FHFC Case No.: 2018-003VW

ORDER GRANTING WAIVER OF
R. 67-21.026(10), FLA. ADMIN. CODE

THIS CAUSE came on for consideration and final action before the Board of Directors of the Florida Housing Finance Corporation on January 26, 2018, pursuant to a “Petition for Waiver of Rule 67-21.026(10)” (“Petition”). Florida Housing Finance Corporation (“Florida Housing”) received the Petition on January 8, 2018, from Boca Ciega Partners TC, LP (“Petitioner”). Notice of the Petition was published on January 10, 2018, in Volume 44, Number 7, of the Florida Administrative Register. Florida Housing received no comments regarding the Petition. After careful review of the record and being otherwise fully advised in the premises, the Board of Directors (the “Board”) of Florida Housing hereby finds:

1. The Board has jurisdiction over the subject matter of this case and the parties hereto.

2. In June 2015, Petitioner successfully applied for local bond financing and Non-Competitive Tax Credits from Florida Housing, to assist in the development of a townhome complex in Pinellas County.
3. R. 67-21.026.026(10), Fla. Admin. Code, provides:

The Corporation’s assigned Credit Underwriter shall require a guaranteed maximum price construction contract, acceptable to the Corporation, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant’s sole expense, and review a pre-construction analysis for all new construction units or a physical needs assessment for rehabilitation units and review the Development’s costs.

4. Petitioner requests a waiver of the above Rule to permit it to utilize an already extant stipulated sum construction contract in lieu of the guaranteed maximum price construction contract as required.

5. During the cost certification phase the Credit Underwriter assigned to this transaction determined that the Developer’s contract with the General Contractor was a stipulated sum contract, contrary to what was required by the Rule above. This HUD Construction Contract had already been executed, and work under it performed, when the Corporation amended the Rule to disallow such contracts (the Rule was amended February 2, 2015). At the time the contract was executed, the Rule in place did in fact permit such contracts.

6. Section 120.542(2), Fla. Stat., provides in pertinent part:

Variances and waivers shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means by the person and when application of a rule would create a substantial hardship or would violate principles of fairness.
7. The Board finds that strict application of the above Rule under these circumstances would cause substantial hardship to Petitioner and would violate the principles of fairness. The Board further finds that granting this request furthers the Florida Housing’s statutory mandate to provide safe, sanitary and affordable housing to the citizen of Florida. The Board also finds that Petitioner has also demonstrated that the purpose of the underlying statute, which is to “encourage development of low-income housing in the state” ($420.5099, Fla. Stat.), would still be achieved if the waiver is granted.

**IT IS THEREFORE ORDERED:**

Petitioner’s request for waiver of R. 67-21.026(10), Fla. Admin. Code, is hereby **GRANTED** to allow Petitioner to continue to use its existing stipulated sum construction contract in lieu of a guaranteed maximum price contract.

DONE and ORDERED this 26th day of January, 2018.
