Subject: Non-DDA/QCT Funding Goal Comments

Steve and Ken-

When reviewing the most recent RFA 2015-106 draft, we have several concerns over the last minute revisions to the non-DDA/QCT funding goal. While the notion to fund 2 deals in non-DDA/QCT areas is solid, making significant changes to the goal at this late stage will have adverse affects to many developers and communities around the State. We have broken out our comments below.

- As you will see in the attached FHFC Portfolio Occupancy Report, we have run some quick calculations on the second excel tab. FHFC's total portfolio as listed in this report has over 180,000 units. Only around 22,500 of these units cater specifically to the elderly demographic, which is only about 12.5% of total affordable housing inventory. By limiting the non-DDA/QCT deal to the family demographic, FHFC may be further exacerbating this disparity. While there is certainly merit in creating a preference to fund 2 deals in non-DDA/QCT areas, the elderly demographic should not be excluded from this funding goal. Many communities around the state have greater need or desire for senior housing than they do for additional family product.

- Requiring a PHA partner or a certificate of title in order to qualify for the non-DDA/QCT funding preference is also unwarranted. FHFC has already been allocating funds specifically to PHA development targets in other RFA's. By insisting that a PHA be a partner in a non-DDA/QCT application, FHFC is purposely limiting the number of applicants for this funding goal. As this non-DDA/QCT goal's 2 awarded deals will make up roughly 15-20% of all credits awarded in the 2015-106 RFA, competition should not be limited or curtailed in order to specifically favor PHA projects around the state. The continuance of funding specific to PHA targeted deals in separate RFA's is a much better mechanism.

- By our count, of Florida's 67 counties, only 17 have affordable housing that has been developed specifically for seniors. Many of the 50 remaining counties are not DDA's, and in many cases the QCT areas are limited as well. The expansion of senior housing into new areas is just as important as providing more family developments around the state. No preference should be given to family or elderly demographics inside the non-DDA/QCT funding goal.

Thank you for your consideration.
