SECTION ONE INTRODUCTION

This Request for Applications (RFA) is open to Applicants that applied and were unfunded under RFA 2018-115 and are proposing the construction of workforce housing in Monroe County.

Florida Housing Finance Corporation (the Corporation) expects to have up to \$11,260,000 in State Apartment Incentive Loan (SAIL) Program funding by the 2018 Legislature to serve primarily low-income persons (i.e., households with incomes that do not exceed 80 percent of the Area Median Income (AMI) as defined in Section 420.0004, F.S.) and moderate-income persons (i.e., households with incomes that do not exceed 120 percent of the AMI as defined in Section 420.0004, F.S.). The Corporation also expects to have up to an estimated \$2,776,032 of Housing Credits available for award to proposed Developments serving low-income households at or below 60 percent of the AMI.

The Corporation is soliciting applications from qualified Applicants that commit to provide workforce housing in accordance with the terms and conditions of this RFA, inclusive of all Exhibits, applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

SECTION TWO DEFINITIONS

Unless otherwise defined below, capitalized terms within this RFA shall have the meaning as set forth in Exhibit B, in Rule Chapters 67-48 and 67-60, F.A.C., or in applicable federal regulations.

SECTION THREE PROCEDURES AND PROVISIONS

Unless otherwise stated within the RFA, the Application package, forms, and other information related to this RFA maybe found on the RFA Website at <https://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2019/2019-110> (also available by clicking [here](#)).

A. Submission Requirements

1. Application Deadline

The Application Deadline is **3:00 p.m., Eastern Time, on February 20, 2019.**

2. Completing the Application Package

a. Downloading and completing the documents provided by the Corporation

The Applicant must download and complete the following documents found on the RFA Website:

- (1) The Application (Exhibit A of the RFA);
- (2) The Development Cost Pro Forma; and

- (3) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 08-16) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.d. of the RFA, may be used to satisfy this requirement, provided the form was approved for the type of funding being requested (i.e. Housing Credits or non-Housing Credits).

The download process may take several minutes. Applicants should save these three documents with a file name that is unique to the specific Application.

b. Creating the All Attachments Document

In addition to the three documents described in a. above, the Application Package also includes one copy consisting of all of the applicable completed Attachments described in the RFA (“All Attachments Document”).

The Applicant must compile all of the Attachments described in the RFA into one pdf file separated by pages labeling each Attachment to create the All Attachments Document. This may be accomplished by merging the documents using a computer program such as Adobe Acrobat Pro or by scanning all of the attachments together.

Note: The Corporation has provided sample pages that may be used to separate the attachments on the RFA Website. If any of the attachments are not applicable, the Applicant should insert a page stating “Not Applicable” behind the separation page.

3. Uploading the Application Package

The Application Package consists of Exhibit A, the Development Cost Pro Forma, the Principal Disclosure Form, and the All Attachments Document. To upload the Application Package:

- a. Go to the RFA Website.
- b. Click the link to login and upload the Application Package. Note: A username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.
- c. After successfully logging in, the Applicant must click “Upload Application Package.” The Applicant must also enter the Development Name and click “Browse” to locate the following completed documents saved on the Applicant’s computer:
 - (1) The Application (Exhibit A) in Word format;
 - (2) The Development Cost Pro Forma in Excel format;
 - (3) The Principals Disclosure form in Excel format. (If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded);
 - (4) The All Attachments Document in a pdf format.

The average file size is 1.0 MB and should take a moment or two to upload. Larger files may take longer to upload. There is a file size limit of 15 MB, but this may be able to be reduced without reducing the number of pages submitted. Examples of factors that affect file size include the resolution of the scanner or scanning the documents in color or as a graphic/picture.

- d. After the four documents are displayed in the Upload webpage, the Applicant must click "Upload Selected Files" to electronically submit the documents to the Corporation by the Application Deadline. Then the Uploaded Application (consisting of all four documents comprising the Application Package), and its assigned Response Number will be visible in the first column.

Note: If the Applicant clicks "Delete" prior to the Application Deadline, the Application will no longer be considered a Submitted Application and the Applicant will be required to upload the Application Package again in order for these documents to be considered an Uploaded Application. This will generate a new Response Number.

4. Submission to the Corporation

By the Application Deadline, the Applicant must provide to the Corporation the following:

- a. A sealed package containing a printed copy of the final Application Package housed in a 3-ring-binder with numbered divider tabs for each attachment. The final assigned Response Number should be reflected on each page of the printed copy of the Application Package; and
- b. The required non-refundable \$3,000 Application fee, payable to Florida Housing Finance Corporation (check or money order only).

The Applicant should label the outside of the shipping box with the applicable RFA number. The Corporation will not consider faxed or e-mailed Applications.

After 3:00 p.m., Eastern Time, on the Application Deadline, each Application for which a hard copy, an electronically submitted copy, and the Application Fee are received by the Application Deadline will be assigned an Application number. In addition, these Applications will be assigned a lottery number by having the Corporation's internal auditors run the total number of Applications received through a random number generator program.

The printed copy of the Application Package must be addressed to:

Marisa Button
Director of Multifamily Allocations
Florida Housing Finance Corporation
227 N. Bronough Street, Suite 5000, Tallahassee, FL 32301

If the hard copy of the Application Package is not identical to the electronically submitted Application Package, the electronically submitted Application Package will be utilized for scoring purposes.

Pursuant to subsection 67-60.004(2), F.A.C., any Applicant may request withdrawal of its Application from a competitive solicitation by filing a written notice of withdrawal with the Corporation Clerk. For purposes of the funding selection process, the Corporation shall not accept any Application withdrawal request that is submitted between 5:00 p.m., Eastern Time, on the last business day before the date the Review Committee meets to make its recommendations until after the Board has taken action on the Review Committee's recommendations, and such Application shall be included in the funding selection process as if no withdrawal request had been submitted. Any funding or allocation that becomes available after such withdrawal is accepted shall be treated as Returned Funding and disposed of according to Section Five B. of the RFA.

For purposes of this provision, completed for each of the three developments means (i) that the temporary or final certificate of occupancy has been issued for at least one unit in one of the residential apartment buildings within the development, or (ii) that at least one IRS Form 8609 has been issued for one of the residential apartment buildings within the development. As used in this section, a Housing Credit development that contains multiple buildings is a single development regardless of the number of buildings within the development for which an IRS Form 8609 has been issued.

If the experience of a natural person Principal for a Developer entity listed in this Application was acquired from a previous affordable housing Developer entity, the natural person Principal must have also been a Principal of that previous Developer entity as the term Principal was defined by the Corporation at that time.

(b) Prior General Development Experience Chart

To meet eligibility requirements, the Principals Disclosure Form must identify, pursuant to Subsection 67-48.002(94), F.A.C., the Principals of the Applicant and Developer(s) as of the Application Deadline. For Housing Credits, the investor limited partner of an Applicant limited partnership or the investor member of an Applicant limited liability company must be identified. A Principals Disclosure Form should not include, for any organizational structure, any type of entity that is not specifically included in the Rule definition of Principals.

(2) Point Item

Applicants will receive 5 points if the uploaded Principal Disclosure Form was stamped “Approved” during the Advance Review Process provided (a) it is still correct as of Application Deadline, and (b) it was approved for the type of funding being requested (i.e., Housing Credits or Non-Housing Credits). The Advance Review Process for Disclosure of Applicant and Developer Principals is available on the RFA Website and also includes samples which may assist the Applicant in completing the required Principals Disclosure form.

Note: It is the sole responsibility of the Applicant to review the Advance Review Process procedures and to submit any Principals Disclosure Form for review in a timely manner in order to meet the Application Deadline.

(3) For purposes of the following, a material change shall mean 33.3 percent or more of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant, and a non-material change shall mean less than 33.3 percent of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant.

The name of the Applicant entity stated in the Application may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter credit underwriting.

The Applicant entity shall be the recipient of the Housing Credits, as applicable, and the borrowing entity for the SAIL loan and cannot be changed in any way until after the closing of the loan. After loan closing, (a) any material change will require review and approval of the Credit Underwriter, as well as approval of the Board prior to the change, and (b) any non-material change will require review and approval of the Corporation, as well as approval of the Board prior to the change. Changes to the Applicant entity (material or non-material) prior to the loan closing or without Board approval after the loan closing may result in disqualification from receiving funding and may be deemed a material misrepresentation. Changes to the officers or directors of a Public Housing Authority or the investor limited partner of an Applicant limited partnership or the investor-member of an Applicant limited liability company owning the syndicating interest therein will not result in disqualification.

- (4) The Principals of each Developer identified in the Application, including all co-Developers, may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter credit underwriting. In addition, any allowable replacement of an experienced Principal of a Developer entity must meet the experience requirements that were met by the original Principal.

- (2) A separate Operational Contact Person may be included, if desired. If provided, the Operational Contact Person will be the recipient of any general correspondence associated with the Development activities that does not require a signature. If an Operational Contact Person is not provided, the Authorized Principal Representative will be the recipient of any such documentation.

4. General Proposed Development Information

Unless stated otherwise, all information requested in the RFA pertains to the Development proposed in this Application.

- a. The Applicant must state the name of the proposed Development.
- b. Development Category

The funding offered under this RFA is for proposed new construction Developments where 50 percent or more of the units are new construction.

- c. Development Type

Select the Development Type for the proposed Development. For mixed-type Developments, indicate the type that will comprise the majority of the units in the Development.

- Garden Apartments (a building comprised of 1, 2 or 3 stories, with or without an elevator)
- Townhouses
- Duplexes
- Quadraplexes
- Mid-Rise, 4-stories (a building comprised of 4 stories and each residential building must have at least one elevator)
- Mid-Rise, 5 to 6-stories (a building comprised of 5 or 6 stories and each residential building must have at least one elevator)
- High Rise (a building comprised of 7 or more stories and each residential building must have at least one elevator)

For purposes of determining the number of stories, each floor in the building(s) should be counted regardless of whether it will consist of retail, parking, or residential.

- d. Enhanced Structural Systems (“ESS”) Construction

Enhanced Structural Systems Construction Qualifications

To qualify as “Enhanced Structural Systems Construction” or “ESS Construction” for purposes of the Total Development Cost Limitation calculation and the SAIL Leveraging calculation, the proposed Development must meet at least one of the specifications listed below.

- (1) For all new construction buildings, and as of the Application Deadline for all existing buildings proposed for rehabilitation, as applicable, all of the following structural elements must consist of 100 percent poured concrete/masonry, 100 percent steel, or a combination adding up to 100 percent of concrete/masonry and steel, as verified during credit underwriting: all exterior walls and other external load-bearing elements, as well as the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking), and any under-floor/under-ground supports for that lowest story’s floor.

Additionally, if the proposed work includes rehabilitation of any structural elements listed above, the structural elements must also meet the above requirements after completion of the rehabilitation work.

- (2) Any new construction buildings with the Development Type of Mid-Rise (4, 5 or 6 story) that utilize a ESS Podium Structure shall qualify as “ESS Construction.” New construction buildings of other Development Types that utilize a ESS Podium Structure must meet the requirements in (1) above in order to qualify as “ESS Construction.” In this event, the top surface of the podium itself shall be considered to be the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking).

For the purposes of determining “ESS Construction,” there is no requirement regarding the materials to be used in the roof of the building.

The term “ESS Podium Structure” shall mean a non-residential support structure underneath the rental units constructed solely of concrete/masonry, steel, or some combination of concrete/masonry and steel together, and where said structure under the rental units must utilize at least 85 percent of the square footage for parking or non-commercial utility/ancillary building uses only. Up to 15 percent of the square footage can be used for other non-residential purposes.

These qualifying criteria specifically exclude face brick or brick veneer from qualifying as ESS Construction for purposes of this RFA unless the proposed Development otherwise meets the requirements in (1) or (2) above.

