**SECTION ONE
INTRODUCTION**

This Request for Applications (RFA) is open to Applicants proposing the development of affordable, multifamily housing for Families and the Elderly utilizing State Apartment Incentive Loan (SAIL) funding as gap funding in conjunction with (i) Tax-Exempt Bond financing (i.e., Corporation-issued Multifamily Mortgage Revenue Bonds (MMRB) or Non-Corporation-issued Tax-Exempt Bonds obtained through a Public Housing Authority (established under Chapter 421, F.S.), a County Housing Finance Authority (established pursuant to Section 159.604, F.S.), or a Local Government), (ii) Non-Competitive Housing Credits (Housing Credit), and, if applicable, (iii) National Housing Trust Fund (NHTF).

A. SAIL

Florida Housing Finance Corporation (the Corporation) expects to offer an estimated \$71,362,643, comprised of a part of the Family and Elderly Demographic portion of the SAIL funding appropriated by the 2019 Florida Legislature. The amounts listed in 1 below include ELI Loan funding to cover the units that are set aside for Extremely Low Income (ELI) Households, including the commitment for a portion of ELI Set-Aside units as Link Units for Persons with Special Needs, as defined in Section 420.0004(13) F.S. and as further outlined in Sections Four A.6.d.(2)(c) of the RFA.

1. Demographic Categories

- a. \$22,720,289 of Elderly funding for proposed Developments with the Elderly Demographic Commitment (ALF and Non-ALF), and
- b. \$48,642,354 of Family funding for proposed Developments with the Family Demographic Commitment.

Up to a maximum of \$24,321,177 of the Family funding (50% of the total) shall be awarded to Applicants that demonstrate self-financed sources, and meet additional Application criteria set forth in Section Four, A.3.a.(1)(b) below. (“Self-Sourced Applicants”)

2. County Geographic Categories

The following information is based on the most recent statewide low-income rental housing market study.

County Geographic Category	Amount of Funding Allocated to Each County Geographic Category
Large Counties	\$38,393,102
Medium Counties	\$25,833,277
Small Counties	\$7,136,264

B. Tax-Exempt Bonds and Non-Competitive Housing Credits (Housing Credit)

The SAIL funding offered in this RFA must be used in conjunction with Tax-Exempt Bonds and Non-Competitive Housing Credits. For purposes of this requirement, the Applicant will NOT utilize the Non-Competitive Application Package to apply for (i) Corporation-issued MMRB and the Non-Competitive Housing Credits or (ii) Non-Competitive Housing Credits to be used with Non-Corporation-issued Tax-Exempt Bonds (i.e. issued by a Public Housing Authority (established under Chapter 421, F.S.), a County Housing Finance Authority (established pursuant to Section 159.604, F.S.), or a Local Government). Instead, the Applicant is required to apply for the MMRB and/or Housing Credits as a part of its Application for the SAIL funding.

If, prior to the submission of the Applicant's Application in response to this RFA, the Applicant submits or has already submitted a Non-Competitive Application for the Development proposed in its SAIL Application, such previous Non-Competitive Application will not be considered and the Applicant will be required to request the Corporation-issued MMRB and/or Non-Competitive Housing Credits as a part of its SAIL Application request, as outlined above.

If the proposed Development is not selected for funding or if the Applicant's funding award is rescinded, and the Applicant still wishes to receive the MMRB and/or Non-Competitive Housing Credits, the Applicant will be required to submit a new Application for such funding using the Non-Competitive Application Package that is in effect at that time.

- C. Proposed Developments are not eligible for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. In addition, proposed Developments are not eligible to receive any funding awarded through this RFA if the Applicant closes on the Tax-Exempt Bond financing prior to the issuance of the preliminary commitment for the SAIL funding. If the Bonds are closed between the Application Deadline and issuance of the preliminary commitment, the Applicant's award will be rescinded.
- D. National Housing Trust Fund (NHTF)

The Corporation expects to offer an estimated \$6,950,850.50 in National Housing Trust Funds (NHTF) to support NHTF Units that meet the requirements outlined in Section Four, A.6.d.(2)(d) of the RFA. NHTF funding may be requested by Applicants that select the Development Category of New Construction or Redevelopment (with or without acquisition) and commit to NHTF Units. In such case, the invitation to enter credit underwriting will inform the Applicant of the NHTF award amount, and the requirement to set-aside NHTF Units.

- E. The Corporation is soliciting applications from qualified Applicants that commit to provide housing in accordance with the terms and conditions of this RFA, inclusive of all Exhibits, applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

A. Submission Requirements

1. Application Deadline

The Application Deadline is **3:00 p.m., Eastern Time, on, 2019.**

2. Completing the Application Package

a. Downloading and completing the documents provided by the Corporation

Download and complete the following documents found on the RFA Website:

- (1) The Application (Exhibit A of the RFA);
- (2) The Development Cost Pro Forma; and
- (3) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.c. of the RFA, may be used to satisfy this requirement.

The download process may take several minutes. Applicants should save these three documents with a file name that is unique to the specific Application.

b. Creating the All Attachments Document

In addition to the three documents described in a. above, the Application Package also includes one copy consisting of all of the applicable completed Attachments described in the RFA (“All Attachments Document”).

Compile all of the attachments described in the RFA into one pdf file separated by pages labeling each Attachment to create the All Attachments Document. This may be accomplished by merging the documents using a computer program such as Adobe Acrobat Pro or by scanning all of the attachments together.

Note: The Corporation has provided sample pages that may be used to separate the attachments on the RFA Website. If any of the attachments are not applicable, the Applicant should insert a page stating “Not Applicable” behind the separation page.

3. Uploading the Application Package

The Application Package consists of Exhibit A, the Development Cost Pro Forma, the Principal Disclosure Form, and the All Attachments Document. To upload the Application Package:

- a. Go to the webpage RFA Website.
- b. Click the link to login and upload the Application Package. Note: A username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.
- c. After successfully logging in, click "Upload Application Package." Enter the Development Name and click "Browse" to locate the following completed documents saved on the Applicant's computer:

- (1) The Application (Exhibit A) in Word format;
- (2) The Development Cost Pro Forma in Excel format;
- (3) The Principals Disclosure form in Excel format. (If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded);
- (4) The All Attachments Document in a pdf format.

The average file size is 1.0 MB and should take a moment or two to upload. Larger files may take longer to upload. There is a file size limit of 15 MB, but this may be able to be reduced without reducing the number of pages submitted. Examples of factors that affect file size include the resolution of the scanner or scanning the documents in color or as a graphic/picture.

- d. After the four documents are displayed in the Upload webpage, click "Upload Selected Files" to electronically submit the documents to the Corporation by the Application Deadline. Then the Uploaded Application (consisting of all four documents comprising the Application Package), and its assigned Response Number will be visible in the first column.

Note: If the Applicant clicks "Delete" prior to the Application Deadline, the Application will no longer be considered a Submitted Application and the Applicant will be required to upload the Application Package again in order for these documents to be considered an Uploaded Application. This will generate a new Response Number.

4. Submission to the Corporation

By the Application Deadline, provide to the Corporation the following:

- a. A sealed package containing a printed copy of the final Application Package housed in a 3-ring-binder with numbered divider tabs for each attachment. The final assigned Response Number should be reflected on each page of the printed copy of the Application Package; and
- b. The required non-refundable \$3,000 Application fee, payable to Florida Housing Finance Corporation (check or money order only).

The Applicant should label the outside of the shipping box with the applicable RFA number. The Corporation will not consider faxed or e-mailed Applications.

After 3:00 p.m., Eastern Time, on the Application Deadline, each Application for which a hard copy, an electronically submitted copy, and the Application Fee are received by the Application Deadline will be assigned an Application number. In addition, these Applications will be assigned a lottery number by having the Corporation's internal auditors run the total number of Applications received through a random number generator program.

The printed copy of the Application Package must be addressed to:

Marisa Button
 Director of Multifamily Allocations
 Florida Housing Finance Corporation
 227 N. Bronough Street, Suite 5000, Tallahassee, FL 32301

If the hard copy of the Application Package is not identical to the electronically submitted Application Package, the electronically submitted Application Package will be utilized for scoring purposes.

Pursuant to subsection 67-60.004(2), F.A.C., any Applicant may request withdrawal of its Application from a competitive solicitation by filing a written notice of withdrawal with the Corporation Clerk. For purposes of the funding selection process, the Corporation shall not accept any Application withdrawal request that is submitted between 5:00 p.m., Eastern Time, on the last business day before the date the Review Committee meets to make its recommendations until after the Board has taken action on the Review Committee's recommendations, and such Application shall be included in the funding selection process as if no withdrawal request had been submitted. Any funding or allocation that becomes available after such withdrawal is accepted shall be treated as Returned Funding and disposed of according to Section Five B. of the RFA.

The Development Category Qualification Letter is required of all Developments with the Development Category of Redevelopment (with or without Acquisition) as stated in the Development Category requirements above.

- (ii) Development Category of New Construction or Rehabilitation, with or without Acquisition

The Development Category Qualification Letter is not an eligibility requirement for proposed Developments with the Development Category of New Construction or Rehabilitation, with or without Acquisition; however, in order to be classified as an RA Level other than RA Level 6, the Development Category Qualification Letter must be provided as **Attachment 6**, and must meet the following requirements:

The Development Category Qualification Letter must be a letter from a designated administrator of a federal program that

provides long-term rental assistance. The rental assistance provided must be tied to the proposed Development and its units and be for a minimum of 20 years from the date the Development's units are placed in service*. The letter must include the following information and be dated within 12 months of the Application Deadline:

- Name of the proposed Development;
- Address of the proposed Development;
- Total number of units that will receive PBRA, ACC, and/or other form of federal long-term rental assistance if the proposed Development is funded;
- The federal program associated with the rental assistance; and
- A statement that the committed rental assistance will be reserved and available for use by the proposed Development by the time the units are placed in service and committed for a minimum of 20 years upon the units being placed in service*.

