's Board of Directors officially confirmed the suspension of new guarantees. The continued low interest rate environment prompted many Developers to refinance their properties, paying-off their guaranteed mortgages and removing them from the Guarantee Program portfolio. The 2020 reduction in the Guarantee Program's total risk exposure is a result of principal payments.

Capitalization of the Guarantee Fund occurred through the statutorily authorized issuance of debt, and the Guarantee Fund corpus is currently invested in the Florida Treasury. Documentary stamp taxes distributed to the State Housing Trust Fund are the essential element for maintaining the Guarantee Fund's insurer financial strength (IFS) credit rating; currently A+/Stable by Standard & Poor's and Fitch Ratings. In the event the Guarantee Fund is rated less than in the top three claims paying ratings by any of the rating agencies, the state would be required to use collections distributed to the State Housing Trust Fund to replenish the Guarantee Fund at the amount necessary to maintain the minimum IFS claims paying rating.

Program Summary

- Total units in the Guarantee Program portfolio: 229
- Total outstanding guarantees: 1 multifamily rental property
- Total amount of outstanding guarantees: \$5,112,212
- Number of properties in portfolio in monetary default/foreclosure: 0

RENTAL HOUSING PROGRAMS

HOUSING STABILITY FOR HOMELESS SCHOOLCHILDREN INITIATIVE

Florida Housing began a pilot program in January 2018 to provide short- and medium-term HOME TBRA and housing stability services to families experiencing homelessness with school-aged children. The Initiative is targeted to counties with small and rural communities that tend to have fewer housing resources or options than larger, more populated communities. Key partners in these collaborations include the county school district, the local Public Housing Authority, and a case management organization. Through this partnership the school district identifies families participating in the McKinney-Vento (Homeless) Program. The Public Housing Authority then works to place these families in permanent units throughout the community, while the case management organization focuses on providing intensive supports and services to participating families.

Following pilot partnerships in Santa Rosa County and Hernando County, Florida Housing added three new county partnerships and formalized this project as an ongoing initiative in 2020 with Alachua County, Bay County, and Charlotte County.

Program Summary

- \$163,805 in HOME TBRA was provided for 37 households in 2020 as part of the Housing Stability for Homeless Schoolchildren Initiative. For the two pilot partnerships as well as the three new partnerships added in 2020, a total of \$3,000,000 has been encumbered.

NATIONAL HOUSING TRUST FUND

The National Housing Trust Fund (NHTF) is funded from a small portion of the revenue generated by the federal Government Sponsored Entities Freddie Mac and Fannie Mae. With NHTF financing, a small number of units across several properties are set aside for residents with special needs with incomes at or below 22% of AMI, providing a much needed resource for an individual living on Supplemental Security Income (SSI). The set aside units will be affordable for these households throughout each development's full affordability period, ranging from 30-50 years. This funding approach follows the National Housing Trust Fund Allocation Plan developed by Florida Housing as part of the state's Consolidated Plan (required and in place for multiple federal housing programs administered by the state).

Program Summary

- \$5,912,800 in NHTF funding was provided for 6 rental developments. 23 units were set-aside as NHTF units.

LINK STRATEGY

The Link Initiative enhances the ability of extremely low income (ELI) households that are experiencing homelessness and/or have special needs to access and retain affordable rental housing in their communities. Special needs populations include persons with disabilities, youth aging out of foster care, frail elders and survivors of domestic violence. The Link Strategy targets those who require affordable permanent housing, plus short-term or long-term community-based services, to maintain optimal stability and self-sufficiency. Through Link, Florida Housing requires general occupancy properties to set aside a portion of a property's ELI units for homeless and/or special needs households that are receiving community-based supportive services and are referred by a recognized supportive services agency in the community where the property is located. Each participating development executes a memorandum of understanding (MOU) with at least one of the designated services agencies in that community. The MOU provides the responsibilities of each party in partnering to serve these households.

Program Summary

- In 2020, Florida Housing funded 501 new Link units.