For purposes of this RFA, the Corporation will consider an Application to be ESS Construction if the answer to question 4.d. of Exhibit A is “Yes.” This will be verified during the credit underwriting process. If this cannot be verified the Development will no longer be considered ESS Construction, and funding awarded under this RFA may be rescinded.

5. Location of Proposed Development

- a. This RFA is open only to proposed Developments located in Monroe County.

- b. The Applicant must provide the Address of the Development site.

Indicate (1) the address number, street name, and name of city, and/or (2) the street name, closest designated intersection, and either name of city or unincorporated area of county. If the proposed Development consists of Scattered Sites, this information must be provided for each of the Scattered Sites.

- c. The Applicant must state whether the Development consists of Scattered Sites.

If the proposed Development consists of Scattered Sites, the following conditions must be met:

If the proposed Development consists of Scattered Sites, as of Application Deadline the Development Location Point must affirmatively be established on the site with the most units, as outlined in subsection 67-48.002(34), F.A.C, and latitude and longitude coordinates for each Scattered Site must also be provided.
- (2) If the proposed Development consists of Scattered Sites, for each Scattered Site the Applicant must provide the latitude and longitude coordinates of one point located anywhere on the Scattered Site. The coordinates must be stated in decimal degrees and rounded to at least the sixth decimal place.

Note: 30.443900, -84.283960 is an example of decimal degrees format, represented to six decimal places.

6. Units and Buildings

- a. The Applicant must state the total number of units in the proposed Development.

Proposed Developments must consist of a minimum of 20 total units.

Note: The total number of units stated in the Application may be increased, up to any applicable allowable limit, after the Applicant has been invited to enter credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation.

- b. The Applicant must indicate whether the proposed Development consists of (1) 100% new construction units, or (2) a combination of new construction units and rehabilitation units and state the quantity of each type.

Note: 50 percent or more of the total units must be new construction.

- c. The Applicant must indicate whether there are any existing units on the Development site, as of Application Deadline, and if so, the occupancy status of such units. If the Applicant indicates that there are existing occupied units and if the Development is tentatively funded, the Applicant will be required to provide to the Credit Underwriter a plan for relocation of existing tenants, as outlined in Exhibit D.

- d. Set-Aside Commitments

By submitting its Application, the Applicant agrees and acknowledges that the proposed Development will include the required income and set-aside units committed to in the Application.

- (1) Total Set-Aside Commitment

All Applicants must commit to set aside 100 percent of the total units, with the required portion set aside as Housing Credit Set-Aside units, as outlined in (2) below, and the remaining units set aside as workforce housing units, as outlined in (3) below.

- (2) Housing Credit Commitments

All Applicants must meet the minimum HC set-aside requirements of Section 42 of the IRC, as well as the Corporation's set-aside requirements that go beyond those required by Section 42 of the IRC.

Housing Credits claimed under this RFA will be limited to the units set aside as Housing Credit Set-Aside units, as selected by the Applicant in the Application.

- (a) Minimum Set-Aside per Section 42 of the IRC

Per Section 42 of the IRC, the Applicant must elect one (1) of the following minimum set-aside commitments:

- 20% of the units at 50% or less of the Area Median Income (AMI)
- 40% of the units at 60% or less of the AMI
- Average Income Test*

*The Average Income Test requires that (a) forty percent or more of the residential units in the Development be both rent-restricted and occupied by individuals whose income does not exceed the imputed income limitation designated by the Applicant with respect to the respective unit, subject to the special rules relating to income limitation which (b) require the Applicant to designate the imputed income limitation of each unit taken into account under (a) above, such that the average of the imputed income limitations of all units designated by the Applicant shall not exceed

60 percent of the area median income. The designated imputed income limitation of any such unit shall be in 10-percent increments as follows: 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, or 80 percent of the area median income.

(b) ELI Set-Aside Units

Applicants electing the minimum set-aside of 20% of the total units at 50% AMI or 40% of the total units at 60% AMI must set aside 5 percent of the total units for ELI Households at 25 percent of the AMI.

Applicants electing the Average Income Test must set-aside 10 percent of the total units for ELI Households at 30% AMI.

If the Set-Aside Breakdown Chart reflects more than the applicable required percentage of the total units at the ELI AMI level for Monroe County, during the credit underwriting process the Credit Underwriter will determine whether the Applicant's ELI Set-Aside unit commitment will need to be reduced by increasing the set aside units at AMI level(s) above the ELI level. Any such reduction in the ELI Set-Aside units would be no lower than the applicable required ELI Set-Aside percentage.

(3) Workforce Housing Commitment

The units that are not set aside as Housing Credit Set-Aside units under (2) above (i.e., the remaining units in the proposed Development) must be set aside as workforce housing at or below 80 percent or 120 percent of the AMI.

(4) Total Set-Aside Requirements:

(a) If the Applicant elects the minimum HC set-aside commitment of 20% at 50% AMI, the Applicant's total set-aside commitments will be as outlined below:

- 20 percent of the total units, rounded up to the next whole unit, must be set aside at or below 50 percent of the AMI as the Applicant's minimum IRC HC Set-Aside;
- 5 percent of the total units, rounded up to the next whole unit, must be set aside as HC Set-Aside Units at 25 percent of the ELI AMI; and
- 75 percent of the total units must be set aside as workforce housing at or below 80 percent or 120 percent AMI.

Note: If the Applicant elects this minimum HC set-aside commitment, a total of 25 percent of the total units, rounded up to the next whole unit, must be set-aside as HC Set-Aside Units as outlined above.

(b) If the Applicant elects the minimum HC set-aside commitment of 40% at 60% AMI, the Applicant's total set-aside commitments will be as outlined below:

- 40 percent of the total units, rounded up to the next whole unit, must be set aside at or below 60 percent of the AMI as the Applicant's Minimum IRC HC Set-Aside;
- 5 percent of the total units, rounded up to the next whole unit, must be set aside as HC Set-Aside Units at 25 percent of the ELI AMI; and
- 55 percent of the total units must be set aside as workforce housing at or below 80 percent or 120 percent AMI.

Note: If the Applicant elects this minimum HC set-aside commitment, a total of 45 percent of the total units, rounded up to the next whole unit, must be set-aside as HC Set-Aside Units as outlined above.

(c) If the Applicant selects the Average Income Test, the Applicant's total set-aside commitments will be as outlined below:

- 45 percent of the total units, rounded up to the next whole unit, must be set-aside as HC Set-Aside Units at or below 60 percent AMI, which includes at least 10 percent of the total units, rounded up to the next whole unit, which must be set aside as HC Set-Aside Units at 30 percent ELI AMI;
- Some of the units that are set aside at 70 or 80 percent AMI that would otherwise be set-aside as workforce housing units can be counted as HC Set-Aside units in addition to the required 45 percent from above, but the average AMI of all HC Set-Aside Units may not exceed 60 percent; and
- The remaining units must be set aside as workforce housing at or below 80 percent or 120 percent AMI.

Note: if the Applicant elects this minimum HC set-aside commitment, it is required that a total of 45 percent of the total units, rounded up to the next whole unit, be set-aside as HC Set-Aside Units at or below 60 percent AMI.

Example: A proposed Development consists of 125 total units and selects the Average Income Test. The requirement of exactly 45 percent of the total units, rounded up to the next whole unit, (57 units) are to be set-aside at or below 60 percent AMI (this includes at least 10 percent of the total units, rounded up to the next whole unit, (13 units) set-aside at 30 percent AMI). The Applicant can commit to 76 Housing Credit Units if the original 57 units remain at their original AMI designations and the additional 19 units are set-aside at 70 percent or 80 percent AMI. The average AMI of all of the HC set-aside units cannot exceed 60 percent.

In the above example, the Applicant would complete the Total Set-Aside Breakdown Chart as follows:

- 13 Housing Credit Units at or Below 30% AMI
- 44 Housing Credit Units at or Below 60% AMI
- 19 Joint Housing Credit/Workforce Housing Units at 70 % or 80% AMI
- 49 Workforce Housing Units/Non-Housing Credit Units

Note: The Applicant must take all of the above set-aside commitments into account during any pre-leasing and leasing activities.

(5) Total Set-Aside Breakdown Chart

All Applicants must the complete appropriate set-aside chart in Exhibit A.

The Total Set-Aside Breakdown Chart must reflect all income set-aside commitments (required set-asides and additional set-asides, including all required ELI Set-Asides) and the required total set-aside percentage (as further outlined below).

- (a) Completing the Total Set-Aside Breakdown Chart if committing to the HC minimum set-aside requirement of 20 percent of the total units at or below 50 percent AMI or 40 percent of the total units at or below 60 percent AMI.

The Applicant must indicate on the chart at 6.d.(2)(a) of Exhibit A the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. Where reasonably possible, Applicants will be required to keep the unit mix consistent across each committed AMI level.

To calculate the Housing Credit Set-Aside Units and Workforce Housing units:

- (i) First, calculate of the number of set-aside units for the lowest AMI level commitment.

The percentage associated with the lowest AMI level that the Applicant commits to will be multiplied by the total units, rounded up to the next whole unit. The result will be the number of set-aside units at the lowest AMI level commitment.

- (ii) Then, calculate the number of set-aside units for the second lowest AMI level.

The number of units calculated in (i) above will be subtracted from the results of the following to calculate the number of set-aside units at the second lowest AMI level commitment:

The percentage associated with the second lowest AMI level that the Applicant commits to will be first added to the percentage associated with the lowest AMI level commitment. These percentages, added

together, will be multiplied by the total units, rounded up to the next whole unit.

- (iii) Then, calculate the number of set-aside units for each remaining AMI level, if applicable.

Starting with the third lowest AMI level remaining, the number of set-aside units for each of the remaining AMI levels will be calculated using the same methodology described in (ii) above.

- (iv) Finally, calculate Workforce units

To calculate the number of Workforce units, the total number of set-aside units will be subtracted from the total number of units.

- (b) Completing the Total Set-Aside Breakdown Chart if committing to the Average Income Test

If committing to the Average Income Test, Applicants must indicate on the chart at 6.d.(2)(b) of Exhibit A the number of Housing Credit Set-Aside Units, stated in whole numbers, to be set aside at each selected AMI level.

The Corporation will verify that the number of units set aside at the ELI level meets the ELI minimum requirements by dividing the number of units that are set-aside at 30 percent AMI, or less, by the total number of units. The Corporation will calculate the average AMI of all of the Housing Credit Set-Aside Units using the methodology below.

If the Total Set-Aside Breakdown Chart reflects that the Average AMI of all Housing Credit Set-Aside Units exceeds 60 percent, and/or if the number of Housing Credit Set-Aside Units set aside at 30 percent AMI or less is not equal to or greater than the required ELI commitment, and/or the overall required Set-Aside Commitment is not met, this Application will not be eligible for funding.

The Development Cost Pro Forma includes an Average Income Test worksheet to assist Applicants in this calculation, which may display the percentage of total units with numbers represented with decimal places instead of whole numbers. This is acceptable for the Average Income Test calculation.

Calculation of the average AMI of all of the Housing Credit Set-Aside Units for the Average Income Test:

- (i) First, state the total number of Housing Credit Set-Aside Units to be set aside at each selected AMI level.
- (ii) Then, at each AMI commitment, multiply the number of Set-Aside Units by the AMI percentage (e.g., a commitment of 13 Set-Aside

Units at 30 percent AMI would be calculated as follows: $13 \times 0.30 = 3.9$).

- (iii) Repeat these calculations at each AMI level. Then add the results together.
- (iv) Divide the number calculated in (iii) by the total number of Set-Aside Units calculated in (i).
- (v) This number must be equal to or less than 60 percent to meet the eligibility requirement.

e. Unit Mix

The Applicant must complete the Unit Mix Chart listing the total number of bedrooms per unit, the total number of bathrooms per unit (including half-baths, if applicable), the total number of units per bedroom type, and the number of units that are ELI Set-Aside units. All units in the proposed Development must be listed, including all manager/employee units and all market rate units, if applicable.

