c. ELI Set-Aside Requirement:

- (1) Applicants that commit to set aside 40 percent of the Development's total units (at question 7.a.(1) of Exhibit A) must commit to set aside a minimum of 2 units for ELI Households:

(1) Development is in the Corporation's Portfolio (and may also be in RD's portfolio):

The Applicant must set aside the units for a minimum length of the greater of 30 years or the remaining term of the existing SAIL or applicable Corporation-issued HOME LURA. All restrictive covenants, inclusive of the income set-asides, associated with any existing LURA or EUA, except for the Farmworker or Commercial Fishing Worker Demographic set-aside commitment, will remain in effect.

or

(2) Development is in RD's Portfolio and is not also in the Corporation's portfolio:

The Applicant must set aside the units for a minimum length of 30 years.

The fishing industry is also in fluctuation. Taking into consideration the current and changing state of farm and fishing labor needs statewide, the Applicant should describe the current and expected future need for Farmworkers or Commercial Fishing Workers in the area near the Development, with attention to the type of farm labor or fishing labor that is and will be carried out by the residents described by the Applicant at question 2.c. of Exhibit A. For Commercial Fishing Worker properties, the description should include information on the location and proximity of Fishing Worker jobs and whether the fishing work is seasonal and how the property expects to maintain a healthy occupancy throughout the year.

The Applicant's description is limited to no more than 3 typed pages within the text box at question 8 of Exhibit A. Note: Although the online Application system allows for more than 3 pages, any portion of the description that is beyond 3 pages will not be considered.

Identify the Management Company and describe its experience in managing Farmworker or Commercial Fishing Worker housing, including length of time spent operating and managing

such housing and performing operations and management functions specific to the needs of the intended residents described in questions 2.c. and 8 of Exhibit A. Providing only a list of developments and/or units that the Applicant or management company has managed or manages will not be a sufficient description of experience. Note: If the Management Company used in this section is not the same entity as the Management Company identified at question 4.b. of Exhibit A, the Management Company information provided in this section will not be considered when determining the points to be awarded for question 9. of Exhibit A.

The Applicant's description is limited to no more than 3 typed pages within the text box at question 9 of Exhibit A. Note: Although the online Application system allows for more than 3 pages, any portion of the description that is beyond 3 pages will not be considered.

10. Outreach, Marketing, and Referral (Up to 15 Points):

The Applicant may receive points by describing outreach and other activities, beyond those required by this RFA, that are currently conducted, and/or will be conducted initially and on a continuing basis to market the Development to the focus population and general public and used to develop and retain an applicant pool of prospective Farmworker or Commercial Fishing Worker residents. Specify any community organizations or agencies that the Development currently works with or will work with to establish and manage a system of referring persons served by these entities to the Development for tenancy.

The Applicant's description is limited to no more than 3 typed pages within the text box at question 10 of Exhibit A. Note: Although the online Application system allows for more than 3 pages, any portion of the description that is beyond 3 pages will not be considered.

The Applicant may provide, as **Attachment 10** to Exhibit A, up to 3 additional pages of appropriate exhibits, not created by the Applicant, to supplement the description(s) included in Exhibit A.

The Applicant shall develop and implement a plan for tenant outreach, marketing, and referral as approved by the Corporation during the credit underwriting process, as further outlined in Item 10 of Exhibit C of the RFA.

11. Resident Access to Onsite and Offsite Programs, Services and Resources (Up to 15 Points):

Describe the availability of, and proximity to, services, programs, and resources for Farmworker or Commercial Fishing Worker households, both on the property and offsite, as well as other residents of the property. Programs, services and resources might include, but are not limited to, shopping for necessities, education and recreation opportunities, and health care services. Include information on assistance provided to help the intended residents access these opportunities. If the proposed Development will consist of Scattered Sites, describe how access to programs, services and resources will be provided across all units.

The Applicant's description is limited to no more than 3 typed pages within the text box at question 11 of Exhibit A. Note: Although the online Application system allows for more than 3 pages, any portion of the description that is beyond 3 pages will not be considered.

The Applicant may provide, as **Attachment 11** to Exhibit A, up to 3 additional pages of appropriate exhibits, not created by the Applicant, to supplement the description(s) included in Exhibit A.

12. Funding:

a. SAIL Loan for Proposed Development:

The SAIL loan may be used for costs to rehabilitate the property, general development costs, and Corporation fess, including the Developer fee, but may not be used for the construction of new multifamily rental units or to refinance the existing property.

The Applicant must state the amount of SAIL funding it is requesting. During the scoring process, if the Applicant states a SAIL Request Amount that is greater than the amount the Applicant is eligible to request, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request and such adjusted amount will be deemed to be the Applicant's Eligible SAIL Request Amount.

(1) All Applicants are eligible to request a SAIL loan of up to 100 percent of the proposed Development's Total Development Cost (as shown on the Development Cost Pro Forma); however, the Applicant's Eligible SAIL Request Amount (as indicated at question 12.a. of Exhibit A) is further limited to the lesser of \$30,000 per unit or \$2.5 million.

(2) The SAIL loan shall be non-amortizing and shall have the following interest rate structure:

(a) 0 percent if the Applicant committed at question 7.a. of Exhibit A to set aside 80 percent of the total units for Farmworkers or Commercial Fishing Workers; or

(b) 1 percent if the Applicant committed at question 7.a. of Exhibit A to set aside 40 percent of the total units for Farmworkers or Commercial Fishing Workers. This 1 percent interest rate shall also apply to any existing Florida Housing loan(s) that the Development may have, as outlined in b. below. The terms and conditions of the SAIL loan are further outlined in Exhibit D of the RFA.

If the Applicant commits at question 7.a. of Exhibit A to a minimum set aside of 80 percent of the total units for Farmworkers or Commercial Fishing Workers, but later determines that 80 percent is not feasible, the Applicant may request that the minimum set-aside be adjusted to 40 percent of the total units. [The request for an adjustment may be submitted no sooner than 3 year(s) following loan closing.] The request for an adjustment must be in writing and include information or evidence sufficient to demonstrate that the 80 percent set-aside is not feasible. If such adjustment is approved by the Board, the interest rate going forward shall be adjusted to 1 percent and the amount of the accrued interest previously forgiven in 12.b.(1) below shall be re-imposed, as provided in 12.b.(2) below, as debt at a pro rata amount per year based on the number of years that the 80 percent set-aside was not completed.

b. Existing Corporation Loan(s):

The principal balance of any existing Corporation loan(s) for the Development will be structured into the debt financing during credit underwriting, either as a refinance or allowed to remain in place, as determined by the Corporation and the Credit Underwriter. Accrued interest on any such existing loan(s) will be forgiven as of the date of closing on the financing awarded under this RFA, as follows:

- (1) If the Applicant commits at question 7.a. of Exhibit A to set aside 80 percent of the total units for Farmworkers or Commercial Fishing Workers, the accrued interest on the existing Corporation loan(s) will be re-calculated using a 1 percent accrual interest rate and will then be forgiven, subject to 12.a.(2) above; or
- (2) If the Applicant commits at question 7.a. of Exhibit A to set aside 40 percent of the total units for Farmworkers or Commercial Fishing Workers, the accrued interest on the existing Corporation loan(s) will be re-calculated using a 1 percent accrual interest rate and then one-half of the accrued interest on the existing Corporation loan(s) will be forgiven.

