A. In Re: Orange County Falcon Trace Partners, Ltd. v. Florida Housing Finance Corporation

Development Name: (“Development”):	Falcon Trace Apartments
Developer/Principal: (“Developer”):	Orange Co. Falcon Trace Partners, Ltd.
Number of Units: 252	Location: Orange County
Type: Garden Apartments	Set Aside: 100% @ 60%
Demographics: Multi-family	Allocated Amount: SAIL \$2,000,000

1. Background

- a) On July 26, 2004, Orange County Falcon Trace Partners, Ltd. (“Falcon Trace”) filed with Florida Housing its “Petition for Formal Administrative Hearing Pursuant to Sections 120.569 and 120.57(1), Florida Statutes,” (the “Substantial Interests” petition) which challenged Florida Housing’s interpretation of the terms, “SAIL Equity,” and “Project Expenses,” as defined in R. 67-48.002(83) and 67-48.002(75), Florida Administrative Code (1998) as those terms were applied to calculate the contingent interest owed on Falcon Trace’s SAIL loan. Specifically, Falcon Trace protested Florida Housing’s decision to disallow its “Incentive Management Fee” as a project expense, and Florida Housing’s decision not to include the proceeds of a bridge loan as SAIL equity, both for purposes of calculating the amount of interest owed on the SAIL loan.
- b) On July 30, 2004, Falcon Trace filed its “Petition for Administrative Determination that Agency Statement Violates Section 120.54(1)(a), Florida Statutes, and for Administrative Determination That Unadopted Rule Is Invalid” (the “Nonrule Policy” petition) with the Division of Administrative Hearings. The Nonrule Policy petition sought a determination that Florida Housing’s decision to treat Falcon Trace’s incentive management fee as a partnership expense rather than a project expense (deductible from project cash flow) constituted an unadopted rule, and thus was invalid.
- c) On August 5, 2004, Florida Housing transmitted the Substantial Interests petition to DOAH, and moved to consolidate the two matters. On August 11, 2004, Administrative Law Judge Don W. Davis ordered the cases consolidated, with Formal Hearing set for August 30, 2004.
- d) On August 17, 2004, Florida Housing filed a Motion for Stay, based on its filing a Notice of Rule Development for publication in the August 27, 2004, edition of the Florida Administrative Weekly. The Motion was granted, with the formal hearing rescheduled for October 12-14, 2004, at the Division of Administrative Hearings.

2. Present Situation

Florida Housing’s staff is requesting the Board’s approval to proceed with rulemaking, to permanently resolve the issues in Falcon Trace’s Nonrule Policy petition. The remaining issues will be tried in October.

Development Name: Edisto Lake Apartments (“Development”)	Location: Lee County
Developer/Principal: The Heritage Companies (“Developer”)	Set-Aside: 20% @ 40% AMI and 80% @ 60% AMI
Number of Units: 376	Allocated Amount: \$2,822,781
Type: Garden Style	Total Housing Credit Equity: \$8,350,339
Demographics: Family	
MMRB: \$13,150,000 Local	

1. Background/Present Situation

- a) On August 29, 1995, the SAIL loan closed in the amount of \$2,822,781 for the Development. The outstanding principal balance is \$2,681,642 which is less than the original amount due to a 5% retainage that has yet to be released. Outstanding interest due on the SAIL Loan as of August 19, 2004 is \$1,767,208.56.
- b) On June 23, 2004, staff received a letter ([Exhibit A](#)) from the Developer’s legal counsel to request a refinance of the first mortgage in the amount of \$6,250,000 from Branch Banking & Trust Company (“BB&T”). The first mortgage is held by KeyBank with a current outstanding balance of \$5,632,000 from the original \$8,450,000 construction loan (the construction loan has never converted to permanent). The interest rate for the Keynote loan is a variable rate estimated at approximately 5% currently. The new interest rate from BB&T is currently 4.64% which will be tied to their prime rate with a ceiling of 9% and a floor of 4.25%. The term of the BB&T loan is 5 years with a 20 year amortization.
- c) On August 25, 2004, Staff received an update to the credit underwriting report ([Exhibit B](#)) giving a favorable recommendation for the refinancing of the first mortgage from KeyBank to BB&T in the amount of \$6,250,000 with a \$468,846 paydown of existing SAIL accrued interest.