RENTAL HOUSING PROGRAMS

ASSET MANAGEMENT OF DEVELOPMENTS IN FLORIDA HOUSING'S RENTAL PORTFOLIO

Florida Housing monitors multifamily developments for compliance throughout the required affordability period based on applicable federal and state statutes and rules. For developments that receive state funds, compliance monitoring reviews and physical inspections are conducted annually. Reviews of developments that were awarded Housing Credits are conducted at least once every three years for the first 15 years in accordance with federal regulations and annually thereafter. Compliance monitoring of mixed-income developments applies to the affordable units.

- In 2020, reviews of 706 properties with 100,864 affordable units (105,016 total units) were conducted.

If problems are found, Florida Housing works with the development owners and property managers until the problems are addressed. Chronic noncompliance of a property may result in the suspension of an owner's ability to apply for Florida Housing funding. Moreover, Florida Housing reports Housing Credit properties that are in noncompliance to the Internal Revenue Service, which places the development's Housing Credits at risk of recapture.

Florida Housing's staff and servicers review audited financial statements received annually as a part of our permanent loan servicing and asset management processes. Compliance training workshops are conducted by Florida Housing and compliance monitors at least four times a year for on-site leasing staff, regional compliance property managers and property owners. Attendance is mandatory for new or replacement property management companies. In 2020, 111 affordable housing professionals attended these workshops.

Due to the COVID-19 pandemic, on-site physical inspections of FHFC-financed properties were postponed from 4/1/2020 to December 31, 2020. Reviews of tenant files and management administrative functions were conducted as desk reviews. Compliance training workshops in 2020, with the exception of the first quarter session, were held remotely due to COVID-19.

SPECIAL PROGRAMS

STATE HOUSING INITIATIVES PARTNERSHIP

The State Housing Initiatives Partnership (SHIP) program provides funds to local governments on a population-based formula as an incentive to produce and preserve affordable housing for very low-, low-, and moderate-income families. When SHIP funds are available, they are distributed on an entitlement basis to all 67 counties and 53 Community Development Block Grant entitlement cities in Florida. SHIP dollars may be used to fund emergency repairs, new construction, rehabilitation, down payment and closing cost assistance, foreclosure prevention, impact fees, construction and gap financing, mortgage buy-downs, acquisition of property for affordable housing, matching dollars for federal housing programs, and homeownership counseling. Each participating local government may use up to 10 percent of its SHIP allocation for administrative expenses. In addition to the state distribution, SHIP local governments expend program income that is generated through loan repayments from program applicants.

Local governments have three years to expend funds. The most recent closed out fiscal year is 2017-2018. The summary of expenditures below is higher than the allocated funds due to local governments' use of SHIP program income and recaptured funds.

Program Summary

- For state fiscal year 2017-2018, Florida Housing allocated \$93,675,529 in SHIP funding.
- \$93,562,918 was expended or encumbered toward homeownership activities by local governments, providing assistance to 3,795 homeownership units.
- Of these funds, \$38,622,420 was expended or encumbered to assist 1,869 households with Special Needs.
- \$17,736,612 was expended or encumbered toward rental housing activities by local governments providing assistance to 2,301 rental housing units.

PREDEVELOPMENT LOAN PROGRAM

The Predevelopment Loan Program (PLP) assists nonprofit and community-based organizations, local governments, and public housing authorities with the planning and financing of affordable housing. Eligible organizations may apply for a loan of up to \$500,000 without site acquisition, or up to \$750,000 with site acquisition, for predevelopment activities such as title searches, engineering fees, impact fees, soil tests, appraisals, feasibility analyses, earnest money deposits, and insurance fees. Technical assistance is also provided at no charge to the applicant.

Program Summary

- \$4,438,000 was awarded for predevelopment activities associated with seven rental developments that will create 443 rental units (of these, 89 will be affordable).
- There were no loans approved for homeownership developments in 2020.