The rate of interest on the principal balance of such existing loan(s) shall be modified effective the date of closing to 0 percent or 1 percent per annum consistent with the rate of interest on the new funding awarded under this RFA (12.a.(2)(a) or (b) above, as applicable).

c. Development Cost Pro Forma:

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources. The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's SAIL Request Amount is adjusted downward, as outlined in Item a. above, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible to be considered for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer fee and General Contractor fee, as outlined below. Any amounts that are not an anticipated cost to the Development, such as waived or reimbursed fees or charges, cannot be included in the Development Cost Pro Forma. Note: deferred Developer fees are not considered "waived fees".

(1) Developer Fee:

The maximum allowable Developer fee under this RFA shall be based on the following and will be tested during the scoring of the Application by multiplying the Development Cost by 10 percent or 14 percent, as applicable, carried to 2 decimal places and may not be rounded.

(a) 10 percent of Development Cost for:

- (i) All For-Profit Applicants (including Applicants that do not qualify as a Non-Profit at question 3.c. of Exhibit A); and

(ii) All Non-Profit Applicants (Applicants that qualify as a Non-Profit at question 3.a. of Exhibit A) that select Moderate Rehabilitation/Substantial Rehabilitation (at question 5.e. of Exhibit A).

(b) 14 percent of Development Cost for Applicants that both qualify as a Non-Profit (at question 3.a. of Exhibit A) and select Acquisition and Moderate Rehabilitation/Substantial Rehabilitation (at question 5.e. of Exhibit A).

The Corporation will allow up to 100 percent of the eligible Developer fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

(2) General Contractor Fee:

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, carried to 2 decimal places and may not be rounded.

(3) Contingency Reserves:

The maximum hard cost contingency allowed cannot exceed 15 percent of hard costs and the maximum soft cost contingency allowed cannot exceed 5 percent of soft costs, as further described in Exhibit D of the RFA. Hard costs are represented by total actual construction costs and soft costs are represented by general development costs as presented in the Development Cost Pro Forma. The determination of the maximum total contingency reserve is limited to the combined total of the maximum hard cost contingency and the maximum soft cost contingency provided above.

(4) Operating Deficit Reserves:

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the Developer fee. An operating deficit reserve will not be part of the Applicant's Total Development Cost for this Application, but an operating deficit reserve, if necessary, will be permitted in credit underwriting if required and funded by a Regulated Mortgage Lender or a government entity. Operating deficit reserves include, but are not limited to, operating reserves, debt service reserves, lease-up reserves, rent-restabilization reserves, and any pre-funded capital (replacement) reserves.

Developer fee and General Contractor fee must be disclosed. In the event the Developer fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer fee, General Contractor fee, contingency reserve or operating deficit reserve that exceeds the stated Application limits, the Corporation will adjust it/them to the maximum allowable.

d. Other Non-Corporation Funding Proposals:

Unless stated otherwise within this RFA, in order for funding, other than deferred Developer fee, to be counted as a source on the Rehab and/or Permanent Analysis, the Applicant must provide documentation of all financing proposals from both the construction and the permanent lender(s), and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments

and/or exhibits referenced in the proposal must be included. Insert documentation for each source as **Attachment 12** to Exhibit A and continue with sequentially numbered attachments for each additional funding source. Evidence for each funding source must be behind its own sequentially numbered attachment.

For purposes of the Application, net operating income for a Moderate Rehabilitation/Substantial Rehabilitation Development will not be considered a source of financing. Capital contributions can be considered a source of financing if appropriately documented as provided in d.(3) below.

If the property currently has RD financing, such RD financing must be retained on the property. The property may be refinanced through RD.

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria. Evidence for each funding source must be behind its own numbered attachment.

(1) Each financing proposal shall contain:

- (a) Amount of the construction loan, if applicable;
- (b) Amount of the permanent loan, if applicable;
- (c) Specific reference to the Applicant as the borrower or direct recipient;
- (d) Signature of all parties, including acceptance by the Applicant.

Note: Eligible Local Government financial commitments can be considered without meeting the requirements of (a) through (d) above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form and/or the Local Government Verification of Contribution – Loan Form, as outlined in Exhibit B of the RFA.

(2) Financing that has closed:

For any financing, if the financing has closed in the Applicant's name, and the closed financing is needed as a source of funding to assist in paying for Total Development Costs identified in the Application's Development Cost Pro Forma, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable; and
- Specific reference to the Applicant as the borrower/direct recipient/mortgagee.

(3) If the financing proposal (inclusive of capital contributions) is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the most current audited financial statements no more than 17 months old of the entity providing the financing in the proposal; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets

considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders or capital contributors who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer fee.

- (4) If a financing proposal shows an amount less than the corresponding line item on the pro forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount in excess of the corresponding line item on the pro forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (5) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (6) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (7) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (8) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

e. Per Unit Rehabilitation Funding Preference:

- (1) The following Applications will qualify for this funding preference:

Applications that reflect an amount of at least \$20,000 per unit when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 Actual Construction Cost is divided by the number of total units in the Development.

- (2) The following Applications will not qualify for this funding preference:

Applications that reflect an amount less than \$20,000 per unit, when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 Actual Construction Cost is divided by the number of total units in the Development.

Indicate whether the proposed development qualifies for this funding preference at question 12.c. of Exhibit A.

Except for deferred Developer fee, the Application requires information on all sources of Development funding and the proposed uses of those funds, as outlined above. All loans, grants, donations, etc., should be detailed in the Application as outlined above. The total amount of monetary funds determined to be in funding proposals must equal or exceed uses.

Addenda:

The Applicant may use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items in the Application except for the items described at questions 2.c., 8, 9, 10, and 11 of Exhibit A. Please specify the particular Item to which the additional information or explanatory addendum applies.

B. Funding Selection:

1. Only Applications that are eligible for funding will be considered for the SAIL funding selection processes outlined in 2. below. Eligibility requirements include the following:

Eligibility Requirements	Described in RFA at:
Submission Requirements	Section Three A and Section Five
Financial Arrearage Requirements	Section Five
Development Eligibility Requirements	Section Four A.2.a.
Minimum Total Score of 30 Points	Section Five
All Mandatory Items	Section Five

2. SAIL Funding Process:

- a. Application Sorting Order –

All eligible Applications will be ranked by sorting the Applications from the highest scoring Application to the lowest scoring Application, with any scores that are tied separated as follows:

- (1) First by the Application’s eligibility for the Per Unit Rehabilitation Funding Preference which is outlined in Section Four A.12.e. of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference);
- (2) Next by the Application’s Eligible SAIL Request Amount per set-aside unit which is outlined in Item 5.a. of Exhibit C (with Applications that have a lower amount of SAIL funds per set-aside unit listed above Applications that have a higher amount of SAIL funds per set-aside unit);
- (3) Next by the Application’s SAIL Leveraging as a Percentage of Total Development Cost which is outlined in Item 5.b. Exhibit C (with Applications that have an amount of 90 percent or less listed above Applications that have an amount greater than 90 percent);
- (4) Next by the Application’s eligibility for the Florida Job Creation Preference which is outlined in Item 6 of Exhibit C (with Applications that qualify for the preference listed above Applications that do not qualify for the preference);
- (5) Finally by lottery number, with Applications that have a lower lottery number listed above Applications with a higher lottery number.

b. Funding Tests –

Unless stated otherwise, Applications will only be selected for funding if there is enough funding available to fully fund the Applicant's Eligible SAIL Request Amount.

c. County Award Tally –

Unless stated otherwise, as each Application is selected for tentative funding, the county where the proposed Development is located will have one (1) Application credited toward the County's Award Tally. The Corporation will prioritize eligible unfunded Applications that meet the applicable Funding Tests and are located in counties that have the lowest County Award Tally above other eligible unfunded Applications with a higher County Award Tally that also meet the applicable Funding Tests, even if the Applications with a higher County Award Tally are higher ranked.

d. Funding Goal –

The Corporation has a goal to fund two (2) Applications for properties that are currently in the Corporation's portfolio.

e. Selection Process –

The first Application selected for funding will be the highest ranking eligible Application for a property that is currently in the Corporation's portfolio. Once that Application is selected, the next Application selected for funding will be the highest ranking eligible unfunded Application that has a County Award Tally that is less than or equal to any other eligible unfunded Application for a property that is currently in the Corporation's portfolio.