*This may be subject to congressional appropriation and continuation of the rental assistance program. For developments documenting the commitment of RD rental assistance, the minimum 20-year commitment term from the date the Development's units are placed in service is not applicable.

All funded Applications will be held to the number of RA Units stated in the Development Category Qualification Letter provided by the Applicant. This requirement will apply throughout the compliance period, subject to congressional appropriation and continuation of the rental assistance program.

(b) Calculating the Rental Assistance (RA) Level

The total number of units that will receive rental assistance (i.e., PBRA and/or ACC and, in the case of New Construction and Rehabilitation, other forms of federal long-term rental assistance), as stated in the Development Category Qualification Letter provided as **Attachment 6**, will be considered to be the proposed Development's RA Units and will be the basis of the Applicant's RA Level Classification. The Corporation will divide the RA Units stated in the Development Category Qualification Letter by the total units stated by the Applicant in Exhibit A, resulting in a Percentage of Total Units that are RA Units. Using the Rental Assistance Level Classification Chart below, the Corporation will determine the RA Level associated with both the Percentage of Total Units and the number of RA Units. The best rating of these two levels will be assigned as the Application's RA Level Classification.

Rental Assistance Level Classification Chart			
Rental Assistance Level	Percentage of Total Units that will receive Rental Assistance		Number of RA Units that will receive Rental Assistance
Level 1	All units (with the exception of up to 2 units)	or	At least 100 RA Units and greater than 50% of the total units
Level 2	Greater than 90.00%	or	Greater than 90 RA Units but less than 100 RA Units and greater than 50% of the total units
Level 3	Greater than 75.00%, equal to or less than 90.00%	or	Greater than 75 RA Units but less than 90 RA Units and greater than 50% of the total units
Level 4	Greater than 50.00%, equal to or less than 75.00%		N/A
Level 5	Greater than 10.00%, equal to or less than 50.00%		N/A
Level 6*	10.00% or less of the total units receive rental assistance		N/A

*Applications will be classified RA Level 6 if 10.00% or less of the total units will receive rental assistance or if the Applicant fails to meet the criteria outlined above.

c. Development Type

Select the Development Type for the proposed Development. For mixed-type Developments, indicate the type that will comprise the majority of the units in the Development.

- Garden Apartments (a building comprised of 1, 2 or 3 stories, with or without an elevator)
- Townhouses
- Mid-Rise, 4-stories (a building comprised of 4 stories and each residential building must have at least one elevator)
- Mid-Rise, 5 to 6-stories (a building comprised of 5 or 6 stories and each residential building must have at least one elevator)
- High Rise (a building comprised of 7 or more stories and each residential building must have at least one elevator)

For purposes of determining the number of stories, each floor in the building(s) should be counted regardless of whether it will consist of retail, parking, or residential.

For purposes of the Leveraging Level Classification described in Item 3 of Exhibit C, if the Applicant selects the Development Category of New Construction or Redevelopment (with or without acquisition), and the Development Type of Mid-Rise, (4, or 5 to 6-stories), the Applicant must indicate whether at least 90 percent of the proposed Development’s total units will be contained in the Mid-Rise building(s).

Note: Any dwelling unit that consists of more than one story, (e.g. Townhouse), is prohibited for Elderly Set-Aside Units. A residential building that consists of more than one story is not prohibited for Elderly Set-Aside Units if there is a minimum of one elevator per residential building provided for all Elderly Set-Aside Units that are located on a floor higher than the first floor.

d. Enhanced Structural Systems (“ESS”) Construction Qualifications

To qualify as “Enhanced Structural Systems Construction” or “ESS Construction” for purposes of the Total Development Cost Limitation calculation and the SAIL Leveraging calculation, the proposed Development must meet at least one of the specifications listed below.

- (1) For all new construction buildings, and as of the Application Deadline for all existing buildings proposed for rehabilitation, as applicable, all of the following structural elements must consist of 100 percent poured concrete/masonry, 100 percent steel, or a combination adding up to 100 percent of concrete/masonry and steel, as verified during credit underwriting: all exterior walls and other external load-bearing elements, as well as the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking), and any under-floor/under-ground supports for that lowest story’s floor.

Additionally, if the proposed work includes rehabilitation of any structural elements listed above, the structural elements must also meet the above requirements after completion of the rehabilitation work.

- (2) Any new construction buildings with the Development Type of Mid-Rise (4, 5 or 6 story) that utilize a ESS Podium Structure shall qualify as “ESS Construction.” New construction buildings of other Development Types that utilize a ESS Podium Structure must meet the requirements in (1) above in order to qualify as “ESS Construction.” In this event, the top surface of the podium itself shall be considered to be the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking).

For the purposes of determining “ESS Construction,” there is no requirement regarding the materials to be used in the roof of the building.

The term “ESS Podium Structure” shall mean a non-residential support structure underneath the rental units constructed solely of concrete/masonry, steel, or some combination of concrete/masonry and steel together, and where said structure under the rental units must utilize at least 85 percent of the square footage for parking or non-commercial utility/ancillary building uses only. Up to 15 percent of the square footage can be used for other non-residential purposes.

These qualifying criteria specifically exclude face brick or brick veneer from qualifying as ESS Construction for purposes of this RFA unless the proposed Development otherwise meets the requirements in (1) or (2) above.

For purposes of this RFA, the Corporation will consider an Application to be ESS Construction if the answer to question 4.d. of Exhibit A is “Yes.” This will be

verified during the credit underwriting process. If this cannot be verified the Development will no longer be considered ESS Construction, and funding awarded under this RFA may be rescinded.

5. Location of Proposed Development

- a. Indicate the county where the proposed Development will be located.

Large, Medium and Small County Geographic Categories

Large	Medium		Small	
Broward	Alachua	Manatee	Baker	Jefferson
Duval	Bay	Marion	Bradford	Lafayette
Hillsborough	Brevard	Martin	Calhoun	Levy

			Jackson	

- b. Provide the Address of the Development site

Indicate (1) the address number, street name, and name of city, and/or (2) the street name, closest designated intersection, and either name of city or unincorporated area of county. If the proposed Development consists of Scattered Sites, this information must be provided for each of the Scattered Sites.

- c. State whether the Development consists of Scattered Sites.

If the proposed Development consists of Scattered Sites, the following conditions must be met:

- (1) For Developments located in a county other than Monroe County, a part of the boundary of each Scattered Site must be located within ½ mile of a part of the boundary of the Scattered Site with the most units. For Developments located in Monroe County, a part of the boundary of each Scattered Site must be located within 20 miles of a part of the boundary of the Scattered Site with the most units;
- (2) Site control and Ability to Proceed must be demonstrated in the Application for all Scattered Sites; and
- (3) All Scattered Sites must be located within the same county.

d. Latitude/Longitude Coordinates

- (1) All Applicants must provide a Development Location Point stated in decimal degrees, rounded to at least the sixth decimal place. If the proposed Development consists of Scattered Sites, as of Application Deadline the Development Location Point must affirmatively be established on the site with the most units, as outlined in subsection 67-48.002(34), F.A.C., and latitude and longitude coordinates for each Scattered Site must also be provided.
- (2) If the proposed Development consists of Scattered Sites, for each Scattered Site that is in addition to the Development Location Point information provided in (1) above, provide the latitude and longitude coordinates of one point located anywhere on the Scattered Site. The coordinates must be stated in decimal degrees and rounded to at least the sixth decimal place.

Note: 30.443900, -84.283960 is an example of decimal degrees format, represented to six decimal places.

e. Proximity

The Application may earn proximity points based on the distance between the Development Location Point and the Bus or Rail Transit Service (if Private Transportation is not selected at question 5.e.(2)(a) of Exhibit A) and the Community Services stated in Exhibit A. Proximity points are awarded according to the Transit and Community Service Scoring Charts outlined in Item 2 of Exhibit C. Proximity points will not be applied towards the total score. Proximity points will only be used to determine whether the Applicant meets the required minimum proximity eligibility requirements and the Proximity Funding Preference, as outlined in the chart below.

Requirements and Funding Preference Qualifications

All Large County Applications must achieve a minimum number of Transit Service Points and achieve a minimum number of total proximity points to be eligible for funding. Small and Medium County Applications are not required to achieve a minimum number of Transit Service Points, but must achieve a minimum number of total proximity points to be eligible for funding. All Applications that achieve a higher number of total proximity points may also qualify for the Proximity Funding Preference as outlined below.

Location of Proposed Development	Required Minimum Transit Service Points if Eligible for PHA or RD Proximity Point Boost	Required Minimum Transit Service Points if NOT Eligible for PHA or RD Proximity Point Boost	Required Minimum Total Proximity Points that Must be Achieved to be eligible for funding	Total Proximity Points that Must be Achieved to Receive the Proximity Funding Preference
Large County	1.5	2	10.5	12.5 or more
Medium County	N/A	N/A	7	9 or more
Small County	N/A	N/A	4	6 or more

The Application may earn proximity points through the following:

- Qualifying for the PHA Proximity Point Boost or the RD 515 Proximity Point Boost;
- Providing private transportation or based on the distance between the Development Location Point and the Bus or Rail Transit Service; and
- Based on the distance between the Development Location Point and the Community Services.