SPECIAL PROGRAMS

TRAINING AND TECHNICAL ASSISTANCE

Affordable Housing Catalyst Program

The Affordable Housing Catalyst Program provides on-site, email, and telephone technical assistance and training on affordable housing programs. Workshops also are conducted throughout the year at locations around the state. This technical assistance is targeted to nonprofits and government entities. The assistance includes training on such topics as: forming local and regional partnerships; working effectively with lending institutions; implementing regulatory reform; training for boards of directors; the development process; implementing rehabilitation and emergency repair programs; assisting with the design and establishment of fiscal and program tracking systems; and compliance requirements of state and federally funded housing programs.

In 2020, much of the Catalyst program technical assistance and training was focused on the administration of the Coronavirus Relief Funds to provide rental and mortgage assistance to applicants affected by the Coronavirus pandemic.

Program Summary

During 2020, the following assistance was provided:

- 6 workshops/stakeholder events;
- 58 webinars;
- 866 hours of direct technical assistance;
- 1,068 responses to emails; and
- 1,379 responses to phone calls.

PLP AND DEMONSTRATION LOANS TECHNICAL ASSISTANCE

Technical Assistance is also provided to applicants with PLP and Demonstration Loans. This technical assistance provides professional guidance for less experienced nonprofit organizations to help them move through the predevelopment process and build capacity required to construct or renovate affordable housing units.

Program Summary

- 33 PLP applicants were provided technical assistance at a cost of \$46,257.50 in 2020.

DISASTER RESPONSE AND RECOVERY EFFORTS

During 2020, Florida Housing worked with state and federal officials to continue providing support for short- and long-term housing solutions to address the impacts from Hurricane Michael, which hit Florida in late 2018. In partnership with the Florida Division of Emergency Management (DEM), FEMA, HUD and the Homeless Assistance Continuum of Care Lead Agencies in the impacted areas, Florida Housing also provided information regarding available rentals for homeless and displaced households and permanent housing needs for homeless households and those at risk of homelessness.

The state fiscal year 2020-21 budget included \$20 million for the Hurricane Housing Recovery Program. In June 2020, Florida Housing's Board approved the allocation of these funds based on a methodology similar to that used for the SHIP Disaster Allocation.

Since 2019, Florida Housing has been providing low-interest, 30-year, fixed-rate mortgages together with down payment and closing cost assistance to eleven counties that were severely impacted by Hurricane Michael. Florida Housing was allocated an additional \$127 million in 2020, including \$10 million in the state fiscal year 2020-21 budget, to continue these efforts. As a result, homebuyers in Bay, Calhoun, Franklin, Gadsden, Gulf, Holmes, Jackson, Taylor, Liberty, Wakulla and Washington counties have received over \$183 million in first mortgage loans and \$15 million in DPA. The DPA was provided as a \$15,000, zero percent interest rate, second mortgage that was forgivable at twenty percent per year over five years.

SPECIAL PROGRAMS

Florida Housing's Board approved the award of \$54.4 million for the Rental Recovery Loan Program in December 2019. During 2020, seven developments with a total of 744 units (693 set aside as affordable) were added to the rental unit portfolio in Hurricane Michael impacted counties.

Additionally, Florida Housing's Board approved the award of \$45 million in Community Development Block Grant - Disaster Recovery (CDBG-DR) funds in late 2019. These funds were provided for the acquisition of land and construction of developments to help address the un-met Workforce Housing need in Monroe County and other small counties deemed Hurricane Recovery Priorities. A total of 17 developments with 1,402 units (all set-aside as affordable) were funded across nine counties in 2020.

HURRICANE DAMAGES TO FLORIDA HOUSING'S RENTAL PORTFOLIO

After a hurricane or tropical storm impacts Florida, Florida Housing works to immediately conduct a damage assessment of the rental properties in our portfolio to gain a better understanding of the effect of the hurricane on the residents and condition of the developments and units in the impacted area(s).

Florida Housing has 113 developments in its portfolio located in the 14 counties declared a major disaster due to Hurricane Sally. Of the 21 developments that reported mostly limited damage, 16 completed all repairs. No households were displaced by the storm.

Hurricane Eta damage reports received indicated limited to moderate damage to roofs and windows combined with limited landscape damage. Of the 34 properties that sustained damage, 30 have completed all repair work. Thirty (30) households were displaced due to flooding at a development in Opa-Locka, Miami-Dade County.