No more than 25 percent of the total units may be comprised of Zero Bedroom units.

If additional space is required, enter the information in the Addenda. Note: During credit underwriting, the credit underwriter will verify that the ELI Set-Aside units are distributed across the unit mix on a pro-rata basis.

f. The Applicant must state the anticipated number of residential buildings.

The number of residential buildings stated in the Application may be changed only by written request of an Applicant to Corporation staff after the Applicant has been invited to enter credit underwriting.

g. Compliance Period

In submitting its Application, the Applicant knowingly, voluntarily and irrevocably commits to waive, and does hereby waive, for the duration of the 50-year set aside period the option to convert to market, including any option or right to submit a request for a qualified contract, after year fourteen (14), and any other option, right or process available to the Applicant to terminate (or that would result in the termination of) the 50-year set aside period at any time prior to the expiration of its full term.

Note: The Compliance Period committed to in this section includes the units set aside for the Demographic Commitments made in this RFA, which includes the commitments for Link Units and ELI Households. Although the percentage of units committed to must remain in effect for the entire Compliance Period, the particular units designated for the Demographic Commitment and AMI commitment must not be limited to the same units throughout the Compliance Period. Doing so may cause the Development to be in noncompliance.

7. Readiness to Proceed

a. Site Control

The Applicant must demonstrate site control by providing, as **Attachment 6** to Exhibit A, the properly completed and executed Florida Housing Finance Corporation Site Control Certification form (Form Rev. 08-18), which is provided on the RFA Website.

For the Site Control Certification form to be considered complete, as an attachment to the form, the Applicant must include the documentation required in Items (1), (2), and/or (3), as indicated below, demonstrating that it is a party to an eligible contract or lease, or is the owner of the subject property. Such documentation must include all relevant intermediate contracts, agreements, assignments, options, conveyances, intermediate leases, and subleases. If the proposed Development consists of Scattered Sites, site control must be demonstrated for all of the Scattered Sites.

- (1) An eligible contract must meet all of the following conditions:
 - (a) It must have a term that does not expire before May 31, 2019 or that contains extension options exercisable by the purchaser and conditioned solely upon payment of additional monies which, if exercised, would extend the term to a date that is not earlier than May 31, 2019;
 - (b) It must specifically state that the buyer's remedy for default on the part of the seller includes or is specific performance;
 - (c) The Applicant must be the buyer unless there is an assignment of the eligible contract, signed by the assignor and the assignee, which assigns all of the buyer's rights, title and interests in the eligible contract to the Applicant; and
 - (d) The owner of the subject property must be the seller, or is a party to one or more intermediate contracts, agreements, assignments, options, or conveyances between or among the owner, the Applicant, or other parties, that have the effect of assigning the owner's right to sell the property to the seller. Any intermediate contract must meet the criteria for an eligible contract in (a) and (b) above.
- (2) Deed or Certificate of Title – The deed or certificate of title (in the event the property was acquired through foreclosure) must be recorded in the county in which the property is located and show the Applicant as the sole Grantee.
- (3) Lease - The lease must have an unexpired term of at least 50 years after the Application Deadline and the lessee must be the Applicant. The owner of the subject property must be a party to the lease, or a party to one or more intermediate leases, subleases, agreements, or assignments, between or among the owner, the Applicant, or other parties, that have the effect of assigning the owner's right to lease the property for at least 50 years to the lessee.

Note: The Corporation will not review the site control documentation that is submitted with the Site Control Certification form during the scoring process unless there is a reason to believe that the form has been improperly executed, nor will it in any case evaluate the validity or enforceability of any such documentation. During scoring, the Corporation will rely on the properly executed Site Control Certification form to determine whether an Applicant has met the requirement of this RFA to demonstrate site control. The Corporation has no authority to, and will not, evaluate the validity or enforceability of any eligible site control documentation that is attached to the Site Control Certification form during the scoring process. During credit underwriting, if it is determined that the site control documents do not meet the above requirements, the Corporation may rescind the award.

8. Construction Features

All units are expected to meet all requirements as outlined below. If the proposed Development consists of any rehabilitation units, the proposed Development's ability to provide all construction features will be confirmed as outlined in Exhibit E. The quality of the construction features committed to by the Applicant is subject to approval of the Board of Directors.

All features and amenities committed to and proposed by the Applicant that are not unit-specific shall be located on each of the Scattered Sites, or no more than 1/16 mile from the Scattered Site with the most units, or a combination of both.

a. Federal Requirements and State Building Code Requirements for all Developments

All proposed Developments must meet all federal requirements and state building code requirements, including the following, incorporating the most recent amendments, regulations and rules:

- Florida Accessibility Code for Building Construction as adopted pursuant to Section 553.503, Florida Statutes;
- The Fair Housing Act as implemented by 24 CFR 100;
- Section 504 of the Rehabilitation Act of 1973*; and
- Titles II and III of the Americans with Disabilities Act of 1990 as implemented by 28 CFR 35.

* All Developments must comply with Section 504 of the Rehabilitation Act of 1973, as implemented by 24 CFR Part 8 ("Section 504 and its related regulations"). All Developments must meet accessibility standards of Section 504. Section 504 accessibility standards require a minimum of 5 percent of the total dwelling units, but not fewer than one unit, to be accessible for individuals with mobility impairments. An additional 2 percent of the total units, but not fewer than one unit, must be accessible for persons with hearing or vision impairments.

To the extent that a Development is not otherwise subject to Section 504 and its related regulations, the Development shall nevertheless comply with Section 504 and its related regulations as requirements of the

Corporation funding program to the same extent as if the Development were subject to Section 504 and its related regulations in all respects. To that end, all Corporation funding shall be deemed "Federal financial assistance" within the meaning of that term as used in Section 504 and its related regulations for all Developments.

Federal and state law and building code regulations requires that programs, activities, and facilities be readily accessible to and usable by persons with disabilities. Florida Housing requires that the design, construction, or alteration of its financed Developments be in compliance with federal and state accessibility requirements. When more than one law and accessibility standard applies, the Applicant shall comply with the standard (2010 ADA Standards, Section 504, Fair Housing Act, or Florida Building Code, Accessibility) which affords the greater level of accessibility for the residents and visitors. Areas required to be made accessible to mobility-impaired residents and their visitors, including those in wheelchairs, shall include, but not be limited to, accessible routes and entrances, paths of travel, primary function areas, parking, trash bins, mail and package receiving areas for residents, pool and other amenities, including paths of travel to amenities and laundry rooms, including washers and dryers.

The above documents are available on the RFA Website.

b. General Features

The following General Features must be provided for all proposed Developments:

- Termite prevention;
- Pest control;
- Window covering for each window and glass door inside each unit;
- Cable or satellite TV hook-up in each unit and, if the Development offers cable or satellite TV service to the residents, the price cannot exceed the market rate for service of similar quality available to the Development's residents from a primary provider of cable or satellite TV;
- Full-size range and oven in all units;
- At least two full bathrooms in all 3 bedroom or larger new construction units;
- Bathtub with shower in at least one bathroom in at least 90% of the new construction units; and
- Washer and dryer hook ups in each of the Development's units or an on-site laundry facility for resident use. If the proposed Development consists of an on-site laundry facility, there must be a minimum of one Energy Star qualified washer and one Energy Star qualified dryer per every 15 units. To determine the required number of washers and dryers for the on-site laundry facility; divide the total number of the Developments' units by 15, and then round the equation's total up to the nearest whole number.

c. Required Accessibility Features, regardless of age of Development

(1) Required Accessibility Features in all Units

The installation of the grab bars must meet or exceed the 2010 ADA Standards for Accessible Design, Section 604.5.1 (Side Wall) and 604.5.2 (Rear Wall). At the request of and at no charge to a resident household, the Development shall purchase and install grab bars around each tub/shower unit and toilet in the dwelling unit. The product specifications and installation must meet or exceed 2010 ADA Standards for Accessible Design. The Development shall inform a prospective resident that the Development, upon a resident household's request and at no charge to the household, will install grab bars around a dwelling unit's tub/shower unit, pursuant to the 2010 ADA Standards. At a minimum, the Development shall inform each prospective lessee by including language in the Development's written materials listing and describing the unit's features, as well as including the language in each household's lease.

- (1) All Applicants will be required to address the following required items:
- (a) Required features outlined in a. and c. above. If the CNA provider determines that the required items cannot be addressed within the contemplated

budget, the proposed Development will be deemed infeasible and the Corporation will rescind funding from the proposed Development;

- (b) All items outlined in b. above.
 - (c) Critical repair items as identified in the CNA report that threaten the health and safety of the residents, as well as items identified as being in violation of recorded building and/or fire codes;
 - (d) Green building items outlined in 8.d. above, considering the appropriateness and feasibility of the features and the remaining useful life, as outlined in the CNA provider's final report. For the additional Green Building features selected by the Applicant at question 8.d.(2) of Exhibit A, a total of 10 points must be maintained; and
 - (e) Immediate physical needs identified in the CNA report as having a remaining useful life of 5 years or less.
- (2) Once items in (1) above have been addressed in the Rehabilitation Scope of Work, the following items may be added to the scope, if within the remaining available budget.

 - (b) Features and amenities that add to the marketability of the Development.

9. Resident Programs

The Applicant must provide at least three of the resident programs outlined below. It is a Mandatory requirement that the Applicant select at least three of the resident programs. The quality of the resident programs committed to by the Applicant is subject to approval of the Board of Directors. The eligible resident programs which may be selected are as follows:

- a. After School Program for Children – This program requires the Applicant or its Management Company to provide supervised, structured, age-appropriate activities for children during after school hours, Monday through Friday. Activities must be on-site.
- b. Adult Literacy – The Applicant or its Management Company must make available, at no cost to the resident, literacy tutor(s) who will provide weekly literacy lessons to residents in private space on-site. Training must be held between the hours of 8:00 a.m. and 7:00 p.m. and electronic media, if used, must be used in conjunction with live instruction. If the Development consists of Scattered Sites, this resident program must be provided on the Scattered Site with the most units.
- c. Employment Assistance Program – The Applicant or its Management Company must provide, at no cost to the resident, a minimum of quarterly scheduled Employment Assistance Program workshops/meetings offering employment counseling by a knowledgeable employment counselor. Such a program includes employability skills workshops providing

instruction in the basic skills necessary for getting, keeping, and doing well in a job. The instruction must include, but not be limited to, the following:

- Evaluation of current job skills;
- Assistance in setting job goals;
- Assistance in development of and regular review/update of individualized plan for each participating resident;
- Resume assistance;
- Interview preparation; and
- Placement and follow-up services.

- d. Family Support Coordinator – The Applicant must provide a Family Support Coordinator at no cost to the resident. The Family Support Coordinator shall assist residents in assessing needs and obtaining services, with the goal of promoting successful tenancies and helping residents achieve and maintain maximum independence and self-sufficiency. Responsibilities shall include linking residents with public and private resources in the community to provide needed assistance, develop and oversee on-site programs and activities based on the needs and interests of residents, and support residents in organizing group activities to build community and to address and solve problems such as crime and drug activity. The duties of the Family Support Coordinator shall not be performed by property management staff. The Coordinator shall be on-site and available to residents at least 20 hours per week, within the hours of 9 a.m. and 8 p.m. The Coordinator may be an employee of the Development or, through an agreement, an employee of a third party agency or organization that provides these services.
- e. Financial Management Program – The Applicant or its Management Company shall provide a series of classes to provide residents training in various aspects of personal financial management. Classes must be held at least quarterly, consisting of at least two hours of training per quarter, and must be conducted by parties that are qualified to provide training regarding the respective topic area. If the Development consists of Scattered Sites, the Resident Program must be held on the Scattered Site with the most units. Residents residing at the other sites of a Scattered Site Development must be offered transportation, at no cost to them, to the classes. The topic areas must include, but not be limited to:
- Financial budgeting and bill-paying including training in the use of technologies and web-based applications;
 - Tax preparation including do's and don'ts, common tips, and how and where to file, including electronically;
 - Fraud prevention including how to prevent credit card and banking fraud, identity theft, computer hacking and avoiding common consumer scams;
 - Retirement planning & savings options including preparing a will and estate planning; and
 - Homebuyer education including how to prepare to buy a home, and how to access to first-time homebuyer programs in the county in which the development is located.