(1) PHA or RD 515 Proximity Point Boost

(a) PHA Proximity Point Boost

An Application that involves a site(s) with an existing Declaration of Trust between a Public Housing Authority (PHA) and HUD will qualify to receive a 3-point boost toward its proximity score if the Applicant provides a letter from the PHA dated within 12 months of the Application Deadline certifying that the site(s) where all of the units in the proposed Development will be located has an existing Declaration of Trust between the PHA and HUD. The letter must be signed by the appropriate person authorized to make such a certification and must be provided as **Attachment 7** to Exhibit A. Note: This 3-point boost will not count toward meeting the mandatory Minimum Transit Services score.

or

(b) RD 515 Proximity Point Boost

An Application that involves property that is currently assisted with RD 515 funding will qualify to receive a 3-point boost toward its proximity score if the Applicant demonstrates RD 515 funding as outlined in Section Four A.10.b.(1) of the RFA and the Applicant selected the Development Category of Rehabilitation or Redevelopment, with or without Acquisition. Note: This 3-point boost will not count toward meeting the mandatory Minimum Transit Services score.

- (c) All Large County Applications that qualify for either the PHA Proximity Point Boost or the RD 515 Proximity Point Boost will be required to achieve at least 1.5 Transit Service Points. All other Large County Applications will be required to achieve at least 2.0 Transit Service Points.

(2) Transit Services (Maximum of 6 points)

Applicants may select Private Transportation or provide the location information and distance for one of the remaining four Transit Services on which to base the Application's Transit Score. The Transit Service Scoring Charts, reflecting the methodology for calculating the points awarded based on the distances, are outlined Exhibit C.

Location of coordinates for Transit Services

For Public Bus Stop, Public Bus Rapid Transit Stop, Public Bus Transfer Stop, MetroRail, Station, TriRail Station, and SunRail Station, coordinates must represent the location where passengers may embark and disembark the bus or train.

(a) Private Transportation (2 Points)

This service is defined in Exhibit B and may be selected only if the Applicant selected the Elderly (ALF or Non-ALF) Demographic Commitment.

or

(b) Public Bus Stop (Maximum 6 Points)

(i) This service is defined in Exhibit B and may be selected by all Applicants.

(ii) Up to three Public Bus Stops may be selected. Each Public Bus Stop must meet the definition of Public Bus Stop as defined in Exhibit B, using at least one unique bus route. Up to two of the selected Public Bus Stops may be Sister Stops that serves the same route, as defined in Exhibit B.

or

(c) Public Bus Transfer Stop (Maximum 6 Points)

This service is defined in Exhibit B and may be selected by all Applicants.

or

(d) Public Bus Rapid Transit Stop (Maximum 6 Points)

This service is defined in Exhibit B and may be selected by all Applicants.

or

(e) Public Rail Station (Maximum 6 Points)

This service is defined in Exhibit B and may be selected by all Applicants.

(3) Community Services (Maximum 4 Points for each service, up to 3 services)

Applicants may provide the location information and distances for three of the following four Community Services on which to base the Application's Community Services Score. The Community Service Scoring Charts, which reflect the methodology for calculating the points awarded based on the distances, are outlined in Exhibit C.

Location of coordinates for Community Services

Coordinates must represent a point that is on the doorway threshold of an exterior entrance that provides direct public access to the building where the service is located. If there is no exterior public entrance to the Community Service, then a point should be used that is at the exterior entrance doorway threshold that is the closest walking distance to the doorway threshold of the interior public entrance to the service. For example, for a Pharmacy located within an enclosed shopping mall structure that does not have a direct public exterior entrance, the latitude and longitude coordinates at the doorway threshold of the exterior public entrance to the enclosed shopping mall that provide the shortest walking distance to the doorway threshold of the interior entrance to the Pharmacy would be used.

Applicants may use the same latitude and longitude coordinates for the Grocery Store, Medical Facility and/or Pharmacy if the Grocery Store, Medical Facility and/or Pharmacy is housed at the same location.

Eligible Community Services

- (a) Grocery Store - This service is defined in Exhibit B and may be selected by all Applicants.
- (b) Public School - This service is defined in Exhibit B and may be selected only if the Applicant selected the Family Demographic Commitment.
- (c) Medical Facility - This service is defined in Exhibit B and may be selected by all Applicants.
- (d) Pharmacy - This service is defined in Exhibit B and may be selected by all Applicants.

(4) Scoring Proximity to Services (Transit and Community)

(a) Private Transportation

Applicants that selected the Elderly (ALF or Non-ALF) Demographic Commitment and wish to provide Private Transportation as the Transit Service must select "Yes" at question 5.e.(2)(a) of Exhibit A to be eligible to receive 2 points.

(b) Bus and Rail Transit Services and Community Services

Applicants that wish to receive proximity points for Transit Services other than Private Transportation or points for any community service must provide latitude and longitude coordinates for that service, stated in decimal degrees, rounded to at least the sixth decimal place, and the distance between the Development Location point and the coordinates for the service. The distances between the Development Location Point and the latitude and longitude coordinates for each service will be the basis for awarding proximity points. Failure to provide the distance for any service will result in zero points for that service. The Transit and Community Service Scoring Charts reflecting the methodology for calculating the points awarded based on the distances are in Exhibit C.

f. Mandatory Distance Requirement

To be eligible for funding, Applications must qualify for the Mandatory Distance Requirement. Applications may qualify automatically (as outlined below). Applications that are not eligible for the automatic qualification will only qualify if the distance between the latitude and longitude coordinates provided for the Development Location Point, and any Scattered Sites, if applicable, to the coordinates for the other properties identified on the August 16, 2019 FHFC Development Proximity List (the List) that serve the same demographic group as the proposed Development meets the Mandatory Distance Requirement as outlined in (2) below. The List is available on the RFA Website. Applications that do not qualify for the Mandatory Distance Requirement under (1) or (2) below will not be eligible for funding.

- (1) Applications Eligible for the Automatic qualification for the Mandatory Distance Requirement
 - (a) The Applicant selected the Rehabilitation Development Category (with or without Acquisition), the proposed Development involves the Rehabilitation of an existing, occupied residential rental property in operation as of the Application Deadline, and the proposed Development meets all of the following criteria: (i) the Applicant commits to set aside 30 percent of the total units as ELI Set-Aside units on the Total Set-Aside Breakdown Chart, and (ii) the proposed Development is classified as RA Level 1 or RA Level 2; or
 - (b) The Applicant selected the Redevelopment Development Category (with or without Acquisition) and the proposed Development meets all of the following criteria: (i) the Applicant commits to set aside 30 percent of the total units as ELI Set-Aside units on the Total Set-Aside Breakdown Chart, (ii) the proposed Development is classified as RA Level 1 or RA Level 2, and (iii) the Percentage of Total Units that will have Rental Assistance is greater than 75 percent.
- (2) Applications not eligible for the Automatic qualification for the Mandatory Distance Requirement will qualify for the Mandatory Distance Requirement if

the distance between the latitude and longitude coordinates provided for the Development Location Point, and any Scattered Sites, if applicable, to the coordinates for the other properties identified on the August 16, 2019 FHFC Development Proximity List (the List) that serve the same demographic group as the proposed Development meet the following distance requirements:

	Distance between the proposed Development and Developments on the List if proposed Development is <u>is</u> an LDA Development	Distance between the proposed Development and Developments on the List if proposed Development is <u>not</u> an LDA Development; AND the Development on the Proximity List has <u>at least</u> 31 Total Units	Distance between the proposed Development and Developments on the List if proposed Development is <u>not</u> an LDA Development; AND the Development on the Proximity List has <u>less than</u> 31 Total Units
All Small Counties	5 miles	2.0 miles	1.0 miles
All Medium Counties	5 miles	1.0 miles	N/A
All Large Counties	N/A	0.5 miles	N/A

The August 16, 2019 FHFC Development Proximity List and mapping software to display both the Proximity List properties on the list and the Mandatory Distance Requirement buffers described in the chart above are available on the RFA Website.

An Applicant may disregard any Development(s) on the List if the proposed Development and any Development(s) on the List have one or more of the same Financial Beneficiaries and meet at least one of the following criteria: (i) they are contiguous or are divided by a street, and/or (ii) they are divided by a prior phase of the proposed Development. If this provision applies to the proposed Development, Identify the Development(s) on the List that it wishes to disregard.

g. Limited Development Areas (LDA)

- (1) A proposed Development will be designated as an LDA Development if:
 - (a) It is located in a county or an area of a county that is associated with the LDA area in the chart below;
 - (b) The Applicant selected the applicable Demographic Commitment that is associated with the LDA area in the chart below;
 - (c) The Applicant is not a Self-Sourced Applicant; and

- (d) Any portion of the proposed Development is within the boundaries of the area designated as an LDA. The boundaries for the Limited Development Areas, effective April 12, 2019 are reflected on the RFA Website and in the chart below.

Limited Development Area (LDA) Chart

County	Demographic Category	Area
Columbia	Family	Entire County*.
Highlands	Family and Elderly	Entire County*
Madison	Family and Elderly	Entire County*

* A link to the Multifamily Mapping Application reflecting this can be found on RFA Website.

