Background

6. Florida Housing administers various affordable housing programs including the Housing Credit (HC) Program pursuant to Section 42 of the Internal Revenue Code (the “IRC” or “the Code”) and Section 420.5099, Fla. Stat., under which Florida Housing is designated as the Housing Credit agency for the State of Florida within the meaning of Section 42(h)(7)(A) of the IRC, and Chapters 67-48 and 67-60, Fla. Admin. Code.

7. Florida Housing administers a competitive solicitation process to implement the provisions of the housing credit program under which developers apply for funding. Chapter 67-60, Fla. Admin. Code.

8. Rule 67-60.006, Fla. Admin. Code, provides that “[t]he failure of an Applicant to supply required information in connection with any competitive solicitation pursuant to this rule chapter shall be grounds for a determination of nonresponsiveness with respect to its Application.”

9. Furthermore, by applying, each applicant certifies that:

Proposed Developments funded under this RFA will be subject to the requirements of the RFA, inclusive of all Exhibits, the Application requirements outlined in Rule Chapter 67-60, F.A.C., the requirements outlined in Rule Chapter 67-48, F.A.C. and the Compliance requirements of Rule Chapter 67-53, F.A.C.

(RFA at p. 6).

10. Because the demand for HC funding exceeds that which is available under the HC Program, qualified affordable housing developments must compete for this funding. To assess the relative merits of proposed developments, pursuant to Chapters 67-48 and 67-60, Fla. Admin. Code, Florida Housing has established by rule a competitive solicitation process known as the Request for Applications.

11. Florida Housing issued RFA 2017-112 on or about October 6, 2017. RFA 2017-112 was further modified on or about November 1, 2017 and again on or about November 29, 2017. The application deadline for the RFA as modified was December 18, 2017 (“Application Deadline”).

12. The RFA sets forth the information required to be provided by an applicant, which includes a general description of the type of projects that will be considered eligible for funding and delineates the submission requirements. (RFA at pp. 2-61). The RFA sets forth on

Pages 61 and 62, a list of mandatory Eligibility Items that must be included in a response. The RFA expressly provides that “[o]nly Applications that meet all of the Eligibility Items will be eligible for funding and considered for funding selection.” (RFA at p. 61).

13. Among other things, to satisfy eligibility requirements, the RFA requires that “[a]ll Applications must achieve a minimum number of Transit Service Points and achieve a minimum number of total proximity points to be eligible for funding.” (RFA at p. 20). The required minimum of Transit Service Points is 2 points for applicants not eligible for the Proximity Point Boost. (RFA at p. 20). Because obtaining the required minimum Transit Service Points is considered an “Eligibility Item”, failure to comply deems the application ineligible for funding. (RFA at p. 62).

14. Specifically, Florida Housing’s solicitation process for RFA 2017-112, as set forth in Rules 67-60.001-.009, Fla. Admin. Code, involves the following:

- a) Florida Housing publishes its competitive solicitation (RFA) in the Florida Administrative Register;
- b) applicants prepare and submit their response to the competitive solicitation;
- c) Florida Housing appoints a scoring committee (“Review Committee”) to evaluate the applications;
- d) the scoring committee makes recommendations to Florida Housing’s Board, which are then voted on by the Board; and
- e) applicants not selected for funding may protest the results of the competitive solicitation process.

15. On or about April 18, 2018, the Review Committee, which consisted of Florida Housing staff, met and considered the applications responding to the RFA. At the meeting the Review Committee listed and input the scores for each application and ultimately made

recommendations to the Florida Housing Board of Directors (“Board”) for their consideration. The Review Committee determined that Fair Oaks was eligible, but not selected for funding.

16. On or about May 4, 2018, Florida Housing’s Board of Directors adopted the Review Committee’s recommendations and tentatively authorized the selection for funding of those applications identified in RFA 2017-112 Board Approved Preliminary Awards report, which reflected the preliminary funded applicants.

Notice of Agency Action

17. Petitioners received notice of Florida Housing’s Final Agency Action entitled “RFA 2017-112 Board Approved Preliminary Awards” dated May 4, 2018 (“Corporation’s Notice”), on or about May 4, 2018.