The next Applications selected for funding will be the highest ranking eligible unfunded Applications, regardless of whether the properties are in the Corporation's portfolio or RD's portfolio, that have a County Award Tally that is less than or equal to any other eligible unfunded Application. If there is not enough funding available to fully fund any eligible unfunded Application, then the Corporation will select the highest ranking eligible unfunded Application that (i) can meet the 80% Funding Test (i.e., there is enough funding available to fund at least 80 percent of the Applicant's Eligible SAIL Request Amount) and (ii) has a County Award Tally that is less than or equal to any other eligible unfunded Application. If there is no eligible unfunded Application that can meet the 80% Funding Test, no further Applications will be selected for funding and the remaining funding will be distributed as directed by the Board.

f. Returned Allocation –

Funding that becomes available after the Board takes action on the Committee's recommendations, due to an Applicant withdrawing its Application, an Applicant declining its invitation to enter credit underwriting, or an Applicant's inability to satisfy a requirement outlined in this RFA, will be distributed as approved by the Board.

**SECTION FIVE
EVALUATION PROCESS**

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

5. SAIL Leveraging:

- a. SAIL Request Amount per Set-Aside Unit:

The Application with the lower amount of SAIL funds per set-aside unit will receive preference. This amount will be calculated by dividing the Applicant’s Eligible SAIL Request Amount by the total number of set-aside units. If the Applicant’s SAIL Request Amount at question 12.a. of Exhibit A is adjusted by the Corporation during the scoring process, the adjusted amount will be used for this calculation.

The total number of set-aside units for each Application will be computed by multiplying the total number of units in the proposed Development by the Total Set-Aside Percentage (i.e., the

percentage stated by the Applicant in the last row of the Set-Aside Breakdown Chart at question 7.b. of Exhibit A). Results that are not a whole number will be rounded up to the next whole number.

b. SAIL Leveraging as a Percentage of Total Development Cost:

An Application with a SAIL Request Amount as a percentage of Total Development Cost of 90 percent or less will receive preference over an Application with a SAIL Request Amount as a percentage of TDC of more than 90 percent.

For purposes of this calculation, the Corporation will use the SAIL Request Amount stated by the Applicant at question 12.a. of Exhibit A. However, if the Applicant's SAIL Request Amount at question 12.a. of Exhibit A and/or the Total Development Cost stated on the Development Cost Pro Forma is adjusted by the Corporation during the scoring process, the Corporation will use the adjusted amount for this calculation. An Application that does not include a Total Development Cost on the Development Cost Pro Forma will not receive the preference.

6. Florida Job Creation Preference:

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Preference. To determine eligibility for the preference, the Corporation will calculate the Application's Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of SAIL funding. Only Applications with a score equal to or greater than 50 will qualify for the Florida Job Creation Preference in Section Four B of the RFA.

Determination of the Florida Job Creation score will be based on the following information:

- The number of rehabilitation units committed to by the Applicant (as stated by the Applicant at question 5.c.(2) of Exhibit A of the RFA);
- The applicable Florida job creation rate 1.534 Florida Jobs per Unit for proposed rehabilitation units; and
- The Eligible SAIL Request Amount.

The score for the Florida Rate of Job Creation per \$1 million of SAIL funding will be measured using the following calculation:

Number of rehabilitation units x 1.534 Florida Jobs per Unit x 1,000,000 / Eligible SAIL Request Amount = Florida Jobs per \$1 million of SAIL funding.

For example:

Application A consists of 70 rehabilitation units and has a Eligible SAIL Request Amount of \$2,100,000.

$$70 \times 1.534 \times 1,000,000 / 2,100,000 = \text{Florida Job Creation score of } 51.13.$$

In above example, Application A will qualify for the Job Creation Preference because it has a Florida Job Creation score that is at least 50.

7. Fees:

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with the SAIL Program. Failure to pay any fee shall cause the funding to be withdrawn as outlined in Exhibit D of the RFA.

A request for an extension of the firm loan commitment(s) may be considered by the Board for an extension term of up to 90 Calendar Days. h. Development Cost Pro Forma:

All fees set forth above with respect to the SAIL Loan amount are part of Development Cost and can be included in the Development Cost Pro Forma and paid with loan proceeds.

i. Assumption/Renegotiation Fees:

For all loans, excluding MMRB, where the Applicant is requesting a sale and/or transfer and assumption of the loan, the borrower or purchaser shall submit to the Corporation a non-refundable assumption fee of one-tenth of one percent of the loan amount.

For all loans, excluding MMRB, where the Applicant is requesting a renegotiation of the loan, the borrower shall submit to the Corporation a non-refundable renegotiation fee of one-half of one percent of the loan amount.

For all loans, excluding MMRB, where the Applicant is requesting an extension of the loan term, the borrower shall submit to the Corporation a non-refundable extension fee of one-tenth of one percent of the loan amount.  - b. The cost of site preparation, demolition, and development.
 - c. Fees in connection with the planning, execution, and financing of the Development, such as those of architects, engineers, attorneys, accountants, Developer fee, and the Corporation.
 - d. The cost of studies, surveys, plans, permits, insurance, interest, financing, tax and assessment costs, and other operating and carrying costs during rehabilitation of the Development.
 - e. The cost of the rehabilitation and equipping of the Development.
 - f. The cost of land improvements, such as landscaping and offsite improvements related to the Development, whether such costs are paid in cash, property, or services.
 - g. Expenses in connection with initial occupancy of the Development.
 - h. Allowances for contingency reserves and reserves for any anticipated operating deficits during the first two (2) years after completion of the Development and, if applicable, any rent-restabilization reserves required by a Regulated Mortgage Lender or government entity

- related to the potential loss of funding from the Development's contracted federal rental assistance program. Any funded rent-restabilization reserve not utilized for said purpose must be retained for the sole benefit of the Development.
- i. The cost of such other items, including relocation costs, indemnity and surety bonds, and premiums on insurance for the rehabilitation of the Development.
10. In determining the income standards of Eligible Persons for the applicable programs, the Corporation shall take into account the following factors:
 - a. Requirements mandated by federal law.
 - b. Variations in circumstances in the different areas of the state.
 - c. Whether the determination is for rental housing.
 - d. The need for family size adjustments to accomplish the purposes set forth in this RFA.
 11. Financial Beneficiary and Affiliate, as defined in this RFA, do not include third party lenders, third party management agents or companies, third party service providers, Housing Credit Syndicators, credit enhancers regulated by a state or federal agency, or contractors whose total fees are within the limit described in this RFA.
 12. For computing any period of time allowed by this RFA, the day of the event from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday or legal holiday, in which event the period shall run until the end of the next day which is neither a Saturday, Sunday or legal holiday.
 13. For purposes of this RFA, rent controls for ELI Households shall consist of the Gross Rent Floor, as defined in Section 42(g)(2)(A) of the IRC and in accordance with IRS Revenue Procedure 94-57, minus the lesser of:
 - a. The utility allowance in effect by the applicable local Public Housing Authority (PHA) at the date the last building in the Development is placed-in-service or
 - b. The current utility allowance applicable to the building (as outlined in 26 CFR 1.42-10, this may include either the local utility company estimate or the applicable PHA utility allowance).