- (2) For an LDA Development to be deemed eligible for funding, it must meet all of the following LDA Development Conditions. The conditions are:
 - (a) The Applicant demonstrated its commitment to set aside 30 percent of the total units as ELI Set-Aside units on the Total Set-Aside Breakdown Chart; and
 - (b) The proposed Development is classified as RA Level 1 or RA Level 2; and
 - (c) The Percentage of Total Units that will have Rental Assistance is greater than 75 percent.
 - (d) The proposed Development consists of a total of 250 units or less. (Note: the total number of units is further restricted by the Elderly Demographic provisions if the Applicant selected the Elderly Demographic Commitment (ALF or Non-ALF).

6. Number of Units and Buildings

- a. State the total number of units in the proposed Development.

Note: All Buildings must consist of at least five units per building. This will be confirmed in credit underwriting.

All proposed Developments must consist of a minimum of 30 total units. The maximum total number of units, if applicable, is limited as follows:

- (1) Elderly Non-ALF Developments
 - (a) There is no total unit limitation for proposed Developments with the Development Category of Rehabilitation, with or without Acquisition, of

an existing, occupied housing facility that is operating as housing for older persons as set forth in the Federal Fair Housing Act as of the Application Deadline.

- (b) Proposed Developments that do not meet the conditions in (a) above that are located in Columbia County may consist of up to 55 total units. Proposed Developments that do not meet the conditions in (a) above that are located in Miami-Dade County and Broward County may consist of up to 200 total units. Proposed Developments that do not meet the conditions in (a) above that are located in all other counties may consist of up to 160 total units.

- (2) Elderly ALF Developments that are located in Columbia County may consist of up to 55 total units. All other Elderly ALF Developments may consist of up to 125 total units.

- (3) Family Developments

Proposed Developments with a Development Category of New Construction or Redevelopment, with or without Acquisition that are requesting Corporation-issued MMRB cannot exceed a maximum of 300 total units.

Note: The total number of units stated in the Application may be increased, up to any applicable allowable limit, after the Applicant has been invited to enter into credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation.

- b. Indicate whether the proposed Development consists of (1) 100 percent new construction units (2) 100 percent rehabilitation units or (3) a combination of new construction units and rehabilitation units and state the quantity of each type.

Note: To be eligible for NHTF funding, proposed Developments that select the Development Category of New Construction or Redevelopment, with or without Acquisition, must be 100 percent new construction.

- c. If the Development Category is Rehabilitation, with or without Acquisition, indicate whether there are any existing units on the Development site as of Application Deadline, and if so, the occupancy status of such units. Regardless of the Development Category, if there are existing occupied units and if the Development is funded, a plan for relocation of existing tenants will be required to be provided to the Credit Underwriter, as outlined in Exhibit D.

- d. Set-Aside Commitments

- (1) Minimum Set-Aside Commitments per Section 42 of the IRC

Per Section 42 of the IRC, elect one of the following minimum set-aside commitments:

- 20% of the units at 50% or less of the Area Median Income (AMI)
- 40% of the units at 60% or less of the AMI
- Average Income Test

Note: Choosing the 20 percent at 50 percent AMI or less minimum set-aside will restrict ALL Set-Aside Units at 50 percent or less of the AMI. Applicants may select the 40 percent at 60 percent AMI or less minimum set-aside without committing to set aside any of the units at the 60 percent AMI level. For example, an Applicant may commit to set aside 40 percent at 50 percent AMI and this would also be considered 40 percent at 60 percent AMI or less.

The Average Income Test requires that (a) forty percent or more of the residential units in the Development be both rent-restricted and occupied by individuals whose income does not exceed the imputed income limitation designated by the Applicant with respect to the respective unit, subject to the special rules relating to income limitation which (b) require the Applicant to designate the imputed income limitation of each unit taken into account under (a) above, such that the average of the imputed income limitations of all units designated by the Applicant shall not exceed 60 percent of the area median income. The designated imputed income limitation of any such unit shall be in 10-percent increments as follows: 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, or 80 percent of the area median income. If the Average Income Test is selected, the set-aside commitment for the Tax-Exempt Bonds will be 40 percent of the units at 60 percent or less of the AMI.

(2) Set-Aside Commitments per Corporation Requirements

The Corporation has additional minimum set-aside requirements beyond those required by Section 42 of the IRC which must be reflected on the Total Set-Aside Breakdown Chart, as outlined below:

(a) Total Income Set-Aside Commitment

- (i) If the proposed Development has a Demographic Commitment of Family or Elderly Non-ALF, and the Average Income Test is not selected, set aside a total of at least 80 percent of the Development's total units at 60 percent AMI or less. If the Average Income Test is selected, set aside a total of at least 80 percent of the Development's total units at 80 percent AMI or less, but the average AMI of all of the Set-Aside units cannot exceed 60 percent; or
- (ii) If the proposed Development has a Demographic Commitment of Elderly ALF, and the Average Income Test is not selected, set aside a total of at least 50 percent of the Development's total units at 60 percent AMI or less. If the Average Income Test is selected, set aside a total of at least 50 percent of the

Development's total units at 80 percent AMI or less, but the average AMI of all of the Set-Aside units cannot exceed 60 percent.

(b) Extremely Low Income (ELI) and Below 50 Percent AMI Set-Aside Units

(i) ELI Set-Aside Unit Requirements for proposed Developments from Non-Self-Sourced Applicants

Non-Self-Sourced Applicants are required to set aside a required percentage of total units for Extremely Low Income (ELI) Households and meet all Link requirements stated below. Such Applicants will be eligible for ELI Loan Funding.

- If the Average Income Test is not selected and the proposed Development is not an LDA Development, the Applicant must set aside at least 10 percent of total units for ELI Households. If the proposed Development is an LDA Development, the Applicant must set aside at least 30 percent of total units for ELI Households. For purposes of this provision, the requirement to set aside units for ELI Households refers to the ELI AMI level for the county where the proposed Development is located, as outlined on the chart below. 50 percent of the ELI Set-Aside Units must meet the Link Unit requirements.
- If the Average Income Test is selected and the proposed Development is not an LDA Development, the Applicant must set aside at least 15 percent of total units for ELI Households. If the proposed Development is an LDA Development, the Applicant must set aside at least 30 percent of total units for ELI Households. The ELI AMI level will be 30 percent, regardless of county. Applicants will be eligible for ELI Loan funding. 50 percent of the ELI Set-Aside Units must meet the Link Unit requirements.

(ii) Set-Aside Unit Requirements for Self-Sourced Applicants that did not select the Average Income Test

If the Average Income Test is not selected, the Applicant must set aside at least five percent of the total units below 50 percent AMI. None of these units are required to be set aside for ELI Households; however, the Applicant will qualify for ELI Loan Funding if units are set aside for ELI Households ("ELI Set-Aside Units"). For purposes of this provision, the requirement to set aside units for ELI Households refers to the ELI AMI level for the county where the proposed Development is located, as outlined on the chart below. 50 percent of the units that are

set aside below 50 percent AMI must meet the Link Unit requirements.

Examples of the above requirement for Self-Sourced Applicants that did not select the Average Income Test:

Development A is located in a county which has an ELI AMI level of 30 percent. The Applicant sets aside five percent of the total units at 45 percent AMI and 95 percent of the total units at or above 50 percent AMI. The units set aside at 45 percent AMI will satisfy the requirement to set aside at least five percent of the total units below 50 percent AMI. 50 percent of these units must meet the Link Unit requirements. The proposed Development is not eligible for ELI Loan Funding.

Development B is located in a county which has an ELI AMI level of 40 percent. The Applicant sets aside five percent of the total units at 40 percent AMI and 95 percent of the total units at or above 50 percent AMI. The units set aside at 40 percent AMI will satisfy the requirement to set aside at least five percent of the total units below 50 percent AMI. 50 percent of these units must meet the Link Unit requirements. Additionally, because the county ELI level is 40 percent, these same units will be considered ELI Set-Aside Units and will be eligible for ELI Loan Funding.

Development C is located in a county which has an ELI AMI level of 40 percent. The Applicant sets aside five percent of the total units at 50 percent AMI and 95 percent of the total units at AMI levels above 50 percent AMI. The proposed Development will not be eligible for funding because the Applicant failed to meet the requirement to set aside at least five percent of the total units below 50 percent AMI.

(iii) Set-Aside Unit Requirements for Self-Sourced Applicants that did selected the Average Income Test

If the Average Income Test is selected, the Applicant must set aside at least five percent of the total units below 50 percent AMI. Applicants will only qualify for ELI Loan Funding if units are set aside for ELI Households at 30 percent AMI or below ("ELI Set-Aside Units"), in addition to the five percent of the total units set aside below 50 percent AMI. 50 percent of the units that are set aside below 50 percent AMI must meet the Link Unit requirements.

Examples of the above requirement for Self-Sourced Applicants that selected the Average Income Test:

A Self-Sourced Applicant submits Development D and sets aside five percent of the total units at 30 percent AMI and 95 percent of the total units at or above 50 percent AMI. The units set aside at 30 percent AMI will satisfy the requirement to set aside at least five percent of the total units below 50 percent AMI. 50 percent of these units must meet the Link Unit requirements. However, these ELI Set-Aside Units are not eligible for ELI Loan Funding. Applicants will only qualify for ELI Loan Funding if the Applicant commits to ELI Set-Aside Units that are in addition to the five percent of the total units required to be below 50 percent AMI.