Notice of Protest

18. On May 8, 2018, Petitioners timely filed their Notice of Protest in which it challenged the selection of the applications in the Corporation’s Notice. A copy of the Corporation’s Notice is attached as Exhibit A to the Formal Written Protect of Award and Petition for Administrative Hearing.

Substantial Interests

19. Petitioners timely submitted an application in response to the RFA, Application #2018–077C (“Application”). In their Application, Petitioners sought an allocation of \$2,400,000 in annual federal tax credits¹ to help finance the development of their project, a 120-

¹ The United States Congress has created a program, governed by Section 42 of the IRC, by which federal income tax credits are allotted annually to each state on a per capita basis to help facilitate private development of affordable low-income housing for families. These tax credits entitle the holder to a dollar-for-dollar reduction in the holder’s federal tax liability, which can be taken for up to ten years if the project continues to satisfy IRC requirements. The tax credits allocated annually to each state are awarded by state “housing credit agencies” to single-purpose applicant entities created by real estate developers to construct and operate specific multi-family

unit Mid-Rise, 5 to 6-stories, apartment complex. As reflected in RFA 2017-112, All Applications Report, Petitioners were assigned lottery number 24. Petitioners were scored as having satisfied all mandatory and eligibility requirements for funding and scored 15 out of 15 Total Points.

20. East Florida City, LLC (“Cordova Estates”) timely submitted an application in response to the RFA, Application #2018-099C. In its application, Cordova Estates sought an allocation of \$2,561,000 in annual federal tax credits to help finance the development of its project, a 160-unit Townhouse complex. As reflected in RFA 2017-112 All Applications Report, Cordova Estates was assigned lottery number 11. Cordova Estates was scored as having satisfied all mandatory and eligibility requirements for funding receiving a score of 15 out of 15 Total Points.

21. Las Brisas Estates, LLC (“Las Brisas”) timely submitted an application in response to the RFA, Application #2018-098C. In its application, Las Brisas sought an allocation of \$2,561,000 in annual federal tax credits to help finance the development of its project, a 110-unit High Rise apartment complex. As reflected in RFA 2017-112 All Applications Report, Las Brisas was assigned lottery number 20. Las Brisas was scored as having satisfied all mandatory and eligibility requirements for funding receiving a score of 15 out of 15 Total Points.

housing projects. The applicant entity then sells this ten-year stream of tax credits, typically to a syndicator, with the sale proceeds generating much of the funding necessary for development and construction of the project. The equity produced by this sale of tax credits in turn reduces the amount of long-term debt required for the project, making it possible to operate the project at below-market-rate rents that are affordable to low-income and very-low-income tenants. Pursuant to section 420.5099, Fla. Stat., Florida Housing is the designated “housing credit agency” for the State of Florida and administers Florida’s tax credit program under its Housing Credit Program (“HC Program”). Through the HC Program, Florida Housing allocates Florida’s annual fixed pool of federal tax credits to developers of affordable housing.

22. Cordova Estates and Las Brisas failed to meet or satisfy RFA Transit Service Points and eligibility requirements, and are not entitled to the eligibility determination, scoring, and preliminary ranking of their applications. As a result of the preliminary ranking process, Cordova Estates and Las Brisas were incorrectly included in the “eligible” rankings and should have been scored as ineligible for Housing Credits. As discussed below, Florida Housing improperly determined that Cordova Estates and Las Brisas satisfied RFA mandatory Transit Service Points and eligibility requirements and improperly selected Cordova Estates for funding.

23. Through this proceeding Petitioners challenge and are seeking a determination that Florida Housing erred (i) in the preliminary scoring and eligibility determinations of the Cordova Estates and Las Brisas applications, and (ii) in the decision to award Housing Credits to Cordova Estates. But for Florida Housing’s errors in its scoring and eligibility decision as to the Cordova Estates and Las Brisas applications, Petitioners would have been ranked in the funded range and would have been entitled to an allocation of Housing Credits through RFA 2017-112. The defects in each application will be addressed below.