Notwithstanding the preceding provisions, the rent charged to any ELI Household may not exceed the maximum rent level permitted under Section 42(g)(2)(A) IRC for the applicable unit occupied by such household.

C. SAIL General Program Procedures and Restrictions:

1. The SAIL Minimum Set-Aside Requirement: 20 percent of the SAIL Development's units set-aside for residents with annual household incomes at or below 50 percent of the area, metropolitan statistical area ("MSA") or state or county median income, whichever is higher, adjusted for family size.
2. Additional SAIL provisions:

Selection for SAIL Program participation is contingent upon fund availability at the conclusion

of the appeals process as set forth in Rule 67-60.009, F.A.C.

D. Credit Underwriting Procedures for SAIL Loan:

Credit underwriting is a de novo review of all information supplied, received or discovered during or after the RFA scoring and funding preference process, prior to the closing on funding. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development team's experience, past performance or financial capacity is satisfactory. The credit underwriting review shall include a comprehensive analysis of the Applicant, the real estate, the economics of the Development, the ability of the Applicant and the Development team to proceed, the evidence of need for affordable housing in order to determine that the Development meets the program requirements and determine a recommended SAIL loan amount, if any; and for any Development that has rehabilitation with or without acquisition, a capital needs assessment prepared in accordance with generally accepted industry investment grade standards shall be ordered by the Credit Underwriter, and its findings shall be used to determine rehabilitation that will be carried out, including applicable energy, green, universal design and visitability features, and to set replacement reserves. Corporation funding will be based on appraisals of comparable developments, cost benefit analysis, and other documents evidencing justification of costs. As part of the credit underwriting review, the Credit Underwriter will consider the applicable provisions of the RFA.

1. At the completion of all litigation and approval by the Board of all recommended orders with regard to this RFA process, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.
2. The invitation to enter credit underwriting constitutes a preliminary commitment.
3. A response to the invitation to enter credit underwriting must be received by the Corporation and the Credit Underwriter not later than seven (7) Calendar Days after the date of the invitation. For any invitation to enter credit underwriting that is offered to an Applicant after Board approval of the list of eligible Applications that is sorted from highest funding preference to lowest, where the Applicant's response is to decline to enter credit underwriting, the result shall be the removal of the Application from the list of eligible Applications for this RFA and any other funding where that list of eligible Applications will be used.
4. If the invitation to enter credit underwriting is accepted:
 - a. All Applicants shall submit the credit underwriting fee to the Credit Underwriter within seven (7) Calendar Days of the date of the invitation to enter credit underwriting. In addition, within 14 Calendar Days of the date of the invitation, Applicants shall submit IRS Tax Information Authorization Form 8821 for all Financial Beneficiaries to the Corporation.
 - b. Failure to submit the required credit underwriting fee by the specified deadline shall result in withdrawal of the invitation.
 - c. The loan must close within 12 months of the date of the invitation to enter credit underwriting. Applicants may request one (1) extension of up to 12 months. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The written request will then be submitted to the Corporation's Board for consideration. The Board shall consider the facts and circumstances of each Applicant's request and any credit

- underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge a non-refundable extension fee of 1 percent of the loan amount if the Board approves the request to extend the commitment beyond the initial 12 month closing deadline. In the event the loan does not close by the end of the 12 month extension period, the preliminary commitment or firm commitment, as applicable, will be deemed void and the funds will be de-obligated.
5. The Credit Underwriter shall review all information in the Application and subsequently provided during the credit underwriting process, including information relative to the Applicant, Developer and General Contractor, as well as other members of the Development team. The Credit Underwriter shall also request and review such other information as it deems appropriate to determine whether or not to provide a positive recommendation in connection with a proposed Development.
 6. In determining whether or not to provide a positive recommendation in connection with a proposed Development, the Credit Underwriter will consider the prior and recent performance history of the Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development. The performance history shall consider instances involving a foreclosure, deed in lieu of foreclosure, financial arrearage, or other event of material default in connection with any affordable housing development or the documents governing financing or operation of any such development.
 - a. Unless the Credit Underwriter determines that mitigating factors exist, or that underwriting conditions can be imposed, sufficient to mitigate or offset the risk, the existence of the following shall result in a negative recommendation of the proposed Development by the Credit Underwriter:
 - (1) Considering all affordable housing developments in which any party named above has been involved, if:
 - (a) During the period prior to August 1, 2010, 5 percent or more of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default remained uncured for a period of 60 days or more, or
 - (b) During the period beginning on or after August 1, 2010, any of that party's developments have been the subject of a foreclosure or deed in lieu of foreclosure, or in financial arrearage or other material default and such arrearage or material default is uncured at the present or, if cured, remained uncured for a period of 60 days or more.
 - (2) Mitigating factors to be considered by the Credit Underwriter, to the extent such information is reasonably available and verifiable, shall include the extent to which the party funded the operations of the development from that party's own funds in an attempt to keep the development afloat, the election by a party to forego financial participation in a development in an attempt to keep the development afloat, the party's satisfactory performance history over the last 10 years in connection with that party's affordable housing developments, and any other extenuating circumstances deemed relevant by the Credit Underwriter in connection with the party's involvement in a development.
 - b. A negative recommendation may also result from the review of:

- (1) An Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor in connection with any other affordable housing development,
 - (2) Financial capacity of an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer and the General Contractor, or
 - (3) Any other relevant matters relating to an Applicant, Developer, any Financial Beneficiary of the Applicant or Developer, and the General Contractor if, in the Credit Underwriter's opinion, one or more members of the Development team do not possess the ability to proceed.
7. The Credit Underwriter shall report any inconsistencies or discrepancies or changes made to the Applicant's Application during credit underwriting.
 8. The Applicant will be responsible for all fees in connection with the documentation submitted to the Credit Underwriter.
 9. If the Credit Underwriter determines that special expertise is required to review information submitted to the Credit Underwriter which is beyond the scope of the Credit Underwriter's expertise, the fee for such services shall be borne by the Applicant.
 10. A full or self-contained appraisal as defined by the Uniform Standards of Professional Appraisal Practice and a separate market study shall be ordered by the Credit Underwriter, at the Applicant's expense, from an appraiser qualified for the geographic area and development type not later than completion of credit underwriting. The Credit Underwriter shall review the appraisal to properly evaluate the development property's financial feasibility. Appraisals which have been ordered and submitted by a Regulated Mortgage Lender and which meet the above requirements and are acceptable to the Credit Underwriter may be used instead of the appraisal referenced above. The market study must be completed by a disinterested party who is approved by the Credit Underwriter. The Credit Underwriter shall consider the market study, the Development's financial impact on Developments in the area previously funded by the Corporation, and other documentation when making its recommendation of whether to approve or disapprove a SAIL loan. The Credit Underwriter must review and determine whether there will be a negative impact to Guarantee Fund Developments within the primary market area or five (5) miles of the proposed Development, whichever is greater. The Credit Underwriter shall also review the appraisal and other market documentation to determine if the market exists to support both the demographic and income restriction set-asides committed to within the Application. For the Credit Underwriter to make a favorable recommendation, the submarket of the proposed Development must have an average physical occupancy rate of 92 percent or greater.
 11. The minimum debt service coverage shall be 1.10x for the SAIL loan, including all superior mortgages. However, if the Applicant defers at least 35 percent of its Developer fee for at least six (6) months following construction completion, the minimum debt service coverage shall be 1.00x for the SAIL loan, including all superior mortgages. The maximum debt service coverage shall be 1.50x for the SAIL loan, including all superior mortgages. In extenuating circumstances, such as when the Development has deep or short term subsidy, the debt service coverage may exceed 1.50x if the Credit Underwriter's favorable recommendation is supported by the projected cash flow analysis. Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) are not required to meet the debt service coverage standards if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the first and second mortgages.