Florida Housing had 68 multifamily developments located in the twelve counties declared a major disaster area due to 2018's Hurricane Michael. These developments contained 597 buildings with 6,134 units. Nine developments reported damage extensive enough to require displacement of some or all households. An additional 15 properties reported moderate damage and 17 reported limited damage from the hurricane. Forty-one developments have completed all work and debris removal. Work continues at one development and is expected to be complete during second quarter 2021.

AFFORDABLE RENTAL HOUSING LOCATOR: FLORIDAHOUSINGSEARCH.ORG

Web-Based Affordable Rental Housing Locator

Florida Housing provides a free, online affordable rental housing locator that helps citizens search for housing throughout Florida. FloridaHousingSearch.org allows users to search for and find available rental units by using several different search criteria such as rent amount, city, county, and zip code. Map links also are offered to allow users to search for housing near schools, transportation and employment. Properties listed on FloridaHousingSearch.org are affordable for people who earn at or below 120% AMI. The website is available in English and Spanish and can be translated into 30-plus additional languages, including Haitian-Creole.

As well as being free to those searching for housing, FloridaHousingSearch.org is free to property owners and managers who list their properties. Landlords can list information about their property including number of bedrooms, move-in costs, amenities, accessibility options, voucher acceptance and photographs. Owners of rental housing more recently financed by Florida Housing are required to list their properties and available rental units. The system is continually updated to ensure that property listings are accurate and up to date. 235,141 rental units were registered in the search database at the end of 2020.

The locator also provides a toll-free, bilingual call center. As needed, call center staff assist consumers in conducting housing searches, help owners/landlords with listing their properties, and ensure that rental listings are kept up to date and accurate.

During 2020, 928,976 affordable rental searches were conducted on FloridaHousingSearch.org. The call center staff handled more than 11,000 affordable rental-related telephone inquiries.

CORONAVIRUS RELIEF FUND

In late June 2020, Governor DeSantis announced Florida Housing would receive Coronavirus Relief Funds (CRF) from the CARES Act to address housing crises for families impacted by the COVID-19 pandemic. Florida Housing implemented the following three core strategies:

1. Rental Assistance for Tenants in Existing Affordable Rental Housing Programs;
2. Rental and Mortgage Assistance administered through the Local Government Housing Offices; and
3. Operations Assistance for Special Needs Developments.

RENTAL ASSISTANCE FOR TENANTS IN EXISTING AFFORDABLE RENTAL HOUSING PROGRAMS

Florida Housing worked with multifamily properties in its portfolio to ensure that rental arrears for COVID-impacted households were paid. This effort guaranteed housing stability to vulnerable households during the pandemic months of 2020.

Program Summary

- 786 applications were received for assistance to 12,400 households.
- \$13,235,473 in assistance was provided to 373 multifamily developments.

RENTAL AND MORTGAGE ASSISTANCE ADMINISTERED THROUGH THE LOCAL GOVERNMENT HOUSING OFFICES

Florida Housing partnered with the existing infrastructure of local government housing offices (119 SHIP Programs) to administer this assistance to impacted renters and homeowners during 2020. CRF dollars were used to provide the following supports to extremely-low, very-low, low- and moderate-income COVID-impacted households: rental and utility assistance; mortgage payment assistance for households in danger of foreclosure; homeownership counseling and applicable emergency repairs.

Program Summary

- \$149,729,536 was disbursed to 119 local governments.
- \$133,507,864 was expended by local governments to assist 32,713 households.
- 484 sessions of individualized technical assistance were provided to participating local governments, in addition to 14 webinars with 3,680 registrants.

OPERATIONS ASSISTANCE FOR SPECIAL NEEDS DEVELOPMENTS

Florida Housing set aside a small portion of CRF to assist developments that provide housing to special needs and homeless households with operating costs. These dollars were used to assist with and/or acquire extra staffing, personal protective equipment for staff and residents, cleaning services and supplies, shelf-stable groceries, medical and supportive services for COVID-impacted residents, technology and equipment to help with social distancing and pandemic related safety needs, etc.