A Self-Sourced Applicant submits Development E and sets aside five percent of the total units at 30 percent AMI, five percent of the total units at 40 percent AMI, and 90 percent of the total units at or above 50 percent AMI. The units set aside at 40 percent AMI will satisfy the requirement to set aside at least five percent of the total units below 50 percent AMI. Additionally, the units set aside at 30 percent AMI will be considered ELI Set-Aside Units and will be eligible for ELI Loan Funding. 50 percent of all of the units that are set aside below 50 percent AMI must meet the Link Unit requirements.

A Self-Sourced Applicant submits Development F and sets aside five percent of the total units at 50 percent AMI and 95 percent of the total units at or above 50 percent AMI. The proposed Development will not be eligible for funding because the Applicant failed to meet the requirement to set aside at least five percent of the total units below 50 percent AMI.

(iv) ELI Loan Funding Amounts

If the Set-Aside Breakdown Chart reflects more than the applicable required percentage of the total units at the ELI AMI level for the county where the proposed Development is located, during the credit underwriting process the Credit Underwriter will determine whether the Applicant's ELI Set-Aside unit commitment will need to be reduced by increasing the set aside units at AMI level(s) above the ELI level. Any such reduction in the ELI Set-Aside units would be no lower than the applicable required ELI Set-Aside percentage.

All Non-Self Sourced Applicants are eligible for ELI Loan funding for each ELI Set-Aside unit, not to exceed 10 percent of the total units, as further outlined in Section Four A.10.a.(1)(b) of the RFA. All Self Sourced Applicants are eligible for ELI Loan funding for each ELI Set-Aside unit that is in addition to the five percent of the total units below 50 percent AMI, not to exceed 10

percent of the total units, as further outlined in Section Four A.10.a.(1)(b) of the RFA.

The following chart sets out the ELI Area Median Income (AMI) for each County and the maximum ELI Loan gap funding amounts per eligible ELI Set-Aside unit. If the Unit Mix stated by the Applicant is adjusted during the credit underwriting process, the ELI Loan gap funding amount may be decreased, but under no circumstances shall it be increased.

(c) Link Units for Persons with Special Needs

With the exception of Developments financed with HUD Section 811, a United States Department of Agriculture RD program ("USDA RD"), and

Applicants that select the Elderly ALF Demographic Commitment, the following requirements apply:

- All Non-Self-Sourced Applicants must commit to set aside 50 percent of the ELI Set-Aside units as Link Units for Persons with Special Needs.
- All Self-Sourced Applicants must commit to set aside 50 percent of all of the units that are set aside below 50 percent AMI as Link Units for Persons with Special Needs.

At least one member of each Link unit's household shall be referred by a Special Needs Household Referral Agency (Referral Agency) with which the owner executes a Link Memorandum of Understanding (MOU) approved by the Corporation. The current list of designated Special Needs Household Referral Agencies for each county is published on the Corporation's Website at <http://apps.floridahousing.org/StandAlone/SpecialNeeds/ContentPage.aspx?PAGE=Link%20Initiative%20Page> (also accessible by clicking [here](#)). Execute a Link Memorandum of Understanding (MOU) with at least one of the Special Needs Household Referral Agencies serving the Development's county. The deadline for the Corporation's approval of the fully executed Link MOU will be stated in the invitation to enter credit underwriting.

- If the proposed Development is not an LDA Development, 50 percent of the ELI Set-Aside units, rounded up must be set aside as Link units for Persons with Special Needs.

For example, Application A was submitted from a Non-Self-Sourced Applicant and consists of 107 total units. 11 units, (10 percent of the total units, rounded up), must be set-aside as ELI Set-Aside units. Six of the ELI Set-Aside units (50 percent of the ELI Set-Aside units, rounded up), must be set-aside as Link Units for Persons with Special Needs.

In another example, a Non-Self-Sourced Applicant submits Application B, which consists of 106 total units, and commits to the Average Income Test. 16 units, (15 percent of the total units, rounded up), must be set-aside as ELI Set-Aside Units. Eight of the ELI Set-Aside Units (50 percent of the ELI Set-Aside Units, rounded up), must be set aside as Link Units for Persons with Special Needs.

In a third example, a Self-Sourced Applicant submits Application C, which consists of 105 total units, and commits to the Average Income Test. Six units (five percent of the total units), must be set aside below 50 percent AMI. Any units that are at or below 30 percent AMI will be deemed ELI Set-Aside Units. 50 percent of all of the units, rounded up, that are set aside below 50 percent AMI

must be set aside as Link Units for Persons with Special Needs. If the Applicant commits more than five percent of the total units below 50 percent AMI, the ELI Set-Aside Units will be eligible for ELI Loan Funding, up to the maximum stated above.

- If the proposed Development is an LDA Development, 30 percent of the ELI Set-Aside units, round up, must be set aside as Link units for Persons with Special Needs.

For example, Application D is located in an LDA and consists of 107 total units. 33 units, (30 percent of the total units, rounded up), must be set aside as ELI Set-Aside Units. 10 of the ELI Set-Aside Units (30 percent of the ELI Set-Aside Units, rounded up), must be set-aside as Link Units for Persons with Special Needs.

Additional requirements for the Link Units for Persons with Special Needs are described in Exhibit E of the RFA.

(d) National Housing Trust Fund (NHTF) Units

If the proposed Development is located in a Medium or Large County and the Applicant committed to the Development Category of New Construction or Redevelopment, (with or without Acquisition), in addition to the SAIL funding, ELI Loan funding, Non-Competitive Housing Credits, and MMRB/local bond funding, the Applicant may also request forgivable NHTF loan funding to subsidize additional deep targeted units for Persons with Special Needs (NHTF Units) at 22% AMI as further described in Section One, Section Four, A.10.a.(4) and Exhibit I of the RFA. The NHTF Units will be in addition to the requirement to set aside ELI Set-Aside units and Link Units for Persons with Special Needs as calculated in (b) above.

Applicants that request forgivable NHTF loan funding are required to set aside a certain number of units that meet the requirements stated below. The number of units that must be set aside as NHTF Units is based on the County Size.

- (i) If the proposed Development is located in a Large County, four units that were committed to serving 60% AMI (or higher if an adequate amount of 60 percent units are not available) will be deemed NHTF Units;
- (ii) If the proposed Development is located in a Medium County, three units that were committed to serving 60% AMI (or higher if an adequate amount of 60 percent units are not available) will be deemed NHTF Units. NHTF will not be available for proposed Developments in Small Counties.
- (iii) NHTF Units will be committed to serving 22% AMI;

- (iv) NHTF Units must be set aside as Link units for Persons with Special Needs who are referred by a Corporation-designated Special Needs Household Referral Agency;
 - (vi) After 30 years, all of the NHTF Units may convert to serve residents at or below 60 percent AMI; and
 - (vii) For purposes of the Average Income Test, NHTF Units will be treated as 60 percent AMI units.
- (e) Examples of the Requirements Above
- (1) Application A is a New Construction Development in a Medium County that consists of 107 total units and did not commit to Average Income Test but did request NHTF Funding to provide NHTF Units. The Applicant does not qualify as a Self-Sourced Applicant.

In this example, 11 units, (10 percent of the total units, rounded up), must be set-aside as ELI Set-Aside units. ELI Loan Funding will be made available for these ELI Set-Aside Units, up to the lesser of the amount listed in the chart on page 6.d.(2)(b) above, or \$600,000. Six of the ELI Set-Aside units (50 percent of the ELI Set-Aside units, rounded up), must be set-aside as Link Units for Persons with Special Needs. In addition, because the Applicant elected to commit to NHTF Units, three units will be set aside as NHTF Units and qualify for NHTF Funding as outlined in Exhibit I of this RFA.
 - (2) Application B is a New Construction Development in a Large County that consists of 106 total units. The Applicant committed to the Average Income Test and requested NHTF Funding to provide NHTF Units. The Applicant does not qualify as a Self-Sourced Applicant.

In this example, 16 units, (15 percent of the total units, rounded up), must be set-aside as ELI Set-Aside units. ELI Loan Funding will be made available for 11 of the ELI Set-Aside Units, (10 percent of the total units, rounded up), up to the lesser of the amount listed in the chart on page 6.d.(2)(b) above, or \$600,000. Eight of the ELI Set-Aside units (50 percent of the ELI Set-Aside units, rounded up), must be set-aside as Link Units for Persons with Special Needs. In addition, because the Applicant elected to commit to NHTF Units, four units will be set aside as NHTF Units and qualify for NHTF Funding as outlined in Exhibit I of this RFA.
 - (3) Application C is a New Construction Development in a Large County that consists of 105 total units. The Applicant

committed to the Average Income Test but did not commit to any ELI Set-Aside Units or NHTF Units. The Applicant qualifies as a Self-Sourced Applicant.

In this example, 6 units, (5 percent of the total units, rounded up), must be set aside below 50 percent AMI . The Applicant will not qualify for ELI Loan Funding or NHTF Funding.

- (4) Application D is a New Construction Development in a Large County that consists of 104 total units. The county ELI level is 35% AMI. The Applicant did not commit to the Average Income Test or NHTF Units. The Applicant qualifies as a Self-Sourced Applicant.

In this example, 6 units, (5 percent of the total units, rounded up), must be set-aside below 50 percent AMI. If those units are set aside at or below 35 percent AMI, they will be considered ELI Set Aside Units and ELI Loan Funding will be made available for all six ELI Set-Aside Units, up to the lesser of the amount listed in the chart on page 6.d.(2)(b) above, or \$600,000. Half of the ELI Set-Aside Units are required to be set-aside as Link Units for Persons with Special Needs. The Applicant will not qualify for NHTF Funding.