12. The Corporation's assigned Credit Underwriter shall require a guaranteed maximum price construction contract, which may include change orders for changes in cost or changes in the scope of work, or both, if all parties agree, and shall order, at the Applicant's sole expense, and review a physical needs assessment for Moderate Rehabilitation or Substantial Rehabilitation units and review the Development's costs.
13. In addition to operating expenses, the Credit Underwriter must include an estimate for replacement reserves and operating expense reserves deemed appropriate by the Credit Underwriter when calculating the final net operating income available to service the debt. A minimum amount of \$300 per unit per annum must be used for all Developments.
 - a. The initial replacement reserve will have limitations on the ability to be drawn upon. Moderate Rehabilitation/Substantial Rehabilitation Developments (with or without acquisition) shall not be allowed to draw until the start of the scheduled replacement activities as outlined in the pre-construction capital needs assessment report ('CNA') subject to the activities completed in the scope of rehabilitation, but not sooner than the 3rd year.
 - b. The amount established as a replacement reserve shall be adjusted based on a CNA to be received by the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers at the time the CNA is required, beginning no later than the 10th year after the first residential building in the development receives a certificate of occupancy, a temporary certificate of occupancy, or is placed in service, whichever is earlier ('Initial Replacement Reserve Date'). A subsequent CNA is required no later than the 15th year after the Initial Replacement Reserve Date and subsequently every five (5) years thereafter. If the Applicant does not provide a copy of a CNA to the Corporation or its servicers, prepared by an independent third party and acceptable to the Corporation and its servicers within the stated time frames, then one shall be ordered by the Corporation or its servicers at the Applicant's expense. The only events allowed to drop the balance below the minimum are items related to life safety, structural and systems as approved by the Corporation and its servicers. In the event the first mortgage lender requires replacement reserves with replacement reserve deposit requirements that include the same or higher deposits, the Corporation's rights to hold replacement reserves and to disburse such funds shall be subject to the first mortgage lender. The replacement reserve funds are not to be used by the Applicant for normal maintenance and repairs, but shall be used for structural building repairs, major building systems replacements and other eligible items included on the Eligible Reserve for Replacement Items list, effective October 15, 2010, which is available on the Corporation's Website <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2014-117/OtherInformation/> (also accessible by clicking here). An Applicant may choose to fund a portion of the replacement reserves at closing. The amount cannot exceed 50 percent of the required replacement reserves for two (2) years and must be placed in escrow at closing.
14. The Credit Underwriter may request additional information, but at a minimum the following will be required during the underwriting process:
 - a. For credit enhancers, audited financial statements for their most recent fiscal year ended, if published; otherwise the previous year's audited statements will be provided until the current statements are published or credit underwriting is complete. The audited statements may be waived if the credit enhancer is rated at least "A-" by Moody's, Standard and Poor's or Fitch.
 - b. For the Applicant, general partner(s), and guarantors, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most

recent fiscal year ended, credit check, banking and trade references, and deposit verifications. If financial statements that are either audited, compiled or reviewed by a licensed Certified Public Accountant are not available, unaudited financial statements prepared within the last 90 days and reviewed by the Credit Underwriter in accordance with Part IIIA, Sections 401 through 411, of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective as of November 4, 2013, which is available on the Corporation's Website <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2014-117/OtherInformation/> (also accessible by clicking [here](#)), and the two most recent years' tax returns. If any of the applicable entities are newly formed (less than 18 months in existence as of the date that credit underwriting information is requested), a copy of any and all tax returns with related supporting notes and schedules. The financial statements and information provided for review should be in satisfactory form and shall be reviewed in accordance with the terms and conditions required in this RFA.

- c. For the General Contractor, audited financial statements or financial statements compiled or reviewed by a licensed Certified Public Accountant for the most recent fiscal year ended, credit check, banking and trade references, and deposit verifications. The audited or compiled statements may be waived if a payment and performance bond equal to 100 percent of the total construction cost whose terms do not adversely affect the Corporation's interest, and is issued in the name of the General Contractor by a company rated at least "A-" by AMBest & Co.

15. The Credit Underwriter shall consider the following when determining the need for construction completion guarantees:

- a. Liquidity of the guarantor(s).
- b. Developer and General Contractor's history in successfully completing Developments of similar nature.
- c. Problems encountered previously with Developer or contractor.
- d. Exposure of Corporation funds compared to Total Development Cost.

At a minimum, the Credit Underwriter shall require a personal guarantee for completion of construction from the principal individual of the borrowing entity. In addition, a letter of credit or payment and performance bond whose terms do not adversely affect the Corporation's interest will be required if the Credit Underwriter determines after evaluation of paragraphs a. - d. in this subsection that additional surety is needed. However, a completion guarantee will not be required if funds are not drawn until evidence of lien free completion is provided.

16. For all Developments, the Developer fee and General Contractor's fee shall be limited to the following:

- a. The Developer fee limit shall be 14 percent of Development Cost for Applicant's that qualify as a Non-Profit and select the Acquisition and Moderate Rehabilitation/Substantial Rehabilitation Development Category in the RFA. The Developer fee limit for Applicants that do not meet both of the above criteria shall be 10 percent of Development Cost.
- b. The General Contractor's fee shall be limited to a maximum of 14 percent of the actual construction cost.

17. The General Contractor must meet the following conditions:

- a. Employ a Development superintendent and charge the costs of such employment to the general requirements line item of the General Contractor's budget;
 - b. Charge the costs of the Development construction trailer, if needed, and other overhead to the general requirements line item of the General Contractor's budget;
 - c. Secure building permits, issued in the name of the General Contractor;
 - d. Secure a payment and performance bond whose terms do not adversely affect the Corporation's interest (or approved alternate security for General Contractor's performance, such as a letter of credit), issued in the name of the General Contractor, from a company rated at least "A-" by AMBest & Co.;
 - e. Ensure that none of the General Contractor duties to manage and control the construction of the Development are subcontracted;
 - f. Ensure that not more than 20 percent of the construction cost is subcontracted to any one entity, with the exception of a subcontractor contracted to deliver the building shell of a building of at least five (5) stories which may not have more than 31 percent of the construction cost in a subcontract, unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and the General Contractor's fees; and
 - g. Ensure that no construction cost is subcontracted to any entity that has common ownership or is affiliated with the General Contractor unless otherwise approved by the Board for a specific Development. With regard to said approval, the Board shall consider the facts and circumstances of each Applicant's request, inclusive of construction costs and ownership interests in the Development.
18. The Credit Underwriter shall require an operating deficit guarantee, to be released upon achievement of a 1.15x debt service coverage for the combined permanent first mortgage and SAIL loan, as determined by the Corporation or its agent, and 90 percent occupancy, and 90 percent of the gross potential rental income, net of utility allowances, if applicable, for a period equal to 12 consecutive months, all as certified by an independent Certified Public Accountant. The calculation of the debt service coverage ratio shall be made by the Corporation or its agent. Notwithstanding the above, the operating deficit guarantee shall not terminate earlier than three (3) years following the final certificate of occupancy. An operating deficit guarantee, to be released upon achievement of 1.00 debt service coverage for a minimum of six (6) consecutive months for the combined permanent first mortgage and SAIL loan will be required for Developments receiving first mortgage funding from the United States Department of Agriculture Rural Development (RD) if RD is providing rental assistance and has acknowledged that rents will be set at an amount sufficient to pay all operating expenses, replacement reserve requirements and debt service on the SAIL loan and all superior mortgages.
19. Contingency reserves which total no more than 15 percent of total actual construction costs (hard costs) and no more than 5 percent of total general development costs (soft costs) for Moderate Rehabilitation/Substantial Rehabilitation, Acquisition and Moderate Rehabilitation/Substantial Rehabilitation may be included within the Total Development Cost for Application and underwriting purposes; however, in the event financing is obtained through a federal government rehabilitation program, a contingency reserve up to 20 percent may be utilized if required by the program. Contingency reserves shall not be paid from SAIL funds.

