L. Income Limits, Rent Limits and Affordability:

The Income and Rent Limits used in the SHIP Program are updated annually from the Department of Housing and Urban Development and distributed by Florida Housing Finance Corporation. Affordable means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071 F.S. However it is not the intent to limit an individual household’s ability to devote more than 30 percent of its income for housing, and housing for which a household devotes more than 30 percent of its income shall be deemed affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage

payments in excess of the 30 percent benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

M. Welfare Transition Program:

Charlotte County has developed a qualification system and selection criteria for applications for awards to eligible sponsors which includes a description that demonstrates how eligible sponsors that employed personnel from the Welfare Transition Program will be given addition scoring in the selection process. Beginning with the 2009-2010 fiscal year, new contracts with sub-recipients will require prioritizing employment through the Welfare Transition Program.

N. Monitoring and First Right of Refusal:

In the case of rental housing, Charlotte County or an entity to which the County has contracted for implementing the local housing assistance plan rental strategies shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides the same monitoring and determination, Charlotte County **may will** rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$3,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for at least 15 years or the term of assistance whichever is longer unless as specified above.

Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

O. Administrative Budget:

A detailed listing including line-item budget of proposed Administrative Expenditures is attached as Exhibit A. These are presented on an annual basis for each State fiscal year submitted. The moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan, according to Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, which provides:

“A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan. The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5% of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(17), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.”

2. State Fiscal Years Covered

The three state fiscal years beginning July 1, 2011 and ending June 30, 2014 will be used for this strategy. The level of funding for each fiscal year is specified on the Housing Goals Charts attached, which are herein adopted as a part of the Plan.

3. Income Category Served

Very low income households will be served by this activity.

4. Maximum Award

The maximum award and level of funding for each fiscal year is specified on the Housing Delivery Goals Charts attached, which are herein adopted as a part of the Plan.

5. Terms, Recapture and Default Provision

SHIP funds for this Strategy will be provided in the form of a loan to be repaid as program income in semi-annual payments beginning after 80% of occupancy and continuing over a period of 30 years at a 2 percent interest rate. A 1 percent interest rate will be provided to properties in which at least 75 percent of the units are set-aside for households earning 50 percent or less of Area Median Income (AMI) or if 30 percent of the units are set-aside for special needs households such as disabled, very-low-income, homeless, or households transitioning out of homelessness. The loan shall be secured by mortgage documents that subject the mortgagee to the recapture provisions of 67_37.007(12), Florida Administrative Code. In the event the local SHIP mortgage and the primary mortgage have different restrictions on the same issue, the more restrictive regulation shall take precedence.

Selected developers shall be required to report to the County the income eligibility of tenants on an annual basis for 15 years. The County shall use the information reported in the annual SHIP Report submitted to the Florida Housing Finance Corporation. In the event of a default on the mortgage payments the County will proceed with foreclosure actions to recapture the loan funds or take possession of the property.

6. Recipient Selection Criteria

All tenants in units funded through this strategy must be very-low-income households at or below 50 percent of the Area Median Income. The specific selection criteria will be determined by the developer assuming compliance with all fair housing laws.

7. Sponsor Criteria

Non-profit and special needs organizations seeking to operate rental housing for low and very low income households will be eligible to submit applications for SHIP funds to rehabilitate or construct rental housing. Applications will be ranked in accordance with specific scoring criteria based on County preferences and development needs. Scoring will be based on the experience of the developer, project readiness, community need, green and universal design features, and willingness to employ local labor as well as hiring from the Welfare Transition Program. The application may be modified to reflect local preferences for housing for elderly households, special needs, and extremely low income households. Criteria may also be amended to reflect a

desire for development within a specific infill area in Charlotte County, including the Neighborhood Revitalization Area, within one mile of a major employment center such as Murdock Circle, or within the City of Punta Gorda. A selection committee will be chosen by the Charlotte County Housing Manager which shall include at least one member of the Affordable Housing Advisory Committee or, in the case of fewer than five applications, may be scored directly by the Affordable Housing Advisory Committee. Applications will be ranked in descending order with applications receiving the highest score ranked first. In the case of a tie after applications have been ranked, the Board of County Commissioners shall select applications at a public meeting after considering recommendations of the ranking committee. The decision of the Board of County Commissioners shall be final.