Program Summary

- 31 developments representing 2,083 units received assistance under this strategy.
- \$1,828,956 in assistance was provided to participating special needs developments.

Housing Stability for Homeless Schoolchildren	37	37
State Housing Initiatives Partnership (SHIP) ^{2,3}	2,301	2,301
Predevelopment Loan Program (PLP) ²	443	89

Notes:

¹ The number of units is equivalent to the number of households served. In order to serve lower income households, resources from more than one program are sometimes combined. Therefore, grand totals for rental and homeownership program areas are less than the sum of the individual programs due to program overlap. If financing was provided this year for units already funded in a recent, prior year, these units were not counted in this year's grand totals.

² This program is typically funded by revenues from documentary stamp taxes. In some cases state funding is appropriated on a year by year basis for special programs.

³ SHIP information is from the most recently closed year (2017-2018). Pursuant to Florida Law, local governments typically have three years to expend funds. On the rental side, local governments often use SHIP funds as local contribution for rental developments financed with Florida Housing's programs. We estimate that 1,151 (50%) of the SHIP rental units during this period overlap other rental programs in this summary.

⁴ The FCP total shows the new homeowners assisted through the program in 2020, although homeowners who entered the program in prior years may still be receiving help. The total number of homeowners assisted since program inception is 17,438.

⁵ The breakdown for the 17,602 total rental units financed in 2020 is as follows:

- 9,272 units are new construction or redevelopment (demolition/replacement); and
- 7,179 units are preservation (existing affordable units being rehabilitated and recapitalized to ensure they remain affordable and in good condition; some are 30+ year old properties originally funded through HUD and USDA); retrofits of existing smaller properties; or acquisition and rehabilitation of properties that become affordable as a result of receiving financing.
- 1,151 SHIP units that are not associated with other rental programs (see note 3).

Note:

¹These four columns show the cumulative number of loans and first mortgage amounts for Homebuyer Loan Programs and downpayment assistance provided through four programs: the Homeownership Assistance Program (HAP) - Florida Assist), HFA Preferred PLUS Grants (3% and 4% HFA Preferred Grants), Florida Homeownership Loan Program (FL HLP) Second Mortgage, Hurricane Michael Recovery Loan Program and Affordable Income Subsidy Grant Program. Each downpayment assistance program section of the table provides subtotals for each of the strategies complementing the Homebuyer Loan Programs. Because not all first mortgages are paired with down payment assistance from Florida Housing, the totals in the Overall Performance section may be larger for some counties than the sum of the individual downpayment assistance program sections.

²In many cases, the first mortgage and DPA totals for a county are higher than the average sales price, because buyers also receive some assistance with closing costs, a key barrier to entering homeownership for many.

³No DPA Requested represents loans in which no downpayment assistance was requested.

**As of December 31, 2020, the foreclosure rate for all Florida Housing homeowner loans was 0.58%. Of this, 0.09% of all Florida Housing loans were 1995 Indenture loans in foreclosure, 0.09% of all Florida Housing loans were New Issue Bond Program Indenture loans in foreclosure, and 0.40% of all Florida Housing loans were TBA loans in foreclosure. This is compared to a foreclosure rate of 0.78% for all Florida residential loans reported at the end of the fourth quarter of 2020 (the Florida conventional loan foreclosure rate was 0.76% and the Florida FHA foreclosure rate was 0.95%). Source: USBank and Mortgage Bankers Association.

2020 HOMELESS SCHOOLCHILDREN PROGRAM, TENANT-BASED RENTAL ASSISTANCE (TBRA)

COUNTY	HOUSEHOLDS SERVED IN 2020	TOTAL FUNDING PAID IN 2020
Alachua	18	\$46,038
Hernando	8	\$54,858
Santa Rosa	11	\$62,909
TOTALS	37	\$163,805

0-30% AMI	31-50% AMI	51-80% AMI
24	12	1

Note:

HOME funds are used to fund this program. This table represents rental assistance paid to all participating households from January 1, 2020 through December 31, 2020.