Different topic areas must be selected for each session, and no topic area may be repeated consecutively.

- f. Homeownership Opportunity Program

Applicant commits to provide a financial incentive which includes the following provisions:

- The incentive must be applicable to the home selected by the resident and may not be restricted to or enhanced by the purchase of homes in which the Applicant, Developer, or other related party has an interest;
- the incentive must be not less than 5 percent of the rent for the resident’s unit during the resident’s entire occupancy (Note: Resident will receive the incentive for all months for which the resident is in compliance with the terms and conditions of the lease. Damages to the unit in excess of the security deposit will be deducted from the incentive.);
- the benefit must be in the form of a gift or grant and may not be a loan of any nature;
- the benefits of the incentive must accrue from the beginning of occupancy;
- the vesting period can be no longer than 2 years of continuous residency; and no fee, deposit or any other such charge can be levied against the resident as a condition of participation in this program.

10. Funding

Applications must include a request for Workforce SAIL funding and a request for 9% HC.

a. Corporation Funding

(1) Workforce SAIL Funding

The Applicant must state the amount of Workforce SAIL funding.

The Applicant’s Workforce SAIL Request Amount is limited to the lesser of the following:

- \$115,000 per unit (i.e., per the total number of units in the proposed Development) for proposed Developments with set-aside commitments at or below 80% AMI;
- \$70,000 or per unit (i.e., per the total number of units in the proposed Development) for proposed Developments with set-aside commitments at or below 120% AMI;
- \$7.5 million per Development; or
- The Applicant’s Workforce SAIL Request Amount stated in RFA 2018-115

(2) Housing Credits

- (a) The Applicant must state the anticipated amount of Housing Credits it is requesting (“Applicant’s Housing Credit Request Amount”).

The Applicant’s 9% HC Request Amount is limited to the lesser of the following:

- \$36,000 per Housing Credit Set-Aside unit set-aside at or below 60 percent AMI;
- \$925,344 per Development; or
- The Applicant’s 9% HC Request Amount stated in RFA 2018-115

During the scoring process, if the Applicant states an HC Request Amount that is greater than the amount the Applicant is eligible to request, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request. In addition, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

(b) Declaration as First Phase of Multiphase Development

If the Applicant intends to declare the proposed Development as the first phase of a multiphase Development, it must answer “Yes” to the question in Exhibit A. To declare this proposed Development as the first phase of a multiphase Development, at least one building must be located within the HUD-designated DDA or HUD-designated QCT stated in Exhibit A.

During the credit underwriting process the Applicant will be required to submit to the Corporation an opinion letter by a licensed attorney that the Development meets the definition of a “multiphase project” as defined in the Federal Register. The letter must also include: (i) the name of the declared first phase Development and the Corporation-assigned Application number, (ii) the total number of phases and the projected Development name for each phase, (iii) the total number of buildings in each phase, (iv) the expected completion date for each phase, and (v) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.

(c) Basis Boost Qualifications

With regard to Housing Credits, HUD provides regulatory guidance on the effective date of Difficult Development Area (DDA) and Qualified Census Tract (QCT) lists for the purpose of determining whether a Development qualifies for an increase in eligible basis in accordance with Section 42(d)(5)(B) of the IRC. HUD’s notice published in the October 22, 2018 edition of the Federal Register (https://www.huduser.gov/portal/Datasets/QCT/QCTDDA2019_Notice.pdf) governs the eligibility for a basis boost for the Development proposed in this RFA.

(i) Subsequent Phase of a Multiphase Development

For purposes of this RFA, a subsequent phase of a multiphase Development is one where the first phase was appropriately identified as such and received an award of Housing Credits (“initial award”) in one of the following: (i) the 2011 Universal Application Cycle, (ii) a Request for Proposal or Request for Application (“RFP” or “RFA”) issued in calendar year 2013, 2014, 2015, 2016, 2017, or 2018 or (iii) a Non-Competitive Housing Credit Application (awarded through a Corporation competitive RFA process or a Non-Corporation Bond issuer’s competitive application).

For the subsequent phase to be eligible for the basis boost, after the initial award, (A) the Applicant must have submitted an Application for Housing Credits in immediately consecutive years, per the HUD requirements, (B) the 730-day period following the initial award must not end prior to the submission deadline for the Corporation’s competitive RFA or a Non-Corporation Bond issuer’s competitive application, per HUD’s requirements, and (C) the subsequent phase must have at least one building located within the boundary of the declared HUD-designated DDA or HUD-designated QCT which applied to the Development declared as the first phase by the first phase Applicant.

If the proposed Development qualifies as a subsequent phase of a multiphase Development, the Applicant must indicate as such in Exhibit A and provide the Corporation-assigned Application number for the Development where the first phase was declared and awarded an allocation of Housing Credits.

The proposed Development’s subsequent phase status will be confirmed during the credit underwriting process. If it is determined that the proposed Development does not meet the criteria to be designated a subsequent phase of a multiphase Development, it will no longer be considered a subsequent phase of a multiphase Development.

(ii) HUD-designated Small Area DDA

If the proposed Development is located in a HUD-designated Small Area DDA (SADDA), the designation will only apply to the building(s) located within the SADDA Zip Code Tabulation Area (ZCTA) and only those building(s) will be eligible for the basis boost.

HUD has assigned a ZCTA number to each SADDA, available at <https://www.huduser.gov/portal/Datasets/qct/DDA2019M.PDF> and <http://qct.huduser.gov/tables/saddatables.odb> (also available by clicking [here](#) and [here](#)). The applicable HUD

mapping software is available at https://www.huduser.gov/portal/sadda/sadda_qct.html (also available by clicking [here](#)).

To qualify, the Applicant must identify, in Exhibit A, the ZCTA number(s) for the proposed Development.

During credit underwriting and at the time of Final Cost Certification, if it is determined that there are buildings located outside of the applicable SADDA ZCTA, the Corporation reserves the right to reduce the Housing credit Allocation if the eligible basis for the building(s) located in the applicable SADDA ZCTA is not sufficient to support the request amount.

(iii) HUD-designated Non-Metropolitan DDA

The proposed Development will be eligible for the basis boost if the Development county, as stated in Exhibit A, is located within a HUD-designated non-metropolitan DDA as defined in Section 42(d)(5)(B)(iii), IRC. The 2018 HUD-designated non-metropolitan DDAs are available here:

<https://www.huduser.gov/portal/Datasets/qct/DDA2019NM.PDF>

(iv) HUD-designated QCT

The proposed Development will be eligible for the basis boost if the entire Development is located, as of Application Deadline, within a HUD-designated QCT, as defined in Section 42(d)(5)(B)(iii), IRC, as amended and based on the current census, as determined by HUD.

The HUD-designated QCTs are available here:

<https://www.huduser.gov/portal/Datasets/qct/QCT2019M.PDF>

and

<https://www.huduser.gov/portal/Datasets/qct/QCT2019NM.PDF>

.

To qualify, the Applicant must indicate the HUD-designated QCT census tract number.

(d) Housing Credit Equity Proposal

A HC equity proposal must be provided, as **Attachment 12** to Exhibit A. For purposes of this RFA, to be counted as a source, an equity proposal, regardless of whether the documentation is in the form of a commitment, proposal, term sheet or letter of intent must meet the requirements set out below:

(i) If the Eligible HC Request Amount is less than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will be considered a source of financing and, for scoring purposes, the maximum amount of HC equity to be permitted in the Development Cost Pro Forma will be adjusted downward from the amount stated in the equity proposal. This adjusted maximum HC equity will be calculated by taking the total amount of equity to be provided to the proposed Development as stated in the equity proposal letter, dividing it by the credit allocation stated in the equity proposal and multiplying that quotient by the Applicant's Eligible HC Request Amount. If the Eligible HC Request Amount is greater than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will be considered a source of financing and the maximum amount of HC equity to be permitted for scoring in the development Cost Pro Forma will be the amount stated in the equity proposal.

(ii) If syndicating/selling the Housing Credits, the Housing Credit equity proposal must meet the following criteria:

- Be executed by the equity provider;
- Include specific reference to the Applicant as the beneficiary of the equity proceeds;
- State the proposed amount of equity to be paid prior to construction completion;
- State the anticipated Housing Credit Request Amount;
- State the anticipated dollar amount of Housing Credit allocation to be purchased; and
- State the anticipated total amount of equity to be provided.

If the limited partnership agreement or limited liability company operating agreement has closed, the closed agreement must be provided. To be counted as a source of financing, the partnership agreement or operating agreement must meet the requirements listed above or the Applicant must submit separate documentation, signed by the equity provider, expressly stating any required criteria not provided in the agreement.

(iii) If not syndicating/selling the Housing Credits, the owner's commitment to provide equity must be provided. The commitment must include the following information and evidence of ability to fund must be provided as **Attachment 12** to the Application:

- The proposed amount of equity to be paid prior to construction completion;
- The anticipated Housing Credit Request Amount;

- The anticipated dollar amount of Housing Credit allocation to be purchased; and
- The anticipated total amount of equity to be provided.

Note: Exhibit D to the RFA outlines the requirement and deadline for the Applicant's confirmation that the documented equity amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria).

b. Other Corporation Funding

- (1) If the Development has received funding from the Predevelopment Loan Program (PLP), the Corporation file number and amount of funding must be listed. Note: PLP funding cannot be used as a source of financing on the Construction/Rehab Analysis or the Permanent Analysis.
- (2) The Applicant must list any other Corporation funding that is intended to be utilized as a source of financing for the proposed Development.

c. Non-Corporation Funding

Unless stated otherwise within this RFA, for funding, other than Corporation funding and deferred Developer fee, to be counted as a source on the Development Cost Pro Forma, the Applicant must provide documentation of all financing proposals from both the construction and the permanent lender(s), equity proposals from the syndicator, and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be provided as **Attachment 13**.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions not documented in accordance with financing proposals that are not from a Regulated Mortgage Lender, fee waivers or any portion of any fees that are reimbursed by the local government. Additionally, fee waivers or any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria. Evidence for each funding source must be behind its own numbered attachment.

- (1) Each financing proposal shall contain:
 - Amount of the construction loan, if applicable;
 - Amount of the permanent loan, if applicable;
 - Specific reference to the Applicant as the borrower or direct recipient; and
 - Signature of the lender.

Note: Eligible Local Government financial commitments can be considered a source of financing without meeting the requirements of above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form Rev. 08-16) and/or the Local Government Verification of Contribution – Loan Form (Form Rev. 08-16). A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. The grant and loan forms are available on the RFA Website. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

(2) Financing that has closed

If the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable; and
- Specific reference to the Applicant as the borrower/direct recipient/ mortgagee.

(3) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer fee.

In the case where the seller of the Development's property is providing a seller's note (purchase money mortgage) to help finance the Applicant's acquisition of the property, evidence of its ability to fund the amount of the seller's note is not needed so long as the Application includes a letter from the seller that meets the financing proposal criteria outlined in (4)(a) above and the amount of the seller's note is equal to or less than the purchase price of the property.

(4) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount greater than the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.

- (5) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (6) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (7) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (8) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

d. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted downward, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be included on the Development Cost Pro Forma. Note: deferred Developer fees are not considered "waived fees."

Developer fee and General Contractor fee must be disclosed. In the event the Developer fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust the fee to the maximum allowable. As stated below, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

Unless stated otherwise in this RFA, except for deferred Developer fee, the Application requires complete information on all sources of Development funding and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total of monetary funds determined to be in funding proposals must equal or exceed uses.

