Please use these steps to help direct people to the correct ListServ.

1) Click the SUBSCRIBE button

2) Select the List you wish to subscribe to.
3) On this screen, click on the box with three lines, and select SUBSCRIBE OR UNSUBSCRIBE.

4) Enter your name and email you want associated with this account.

5) This doesn’t complete your subscription process; you will still need to verify your account when an email comes to you.

   To sign up for multiple ListServs, you will have to repeat this process for each list you would like to be subscribed.