Transit Service Points - Public Bus Rapid Transit Stop

24. In order to satisfy RFA eligibility requirements, an applicant who is not eligible for a Proximity Point Boost is required to achieve a Minimum Transit Service Score of 2 points. (RFA at p. 20). The Cordova Estates and Las Brisas applications are not eligible for a Proximity Point Boost, as neither of these applications reflected eligibility for PHA Proximity Point Boost or RD 515 Proximity Point Boost on page 5 of the respective applications. Transit Service Points under the RFA vary depending on the type of transit service provided. In order to calculate the value of the points, an applicant is required to include Latitude and Longitude Coordinates attesting to the Development Location Point, the type of transit service claimed, and the distance (proximity) between the transit service and the Development Location Point. (RFA

at p. 23). The maximum point value for the various transit services includes 2 points for a Public Bus Stop and 6 points for a Public Bus Rapid Transit Stop. (RFA at pp. 21-22). The RFA defines a Public Bus Rapid Transit Stop as:

A fixed location at which passengers may access public transportation via bus. The Public Bus Rapid Transit Stop must service at least one bus that travels at some point during the route in either a lane or corridor that is exclusively used by buses, and the Public Bus Rapid Transit Stop must service at least one route that has scheduled stops at the Public Bus Rapid Transit Stop at least every 20 minutes during the times of 7am to 9am and also during the times of 4pm to 6pm Monday through Friday, excluding holidays, on a year-round basis.

Additionally, it must have been in existence and available for use by the general public as of the Application Deadline.

(RFA at pp. 83-84).

25. Cordova Estates' application refers to a Public Bus Rapid Transit Stop as its qualifying Transit Service. The application suggests that the claimed stop is .66 miles from the Development Location Point. Had that information been correct, Cordova Estates would have been entitled to 5.0 Transit Service Points. (RFA at p. 93). However, the proposed stop does not qualify as a Public Bus Rapid Transit Stop.

26. The bus stop location identified in Cordova Estates' application corresponds to bus stop #10322, which is located on the east side of the South Miami-Dade Busway, 215 feet north of the intersection of SW 344th Street and South Miami-Dade Busway in the city of Florida City. Mark Steven Johnson, a Professional Surveyor and Mapper, confirmed that the latitude and longitude coordinates for the "Public Bus Rapid Transit Stop" selected by Cordova Estates correspond to bus stop #10322. A copy of Mr. Johnson's Affidavit is attached as Exhibit B to the Formal Written Protest of Award and Petition for Administrative Hearing. This bus stop was not serviced by any routes as of December 18, 2017. See letter dated May 8, 2018 from Mr. Gerald Bryan, Chief, Service Planning and Scheduling, Miami-Dade County

Department of Transportation and Public Works, referencing bus stop #10322 and electronic mail dated May 10, 2018 from Mrs. Cheryl Motsco, Miami-Dade County Department of Transportation and Public Works, attached as Exhibit C and Exhibit D, respectively, to the Formal Written Protect of Award and Petition for Administrative Hearing. This bus stop was not serviced by any routes as of December 18, 2017. Therefore, Cordova Estates is disqualified from receiving any Transit Service Points for its claimed Public Bus Rapid Transit Stop.

27. In light of the foregoing defects in its application, Cordova Estates failed to select a qualifying Transit Service, failed to achieve even the Minimum Transit Service Score of 2.0 points for applications not eligible for a Proximity Point Boost and its application should be scored as ineligible for an award. (RFA at p. 20).

28. Las Brisas' application also refers to a Public Bus Rapid Transit Stop as its qualifying Transit Service. The application suggests that the claimed stop is .29 miles from the Development Location Point. Had that information been correct, Las Brisas would have been entitled to 5.5 Transit Points. (RFA at p. 93). However, the proposed stop does not qualify as a Public Bus Rapid Transit Stop.