(1) Developer Fee

Each Developer fee component listed in (a) and (b) below shall not exceed the respective amounts described below:

- (a) Developer Fee on Acquisition Costs, is limited to 16 percent of the Total Acquisition Cost of Existing Development (excluding land) stated on the Development Cost Pro Forma in Column 3 of Item B, rounded down to the nearest dollar; and
- (b) Developer Fee on Non-Acquisition Costs, is limited to 16 percent of the net amount after deducting Total Acquisition Cost of Existing Development (excluding land) (Column 3 of Item B) from the Development Cost stated on the Development Cost Pro Forma in Column 3 of Item C, rounded down to the nearest dollar.

If the maximums stated in (a) or (b) are exceeded, the Corporation will adjust the amount down to the maximum allowed. Additionally, the Corporation may further adjust the Developer Fee on Acquisition Costs, and/or Developer Fee on Non-Acquisition Costs stated on the Development Cost Pro Forma and used to calculate the Developer Fee in Item D of the Development Cost Pro Forma. The conditions for such adjustments are stated below:

- If the amount of Developer fee on Acquisition Costs is more than the amount allowed in (a) above, AND if the amount of Developer fee on Non-Acquisition Costs is less than the amount allowed in (b) above, the Corporation will reduce the amount of Developer fee on Acquisition Costs to the maximum allowed amount, and increase the amount of Developer fee on Non-Acquisition Costs by the amount reduced in the Developer fee on Acquisition Costs, up to the maximum allowed amount.
- If the amount of Developer fee on Non-Acquisition Costs is more than the amount allowed in (b) above, AND if the amount of Developer fee on Acquisition Costs is less than the amount allowed in (a) above, the Corporation will reduce the amount of Developer fee on Non-Acquisition Costs to the maximum allowed amount, and increase the amount of Developer fee on Acquisition Costs by the amount reduced in the Developer fee on Non-Acquisition Costs, up to the maximum allowed amount.

The Corporation will allow up to 100 percent of the eligible Developer fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer fee. Consulting fees include, but are

not limited to, payments for Application consultants, construction management or supervision consultants, or local government consultants.

(2) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(3) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed 5 percent of hard and soft costs, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer fee. Applicants may not enter any amounts pertaining to any type of reserve other than the contingency reserve mentioned above and, if applicable, any reserve permitted in the RFA and established as a subset of Developer fee, on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve and the Developer fee subset, if applicable, can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer fee), the Development's capital replacement reserve account (provided, however, that any operating deficit reserve funds deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance

payment or pre-funding of the Applicant's obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant's organizational agreement (i.e., operating or limited partnership agreement). The actual direction of the disposition is at the Applicant's discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

- (5) With respect to the SAIL loan amount(s), all fees set forth in Exhibit C to the RFA are part of Development Cost and can be included in the Development Cost Pro Forma and paid with loan proceeds.

- e. Principal of the Applicant is a Public Housing Authority and/or an instrumentality of a Public Housing Authority

The Applicant should state whether any Principals of the Applicant entity are a Public Housing Authority and/or an instrumentality of a Public Housing Authority. To qualify for the "Add-On Bonus" described Section Five, A.1 of the RFA and in Item 1 of Exhibit C, the Public Housing Authority and/or instrumentality of a Public Housing Authority must be reflected on the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 08-16). For purposes of the "Add-On Bonus", the Public Housing Authority and/or instrumentality of a Public Housing Authority must not be disclosed as only the Investor Limited Partner of the Applicant or Investor Member of the Applicant.

If the Principal of the Applicant is an instrumentality of a Public Housing Authority, state the name of the Public Housing Authority.

11. Local Government Contributions (Maximum 5 Points)

For an Applicant to receive points, the Applicant must provide evidence of a Local Government grant, loan, fee waiver and/or fee deferral that is effective as of the Application Deadline, is in effect at least through June 30, 2019, and has a value whose dollar amount is equal to or greater than \$10,000. Those Applications that do not have the necessary contribution values to achieve maximum points will be scored on a pro-rata basis.

As evidence of the Local Government Contribution, the Applicant must provide the properly completed and executed Local Government Verification of Contribution Form(s) (Form Rev. 08-16) as **Attachment 14** to Exhibit A. The Local Government Contribution forms (Form Rev. 08-16) are available on the RFA Website.

To qualify for points, the amount of the contribution stated on the applicable form(s) must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

The only Local Government contributions that will be considered for the purpose of scoring are:

- Monetary grants

- Loans with the exception of USDA RD funds
- A one-year or more deferral of a fee beyond the date that it is routinely due
- Waiver of fees

A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant for scoring purposes. Either the "Loan" or "Grant" verification forms can be used. If the loan form is used for a loan with a forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

Funds administered by the Local Government, including federal funds and SHIP funds, may be included in the contribution as long as the appropriate verification form is provided. For purposes of this RFA, USDA-RD funds will NOT count as a Local Government contribution.

The contribution may not be included as an expense on the Development Cost Pro Forma nor may it be considered part of Development Cost for purposes of calculating HC basis or Developer's fee. The exception to the previous sentence is deferred Local Government fees, which may be shown on the Development Cost Pro Forma.

For a contribution consisting of a loan or deferred fee to be considered complete and eligible for points, the Local Government Verification form must reflect both the total amount of the loan or deferred fee and the value (difference between the face amount and the net present value of the payment streams) of the loan or deferred fee. Calculate the net present value of the payments using the discount rate of 6.10 percent.

NOTE: Neither the payment stream for the present value calculations (if contribution consists of a loan or deferred fee) nor the calculations by which the total amount of each waiver is determined (if contribution consists of a fee waiver) are required to be attached to the certification form or otherwise included in the Application in order for the certification form to be considered for points.

In order to be eligible to be considered for points as a Local Government contribution, the contribution must:

- Be in effect as of Application Deadline;
- Be effective at least through June 30, 2019;
- Be dedicated solely for the proposed Development;
- Provide a tangible economic benefit that results in a quantifiable cost reduction and must be given specifically to the proposed Development because the Development will provide affordable and workforce housing; and
- State, federal, or Local Government funds initially obtained by or derived from a Local Government qualify as a Local Governmental contribution even though the funds are directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization, provided that they otherwise meet the requirements set forth in this RFA, including those relating to the executed verification form.

Local Government contributions that are ineligible to be considered for points include:

- Contributions that are not specifically made for the benefit of affordable and workforce housing but are instead of general benefit to the area in which the Development is located;
- The fact that no impact fees or other such fees are levied by a local jurisdiction for ANY type of development does not constitute a Local Government contribution. If such fees are levied by the local jurisdiction but the nature of the proposed Development exempts it, for purposes of this RFA, no Local Government contribution exists and no points will be awarded;
- The absence of interest on a loan or the absence of interest payments until a specific date does not constitute a deferral or waiver of fees;
- Local Government contributions that have not received final approval;
- A contribution from an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer;
- A contribution from a PHA;
- HOPE VI funds; and
- A contribution of any portion of the Applicant's site below market value.

To calculate the value of a Local Government Contribution below market interest rate loan or fee deferral:

- Calculate the net present value of the payments due to the Local Government. For a loan, this includes any balloon payment of principal due on a non-amortizing or non-fully amortizing loan. For a fee deferral, this includes the amount of the fee due at the end of the deferral period.
- Calculate the net present value of the loan payments using the discount rate.
- Subtract the net present value of the loan payments from the original loan principal amount. The remaining amount is the value of the Local Government contribution.

Example: If the discount rate is assumed to be 6.10 percent and the Local Government will provide a fully amortizing \$40,000 loan at 3 percent for 30 years with monthly payments, the contribution is calculated as follows:

Calculate the monthly payment of the \$40,000 loan at 3 percent (\$168.64)

Calculate the net present value of the stream of (\$168.64) monthly payments over 30 years (360 months) using a 6.10 percent discount rate (\$27,828.77)

Subtract the net present value amount from the original principal loan amount to arrive at the value of the contribution (\$40,000 - \$27,828.77 = \$12,171.23 value).

Example: A Development is to be located in Monroe County and has achieved a Local Government contribution valued at \$5,000. A Development to be located in Monroe County must obtain contributions valued at \$10,000 to achieve 5 points. Therefore, in this example, the Development would receive 2.5 points ($(\$5,000 / \$10,000) \times 5$).

NOTE: Points will be rounded to two decimal places (3.345 rounded up to 3.35 and 3.3449 rounded down to 3.34).

B. Addenda

The Applicant may use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items in the Application. Please specify the particular item to which the additional information or explanatory addendum applies.

* Submission Requirement

To be eligible for funding, the following submission requirements must be met: (i) the Application must be submitted online by the Application Deadline, (ii) the required hard copy must be submitted by the Application Deadline, (iii) the Applicant's hard copy submission must be contained in a sealed package, and (iv) the required Application fee must be submitted as of the Application Deadline.

** Financial Arrearage Requirement

An Application will be deemed ineligible for funding if, as of close of business the day before the Committee meets to make a recommendation to the Board, there remains any financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation as reflected on the most recently published Past Due Report posted to the Corporation's Website under the link Property Owners & Managers/Past Due Reports (also accessible by clicking [here](#)), but not more recently than five (5) business days prior to the date the Committee meets to make a recommendation to the Board.

*** An Application will be deemed ineligible for funding if the Applicant has accepted an invitation to enter credit underwriting for the same Development in a previous RFA (with the exception of an award under the Predevelopment Loan Program (PLP) and/or the elderly Housing Community Loan (EHCL) program) and, as of Application Deadline for this RFA, the funding has not been returned to the Corporation. If the acceptance to an invitation to enter credit underwriting in a previous RFA occurs after the Application Deadline and before the Review Committee Meeting for this RFA, the proposed Development will be considered ineligible for funding in this RFA. If the acceptance to an invitation to enter credit underwriting in a previous RFA occurs after the Review Committee Meeting for this RFA, the proposed Development will be considered ineligible for funding in this RFA and any funding awarded in this RFA will be rescinded and considered Returned Funding.

**** Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit allocation process.

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on TDC, but exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee, applying any applicable TDC multiplier and/or TDC add-on. The proposed Development’s TDC will be tested against the TDC Per Unit Limitation during the scoring of the RFA, utilizing the Development Type, Development Category and ESS Construction determination made by the Applicant in the RFA and it will apply to all units in the proposed Development. During the credit underwriting process, and during the final allocation process, the maximum TDC per unit will be recalculated for each unit type as described in Item 1 of Exhibit C, with consideration given to whether the Development consists one or more Development Types, a mix of both new construction and rehabilitation units, or a mix of wood and ESS Construction units.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process and final allocation process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units					Rehabilitation Units	
	Garden Wood*	Garden Concrete*	Mid-Rise-Wood*	Mid-Rise-Concrete*	High-Rise*	Garden*	Non-Garden*
Maximum TDC Per Unit Limitation	\$206,000	\$248,000	\$248,000	\$274,000	\$317,000	\$173,000	\$243,000
Applicable TDC Multipliers (to be applied against the Development’s TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)							
TDC Multiplier for Florida Keys Area for all areas north of Plantation Key (i.e., north of Tavernier Creek)					65%		
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)					50%***		
TDC Add-On for Applicants that have a PHA/instrumentality of a PHA as a Principal					\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation		

* Garden includes all Development Types other than Mid-Rise and High-Rise; Non-Garden includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories) and High-Rise (7 or more stories); Mid-Rise includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories); and High-Rise includes Development Type of High Rise (7 or more stories). ESS means Enhanced Structural Systems Construction.

