E. Local Housing Partnership

SHIP Program encourages building active partnerships between government, lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups.

The City of Tamarac's 2010-2012 LHAP represents a cooperative effort between the City of Tamarac, Broward County, lenders, developers, construction

contractors and non-profit organizations to produce, acquire and rehabilitate affordable housing. The partnerships ensure the program is effective by combining resources whenever possible.

Strategies such as Home Rehabilitation, Down Payment Assistance, and others also represent a partnership between the City and its residents.

F. Leveraging:

The Plans are intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

The City of Tamarac leverages funds from federal programs such as: Community Development Block Grant (CDBG) and Home Investment Partnership (HOME) whenever possible as funds are available.

G. Public Input:

Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

The City of Tamarac will issue two (2) public notices during the preparation of the FY 2010-2012 LHAP. One public notice will be issued for the Planning & Zoning Board's Monthly meeting which staff presents is recommended activities and the other will be during the City Commission meeting which the LHAP is to be approved. The City Commission meeting will also be advertised as a Public Hearing.

H. Advertising and Outreach

The county or eligible municipality or its administrative representative shall advertise the notice of funding availability in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

The Notice of Funding Availability will be published as required above.

I. Discrimination:

In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, creed, religion, color, age, sex, marital status,

familial status, national origin, or handicap in the award application process for eligible housing.

The City is a supporter of Fair Housing and participates in local events to further the awareness. All Housing program applications contain the following statement:

Fair Housing Act

Title VIII of the Civil Rights Act of 1968 (Fair Housing Act), as amended, prohibits discrimination in the sale, rental, and financing of dwellings, and in other housing-related transactions, based on race, color, national origin, religion, sex, familial status (including children under the age of 18 living with parents of legal custodians, pregnant women, and people securing custody of children under the age of 18), and handicap (disability).

J. Support Services and Counseling:

Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling and Transportation

As part of the Down Payment Assistance strategy, applicants are required to attend an 8-hour Pre-Purchase Housing Counseling course to better educate them on the nuances of homeownership, better budgeting techniques, maintaining a good credit standing, how to avoid sub-prime lending and other useful topics.

K. Purchase Price Limits:

The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

- Independent Study (copy attached)
- U.S. Treasury Department
- Local HFA Numbers

The purchase price limit for new and existing homes is shown on the Housing Delivery Goals Charts. This amount is \$329,268.60

L. Income Limits, Rent Limits and Affordability:

The Income and Rent Limits used in the SHIP Program are updated annually from the Department of Housing and Urban Development and distributed by Florida Housing Finance Corporation. Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071 F.S. However it is not the intent to

limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

As part of the City's Financing Guidelines associated with the Down Payment Assistance strategy, applicants may not purchase properties in which their monthly housing expenses would exceed 32% of their monthly income. This amount consists of their first mortgage, insurance and taxes.

M. Welfare Transition Program:

Should a eligible sponsor be used, the city/county has developed a qualification system and selection criteria for applications for Awards to eligible sponsors, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

The City of Tamarac does not utilize sponsors.

N. Monitoring and First Right of Refusal:

In the case of rental housing, the staff or entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides the same monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$3,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored for at least annually for 15 years or the term of assistance whichever is longer unless as specified above.

Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

The City of Tamarac does not have any rental strategies as part of this 2010-2012 LHAP.

O. Administrative Budget:

A detailed listing including line-item budget of proposed Administrative Expenditures is attached as Exhibit A. These are presented on an annual basis for

each State fiscal year submitted.

The City of Tamarac finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan based on Florida Statutes listed below.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:

“A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states:

“The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5% of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(17), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.”

The applicable local jurisdiction has adopted the above findings in the attached resolution, Exhibit E.

P. Program Administration:

Administration of the local housing assistance plan is the responsibility of the applicable city/county. Should a third party entity or consultant contract for all or part of the administrative or other functions of the program provide in detail the duties, qualification and selection criteria.

Program Administration of the SHIP program is handled in-house by City staff. No third party entity will carry out any administrative duties. The City will not exceed its 10% allowable amount for program administration.

Q. Essential Service Personnel:

Counties and eligible municipalities are required to include a definition of Essential Services Personnel as noted in Rule Chapter 67-37.002(8) F.A.C., Chapter 67-37.005(10), F.A.C. and Section 420.9075(3), F.S.

Essential Service Personnel as evaluated and determined by the City of Tamarac include, but are not limited to: Fire fighters, police officers, educators, health care professionals, skilled building tradesman, and emergency management personnel, and other job categories required to meet the needs of the community depending on need and/or

Requires counties and eligible municipalities to describe initiatives in their local housing assistance plans that encourage or require innovative design, green building principles, storm resistant construction or other elements that reduce long term costs relating to maintenance, utilities or insurance. Provide a brief description as required:

The City of Tamarac promotes green building principles in its Home Rehabilitation strategy by installing energy efficient (energy star rated) appliances.