29. The bus stop location identified in Las Brisas application corresponds to bus stop #3813, which is located on the east side of the South Miami-Dade Busway, 130 feet southwest of the intersection of South Miami-Dade Busway and SW 112th Avenue in Unincorporated Miami-Dade County. Mr. Johnson confirmed that the latitude and longitude coordinates for the "Public Bus Rapid Transit Stop" selected by Las Brisas correspond to bus stop #3813. A copy of Mr. Johnson's Affidavit is attached as Exhibit E to the Formal Written Protect of Award and Petition for Administrative Hearing. As of the Application Deadline, bus stop #3813 was serviced by routes 34, 31 and 200. Route 34 does not stop at the claimed bus stop between the hours of 4:00 p.m. to 6:00 p.m. Monday through Friday. Route 200 stops hourly at the claimed

bus stop between the hours of 8:55 a.m. and 4:55 PM, but has no service after 4:55 p.m., Monday through Friday. Route 31 does not stop at the claimed bus stop at least every 20 minutes during the hours of 4:00 p.m. to 6:00 p.m. Monday through Friday. See letter dated May 8, 2018 from Mr. Bryan referencing bus stop #3813 and electronic mail dated May 10, 2018 from Ms. Motsco, attached as Exhibit F and Exhibit D, respectively, to the Formal Written Protect of Award and Petition for Administrative Hearing. Contrary to RFA requirements, no route had scheduled stops at the claimed Public Bus Rapid Transit Stop at least every 20 minutes during the hours of 4:00 p.m. to 6:00 p.m., Monday through Friday. Therefore, Las Brisas is disqualified from receiving any Transit Service points for its claimed Public Bus Rapid Transit Stop.

30. In light of the foregoing defects in its application, Las Brisas failed to select a qualifying Transit Service, failed to achieve even the Minimum Transit Service Score of 2.0 points for applications not eligible for a Proximity Point Boost and its application should be scored as ineligible. (RFA at p. 20).

Readiness to Proceed - Site Plan Verification Form and Applicant Certification Form

31. The RFA requires applicants to provide certain items to document the applicant's readiness to proceed. Applicants are required to include in Attachment 9 a properly executed form titled "Florida Housing Finance Corporation Local Government Verification of Status of Site Plan Approval for Multifamily Developments" ("Site Plan Verification Form"). Further, Applicants are required to include in Attachment 10 a properly executed form titled "Florida Housing Finance Corporation Local Government Verification that Development is Consistent with Zoning and Land Use Regulations" ("Zoning Verification Form"). The Site Plan Verification Form requires the selection of one (1) of three (3) options, which describes the status of the site plan review or approval for the subject development. The Cordova Estates

application included in Attachment 9 a Site Plan Verification Form executed by Mr. Henry Iler, City Planner of Florida City, selecting option 2 for the site plan status. Option 2 includes the following sentence: “Although there is no preliminary or conceptual site plan approval process and the final site plan approval has not yet been issued, the site plan, in the applicable zoning designation, has been reviewed.” The Zoning Verification Form confirms that the “zoning designation for the above referenced Development location is RD-2” and that the “proposed number of units and intended use are consistent with current land use regulations and the referenced zoning designation.... To the best of my knowledge, there are no additional land use regulation hearings or approvals required to obtain the zoning classification or density described herein.” The Cordova Estates application included in Attachment 10 a Zoning Verification Form, also executed by Mr. Iler.

32. On pages 4 and 7 of its application, Cordova Estates stated the Development Type was Townhouses and comprised of 160 units, respectively. However, the site plan submitted by Cordova Estates to Florida City which formed the basis for the issuance of the Site Plan Verification Form reflected a development with 190 units in 3-story garden apartment buildings. Therefore, the application fails to include a Site Plan Verification Form for Cordova Estates’ proposed 160 townhouse units.

33. RFA 2017-112 requires all applicants to include in Attachment 1 an Applicant Certification and Acknowledgement Form (“Applicant Certification”). Item 14 of the Applicant Certification states “[I]n eliciting information from third parties required by and/or included in this Application, the Applicant has provided such parties information that accurately describes the Development as proposed in this Application.” (Emphasis Added). Cordova Estates included an executed Applicant Certification in Attachment 1 to its application. The submission by Cordova Estates of a site plan for 190 units in 3-story garden apartment buildings, as opposed

to the 160 townhouses in its actual application is contrary to and in violation of the Applicant Certification in Cordova Estates' application.