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating

deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of land valuation, the Corporation uses the lesser of the appraised value, or the actual land cost. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. For Applicants that have a public housing authority/instrumentality of a public Housing Authority listed as a Principal on the Applicant’s Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable land costs, operating deficit reserves and certain PHA costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

B. Selection Process

2. Application Sorting Order

All eligible Applications will be ranked by sorting the Applications from the highest scoring Application to the lowest scoring Application, with any scores that are tied separated as follows:

- a. First, by the Application’s eligibility for the Proximity Funding Preference (which is outlined in Section Four A.5.e. of the RFA) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- b. Next, by the Application’s Total Eligible SAIL Request Amount per set-aside unit (which is outlined in Item 3 of Exhibit C) with Applications that have a lower amount of total SAIL funds per set-aside unit listed above Applications that have a higher amount of total SAIL funds per set-aside unit;
- c. Next, by the Application’s eligibility for the Florida Job Creation Funding Preference (which is outlined in Item 4 of Exhibit C) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- d. Finally, by lottery number, with Applications that have a lower lottery number listed above Applications with a higher lottery number.

3. Funding Test

Applications will only be selected for funding if there is enough funding available to fully fund the Applicant’s Workforce SAIL funding and Housing Credit Request Amounts.

4. Funding Selection Order

- a. The first Application(s) considered for funding will be the highest ranking eligible Application(s) that can meet the Funding Test.
- e. If funding remains after funding all eligible Application(s) that can meet the Funding Test or because there is no eligible Application that can be fully funded, then no further Applications will be selected for funding and any remaining Total Remaining SAIL funding, as well as any unallocated 9% HC funding, will be distributed as approved by the Board.

5. Returned Funding

Any Workforce SAIL and 9% HC funding that becomes available after the Board takes action on the Committee's recommendations, due to an Applicant withdrawing its Application, an Applicant declining its invitation to enter credit underwriting, or an Applicant's inability to satisfy a requirement outlined in this RFA, will be distributed as approved by the Board.

**SECTION SIX
AWARD PROCESS**

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order applying the funding selection criteria outlined in Section Five above and develop a recommendation or series of recommendations to the Board.

The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to whom to award funding. Notwithstanding an award by the Board pursuant to this RFA, funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Rule Chapter 67-48, F.A.C.

The Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al. shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.

After the Board's decision to select Applicants for funding in this RFA has become final action, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

- NOTES:
- (1) Developer fee may not exceed the limits established in Rule Chapter 67-48, F.A.C., or this RFA Any portion of the fee that has been deferred must be included in Total Development Cost.
 - (2) Because Housing Credit equity proceeds are being used as a source of financing, complete Columns 1 and 2. The various FHFC Program fees should be estimated and included in column 2 for at least the Housing Credit Program.
 - (3) General Contractor's fee is limited to 14% of actual construction cost (for Application purposes, this is represented by A1.1. Column 3), rounded down to nearest dollar. The General Contractor's fee must be disclosed. The General Contractor's fee includes General Conditions, Overhead, and Profit.
 - (4) For Application purposes, the maximum hard cost contingency allowed cannot exceed 5% of the amount provided in column 3 for A1.3. TOTAL ACTUAL CONSTRUCTION COSTS for Developments where 50 percent or more of the units are new construction. No other Development Category is allowed. The maximum soft cost contingency allowed cannot exceed 5% of the amount provided in column 3 for A2.1 TOTAL GENERAL DEVELOPMENT COST. Limitations on these contingency line items post-Application are provided in Rule Chapter 67-48, F.A.C.
 - (5) Operating Deficit Reserves (ODR) of any kind are not to be included in C. DEVELOPMENT COST and cannot be used in determining the maximum Developer fee. In addition, an ODR is not permitted in this Application at all. If one has been included, it will be removed by the scorer, reducing total costs. However, one may be included during the credit underwriting process where it will be sized. The final cost certification may include an ODR, but it cannot exceed the amount sized during credit underwriting.
 - (6) Although the Corporation acknowledges that the costs listed on the Development Cost Pro Forma, Detail/Explanation Sheet, Construction or Rehab Analysis and Permanent Analysis are subject to change during credit underwriting, such costs are subject to the Total Development Cost Per Unit Limitation as provided in the RFA, as well as the other cost limitations provided in Rule Chapter 67-48, F.A.C., as applicable.

Exhibit C – Additional Information

1. Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit allocation process.

- a. The Total Development Cost Per Unit Limitation was reviewed during the scoring process as outlined in Section Five, A. During credit underwriting and final cost certification, the Total Development Cost Per Unit Limitation will be reviewed again using the values in the chart below.

Total Development Cost Per Unit Base Limitations

TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)	50%***
TDC Add-On for Applicants that have a PHA/instrumentality of a PHA as a Principal	\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation

* Garden includes all Development Types other than Mid-Rise and High-Rise; Non-Garden includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories) and High-Rise (7 or more stories); Mid-Rise includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories); and High-Rise includes Development Type of High Rise (7 or more stories). ESS Construction means Enhanced Structural Systems Construction.

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of land valuation, the Corporation uses the lesser of the appraised value, or the actual land cost. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. For Applicants that have a public housing authority/instrumentality of a public housing authority listed as a Principal on the Applicant’s Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable land costs, operating deficit reserves and certain PHA costs described herein are referred to below in the congregate as applicable qualifying costs.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

- b. Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations by more than 5 percent, after taking into consideration an escalation factor for development costs rising after the Application Deadline of either (i) 3.0 percent for any Development with the Development Category of New Construction, Redevelopment, or Acquisition and Redevelopment, or (ii) 2.3 percent for any Development with the Development Category of Rehabilitation or Acquisition and Rehabilitation, and incorporating any applicable TDC reduction and adjustments processes provided below will receive a negative recommendation by the Credit Underwriter.

Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations will require staff to review the credit underwriting report for compliance to the TDC reduction and adjustment procedure provided below:

- (1) A TDC Per Unit Limitation is the maximum allowable and is determined by adding the applicable TDC Per Unit Base Limitation from the table above with respect to the Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the appropriate escalation rate, and then dividing by any applicable TDC multiplier and finally taking the resulting amount and multiplying it by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

The Developer fee will be limited to the maximum allowable within the TDC Per Unit Limitation, in all instances. A Developer fee can be earned on Development Cost as defined by Rule Chapter 67-48, F.A.C., up to the maximum allowed within the TDC Per Unit Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee limit can be determined by taking the TDC Per Unit Limitation amount and dividing by 1.16* and then multiply the result by 16 percent*. This will yield the maximum allowable Developer fee within the TDC Per Unit Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the Applicant or Credit Underwriter is in excess of the maximum allowable Developer fee as provided in 1.b.(1) above, the stated Developer fee will be reduced to said maximum allowable Developer fee, and the TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the stated Developer fee to the maximum allowable amount provided above, additional adjustments may be necessary if the TDC Per Unit Limitation remains exceeded. An adjustment to the maximum allowable Developer fee limit shall be determined by reducing the maximum allowable Developer fee, as determined in 1.b.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Limitation, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Limitation, (b) \$500,000, or (c) 25 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above shall be further

adjusted to not exceed the new maximum allowable Developer fee limit, and the Applicant's TDC will be equally reduced to incorporate the cost reduction. If after following this Developer fee limitation process, the Applicant's TDC exclusive of the applicable qualifying costs is reduced to be within the amount allowed by the TDC Per Unit Limitation, then the Developer fee adjustment calculation is complete. If the Applicant's TDC exclusive of the applicable qualifying costs remains above the amount allowed by the TDC Per Unit Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.

- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the allowable maximum Developer fee limit in the event the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation. The reduction will be determined by deriving a percentage amount that the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Applicant's adjusted TDC exclusive of the applicable qualifying costs exceeds the limitation by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal to the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings mandated to be incorporated into the Applicant's TDC for this process.

It is at this point that the Applicant's adjusted TDC exclusive of the applicable qualifying costs are compared to the TDC Per Unit Limitation, and if the TDC Per Unit Limitation is exceeded by more than 5 percent (as presented in the opening paragraph of 1.b above), the credit underwriting report shall be presented with a negative recommendation by the Credit Underwriter.

As a note, if the Developer fee in the credit underwriting report is already at or below the maximum allowable Developer fee limit, then there is no additional adjustment mandated to be incorporated into the Developer fee. This also means there are no corresponding cost savings to reduce the Applicant's TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the credit underwriting report needs to be reduced to incorporate any adjustment as provided above, then as the Developer fee is reduced, so is the Applicant's TDC in order to incorporate the reduced Developer fee cost.

For example:

A 110-unit Family demographic Development located in Monroe County had a Development Category of Acquisition and Rehabilitation and Development Types comprised of Garden (Rehab) with 70 units and Garden-ESSC (NC) with 40 units. The credit underwriter initially reports the Applicant's TDC of \$24,440,000, inclusive of the Applicant's stated Developer fee of \$3,370,000, but exclusive of applicable qualifying costs, at time of credit underwriting, and also prior to any adjustment. The Applicant does have a PHA/instrumentality of a PHA as a Principal and qualifies for the TDC Add-On.

Calculate TDC Limitation for the Development and Maximum Allowable Developer fee

- 1.(a) TDC Per Unit Base Limitation (blended for two unique Unit types), inclusive of any applicable TDC Multiplier (100%), any applicable TDC Add-On (\$5,000) and the escalation rate (2.6%): $[(\$173,000.00 \text{ Per Unit} + \$5,000 \text{ TDC Add-On}) \times 70 \text{ Garden (Rehab) Units} \times (1 + 2.3\%) + (\$248,000.00 \text{ Per Unit} + \$5,000 \text{ TDC Add-On}) \times 40 \text{ Garden-ESSC (NC) Units}] \times (1 + 3.0\%) / 100\% \text{ TDC Multiplier} = \$23,170,180$. (To determine the blended final TDC PU Limitation, divide by total units: $\$23,170,180 / 110 \text{ Total Units} = \$210,638.00 \text{ Per Unit}$.)
- 1.(b) Implied maximum Development Cost per the limitation: $\$23,170,180 \div 1.16 = \$19,974,294$.
- 1.(c) Determine maximum allowable Developer fee limit within the TDC limitation (prior to any applicable Developer fee adjustment): $\$19,974,294 \times 16\% = \$3,195,886$.

(Note: The calculations in both 1.(b) and 1.(c) incorporates the requirement to round down the Developer fee to the next lower whole dollar.)

First Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 2.(a)(i) Is the Applicant's initial Developer fee (\$3,370,000) greater than the maximum allowable of \$3,195,886? $\$3,370,000 > \$3,195,886$; Yes.
- 2.(a)(ii) If the response to 2.(a)(i) is "Yes", then determine the excess: $\$3,370,000 - \$3,195,886 = \$174,114$ (initial excess Developer fee and initial excess TDC of Applicant).
- 2.(b) Reduce the Applicant's initial Developer fee to the lesser of either the maximum allowable (\$3,195,886) or the Applicant's initial fee (\$3,370,000) and reduce the Applicant's initial TDC by an equal amount: $\$3,370,000 - \$174,114 = \$3,195,886$ (Applicant's initial adjusted fee); $\$24,440,000 - \$174,114 = \$24,265,886$ (Applicant's initial adjusted TDC).
- 2.(c) If the response to 2.(a)(i) is "No" or once the adjustment of 2.(b) has been completed, then determine if the Applicant's (adjusted) TDC remains in excess of the limitation and if so, the amount of the excess: $\$24,265,886$ (initial adjusted TDC) $>$ $\$23,170,180$ (TDC limitation); $\$24,265,886 - \$23,170,180 = \$1,095,706$ (excess).
- 2.(d) Determine the components used to calculate an adjusted maximum allowable Developer fee. Any adjustment will be the lesser of either (i) 100% of the excess TDC (\$1,095,706), (ii) \$500,000, or (iii) 25 percent of the maximum allowable Developer fee limit (25% x \$3,195,886 = \$798,972): $\$500,000 < \$798,972 < \$1,095,706$.
- 2.(e) Apply the least amount of the three components in 2(d) above (\$500,000) to determine the maximum allowable Developer fee limit, subject to this adjustment: $\$3,195,886 - \$500,000 = \$2,695,886$ (maximum fee limit at this stage).
- 2.(f) Determine if the Applicant's initial adjusted Developer fee (as provided in 2.(b) above) is greater than the new maximum allowable Developer fee limit (from 2.(e) above) and, if so, reduce the Applicant's initial adjusted fee appropriately:

\$3,195,886 (Applicant's initial adjusted fee) > \$2,695,886 (maximum fee limit at this stage); Adjust the fee appropriately: Applicant's interim adjusted fee = \$2,695,886.