STATE APARTMENT INCENTIVE LOAN PROGRAM (SAIL)

Action Supplement

I. STATE APARTMENT INCENTIVE LOAN PROGRAM (SAIL)

A. Request for Proposals (RFP) for New Construction/Substantial Rehabilitation of Commercial Fishing Worker/Farmworker Housing

1. Background

Florida Statute requires that a minimum of 10% of the annual SAIL appropriation be used to fund housing for farmworkers/commercial fishing workers and Florida Housing staff is seeking the most effective manner in which to allocate these funds.

2. Present Situation

Florida Housing expects to have \$4,500,000 available in SAIL program funds for this type of housing from CYCLE XVII (2005 Universal Application Cycle). Through discussions with appropriate stakeholders, staff has determined that pairing SAIL farmworker funds with USDA's Rural Development funds may be a very effective utilization of this set-aside. Due to the timing of Florida Housing's Universal Application Cycle, it has been difficult for Florida Developers to pair SAIL funding with Rural Development funds. For this reason, staff would like to award a portion of the SAIL farmworker/commercial fishing worker allocation through a Request for Proposal process prior to the opening of the regular 2005 Universal Application Cycle. This will enable Applicants to obtain a preliminary commitment of SAIL farmworker funds from Florida Housing prior to applying for federal funding through Rural Development programs.

3. Recommendation

Staff recommends the Board direct staff to draft and issue RFP to solicit proposals for the new construction and/or substantial rehabilitation of commercial fishing worker/farmworker housing.

SINGLE FAMILY BONDS

Action

IX. SINGLE FAMILY BONDS

A. Single Family Homeowner Program

1. Background

- a) Florida Housing sold its last new money single family bond issue (\$75 million 2004 Series 1&2) on March 24, 2004 to produce mortgage rates of 5.46% for the spot pool and 4.99% for the subsidized pool. The approximate pool balances are: \$24 million in the spot pool and \$2.5 million in the subsidized pool. Staff is requesting approval to issue up to \$100 million of new single family bonds to fund mortgages from what will be designated "2004 Series 5&6."
- b) Citigroup Global Markets is the proposed investment banking senior manager for this bond sale. The proposed legal team is as follows: Hawkins Delafield & Wood LLP bond counsel; Allen, Lang, Carpenter & Peed, P.A. disclosure counsel and Clyne & Self, P.A. special counsel.
- c) Florida Housing will continue to use Mortgage Backed Securities (MBS) to secure this single-family bond issue. This will be the fifth consecutive MBS bond issue under the 1995 Indenture.
- d) For the past four new money Single Family Homeowner Bond issues, Florida Housing staff has requested and received approval from the Board of Directors (Board) and State Board of Administration (SBA) to issue a larger Bond issue than what was ultimately closed. Current market conditions which produce a high cost of "negative arbitrage" (loss on investment bond proceeds prior to funding of the mortgages) have dictated selling bonds in smaller amounts in order to minimize this non-recoverable expense. These relative market conditions continue to exist. Therefore, Florida Housing is requesting approval of \$100 million for the bond sale in the event market conditions improve to the extent that it is financially prudent to issue a larger amount of bonds.

2. Present Situation

- a) The two key approvals needed to complete the bond process are Board approval and SBA approval. In order to work within the constraints of the meeting schedules of these two bodies and maintain the goal of having monies continuously available for lending in the single family homeowner program, it is necessary to obtain board approval of the proposed bond sale at the September 10, 2004 meeting. Although it is difficult to precisely determine when Florida Housing will deplete the remaining program funds from the last bond issue due to changing economic conditions and the current rate of reservations, it is estimated that these funds will be entirely reserved early in December 2004.
- b) Negative arbitrage for the 2004 1&2 bonds is covered by assets of the single family program and/or Florida Housing contribution and is significantly mitigated by investing the bond proceeds with the State Treasurer. If it is determined to be financially feasible, the 2004 5&6 program will also use the State Treasurer's fund.

SINGLE FAMILY BONDS

Action

- c) The details of the proposed 2004 5&6 issue are as follows:
- (1) Size: Not to exceed \$100,000,000 in lendable proceeds in one or more series.
 - (2) Mortgage Interest Rate: Not to exceed 7.00% for the spot pool. Citigroup Global Markets estimates current market conditions would produce a rate of 5.70% for the spot pool.
 - (3) Projected Origination Period: Fourteen Months
 - (4) Maximum Loan-to-Value: 105% Combined LTV
 - (5) Loan Types: Conventional, VA, Rural Development and FHA
 - (6) Second Mortgages: HAP Down Payment, HOME and HAMI.
 - (7) Potential Certificate Providers: Ginnie Mae, Fannie Mae and Freddie Mac