- (3) Total Set-Aside Breakdown Chart

Complete the applicable Total Set-Aside Breakdown Chart provided in question 6.d.(2) of Exhibit A.

- (a) Completing the Total Set-Aside Breakdown Chart if not committing to the Average Income Test

Indicate on the chart at 6.d.(2)(a) of Exhibit A the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. If the Total Set-Aside Breakdown Chart reflects that either the Total Set-Aside Percentage or the ELI commitment does not meet the Set-Aside requirements, this Application will not be eligible for funding. Note: There are three columns in the Total Set-Aside Breakdown Chart which allows Applicants to have different commitments for the different programs. The most restrictive commitment will be enforced. For instance, in the SAIL column, Non-Self-Sourced Applicants that commit to either the Family or Elderly Non-ALF Demographic Commitment must set aside at least five percent of total units for ELI Households, and a total of at least 80 percent of the Development's total units at 60 percent AMI or less.

Note: In order for the ELI Set-Aside Units to convert to serve residents at or below 60 percent AMI after 15 years, the ELI Set-Aside Units must only be a SAIL commitment and only be stated in the SAIL column of the

Total Set-Aside Breakdown Chart. Because the Housing Credit column and the MMRB column represent 50-year commitments, Applicants that restate the ELI commitment in the Housing Credit or MMRB column are committing to set-aside that percentage of the total units for ELI Households for the entire Compliance Period. Additionally, because the number of NHTF Units may be adjusted downward and recalculated after awards are made, Applicants should not represent any NHTF Units in this chart.

Methodology Used by the Corporation to Convert the Percentage of Total Units to Set-Aside Units and, if applicable, Market Rate Units

- (i) First, calculate of the number of Set-Aside Units for the lowest AMI level commitment.

The percentage associated with the lowest AMI level that the Applicant commits to will be multiplied by the total units, rounded up to the next whole unit. The result will be the number of Set-Aside Units at the lowest AMI level commitment.

- (ii) Then, calculate the number of Set-Aside Units for the second lowest AMI level.

The percentage associated with the second lowest AMI level that the Applicant commits to will be first added to the percentage associated with the lowest AMI level commitment. These percentages, added together, will be multiplied by the total units, rounded up to the next whole unit.

The number of units calculated in (i) above will be subtracted from the result to calculate the number of Set-Aside Units at the second lowest AMI level commitment.

- (iii) Then, calculate the number of Set-Aside Units for each remaining AMI level, if applicable.

Starting with the third lowest AMI level remaining, the number of Set-Aside Units for each of the remaining AMI levels will be calculated using the same methodology described in (ii) above.

- (iv) Finally, calculate market-rate units, if applicable

To calculate the number of market-rate units, the total number of Set-Aside Units will be subtracted from the total number of units.

- (b) Completing the Total Set-Aside Breakdown Chart if committing to the Average Income Test

If committing to the Average Income Test, Applicants must indicate on the chart at 6.d.(2)(b) of Exhibit A the number of Set-Aside Units, stated in whole numbers, to be set aside at each selected AMI level.

Note: In order for the NHTF Units to convert to serve residents at or below 60 percent AMI after 30 years, the NHTF Units should not be stated on the Total Set-Aside Breakdown Chart. Because the column represents a 50-year commitment, Applicants that restate the NHTF commitment in the column are committing to set-aside that number of units as NHTF Units for the entire Compliance Period. Applicants should not represent any NHTF Units in this chart.

The Corporation will verify that the number of units set aside at the ELI level meets the ELI minimum requirements by dividing the number of units that are set-aside at 30 percent AMI, or less, by the total number of units. The Corporation will also verify the overall Set-Aside Commitment of all units by adding all Set-Aside Units and then dividing this sum by the total number of units. The Corporation will calculate the average AMI of all of the Set-Aside Units using the methodology below.

If the Total Set-Aside Breakdown Chart reflects that the Average AMI of all Set-Aside Units exceeds 60 percent, and/or if the number of Set-Aside Units set aside at 30 percent AMI, or less, is not equal to or greater than the required ELI commitment, and/or the overall Set-Aside Commitment requirement is not met, this Application will not be eligible for funding.

The Development Cost Pro Forma includes an Average Income Test worksheet to assist Applicants in this calculation, which may display the percentage of total units with numbers represented with decimal places instead of whole numbers. This is acceptable for the Average Income Test calculation.

Calculation of the average AMI of all of the Set-Aside Units for the Average Income Test

- (i) First, state the total number of Set-Aside Units at each AMI commitment.
- (ii) Then, at each AMI commitment, multiply the number of Set-Aside Units by the AMI percentage (e.g., a commitment of 13 Set-Aside Units at 30 percent AMI would be calculated as follows: $13 \times 0.30 = 3.9$).
- (iii) Repeat this calculation at each AMI level. Then add the results together.
- (iv) Divide the number calculated in (iii) by the total number of Set-Aside Units stated in (i).

- (v) This number must be equal to or less than 60 percent to meet the eligibility requirement.

Note: A worksheet has been provided at RFA Website. The worksheet will automatically calculate the number of Set-Aside Units at each required AMI level using the methodology described in (c) below.

Where reasonably possible, Applicants will be required to keep the unit mix consistent across each committed AMI level.

The above ELI and all other set-aside commitments must be taken into account during any pre-leasing and leasing activities.

- (c) National Housing Trust Fund (NHTF) Units

If the proposed Development selected the Development Category of New Construction or Redevelopment (with or without Acquisition), in addition to the SAIL funding, ELI Loan funding, Non-Competitive Housing Credits, and MMRB/local bond funding, the Applicant may also request forgivable NHTF loan funding to subsidize additional deep targeted units for Persons with Special Needs (NHTF Units) at 22% AMI as further described in Section One, Section Four, A.10.a.(4) and Exhibit I of the RFA. The NHTF Units will be in addition to the requirement to set aside ELI Set-Aside units and Link Units for Persons with Special Needs as calculated above.

- (4) Tenant Selection Plan

With the exception of Developments financed with HUD Section 811 or United States Department of Agriculture RD program, and Applicants that select the Elderly ALF Demographic, Developments with a Housing Assistance Payment contract and/or an Annual Contributions Contract with HUD: The waiting list section of the Tenant Selection Plan shall establish selection preferences or a section for special admissions specifically for individuals or families who are referred by a designated Referral Agency. The Tenant Selection Plan shall be submitted by the owner to the Corporation for review and preliminary approval before sending to HUD. HUD approval may take several months. HUD approval shall be demonstrated to the Corporation prior to the completion of the final credit underwriting report.

- e. Unit Mix

- (1) Completing the Unit Mix Chart

Complete the Unit Mix Chart listing the total number of bedrooms per unit, the total number of bathrooms per unit (including half-baths, if applicable), the total number of units per bedroom type, and the number of units that are ELI Set-Aside units. All units in the proposed Development must be listed, including all manager/employee units and all market rate units, if applicable.

If additional space is required, enter the information in the Addenda. Note: If the ELI Set-Aside units are not proportionally distributed across the unit mix, the Corporation will redistribute the ELI Set-Aside units as needed. This may cause a reduction to the ELI Loan Amount as further outlined in 10.a.(2)(b) of the RFA.

(2) Unit Mix requirements for Elderly Developments

(a) If the Elderly Non-ALF Demographic Commitment is selected and the Development Category of Rehabilitation, with or without Acquisition, is selected, at least 40 percent of the total units must be comprised of one bedroom or Zero Bedroom Units, and no more than 20 percent of the total units can be larger than two-bedroom units.

(b) If the Elderly Non-ALF Demographic Commitment is selected and the Development Category of New Construction or Redevelopment, with or without Acquisition, is selected, at least 50 percent of the total units must be comprised of one bedroom or Zero Bedroom Units, and no more than 15 percent of the total units can be larger than two-bedroom units.

(c) If the Elderly ALF Demographic Commitment is selected, at least 90 percent of the total units must be comprised of units no larger than one bedroom and the sharing of a unit by two or more unaffiliated residents cannot be a condition of occupancy.

(3) If the Family Demographic Commitment is selected, and the Development Category of New Construction or Redevelopment, with or without acquisition, is selected, not more than 25 percent of the total units in the Development may consist of Zero Bedroom units.

f. Number of Buildings

State the anticipated number of residential buildings.

Note: All Buildings must consist of at least five units per building. This will be confirmed in credit underwriting.

The number of residential buildings stated in the Application may be changed only by written request of an Applicant to Corporation staff after the Applicant has been invited to enter credit underwriting.

g. Compliance Period

All Applicants are required to set aside the units for 50 years.

Non-Self-Sourced Applicants knowingly, voluntarily and irrevocably commit to waive, and do hereby waive, for the duration of the 50-year set aside period, the option to convert the Development to market rate, including any option or right to submit a request for a qualified contract, after year fourteen (14), and any other option, right or

process available to the Applicant to terminate (or that would result in the termination of) the 50-year set aside period at any time prior to the expiration of its full term.

Demographic Commitments: The Compliance Period committed to in this section includes the units set aside for the Demographic Commitments made in this RFA, which includes the commitments for Link Units and ELI Households, and the NHTF Units, if applicable.