- 2.(g) Determine the Applicant's TDC reduction due to the Developer fee adjustment in 2.(f) above and apply the adjustment accordingly: \$3,195,886 (Applicant's initial adjusted fee) - \$2,695,886 = \$500,000 (Applicant's TDC reduction); \$24,265,886 - \$500,000 = \$23,765,886 (Applicant's interim adjusted TDC).

(As a note, this TDC is still greater than the TDC Per Unit Limitation so an additional adjustment to the maximum allowable Developer fee will need to be calculated.)

Second Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 3.(a) Determine the percentage the Applicant's (adjusted) TDC without the applicable qualifying costs (as adjusted above in 2.(g)) that exceeds the amount allowed by the TDC Per Unit Limitation: Amount of excess TDC: \$23,765,886 (Applicant's interim adjusted TDC) - \$23,170,180 (TDC limitation) = \$595,706 (excess TDC); Excess TDC as a percentage of TDC Limitation: $\$595,706 \div \$23,170,180 = 2.57\%$. (Note: This number is only rounded here for illustrative purposes. The actual calculation will not be rounded.)
- 3.(b) Determine the final maximum Developer fee limit: $2.57\% \times \$2,695,886$ (maximum fee limit from 2.(e) above) = \$69,311; $\$2,695,886 - \$69,311 = \$2,626,575$ (final maximum allowable Developer fee limit).
- 3.(c) Determine if the Applicant's interim adjusted Developer fee (from 2.(f) above) is greater than the final maximum allowable Developer fee limit (from 3.(b) above) and, if so, reduce the Applicant's interim adjusted Developer fee appropriately: $\$2,695,886$ (Applicant's interim adjusted fee) > \$2,626,575 (final fee limitation); $\$2,695,886 - \$69,311 = \$2,626,575$ (Applicant's final adjusted Developer fee).
- 3.(d) Determine the Applicant's final adjusted TDC at time of credit underwriting by taking the Applicant's interim adjusted TDC (as provided in 2.(g) above) and subtracting any adjustment to the Applicant's final adjusted Developer fee (from 3.(c) above): $\$23,765,886 - \$69,311 = \$23,696,575$ (Applicant's final adjusted TDC).
- 3.(e) Verify the status of the 5% variance test: $(\$23,696,575 - \$23,170,180) / \$23,170,180 = 2.27\%$, which falls within the criteria of being less than or equal to 5% above of the amount allowed by the TDC Per Unit Limitation.
- c. Any Applicant that presents a Final Cost Certification Application Package (FCCAP) **that has applicable TDC amounts that exceed the TDC Per Unit Limitation** will require staff to review the FCCAP for compliance to the procedure provided in (1), (2) and (3) below **if the Applicant did not have its Developer fee adjusted at credit underwriting as provided in 1.b. above**, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements.
- (1) A TDC Per Unit Limitation is the maximum allowable and is determined by adding the applicable TDC Per Unit Base Limitation from the table above with respect to the

Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the appropriate escalation rate, and then dividing by any applicable TDC multiplier and finally taking the resulting amount and multiplying it by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

The Developer fee will be limited to the maximum allowable within the TDC Per Unit Limitation, in all instances. A Developer fee can be earned on Development Cost as defined by Rule Chapter 67-48, F.A.C., up to the maximum allowed within the TDC Per Unit Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee limit can be determined by taking the TDC Per Unit Limitation amount and dividing by 1.16* and then multiply the result by 16 percent*. This will yield the maximum allowable Developer fee within the TDC Per Unit Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the FCCAP is in excess of the maximum allowable Developer fee as provided in 1.c.(1) above, the Developer fee will be reduced to said maximum allowable Developer fee, and the Applicant's TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the Developer fee to the maximum allowable amount, additional adjustments may be necessary if the TDC Per Unit Limitation remains exceeded. An adjustment to the maximum allowable Developer fee limit shall be determined by reducing the maximum allowable Developer fee limit as determined in 1.c.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Limitation, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Limitation, (b) \$250,000, or (c) 10 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above, shall be further adjusted to not exceed the new maximum allowable Developer fee limit, and the Applicant's TDC will be equally reduced to incorporate the cost reduction. If, after following this Developer fee limitation process, the Applicant's TDC exclusive of the applicable qualifying costs is reduced to be within the amount allowed by the TDC Per Unit Limitation, then the Developer fee adjustment calculation is complete. If the Applicant's TDC exclusive of the applicable qualifying costs remains above the amount allowed by the TDC Per Unit Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.
- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the maximum allowable Developer fee limit in the event the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation. The reduction will be determined by deriving a percentage amount that the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the amount allowed by the TDC Per Unit Limitation and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a

product that is the additional adjustment to the Developer fee. For instance, if the Applicant's adjusted TDC exclusive of the applicable qualifying costs exceeds the limitation, by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings to be incorporated into the Applicant's TDC as a result of this process.

If the Applicant already had its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements, **but the Applicant's TDC without the applicable qualifying costs in the FCCAP is now less than the Applicant's TDC without the applicable qualifying costs provided in the credit underwriting report**, then the Developer fee will be re-evaluated based on the procedure provided in 1.b. above, just as if it were going through the credit underwriting report process again.

If the Applicant already had its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements, **and the Applicant's TDC the applicable qualifying costs in the FCCAP exceeds the Applicant's TDC without the applicable qualifying costs provided in the credit underwriting report**, then the Developer fee will have an additional adjustment to be incorporated as provided in (4) below. For the adjustment process below, the maximum initial Developer fee (i.e., prior to any adjustments provided in (4) below) cannot exceed the final Developer's fee as stated in the credit underwriting report.

- (4) For an Applicant that already had its Developer fee adjusted at credit underwriting as provided in 1.b. above and whose TDC without the applicable qualifying costs in the FCCAP exceeds the Applicant's TDC without the applicable qualifying costs provided in the credit underwriting report, the maximum allowable Developer fee limit will incorporate an additional adjustment. This additional Developer fee adjustment will be the lesser of (a) the difference between the amount of the Applicant's TDC exclusive of the applicable qualifying costs as reported in the FCCAP that is in excess of the Applicant's TDC exclusive of the applicable qualifying costs provided in the credit underwriting report, (b) \$250,000, or (c) 10 percent of the allowable Developer fee reported in the credit underwriting report. If the Developer fee in the FCCAP is already equal to or less than the maximum allowable Developer fee limit as determined with the incorporation of this additional Developer fee adjustment, then neither the Developer fee nor the Applicant's TDC is further reduced.

For example:

Assuming the Development in the example provided in 1.b. above provides an FCCAP with the Applicant's TDC, exclusive of applicable qualifying costs, which is \$275,000 higher than the Applicant's TDC, exclusive of the applicable qualifying costs, provided in the credit underwriting report, but the Developer fee is the same as provided in the credit underwriting report of \$2,626,575. The additional Developer fee adjustment will be the lesser of (a) \$275,000 (the new excess costs), (b) \$250,000 (the maximum dollar limit of this additional

Developer fee adjustment), or (c) \$262,658 (10% of the allowable Developer fee reported in the credit underwriting report).

Since option (b) is the least amount of the three options, the allowable Developer fee will be lowered by \$250,000. Since the Applicant's Developer fee initially reported in the FCCAP is equal to the allowable Developer fee reported in the credit underwriting report, the Applicant's Developer fee will be adjusted in the same manner as the allowable Developer fee. The allowable Developer fee and the Applicant's Developer fee will be \$2,376,575 (the allowable Developer fee reported in the credit underwriting report of \$2,626,575, less the adjustment of \$250,000). The Applicant's TDC, exclusive of applicable qualifying costs, in the FCCAP would be adjusted to \$23,721,575 (\$23,696,575 from the credit underwriting report plus \$275,000 of new additional costs less \$250,000 for the reduction in allowable Developer fee).

As a note, if the Developer fee in the FCCAP is already at or below this allowable Developer fee, then there is no additional adjustment to be incorporated into the Developer fee. This also means there are no corresponding costs savings to reduce the Applicant's TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the FCCAP needs to be reduced to incorporate any adjustments provided above, then as the Developer fee is reduced, so is the Applicant's TDC in order to incorporate the reduced Developer fee cost.

* These figures represent the applicable Developer fee percentage for the Development of 16% and one plus the applicable Developer fee percentage for the Development (1+16%).

2. SAIL Leveraging

Total Eligible SAIL Request Amount Per Set-Aside Unit:

For this RFA, 100 percent of the units are considered to be Set-Aside units. The Application with the lower amount of total SAIL funds per Set-Aside unit will receive preference. This amount will be calculated by dividing the Applicant's Total Eligible SAIL Request Amount by the total number of set-aside units (i.e., the total number of units in the proposed Development). If the Applicant's SAIL Request Amount stated in Exhibit A is adjusted by the Corporation during the scoring process, the adjusted amount will be used for this calculation.

The Applicant's request amount for HC will be excluded from the above leveraging calculation.

3. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application's Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of SAIL Workforce Loan. To qualify for the Florida Job Creation Funding Preference in Section Five of the RFA, all Applications must earn a Florida Job Creation score equal to or greater than 24.5.

Determination of the Florida Job Creation score will be based on the following information:

- The number of new construction and rehabilitation units committed to by the Applicant (as stated by the Applicant in Exhibit A);
- The applicable Florida job creation rate for the type of units:
 - Rate of 3.635 Florida Jobs per unit for proposed new construction units;
 - Rate of 1.247 Florida Jobs per unit for proposed rehabilitation units; and
- The SAIL Workforce Request Amount.

The score for the Florida Rate of Job Creation per \$1 million of implied eligible housing credit equity will be measured using one of the following calculations:

- a. Developments consisting of only new construction units

Number of new construction units x 3.635 Florida Jobs per unit x 1,000,000 / (the Eligible Workforce SAIL Request Amount) = Florida Jobs per \$1 million of SAIL Workforce Loan.

For example:

Application A consists of 90 new construction units and has an Eligible Workforce SAIL Request Amount of \$7,900,000.

$90 \times 3.635 \times 1,000,000 / (7,900,000) =$ Florida Job Creation score of 40.89.

- b. Developments consisting of both new construction units and rehabilitation units

(Number of new construction units x 3.635 Florida Jobs per unit + number of rehabilitation units x 1.247 Florida Jobs per unit) x 1,000,000 / (the Eligible Workforce SAIL Request Amount) = Florida Jobs per \$1 million of Workforce SAIL Loan.

For example:

Application B consists of 50 new construction units and 40 rehabilitation units and has an Eligible Housing Credit Request Amount of \$7,200,000.

$[(50 \times 3.635) + (40 \times 1.247)] \times 1,000,000 / (7,200,000) =$ Florida Job Creation score of 32.17.

In above examples, all Applications will qualify for the Job Creation Funding Preference because each has a Florida Job Creation score that is at least 24.5.