8. Additional Information

All property receiving SHIP assistance must be rented at prices that are affordable in accordance with guidelines provided by HUD and distributed by Florida Housing Finance Corporation. Rent limits are provided annually by HUD and distributed by Florida Housing Finance Corporation. Rent limits must be in accordance with program regulations. Agencies selected for participation in the strategy shall be required to report to the County the income eligibility of tenants on an annual basis for 15 years. The County shall use the information reported in the annual SHIP Report submitted to the Florida Housing Finance Corporation. In the event the Developers primary financing and the local LHAP have different restrictions on the same issue, the more restrictive regulation shall take precedence.

J. Renter Eviction Prevention:

1. Summary

The Renter Eviction Program provides a SHIP grant to qualified renters in order to prevent eviction. All households receiving SHIP assistance must be the primary, year-round residence of the recipient and cannot be used as for seasonal occupancy. To be qualified, renters must have lost their job or suffered a minimum 30 percent reduction in discretionary income or other significant demonstration of hardship within the past six months due to changing economic conditions. To be eligible, applicant must provide proof of loss of income or income reduction. To demonstrate this, the applicant must provide a letter of separation or notice of salary level change, a lay off notice, or other written proof of job loss. To qualify for consideration applicants must be no less than four (4) months delinquent on their mortgage payments.

2. State Fiscal Years Covered

Three state fiscal years beginning July 1, 2011 and ending June 30, 2014 will be used for this activity.

3. Income Category Served

Very low and low-income homeowners will be served by this activity.

4. Maximum award

The maximum award for this strategy will be \$3,000.

5. Terms, Recapture and Default Provision

SHIP assistance will be provided in the form of a grant up to \$3,000.

6. Recipient Selection Criteria

Selection will be on a first come, and first ready basis, following receipt of an application, income qualification and completion of a workout plan with a certified credit counselor. Participation in a credit counseling program is required. In addition, applicants must register with no less than two employment service agencies, including the Career and Services Center of Southwest Florida. Recipients must be able to provide proof that they lost their job or experienced a minimum 30 percent reduction in income through no fault of their own. They must also provide a signed 12-month lease for their rental unit that will not expire within the period of assistance.

7. Sponsor selection criteria, if applicable

See Section I, Subsection P, "Program Administration." This program will be administered by the non-profit selected to oversee the homeowner strategies.

8. Additional Information

To be eligible to receive assistance, the owner of the rental unit must provide a statement indicating that the unit will be available for the term of the assistance and is not in danger of foreclosure.

III. LHAP INCENTIVE STRATEGIES:

A. Expedited Permitting:

Permits as defined in s. 163.3164(7) and (8) for affordable housing projects are expedited to a greater degree than other projects.

Policy and Procedure:

Per Ordinance Number 98-0710A0, Developer will make request to be designated as an Affordable Housing Development (AHD) to the County Ombudsman who will review the project to determine if it provides at least 25% of the units (or one unit in the case of a single unit development) as affordable units and meets the definition. If project meets the definition, the Developer will be provided a letter from County Administrator to include with his permitting documents. A project requiring DRC processing shall be scheduled for review within one week. If project requires Zoning Board of Appeals process, it shall be placed on the agenda of the next regularly scheduled meeting, unless Developer requests a delay. A project requiring neither shall be expedited through the County review process, and any agencies shall report items that may cause delay to the Ombudsman who will review those items with Developer within 24 hours and who will assist in forwarding the development through the review process.

B. Ongoing Review Process:

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Policy and Procedure:

Per Ordinance Number 98-0710A0, any and all changes in code, procedure or process that affect the cost of housing shall be reviewed by the Charlotte County Affordable Housing Advisory Committee (AHAC). No such changes shall be considered for approval by the Charlotte County Board of County Commissioners (BCC), or any person or agency delegated with authority to act on its behalf, unless it has been considered by the AHAC at a public meeting. The AHAC shall make non-binding recommendations of any proposed changes in code, procedure or process that affect the cost of housing to the BCC.

C. Inventory of Publicly Owned Lands:

An ongoing process for developing and making available an inventory of all land owned by the County and to provide a process for making appropriate lands available to non-profit housing providers for the creation of affordable housing.

Policy and Procedure:

Per Resolution Number 2001-080, the County's Manager of Real Estate Services will establish, on a semi-annual basis or as otherwise required, a listing of County owned real property believed to be surplus to County needs. The listing will be made available to other government divisions for review. Such surplus properties will be disposed of by legal means, in accordance with County guidelines and Florida Law.

By Florida law, such surplus property may be offered for sale and the proceeds earmarked for the development of affordable housing or may be donated to nonprofit housing providers for the construction of permanent affordable housing.