20. The Credit Underwriter will review and determine if the number of loans and construction commitments of the Applicant and its Principals will impede its ability to proceed with the successful development of each proposed Corporation-funded Development.
21. Applicants must complete the credit underwriting process within nine (9) months of the Applicant's acceptance to enter credit underwriting. Unless an extension is approved by the Corporation in writing, failure to complete the credit underwriting process by the specified deadline shall result in withdrawal of the preliminary commitment. In determining whether to grant an extension, the Corporation shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. If the Corporation's decision is to deny the Applicant's request for an extension, then prior to the withdrawal of the preliminary commitment, the Board shall consider the facts and circumstances of the Applicant's request, the Corporation's denial, and any credit underwriting report, if available, and make a determination of whether to grant the requested extension.
22. If the Credit Underwriter requires additional clarifying materials in the course of the underwriting process, the Credit Underwriter shall request same from the Applicant and shall specify deadlines for the submission of same. Failure to submit required information by the specified deadline, unless a written extension of time has been approved by the Corporation, shall result in withdrawal of the preliminary commitment or the invitation to enter credit underwriting, or both, as applicable. In determining whether to grant an extension, the Corporation shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Department timely. If the Corporation's decision is to deny the Applicant's request for an extension, then prior to the withdrawal of the preliminary commitment or the invitation to enter credit underwriting, or both, as applicable, the Board shall consider the facts and circumstances of the Applicant's request, the Corporation's denial, and any credit underwriting report, if available, and make a determination of whether to grant the requested extension.
23. The Credit Underwriter shall complete its analysis and submit a written draft report and recommendation to the Corporation. Upon receipt, the Corporation shall provide to the Applicant the section of the written draft report consisting of supporting information and schedules. The Applicant shall review and provide written comments to the Corporation and Credit Underwriter within 48 hours of receipt. After the 48 hour period, the Corporation shall provide to the Credit Underwriter comments on the draft report and, as applicable, on the Applicant's comments. Then, the Credit Underwriter shall review and incorporate, if deemed appropriate, the Corporation's and Applicant's comments and release the revised report to the Corporation and the Applicant. Any additional comments from the Applicant shall be received by the Corporation and the Credit Underwriter within 72 hours of receipt of the revised report. Then, the Credit Underwriter will provide a final report, which will address comments made by the Applicant, to the Corporation.
24. The Credit Underwriter's loan recommendations will be sent to the Board for approval.
25. The Corporation shall issue a firm loan commitment within seven (7) Calendar Days after approval of the Credit Underwriter's recommendation for funding by the Board.
26. This loan and other mortgage loans related to the rehabilitation of the Development must close within 120 Calendar Days of the date of the firm loan commitment (subject to the closing deadlines established by the invitation to enter credit underwriting). A request for an extension of the firm loan commitment(s) may be considered by the Board for an extension term of up to 90 Calendar Days (subject to the closing deadlines established by the invitation to enter credit

underwriting). All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The Board shall consider the facts and circumstances of each Applicant's request, inclusive of the Applicant's ability to close within the extension term, and any credit underwriting report, if available, prior to determining whether to grant the requested extension. The Corporation shall charge an extension fee of one-half of one percent of the loan amount if the Board approves the request to extend the commitment beyond the period outlined in this RFA.

27. At least five (5) Calendar Days prior to any loan closing:

- a. The Applicant must provide evidence of all necessary consents or required signatures from first mortgagees or subordinate mortgagees to the Corporation and its counsel, and
- b. The Credit Underwriter must have received all items necessary to release its letter confirming that all closing contingencies have been met, including the finalized sources and uses of funds and Draw schedule.

E. Terms and Conditions of SAIL Loan:

1. The proceeds of the SAIL loan shall be used for rehabilitation which preserves affordable, safe and sanitary multifamily rental housing units.
2. The SAIL loan may be in a first, second, or other subordinated lien position. For purposes of this RFA, mortgages securing a letter of credit as credit enhancement for the bonds financing the first mortgage shall be considered a contingent liability and part of the first mortgage lien, provided that the Applicant's counsel furnishes an opinion regarding the contingent nature of such mortgage satisfactory to the Corporation and its counsel.
3. The SAIL loan shall be non-amortizing and shall have an interest rate as specified in Section Four A.12.a.(2) of the RFA.
4. Except as provided in Section 420.5087(5), F.S., the amount of any superior mortgages combined with the SAIL mortgage shall be less than the appraised value of the Development. Any debt service reserve requirement associated with a superior mortgage shall be excluded from the amount of the superior mortgage for purposes of this calculation.
5. Payment on the loans shall be based upon the Development Cash Flow, as determined pursuant to the Financial Reporting Form SR-1, or shall be due annually as determined by the Corporation's Board of Directors. Such determination by the Board shall be based upon a written recommendation by the Credit Underwriter which has considered the economic and financial viability of the Development as well as the protection of the Corporation's repayment of principal and interest. Any distribution or payment to the Principal(s) of the Applicant or Developer or any Affiliate of the Principal of the Applicant or Developer or any Affiliate of the Applicant or Developer, whether paid directly or indirectly, which was not expressly disclosed in determining debt service coverage in the Board approved final credit underwriting report, with the exception of payment of the Developer fee allowable to maximum of 20 percent per year, will be added back to the amount of cash available for the SAIL loan interest payment, as calculated in the Financial Reporting Form SR-1, for the purpose of determining interest due. Interest may be deferred as set forth in Item 8. below, without constituting a default on the loan.
6. The loan described in Item 3. above shall be repaid from Development Cash Flow, and if the SAIL loan is not a first mortgage loan, each year, subject to the provisions of item 8. below,

Development Cash Flow shall be applied to pay the following items in order of priority:

- a. All superior mortgage fees and debt service;
- b. Development Expenses for the SAIL Development, plus up to 20 percent of Developer fees per year;
- c. Interest payment on SAIL loan balance equal to the interest rate structure specified in Section Four A.12.a.(2) of the RFA;
- d. Interest payments on the SAIL loan deferred from previous years;
- e. Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

7. If the SAIL loan is secured by a first mortgage lien, each year, subject to the provisions of Item 8. below, Development Cash Flow shall be applied to pay the following items in order of priority:
 - a. First mortgage fees and interest payment on the SAIL loan balance equal to the interest rate structure specified in Section Four A.12.a.(2) of the RFA;
 - b. Development Expenses on the SAIL loan plus up to 20 percent of Developer fees per year;
 - c. Interest payments on the SAIL loan deferred from previous years;
 - d. Mandatory payment on subordinate mortgages.

After the full SAIL loan interest has been paid, the Applicant shall retain all remaining monies, unless the Applicant chooses to prepay a portion of the loan balance.