4. Fees

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. This automatic increase shall not exceed 3% of the prior year's fee. Since fees for the full Housing Credit Extended Use Period will be collected at final allocation, the fee amount is discounted at a rate of 2 percent.</p>	+	\$938 – Workforce SAIL

If the Applicant indicates that the proposed Development does not consist of Scattered Sites, but it is determined during credit underwriting that the proposed Development does meet the definition of Scattered Sites, all of the Scattered Sites requirements must have been met as of Application Deadline and, if all Scattered Sites requirements were not in place as of the Application Deadline, the Applicant's funding award will be rescinded;

First, if there is a bridge loan proposal within the equity proposal that provides for bridge loan proceeds that equal at least 15 percent of the amount of total proposed equity to be provided to be made available prior to or simultaneous with closing of construction financing, the 15 percent criteria will be met. Second, if there is a separate bridge loan proposal from either the equity provider, any entity that is controlled directly or indirectly by the equity provider, or a subsidiary of the equity provider's parent holding company, and the proposal explicitly proposes an amount to be made available prior to or simultaneous with the closing of

construction financing that equals at least 15 percent of the total proposed equity to be paid stated in the equity proposal, the 15 percent criteria is met. Bridge loan proposals that are not within the equity proposal, though, must meet the criteria previously stated for debt financing with the exception that evidence of ability to fund does not have to be provided. The Applicant may include the proposed amount of the bridge loan as equity proceeds on the Construction or Rehabilitation Analysis and on the Permanent Analysis (Note: this 15 percent criteria must be reflected in the limited partnership agreement or limited liability company operating agreement); or

- (2) If not syndicating/selling the Housing Credits, proceeds from a bridge loan will not count toward meeting the 15 percent criteria;
 - g. If there are existing occupied units on the Development site as of Application Deadline, the Applicant must provide to the Credit Underwriter a plan for relocation of existing tenants. The plan shall provide information regarding the relocation site; accommodations relevant to the needs of the residents and length of time residents will be displaced; moving and storage of the contents of a resident's dwelling units; as well as the approach to inform and prepare the residents for the rehabilitation activities;
 - h. If the Applicant indicated that the proposed Development is the first phase of a multiphase Development, the Applicant must provide opinion letter by a licensed attorney that the Development meets the definition of a "multiphase project" as defined in the Federal Register. The letter must also include: (a) the name of the declared first phase Development and the Corporation-assigned Application number, (b) the total number of phases and the projected Development name for each phase, (c) the total number of buildings in each phase, (d) the expected completion date for each phase, and (e) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.
 - i. If the Applicant indicated that the proposed Development is a subsequent phase of a multiphase Development and, during the credit underwriting process it is determined that the proposed Development does not meet the criteria for such distinction, the proposed Development will no longer be considered a subsequent phase of a multiphase Development.
4. The Preliminary Recommendation Letter (PRL) for this Development will be due to the Corporation no later than 12 weeks after the invitation to enter credit underwriting has been accepted. Pursuant to paragraph 67-48.0072(21)(c), F.A.C., the Applicant is responsible for providing the Credit Underwriter with the information necessary to complete the PRL. If the 12-week deadline cannot be met due to any delay caused by the Applicant, the Applicant must request an extension by submitting a written request and payment of the applicable processing fee to the Corporation;
 5. The credit underwriting process must be complete within the timeframes outlined in Rule Chapter 67-48, F.A.C. or the Housing Credit Carryover Agreement, as applicable;
 6. The SAIL loan must close within the timeframe outlined in Rule Chapter 67-48, F.A.C.; and
 7. By Certificate of Occupancy, the Applicant commits to participate in the statewide housing locator system, as required by the Corporation.

8. The Construction Consultant engaged by the Corporation's credit underwriter must provide the properly completed and executed Americans with Disabilities Act Certification forms certifying that the design of the proposed Development and the completed Development includes the applicable accessibility, adaptability, Visitability and universal design features required by the Corporation and proposed by the Applicant (Forms Rev. 10-14) which are available on the RFA Website.
9. The Credit Underwriter will also verify information submitted by the Applicant, including, but not limited to the following:
 - a. The Applicant's Non-Profit status, if applicable;
 - b. That the Development Location Point and each Scattered Site meets the requirements of this RFA, Rule Chapters 67-48, and Section 42 of the IRC, as applicable;
 - c. The proposed Development's ability to meet the ESS construction qualifications;
 - d. Calculation of eligible basis which may cause a reduction in the Housing Credit Allocation. This may include review of the location of buildings and whether all buildings are eligible for the eligible basis boost, if applicable;
 - e. The proposed Development's first phase or subsequent phase's status;
 - f. Review of the Total Development Cost and its effect on the Total Development Cost Per Unit Limitation

If any of these cannot be verified, all funding awarded under this RFA may be reduced or may be rescinded if the award or the Application's eligibility status was based on such information, and/or the Applicant may be determined to have made a material misrepresentation.
10. For 9% HC, the Carryover Allocation Agreement will provide deadlines for additional documentation, including, but not limited to the following:
 - a. Demonstration of site control;
 - b. Meeting the 10% Test;
 - c. Commence construction;
 - d. Close tax credit partnership;
 - e. Final credit underwriting report; and
 - f. Placed in service deadline.

Exhibit E - Rehabilitation Scoping Process with a Capital Needs Assessment

The following is the procedure by which the scope of the rehabilitation will be determined for Applicants rehabilitating units as part of the proposed Application. This may include those with the Development Category of New Construction or Redevelopment (with or without acquisition), if the plan includes rehabilitation of at least one existing unit.

The Flowchart attached to this Exhibit has been designed to graphically illustrate the steps described below.

1. The Pre-Application Stage (Steps 1-2)

Prior to submitting an Application, Applicants should conduct appropriate due diligence to determine whether it is physically and financially feasible to comply with the minimum requirements contained in Section Four A.8., for proposed Developments choosing Rehabilitation or Acquisition and Rehabilitation. Applicants receiving a preliminary award who are found (through the Capital Needs Assessment and Rehabilitation scoping process further described below) to be unable to meet all of the requirements of Section Four A.8.a. and c. with the sources available for the Rehabilitation, will have their preliminary award of funding rescinded.

At the time of Application, Applicants proposing any rehabilitation of units will be required to certify that the contemplated budget and available sources are adequate to meet all requirements outlined in Section Four A.8. of this RFA.

2. The Capital Needs Assessment (CNA) Stage (Steps 3-7)

- a. Once the invitation to Credit Underwriting has been accepted, all Rehabilitation Developments (with or without acquisition) shall have a CNA prepared. Due to closing deadlines outlined in Rule Chapters 67-48 and 67-21, F.A.C., the CNA process will run concurrently with the Credit Underwriting process (which includes the market study and PRL, if applicable).
- b. The CNA shall be ordered by the Credit Underwriter, no later than 7 Calendar Days after receiving the credit underwriting fee(s) and CNA fee. The choice of the CNA provider will be left solely up to the Credit Underwriter and shall be chosen from the Corporation's approved list of qualified providers.
- c. Once the CNA has been ordered, the CNA provider will contact the Applicant to obtain basic information regarding the current physical condition of the property. The Applicant (or designee) shall answer the CNA provider's request for information within 7 Calendar Days of receipt. Further, a physical inspection of the property shall be scheduled to take place between the CNA provider, the Applicant (or designee), the Corporation (if desired) and the Credit Underwriter (if desired), no later than 30 Calendar Days from the ordering of the CNA. No less than 7 Calendar Days prior to the physical inspection, the Applicant shall ensure that original construction plans, if available, and a history of major repair expenditures covering at least the most recent 5 years, have been delivered to the CNA provider.

- d. At a minimum, the CNA provider will:
- (1) Review available documentation from the original construction and previous rehabilitations and current or planned improvements to the greatest extent possible:
 - Site survey;
 - Appraisals;
 - As-built drawings or record drawings;
 - Previous accessibility surveys;
 - Planned Capital Improvements;
 - Planned maintenance or replacement;
 - Previous reports on Property condition;
 - Existing Physical Deficiencies and pending work;
 - Warranties for construction products, appliances and equipment;
 - Preventative maintenance requirements;
 - Operations and maintenance plans;
 - Maintenance reports and contracts; and
 - Previous repairs, improvements or replacements.
 - (2) Make all appropriate inquiries to obtain and review any relevant information relating to the Property from the local governmental agencies and departments having jurisdiction over the Property. Documentation should include, to the greatest extent possible:
 - Certificates of Occupancy;
 - Inspection records and certificates;
 - Reports of existing building / fire code violations;
 - Reports of existing regulatory, health or zoning violations; and
 - Documentation of ongoing or pending litigation on Physical Conditions of the Property.
 - (3) Interview Applicant's point of contact and/or maintenance staff via a Pre-Site Visit questionnaire (Appendix E of the CNA Guide) to acquire information about preceding or pending repairs, replacements and their costs, level of preventive maintenance exercised;

- (4) The replacement of any component of the building or site with an effective remaining useful life, according to the Corporation's Estimated Useful Life Tables (Appendix F of the CNA Guide, of less than 15 years, if determined appropriate for this rehabilitation and if there is remaining funding available. - c. The CNA Provider will populate the Scope of Rehabilitation Worksheet with the measures identified in the CNA in the following order:
- (1) All exigent needs noted in the CNA including all deficiencies which threaten health and life safety (Exigent Needs in the template), needs required to conform with applicable Florida building code and local fire code regulations, as well as FHA and ADA requirements;

 - (3) Any item required in the applicable RFA, or promised by the Applicant at the time of Application (RFA Requirement in the worksheet);
 - (4) Any component of the building or site with an effective remaining useful life of less than 5 years (5 yr Need in the worksheet);

 - f. Upon the close of the Applicant's 14 Calendar Day review and comment period, the Credit Underwriter shall have a 7 Calendar Day review period in which the Credit Underwriter may craft opinions and recommendations to the Corporation regarding the Applicant's comments on the Draft Scope of Work. No later than the end of this 7 Calendar Day period, the Credit Underwriter shall submit the CNA report, the draft Scope of Work, the Applicant's comments (on the draft scope) and the Credit Underwriter's opinions and recommendations to the Corporation.
 - g. The Corporation shall review the material provided by the Credit Underwriter to first determine that all of the requirements of Section Four A.8.a.and c. have been met within available sources for the proposed Rehabilitation of the Development. If the Corporation determines the above requirements cannot be met with available sources, the preliminary award will be rescinded.
4. Credit Underwriting and Beyond (Steps 12–15)
 - a. If the Corporation determines that all of the requirements of Section Four A.8.a. and c. can be met, and that there are no other issues that would disqualify the Applicant, then the Credit Underwriting process may proceed.
 - b. During the Credit Underwriting process, the Corporation will review and approve the final Scope of Work for the project.
 - c. Once the Corporation has approved the final Scope of Work for the Development, the Applicant must develop construction plans and the schedule of values for the Development. These construction plans shall be submitted to the Corporation for review and approval during the credit underwriting process.
 - d. As with any funding, the Corporation will conduct a final inspection to verify that all work in the approved Scope of Work has been completed, including delivery of all required features, amenities and measures needed to meet the Corporation's Housing Accessibility Standards.

5. By submitting the Application, the Applicant acknowledges and certifies that the proposed Development will meet all state building codes, including the Florida Accessibility Code for Building Construction, adopted pursuant to Section 553.503, F.S., the Fair Housing Act as implemented by 24 CFR Part 100, including the Affirmative Fair Housing Marketing Plan; Violence Against Women Act Reauthorization Act of 2013; Section 504 of the Rehabilitation Act of 1973, and the Americans with Disabilities Act of 1990 as implemented by 28 CFR Part 35, incorporating the most recent amendments, regulations and rules.

The Applicant further commits to actively seek tenants from public housing waiting lists and tenants who are participating in and/or have successfully completed the training provided by welfare to work or self-sufficiency type programs.
8. The success of an Applicant in being selected for funding is not an indication that the Applicant will receive a positive recommendation from the Credit Underwriter or that the Development Team's experience, past performance or financial capacity is satisfactory. The past performance record, financial capacity, and any and all other matters relating to the Development Team (which consists of Developer, Management Company, General Contractor, Architect, Attorney, and Accountant) will be

reviewed during credit underwriting. The Credit Underwriter may require additional information from any member of the Development Team including, without limitation, documentation on other past projects and financials. Development Teams with an unsatisfactory past performance record, inadequate financial capacity or any other unsatisfactory matters relating to their suitability may result in a negative recommendation from the Credit Underwriter.

9. The Applicant's commitments will be included in (i) a Land Use Restriction Agreement for the SAIL loan and, (ii) an Extended Use Agreement for the Housing Credits and must be maintained in order for the Development to remain in compliance, unless the Board approves a change.