COUNTY	TOTAL FUNDING ENCUMBERED
Alachua	\$500,000
Bay	\$500,000
Charlotte	\$500,000
Hernando	\$750,000
Santa Rosa	\$750,000

Note:

After implementing pilot partnerships in Santa Rosa County and Hernando County, Florida Housing added three new county partnerships and formalized this project as an ongoing initiative in 2020 with Alachua County, Bay County, and Charlotte County. The column "Total Funding Encumbered" represents the amount of funds awarded to all five participating county partnerships. Bay and Charlotte counties sites began housing families in 2021.

Seminole	Attain 2020-Seminole-Community Residential Home	\$498,050	6	6
TOTALS		\$3,714,300	42	42

Note:

The term "Beds" is used to describe the individual living quarters in a Community Residential Home (CRH) for Persons with Developmental Disabilities. The CRHs are typically single family homes that are used as licensed group homes for this population, and bedrooms are rented separately by non-related persons. Supported Living Units (SLUs) are rental dwelling units leased to Persons with Developmental Disabilities who are determined by the Florida Agency for Persons with Disabilities to be approved to receive Supported Living Services. For the purposes of Florida Housing's funding, the number of Beds represents the number of people living in the CRH or the SLU.

Notes:

When a development has received funding in a prior year, that year is included in the appropriate program column. In order to serve lower income households, resources from more than one program are often combined to finance a development. HC 9% = Low Income Housing Tax Credit (9%); HC 4% = Low Income Housing Tax Credit (4%); MMRB = Multifamily Mortgage Revenue Bonds; SAIL = State Apartment Incentive Loan Program; EHCL = Elderly Home Community Loan. This table includes developments that have been awarded funding, but may have been subject to legal challenges as of December 31, 2016. As a result, the developments listed in this table may include those that received a preliminary award prior to conclusion of such litigation.

¹ Developments described as "N/A" were funded through 4% HC/MMRB, and did not have Request for Application numbers associated with their applications.

² Local Bond developments that also have received Florida Housing financing have been included on this chart because local housing finance authorities provide a major source of multifamily financing throughout the state by issuing mortgage revenue bonds. Developers often combine these Local Bonds with financing through Florida Housing programs.

³The term "Beds" is used to describe the individual living quarters in a Community Residential Home (CRH) for Persons with Developmental Disabilities. The CRHs are typically single family homes that are used as licensed group homes for this population, and bedrooms are rented separately by non-related persons. For the purposes of Florida Housing's funding, the number of Beds represents the number of residents living in the CRH.

⁴The Link to Permanent Housing Initiative, or "Link," requires developers to set aside a portion of a development's extremely low-income units for special needs households that are referred and served by community-based supportive services providers. Link units serve persons with physical, mental and/or developmental disabilities, youth aging out of foster care, homeless households, and survivors of domestic violence. Note that the Link unit counts are also included in the Set-Aside Units/Beds total for each property.

⁵NC = New construction; Preservation = Preservation of existing affordable properties; A/R = Acquisition/Rehabilitation properties in which there is acquisition and where more than 50% of the units are rehabilitation and the rest may be new construction; R = Rehabilitation of an existing structure (with no acquisition) where less than 50 percent of the proposed construction work consists of new construction.

⁶Total Development Cost (TDC) is estimated in the development application and is determined in credit underwriting.

Notes:

¹These SHIP funds were appropriated for Fiscal Year 2017-2018. Pursuant to Florida Law, for this fiscal year local governments were required to report on funds expended and encumbered through June 30, 2020. Annual distribution amount does not include program income, recaptured funds, carry forward funds or other funds which local governments also use to fund housing through the SHIP program. The homeownership and rental expenditures, when taken together, are higher for this reason.

²The statute requires that local governments spend 20 percent of their SHIP distribution to serve Persons with Special Needs. On the Special Needs percentage of distribution column, a percentage may be over 100% because the percentage of funding for Special Needs Households is calculated based on the state distribution amount, as required by law. A local government may spend its entire distribution plus any portion of its program income for Special Needs households, thus the possibility that this percentage could be over 100 percent.