Eligibility Item - Legally Formed Entity

34. The RFA requires applicants to provide evidence from the Florida Department of State, Division of Corporations, that both the Applicant and Developer are legally formed entities qualified to do business in the state of Florida as of the Application Deadline. Applicants are required to include this information in Attachment 2 (Applicant) and Attachment 4 (Developer). The RFA further states that “[s]uch evidence may be in the form of a certificate of status or other reasonably reliable information or documentation issued, published or made available by the Florida Department of State, Division of Corporations.” (RFA, p. 9)(emphasis added).

35. In lieu of a Certificate of Status, the Cordova Estates and Las Brisas applications included in Attachments 2 and 4, printouts from the SunBiz.org website. These printouts fail to include the required information. More importantly, it has been Florida Housing’s consistent position that SunBiz information is not reliable for a number of reasons including it does not give information as of the application deadline and it is not always up to date. AS it is Florida Housing’s position that SunBiz cannot be relied upon, those documents do not constitute “other reasonably reliable information or documentation” as required by the RFA. (RFA, p. 9).

Issues of Material Fact and Law

1. Disputed issues of material fact and law include those matters pled in this petition, and include, but are not limited to the following:

- k) Whether Cordova Estates and Las Brisas should be entitled to be awarded Transit Service Points for their claimed Rapid Transit Bus Stop;
- l) Whether the Cordova Estates application should be deemed ineligible under the RFA because of its failure to satisfy RFA requirements with respect to item 14 of the Applicant Certification and with respect to Readiness to Proceed;

r) Whether Cordova Estates' and Las Brisas' eligibility determination and ranking improperly incorporate new policies and interpretations that impermissibly deviate from the RFA specifications, existing rules or prior Florida Housing interpretations and precedents; and,

s) Such other issues as may be revealed during the protest process.

2. Petitioners reserve the right to seek leave to amend this petition to include additional disputed issues of material fact and law that may become known through discovery.

Statement of Ultimate Facts and Law

3. As a matter of ultimate fact and law Cordova Estates and Las Brisas failed to complete their applications in accordance with the competitive solicitation; their applications were not responsive to and failed to comply with RFA 2017-112; and, therefore, their applications should not have been considered for funding or scored as being eligible applications.

4. As a matter of ultimate fact and law Florida Housing improperly determined that Cordova Estates and Las Brisas applications were completed in accordance with the competitive solicitation; were responsive to RFA 2017-112 and, were eligible for funding or scored as being an eligible application under RFA 2017-112.

5. As a matter of ultimate fact and law Florida Housing improperly scored the Cordova Estates and Las Brisas applications as having satisfied all mandatory element requirements as of the Application Deadline.

6. As a matter of ultimate fact and law, Florida Housing improperly determined that Cordova Estates was eligible for funding and Las Brisas satisfied RFA eligibility requirements.

7. As a matter of ultimate fact and law, Florida Housing improperly determined that Cordova Estates and Las Brisas were scored as eligible applications.

8. As a matter of ultimate fact and law, but for the scoring errors and eligibility determinations in Cordova Estates' and Las Brisas' applications, Petitioners would have been entitled to an allocation of its requested tax credit funding.

Statutes and Rules

2) Cordova Estates failed to complete its application in accordance with the competitive solicitation; that its application was non-responsive to and failed to comply with RFA 2017-112 for its failure to comply with item 14 of the Applicant Certification; and that its application should not have been scored as having satisfied mandatory eligibility or Readiness to Proceed requirements as prescribed by RFA 2017-112;

3) Florida Housing improperly determined that the applications submitted by Cordova Estates and Las Brisas were completed in accordance with the competitive solicitation;

4) Florida Housing improperly determined that the applications submitted by Cordova Estates and Las Brisas were responsive to RFA 2017-112;