8. The determination of lien position, determination of Development Cash Flow, determination of payment priorities, and payment of interest on SAIL loans shall occur annually. A change in lien position from subordinate to first changes payment priorities. Any payments of accrued and unpaid interest due annually on SAIL loans shall be deferred to the extent that Development Cash Flow is insufficient to make said payments pursuant to the payment priority schedule established in this RFA. If Development Cash Flow is under-reported and such report causes a deferral of SAIL interest, such under-reporting shall constitute an event of default on the SAIL loan. A penalty of 5 percent of any required payment shall be assessed.
 - a. By the date that is 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term, the Applicant shall provide the Corporation's servicer with audited financial statements and a certification detailing the information needed to determine the annual payment to be made. However, this certification requirement will be waived until 151 Calendar Days after the Applicant's fiscal year end following the fiscal year within which the first unit is occupied. In the case where the SAIL Development contained occupied units at the time of acquisition, the initial submission will be due following the fiscal year within which the 12 month anniversary of the SAIL loan closing is observed. The certification shall require submission of audited financial statements and the fully completed and executed annual reporting form, Financial Reporting Form SR-1. The SR-1 form, Rev. 05-14, which is available on the Corporation's Website <http://www.floridahousing.org/PropertyOwnersAndManagers/Forms/> (also accessible by

clicking [here](#)), shall be submitted to the Corporation's servicer in both PDF format and in electronic form as a Microsoft Excel spreadsheet. The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

- (1) Comparative Balance Sheet with prior year and current year balances;
- (2) Statement of revenue and expenses;
- (3) Statement of changes in fund balances or equity;
- (4) Statement of cash flows; and
- (5) Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the Applicant as to the accuracy of such financial statements. A late fee of \$500 will be assessed by the Corporation for failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term. If the Applicant has not submitted the required audited financial statements, the Corporation servicer shall deem the Development Cash Flow sufficient and issue a billing for interest due on the SAIL loan for the Applicant's immediately preceding fiscal year by 212 Calendar Days after the Applicant's fiscal year end. After receipt of the audited financial statements, the Corporation servicer shall issue revised billing, if necessary. Failure to submit the required audited financial statements and certification by 151 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term shall constitute an event of default on the SAIL loan. The Applicant shall furnish to the Corporation or its servicer, unaudited statements, certified by the Applicant's principal financial or accounting officer, covering such financial matters as the Corporation or its servicer may reasonably request, including without limitation, monthly statements with respect to the Development.

- b. The Corporation servicer shall issue a billing for interest due on the SAIL loan for the Applicant's immediately preceding fiscal year by 212 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term.
 - c. The Applicant shall remit the interest due to the Corporation servicer no later than 243 Calendar Days after the Applicant's fiscal year end of each year of the SAIL loan term. The first payment of SAIL interest will be due no later than 243 Calendar Days after the Applicant's fiscal year end following the fiscal year within which the first unit is occupied. The first payment of interest shall include all interest for the period which begins accruing on the date of the first Draw and ends on the date of the Applicant's fiscal year end of the fiscal year during which the first unit is occupied.
9. After maturity or acceleration, the Note shall bear interest at the default interest rate from the due date until paid. Unless the Corporation has accelerated the SAIL loan, the Applicant shall pay the Corporation a late charge of 5 percent of any required payment that is not received by the Corporation within 15 days of the due date.
 10. The final billing for the purpose of payoff of the SAIL loan shall also include a billing for compliance fees to cover monitoring of SAIL Program requirements beyond the maturity date of the Note. Such fees shall be computed by determining the present value of the annual compliance monitoring fee for the number of years for which the Development will have a set-aside for Very

Low-Income persons or households beyond the repayment date. The present value discount rate shall be 2 percent per annum. Such amount shall be reduced by the amount of any compliance monitoring fees for other programs collected by the Corporation for the Development for that period, provided:

- a. The compliance monitoring fee covers some or all of the period following the anticipated SAIL loan repayment date; and
 - b. The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another Corporation program for which the compliance monitoring fee was collected.
11. The SAIL loans shall be serviced either directly by the Corporation or by the servicer on behalf of the Corporation.
 12. The Corporation shall monitor compliance of all terms and conditions of the SAIL loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the SAIL loan shall constitute a default during the term of the SAIL loan. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-asides of units for Very Low-Income persons or households is discovered during the course of compliance monitoring or by any other means.
 13. The Corporation shall require adequate insurance to be maintained on the Development as determined by the first mortgage lender, the Corporation, or the Corporation's servicer, but which shall, in any case, include fire, hazard and other insurance sufficient to meet the standards established in Part IIIB, Section 911 of the Fannie Mae Multifamily Delegated Underwriting and Servicing (DUS) Guide, effective February 3, 2014, which is available on the Corporation's Website <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2014-117/OtherInformation/> (also accessible by clicking here).
 14. The SAIL loan term shall be for a period of not more than 15 years. The term of the loan may exceed 15 years if the lien of the Corporation's encumbrance is subordinate to the lien of another mortgagee, in which case the term may be made coterminous with the longest term of the superior loan.
 15. After accepting a preliminary commitment, the Applicant shall not refinance, increase the principal amount, or alter any terms or conditions of any mortgage superior or inferior to the SAIL mortgage without prior approval of the Corporation's Board of Directors. However, an Applicant may reduce the interest rate on any superior or inferior mortgage loan without the Board's permission, provided that no other terms of the loan are changed. The Corporation must be notified in writing of any such change.

Following construction completion, the Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in Section F.5. are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance. To calculate the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance, the following calculation shall be used: divide the amount of the original SAIL mortgage by the combined amount of the original SAIL mortgage and the original superior mortgage; then multiply the

quotient by the amount of the increase in the superior mortgage from the current balance. For example, if the amount of the original SAIL mortgage is \$2,000,000, the original superior mortgage is \$4,400,000, with a current balance of \$3,000,000, a proposed new superior mortgage of \$5,000,000, then the amount of the increase in the superior mortgage would be \$2,000,000, and the proportionate amount of the increase in the superior mortgage which must be paid toward the reduction of the SAIL loan balance would be \$625,000. This \$625,000 would be applied first to accrued interest and then to principal.

16. All SAIL loans shall be in conformance with applicable federal and state statutes, including the Fair Housing Act as implemented by 24 CFR Part 100, Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35, and Section 504 of the Rehabilitation Act of 1973, as implemented by 24 CFR Part 8 (“Section 504 and its related regulations”). These provisions are available on the Corporation’s Website <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2014-117/OtherInformation/> (also accessible by clicking [here](#)). To the extent that a SAIL Development is not otherwise subject to Section 504 and its related regulations, the SAIL Development shall nevertheless comply with Section 504 and its related regulations as requirements of the SAIL Program to the same extent as if the SAIL Development were subject to Section 504 and its related regulations in all respects. To that end, for purposes of the SAIL Program, SAIL funding shall be deemed “Federal financial assistance” within the meaning of that term as used in Section 504 and its related regulations for all SAIL Developments.
17. Rent controls shall not be allowed on any Development except:
 - a. As required in conjunction with the issuance of tax-exempt bonds, HOME, or federal Housing Credits and
 - b. When the Sponsor has committed to set aside units for ELI Persons, in which case rents for such units shall be restricted at the level applicable for federal Housing Credits.
18. The documents creating, evidencing or securing each SAIL loan must provide that any violation of the terms and conditions described in this RFA constitutes a default under the SAIL loan documents allowing the Corporation to accelerate its loan and to seek foreclosure as well as any other remedies legally available to it.
19. A failure to pay any principal or interest due under the terms of this section shall constitute a default on the SAIL loan.
20. Failure to provide the Corporation and its servicer with the Form SR-1 detailing the information needed to determine the annual payment to be made pursuant to this RFA shall constitute a default on the SAIL loan.
21. The Compliance Period for a SAIL Development shall be, at a minimum, a period of time equal to the greater of:
 - a. The term of the loan,
 - b. 12 years from the date the first residential unit is occupied, or
 - c. Such longer period agreed to by the Applicant in the Application.

