**Subject:** Comments for National Housing Trust Fund

Just a quick note to say I support the proposed deeper income targeting with these funds to target persons at or below SSI income levels. I appreciate the comments in the public meetings being incorporated. I also support the comments submitted by Jeffrey Hearne of the Housing Umbrella Group. Excessive background checks and fees for applications and deposits continue to be a barrier. I also encourage Florida Housing to ensure that the requirements outlined in the proposed plan are incorporated in the contract and the compliance steps of the implementation of this plan. Thank you for your work in this important area.