^{*}Note that the above information was certified and provided by each local government participating in the SHIP Program. The accuracy of this information has not been verified by Florida Housing. In addition, all local governments are required to submit copies of their audited financial statements to Florida Housing and be in compliance with the Florida Single Audit Act.

^{**}Local governments are subject to periodic compliance monitoring in which a sample of the reported numbers are examined and verified for accuracy. FHFC is authorized by statute to expend 0.25 of one percent on compliance monitoring of local SHIP programs.

CORONAVIRUS RELIEF FUND

Notes:

The above information was provided and certified by each local government participating in the CRF program. The accuracy of this information has not been verified by Florida Housing. These local governments are subject to periodic compliance monitoring in which a sample of the reported numbers are examined and verified for accuracy and program compliance.

*Resources from more than one program may have been used to assist households. Therefore, the total served may be less than the sum of the individual programs due to program overlap. Some households within participating city limits may have received nonduplicative assistance from both the county and the city of residence. These households are included in both county and city totals. The Total Expended column also includes funds expended for program administration and housing counseling activities.

*Putnam County elected not to accept CRF program funds from Florida Housing.

Notes:

Most properties are required to restrict the rents charged to those set by U.S. HUD. Beyond that, rents may then be based in part on the submarket in which they are located - that is, "what the market will bear." In some cases, rents may be set lower if a property has a mission to serve certain demographics, such as formerly homeless people, who cannot afford to pay much rent. As a result, in some cases, average rents for units with more bedrooms in a county may be lower than rents charged for smaller units.

RENTAL PORTFOLIO

DEMOGRAPHIC CHARACTERISTICS OF RENTERS LIVING IN PROPERTIES FINANCED BY FLORIDA HOUSING*

This table shows demographic information about the renters living at properties financed by Florida Housing. Residents are not required to report demographic information about themselves. It is their choice. This is the reason for the disparity between total numbers in the various categories below.

RESIDENTS SERVED BY AGE	0-17	147,509

OCCUPANCY RATES FOR ACTIVE, REPORTING UNITS IN FLORIDA HOUSING'S PORTFOLIO, FOURTH QUARTER OF 2019 AND 2020

Out of a total of 226,649 active, leasing-up and pipeline units, 182,758 are actively operating and reported information for this survey covering October through December of 2020. For comparison, the occupancy rate is provided for the fourth quarter of 2019. The occupancy rate is a weighted average (by unit).

Walton	203	98.7%	98.9%
Washington	38	73.2%	95.2%
Statewide	182,758	97.3%	96.9%

Note :

For comparison, the rental vacancy rate reported by the US Census was 6.9 percent for Florida and 6.5 percent for the US during the fourth quarter of 2020. This equals a 93.1 percent occupancy rate for Florida and a 93.5 occupancy rate for the US. Note that this is for all residential rental units serving all income levels, not just affordable apartments.

In comparison, the overall occupancy rate for Florida Housing's rental portfolio was 97.3 percent at the end of 2020, higher than the state occupancy rate for all rental properties in Florida noted above. While 3.7 percent of all Florida Housing properties had an occupancy rate of less than 90 percent, only 2.5 percent of the total units are in properties that had an occupancy rate of less than 90 percent. The average size of properties reporting is 135 units. Although properties with less than 75 units account for 56 percent of those properties with an occupancy rate below 90 percent, they only represent 0.5 percent of all units in the Florida Housing portfolio. Therefore, when looking at this measure strictly from the property level, the smaller properties skew the results negatively.

³Past due amounts may include matured loans, loan interest, replacement reserves, and other payments required by the loan documents.

Notes continued:

⁴"SAIL" = State Apartment Incentive Loan. "ELI" refers to forgivable loans to finance units affordable to extremely low income households. These loans are typically provided in addition to other primary financing, such as SAIL and Low Income Housing Tax Credits. "EHCL" refers to the Elderly Housing Community Loan Program, a small program funded out of the SAIL program.