For SAIL Developments that contain occupied units at the time of closing, the Compliance Period shall begin not later than the termination of the last lease executed prior to closing of the SAIL

loan.

22. Unless and until a guarantor's obligations for a SAIL loan are terminated as approved in writing by the Corporation or its servicer, each guarantor shall furnish to the Corporation or its servicer financial statements as provided in paragraphs a. through c. below as the Corporation or its servicer may reasonably request.

a. The audited financial statements are to be prepared in accordance with accounting principles generally accepted in the United States of America and audited in accordance with auditing standards generally accepted in the United States of America for the 12 month fiscal year period just ended and shall include:

- (1) Comparative Balance Sheet with prior year and current year balances;
- (2) Statement of revenue and expenses;
- (3) Statement of changes in fund balances or equity;
- (4) Statement of cash flows; and
- (5) Notes to financial statements.

The financial statements referenced above should also be accompanied by a certification of the guarantor(s) as to the accuracy of such financial statements; or

b. If an audited financial statement has not been prepared, a federal income tax return filed for the most recently completed year; or

c. For individual guarantors, if an audited financial statement is not available a financial statement certified as true and complete without qualification by such guarantor and a copy of the most recently filed individual federal income tax return.

F. Sale, Transfer or Refinancing of a SAIL Development:

1. Any sale, conveyance, assignment, or other transfer of interest or the grant of a security interest in all or any part of the title to the Development other than a superior mortgage shall be subject to the Corporation's prior written approval. The Board shall consider the facts and circumstances of each Applicant's request and any credit underwriting report, if available, prior to determining whether to grant such request.

2. The SAIL loan shall be assumable upon sale or transfer of the Development if the following conditions are met:

- a. The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;
- b. The proposed transferee agrees to maintain all set-asides and other requirements of the SAIL loan for the period originally specified or longer; and
- c. The proposed transferee and release of transferor receives a favorable recommendation from the Credit Underwriter and approval by the Board of Directors of the Corporation.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related professional

fees, the Corporation shall charge a non-refundable assumption fee as outlined in the most current competitive solicitation.

3. If the SAIL loan is not assumed since the buyer does not meet the criteria for assumption of the SAIL loan, the SAIL loan (principal and any outstanding interest) shall be repaid from the proceeds of the sale in the following order of priority:
 - a. First mortgage debt service, first mortgage fees;
 - b. SAIL compliance and loan servicing fees;
 - c. An amount equal to the present value of the compliance monitoring fee for the periods for which the Development will have a set-aside for Very Low-Income persons or households beyond the repayment date. The present value discount rate shall be 2 percent per annum. Such amount shall be reduced by the amount of any compliance monitoring fees collected by the Corporation for the Development for that period, provided:
 - (1) The compliance monitoring fee covers some or all of the period following the anticipated SAIL repayment date; and
 - (2) The Development has substantially equivalent set-asides for Very Low-Income persons or households mandated through another program of the Corporation for which the compliance monitoring fee was collected.
 - d. Unpaid principal balance of the SAIL loan;
 - e. Any interest due on the SAIL loan;
 - f. Expenses of the sale;
 - g. If there will be insufficient funds available from the proposed sale of the Development to satisfy paragraphs 3.a. - f. above, the SAIL loan shall not be satisfied until the Corporation has received:
 - (1) An appraisal prepared by an appraiser selected by the Corporation or the Credit Underwriter indicating that the purchase price for the Development is reasonable and consistent with existing market conditions;
 - (2) A certification from the Applicant that the purchase price reported is the actual price paid for the Development, as supported by a copy of the final executed purchase and sale agreement, and that no other consideration passed between the parties, as supported by a draft and final closing statement, and that the Development Cash Flow reported to the Corporation during the term of the SAIL loan was true and accurate;
 - (3) A certification from the Applicant that there are no Development funds available to repay the SAIL loan, including any interest due, and the Applicant knows of no source from which funds could or would be forthcoming to pay the SAIL loan; and
 - (4) A certification from the Applicant detailing the information needed to determine the final billing for SAIL loan interest. Such certification shall require submission of financial statements and other documents that may be required by the Corporation and its servicer.
4. The Corporation may renegotiate and extend the loan in order to extend or retain the availability of housing for the target population. Such renegotiations shall be based upon:

- a. Performance of the Applicant during the SAIL loan term;
- b. Availability of similar housing stock for the target population in the area;
- c. Documentation and certification by the Applicant that funds are not available to repay the Note upon maturity;
- d. A plan for the repayment of the loan at the new maturity date;
- e. Assurance that the security interest of the Corporation will not be jeopardized by the new term(s); and
- f. Industry standard terms which may include amortizing loans requiring regularly scheduled payments of principal and interest.

All loan renegotiation requests, including requests for extension, must be submitted in writing to the Director of Special Assets and contain the specific details of the renegotiation. In addition to any related professional fees, the Corporation shall charge a non-refundable renegotiation fee as outlined in this RFA.

5. The Board shall approve requests for mortgage loan refinancing only if Development Cash Flow is improved, the Development's economic viability is maintained, the security interest of the Corporation is not adversely affected, and the Credit Underwriter provides a positive recommendation.
6. The Board shall deny requests for mortgage loan refinancing which require extension of the SAIL loan term or otherwise adversely affect the security interest of the Corporation, unless the criteria outlined in 5. above, are met, the Credit Underwriter recommends that the approval of such a request is crucial to the economic survival of the Development, or unless the Board determines that public policy will be better served by the extension as a result of the Applicant agreeing to further extend the Compliance Period or provide additional amenities or resident programs suitable for the resident population. Further, the Board shall limit any approved extension to a minimum term which makes the Development feasible and which does not exceed an industry standard term.

The Board shall deny requests to increase the amount of any superior mortgage, unless the criteria outlined in Section E.15. are met, the original combined loan to value ratio for the superior mortgage and the SAIL mortgage is maintained or improved, and a proportionate amount of the increase in the superior mortgage is used to reduce the outstanding SAIL loan balance.

G. SAIL Construction Disbursements and Permanent Loan Servicing:

1. SAIL loan proceeds shall be disbursed during the construction phase in an amount per Draw which does not exceed the ratio of the SAIL loan to the Total Development Cost, unless approved by the Credit Underwriter.
2. Ten (10) business days prior to each Draw, the Applicant shall supply the Corporation's servicer, as agent for the Corporation, with a written request executed by the Applicant for a Draw. The request shall set forth the amount to be paid and shall be accompanied by documentation specified by the Corporation's servicer including claims for labor and materials to date of the last inspection.
3. The Corporation and its servicer shall review the request for a Draw, and the servicer shall

provide the Corporation with approval of the request or an alternative recommendation, after the title insurer provides an endorsement to the policy of title insurance updating the policy to the date of the current Draw and increasing the insurance coverage to an amount equal to the sum of all prior Draws and the current Draw.

4. The Corporation shall disburse construction Draws through Automated Clearing House (ACH). The Applicant may request disbursement of construction Draws via a wire transfer. The Applicant will be charged a fee of \$10 for each wire transfer requested. This charge will be netted against the Draw amount.
5. The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if
 - a. The Corporation or the Corporation's servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or
 - b. The percentage of progress of construction of the improvements differs from that shown on the request for a Draw.
6. The servicer may request submission of revised construction budgets.
7. Based on the Applicant's progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter.
8. Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation's servicer as retainage shall occur pursuant to the SAIL loan agreement.