Income Set-Aside Commitments: If the Applicant did not commit to the Average Income Test, after 15 years all of the ELI Set-Aside Units stated in the SAIL column of the Total Set-Aside Breakdown Chart may convert to serve residents at or below 60 percent AMI, and, if the NHTF Units are **not** stated in Total Set-Aside Breakdown Chart, after 30 years, all of the NHTF Units may convert to serve residents at or below. After year 15 the ELI Set-Aside units may convert to 60 percent AMI; however, the LINK Persons with Special Needs set-aside commitment must be maintained throughout the entire Compliance Period.

If the Applicant committed to the Average Income Test and if the NHTF Units are **not** stated in Total Set-Aside Breakdown Chart, after 30 years, all of the NHTF Units may convert to serve residents at or below 60 percent AMI; however, the LINK Persons with Special Needs set-aside commitment must be maintained throughout the entire Compliance Period.

Although the percentage of units committed to must remain in effect for the entire Compliance Period, the particular units designated for the Demographic Commitment and AMI commitment must not be limited to the same units throughout the Compliance Period. Doing so may cause the Development to be in noncompliance.

7. Readiness to Proceed

a. Site Control

Demonstrate site control by providing, as **Attachment 8** to Exhibit A, the properly completed and executed Florida Housing Finance Corporation Site Control Certification form (Form Rev. 08-18), which is provided on the RFA Website.

For the Site Control Certification form to be considered complete, as an attachment to the form, include the documentation required in Items (1), (2), and/or (3), as indicated below, demonstrating that it is a party to an eligible contract or lease, or is the owner of the subject property. Such documentation must include all relevant intermediate contracts, agreements, assignments, options, conveyances, intermediate leases, and subleases. If the proposed Development consists of Scattered Sites, site control must be demonstrated for all of the Scattered Sites.

- (1) An eligible contract must meet all of the following conditions:
 - (a) It must have a term that does not expire before April 30, 2020 or that contains extension options exercisable by the purchaser and conditioned solely upon payment of additional monies which, if

exercised, would extend the term to a date that is not earlier than April 30, 2020;

- (b) It must specifically state that the buyer's remedy for default on the part of the seller includes or is specific performance;
 - (c) The Applicant must be the buyer unless there is an assignment of the eligible contract, signed by the assignor and the assignee, which assigns all of the buyer's rights, title and interests in the eligible contract to the Applicant; and
 - (d) The owner of the subject property must be the seller, or is a party to one or more intermediate contracts, agreements, assignments, options, or conveyances between or among the owner, the Applicant, or other parties, that have the effect of assigning the owner's right to sell the property to the seller. Any intermediate contract must meet the criteria for an eligible contract in (a) and (b) above.
- (2) Deed or Certificate of Title – The deed or certificate of title (in the event the property was acquired through foreclosure) must be recorded in the county in which the property is located and show the Applicant as the sole Grantee.
 - (3) Lease - The lease must have an unexpired term of at least 50 years after the Application Deadline and the lessee must be the Applicant. 10. Funding

a. Corporation Funding

(1) Total SAIL Request Amount

The SAIL loan shall be non-amortizing and shall have an interest rate of 1 percent. The terms and conditions of the SAIL loan are further outlined in Rule Chapter 67-48, F.A.C.

(a) The Applicant must state the amount of SAIL funding it is requesting, as well as on the Development Cost Pro Forma.

(i) The SAIL Request Amount is limited to the lesser of the following:

- Self-Sourced Applicants are limited to a maximum SAIL request limit of \$30,000 per unit. All other Applicants are limited to a maximum SAIL request limit of \$70,000 per unit*;
- \$7,000,000 per Development that is located in a Large County, and has a Development Category of New Construction or Redevelopment (with or without Acquisition);
- \$6,000,000 per Development that is located in a Small or Medium County, and has a Development Category of New Construction or Redevelopment (with or without Acquisition);
- \$5,000,000 per Development if the Development Category is Rehabilitation (with or without Acquisition);
- A maximum of 25 percent of Total Development Cost if less than five percent of the total units are ELI Set-Aside Units, or 35% of Total Development Cost if at least five percent of the total units are ELI Set-Aside Units as explained in (c) below.

* As further explained in Section Four, A.10.b.(2)(i) below, if a Self-Sourced Applicant demonstrates permanent sources of funding from a government entity or a non-related third-party entity, the funding from the government entity or non-related third-party entity will not be considered Self-Sourced Financing and such funding will be divided by

the total number of units. The result of this will be deducted from the maximum per unit SAIL request (\$30,000). For example: If a Self-Sourced Applicant is proposing a Development consisting of 100 total units and includes \$1,000,000 in permanent financing from a government entity, the maximum per unit SAIL Request will be reduced from \$30,000 per unit to \$20,000 per unit ($\$1,000,000 / 100 = \$10,000$. $\$30,000 - \$10,000 = \$20,000$).

(ii) Minimum SAIL Loan Request Amount

Applicants with a proposed Development located in Miami-Dade County, including Self-Sourced Applicants with a proposed Development located in Miami-Dade County, must have an Eligible SAIL Request Amount of at least \$3,000,000.

In the event of a discrepancy between the amount shown in this section and that shown elsewhere within the Application, the amount shown in this section shall be deemed to be the Applicant's SAIL Request Amount.

(b) ELI Loan Request Amount

All Applications are eligible for ELI Loan funding for all ELI Set-Aside units, not to exceed the lesser of (i) \$600,000; or (ii) the maximum amount based on the ELI Set-Aside per unit limits, as outlined in Section Four, A.6. above, for 10 percent of the total units.

The Applicant should state the amount of ELI Loan funding the proposed Development is eligible to receive in Exhibit A, as well as on the Construction/Rehab and Permanent Analysis. If the Applicant lists an amount of ELI Loan funding that is greater than the amount for which the Applicant is eligible, the Corporation will reduce the amount to the maximum eligible amount, as outlined immediately below, within the priority sequence provided in (c) below.

For each proposed ELI Set-Aside unit, the proposed Development must take a unit that would otherwise be at 60 percent AMI or higher and restrict it as an ELI Set-Aside unit. The ELI Set-Aside units must be distributed across the unit mix on a pro-rata basis for sizing the ELI Loan amount and on a best effort's basis in practice. To ensure this proportionate distribution, Applicants are strongly encouraged to use the ELI Maximum and NHTF Determination Worksheet which is available on the RFA Website. By entering the data into the Worksheet, the number and unit mix of the ELI Set-Aside units along with the maximum amount of the ELI Loan will calculate automatically. This maximum ELI Loan amount can then be entered into the appropriate Application response. However, if the ELI Set-Aside units are not proportionately distributed across the unit mix or if a per unit funding amount(s) is used that is higher than the limit permitted, the

Corporation will redistribute the ELI Set-Aside units and/or utilize the appropriate per unit funding limit, as needed, to lower the ELI Loan Amount to the maximum allowed. The terms and conditions of the ELI Loan are outlined in Exhibit H of the RFA.

(c) Additional Information regarding the Applicant's Total SAIL Request Amount

(i) Maximum Total SAIL Request as a Percentage of Eligible Total Development Cost

During scoring, some costs stated on the Development Cost Pro Forma may be reduced if the stated amount exceeds the allowed amount. This would also cause a reduction to the Total Development Cost stated on the Development Cost Pro Forma. The resulting Total Development Cost, as adjusted if applicable, will be deemed to be the Applicant's Eligible Total Development Cost.

For Applicants that commit at least five percent of the total units as ELI Set-Aside Units, the combined total of (a) the Applicant's Eligible SAIL Request Amount and (b) the Applicant's Eligible ELI Loan Request Amount cannot exceed 35 percent of the Eligible Total Development Cost. For Applicants that commit less than five percent of the total units as ELI Set-Aside Units, the combined total of (a) the Applicant's Eligible SAIL Request Amount and, if applicable, (b) the Applicant's Eligible ELI Loan Request Amount cannot exceed 25 percent of the Eligible Total Development Cost.

Any necessary adjustments needed to bring the total of these loans within the applicable percent maximum will be made during the scoring process, as well as during the credit underwriting process. Adjustments will be made first to reduce the SAIL Request Amount, if necessary, to meet both the per unit and per Development limitations provided in (a) above, secondly to reduce the ELI Loan amount, if necessary, to fall within the maximum qualifying amount as provided in (b) above, and then lastly to reduce the SAIL Request Amount, as adjusted if applicable, to meet the applicable percent of Total Development Cost limitation test. The resulting SAIL Request Amount, as adjusted if applicable, will be deemed to be the Applicant's Eligible SAIL Request Amount. The resulting ELI Loan Request Amount, as adjusted if applicable, will be deemed to be the Applicant's Eligible ELI Loan Request Amount.

(ii) Additional adjustments, if applicable

During the scoring process, if the Applicant states a SAIL Request Amount and/or ELI Request Amount that is greater than the amount the Applicant is eligible to request, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request.

If a reduction is needed and a funding shortfall is created in either the Construction/Rehab and/or the Permanent Analysis of the Applicant's Development Cost Pro Forma, the amount of the adjustment(s), to the extent needed and possible, will be offset by increasing the deferred Developer fee up to the maximum eligible amount as provided below.

Applicants with a proposed Development located in Miami-Dade County must have an Eligible SAIL Request Amount of at least \$3,000,000. Should any of the adjustments outlined herein result in the Applicant's Eligible SAIL Request Amount falling below the minimum \$3,000,000 amount, such Application will no longer be eligible to be considered for funding under this RFA.

(2) Non-Competitive Housing Credits

The Applicant's 4% Housing Credit Request Amount is not subject to a request limit; however, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

(a) The Applicant must state the anticipated amount of Housing Credits it is requesting ("Applicant's Housing Credit Request Amount"). The 4% Housing Credit Request Amount is not subject to a request limit; however, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

(b) Declaration as First Phase of a Multiphase Development

To declare this proposed Development as the first phase of a multiphase Development, the question in Exhibit A must be answered "Yes" and at least one building must be located within the HUD-designated DDA or HUD-designated QCT stated in Exhibit A.

During the credit underwriting process, an opinion letter must be submitted to the Corporation by a licensed attorney that the Development meets the definition of a "multiphase project" as defined in the Federal Register. The letter must also include: (i) the name of the declared first phase Development and the Corporation-assigned Application number, (ii) the total number of phases and the projected Development name for each phase, (iii)

the total number of buildings in each phase, (iv) the expected completion date for each phase, and (e) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.

To qualify for the basis boost, subsequent phases must meet the requirements in (c)(i) below.

(c) Basis Boost Qualifications

With regard to Housing Credits, HUD provides regulatory guidance on the effective date of Difficult Development Area (DDA) and Qualified Census Tract (QCT) lists for the purpose of determining whether a Development qualifies for an increase in eligible basis in accordance with Section 42(d)(5)(B) of the IRC. HUD's notice published in the October 22, 2018 edition of the Federal Register https://www.huduser.gov/portal/Datasets/QCT/QCTDDA2019_Notice.pdf (also available by clicking [here](#)) governs the eligibility for a basis boost for the Development proposed in this RFA.

If the Applicant is requesting 4% Housing Credit that will be used with County HFA-issued Tax-Exempt Bonds and the Applicant indicates that the proposed Development is eligible for the basis boost, during the credit underwriting process the Applicant will be required to provide a letter certifying the date the bond application was deemed complete, as outlined in Exhibit D.

(i) Subsequent Phase of a Multiphase Development

For purposes of this RFA, a subsequent phase of a multiphase Development is one where the first phase was appropriately identified as such and received an award of Housing Credits ("initial award") in one of the following: (i) the 2011 Universal Application Cycle, (ii) a Request for Proposal or Request for Application ("RFP" or "RFA") issued in calendar year 2013, 2014, 2015, 2016, 2017, 2018, 2019 or (iii) a Non-Competitive Housing Credit Application (awarded through a Corporation competitive RFA process or a Non-Corporation Bond issuer's competitive application).

For the subsequent phase to be eligible for the basis boost, after the initial award, (A) the Applicant must have submitted an Application for Housing Credits in immediately consecutive years, per the HUD requirements, (B) the 730-day period following the initial award must not end prior to the submission deadline for the Corporation's competitive RFA or a Non-Corporation Bond issuer's competitive application, per HUD's requirements, and (C)

the subsequent phase must have at least one building located within the boundary of the declared HUD-designated DDA or HUD-designated QCT which applied to the Development declared as the first phase by the first phase Applicant.

If the proposed Development qualifies as a subsequent phase of a multiphase Development, indicate as such in Exhibit A and provide the Corporation-assigned Application number for the Development where the first phase was declared and awarded an allocation of Housing Credits.

The proposed Development's subsequent phase status will be confirmed during the credit underwriting process. If it is determined that the proposed Development does not meet the criteria to be designated a subsequent phase of a multiphase Development and the Housing Credit request was based on such contention, it will no longer be considered a subsequent phase of a multiphase Development.

(ii) HUD-designated Small Area DDA (SADDA)

A proposed Development will be eligible for the basis boost if located within a HUD-designated Small Area DDA (SADDA), as defined in Section 42(d)(5)(B)(iii), IRC. The SADDA designation will only apply to the building(s) located within the applicable SADDA Zip Code Tabulation Area (ZCTA) and only those building(s) will be eligible for the basis boost.

HUD has assigned a ZCTA number to each SADDA, available at

<https://www.huduser.gov/portal/Datasets/qct/DDA2019M.PDF> and <http://qct.huduser.gov/tables/saddatables.odt> (also available by clicking [here](#) and [here](#)). The applicable HUD mapping software is available at https://www.huduser.gov/portal/sadda/sadda_qct.html (also available by clicking [here](#)).

To qualify, identify, in Exhibit A, the ZCTA number(s) for the proposed Development.

During credit underwriting and at the time of Final Cost Certification, if it is determined that there are buildings located outside of the applicable SADDA ZCTA, the Corporation reserves the right to reduce the Housing Credit Allocation if the eligible basis for the building(s) located in

the applicable SADDA ZCTA is not sufficient to support the request amount.

(iii) HUD-designated Non-Metropolitan DDA

The proposed Development will be eligible for the basis boost if the Development county, as stated in Exhibit A, is located within a HUD-designated non-metropolitan DDA as defined in Section 42(d)(5)(B)(iii), IRC. The 2019 HUD-designated non-metropolitan DDAs are available at the webpage

<https://www.huduser.gov/portal/Datasets/qct/DDA2019NM.PDF> (also available by clicking [here](#)).

(iv) HUD-designated QCT

The proposed Development will be eligible for the basis boost if the entire Development is located, as of Application Deadline, within a HUD-designated QCT, as defined in Section 42(d)(5)(B)(ii), IRC, as amended and based on the current census, as determined by HUD.

The HUD-designated QCTs are available at the webpage: <https://www.huduser.gov/portal/Datasets/qct/QCT2019M.PDF> and

<https://www.huduser.gov/portal/Datasets/qct/QCT2019NM.PDF> (also available by clicking [here](#) and [here](#)).

To qualify, indicate the HUD-designated QCT census tract number.

(d) Housing Credit Equity Proposal

A Housing Credit equity proposal must be provided as **Attachment 14**. For purposes of this RFA, to be counted as a source, an equity proposal, regardless of whether the documentation is in the form of a commitment, proposal, term sheet or letter of intent, it must meet the requirements set out below:

- (i) If the Eligible Housing Credit Request Amount is less than the anticipated amount of Housing Credit Allocation stated in the equity proposal, the equity proposal will be considered a source of financing and, for scoring purposes, the maximum amount of Housing Credit equity to be permitted in the Development Cost Pro Forma will be adjusted downward from the amount stated in the equity proposal. This adjusted maximum Housing Credit equity will be calculated by taking the total amount of equity to be provided to the proposed Development as stated in the equity proposal letter, dividing it by the Housing Credit

Allocation stated in the equity proposal and multiplying that quotient by the Applicant's Eligible Housing Credit Request Amount. If the Eligible Housing Credit Request Amount is greater than the anticipated amount of Housing Credit Allocation stated in the equity proposal, the equity proposal will be considered a source of financing and the maximum amount of Housing Credit equity to be permitted for scoring in the Development Cost Pro Forma will be the amount stated in the equity proposal.

- (ii) If syndicating/selling the Housing Credits, the Housing Credit equity proposal must meet the following criteria:
- Be executed by the equity provider;
 - Include specific reference to the Applicant as the beneficiary of the equity proceeds;
 - State the proposed amount of equity to be paid prior to construction completion;
 - State the anticipated Eligible Housing Credit Request Amount;
 - State the anticipated dollar amount of Housing Credit Allocation to be purchased; and
 - State the anticipated total amount of equity to be provided.

If the limited partnership agreement or limited liability company operating agreement has closed, the closed agreement must be provided. To be counted as a source of financing, the partnership agreement or operating agreement must meet the requirements of (a) above or submit separate documentation, signed by the equity provider, expressly stating any required criteria not provided in the agreement.

- (iii) If not syndicating/selling the Housing Credits, the owner's commitment to provide equity must be provided. The commitment must include the following information and evidence of ability to fund must be provided as **Attachment 14** to the Application:
- The proposed amount of equity to be paid prior to construction completion;
 - The anticipated Eligible Housing Credit Request Amount;
 - The anticipated dollar amount of Housing Credit Allocation to be purchased; and
 - The anticipated total amount of equity to be provided.

Note: Exhibit D to the RFA outlines the documentation required to be submitted during credit underwriting demonstrating that the equity

amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria).

(3) Tax Exempt Bonds

(a) Corporation-Issued MMRB

State the amount of Corporation-Issued MMRB it is requesting. The MMRB Request amount must be in increments of \$5,000. The Corporation will make any necessary adjustment by rounding up to the nearest \$5,000.

There is no requirement to include any documentation regarding the MMRB in the Application. The necessary documentation that will be required after the Applicant is invited to enter credit underwriting is outlined in Exhibit D.

(b) County HFA-issued Tax-Exempt Bonds

(i) The Applicant must provide, as **Attachment 15** to Exhibit A, a letter, executed by the chair or vice chair of the governing body, mayor, or deputy mayor, city manager or assistant city manager, county manager/administrator/coordinator or assistant county manager/administrator/coordinator, executive director or assistant executive director, or by an individual occupying a position reasonably equivalent to any of the foregoing, as applicable, of the entity issuing the Tax-Exempt Bonds, that (a) confirms that the Applicant has submitted an application for Tax-Exempt Bonds for the Development proposed in this RFA, (b) states the amount of the Applicant's Bond request, and (c) confirms that the closing on the Bonds has not occurred and will not occur prior to the Application Deadline for this RFA; and

(ii) The Applicant must include the anticipated amount of such Bond financing on the Construction/Rehab Analysis and the Permanent Analysis.

There is no requirement to include any other documentation regarding the County HFA-issued Tax-Exempt Bonds in the Application beyond what is required at Attachment 15. The necessary documentation will be required after the Applicant is invited to enter credit underwriting, as outlined in Exhibit D to the RFA.

Applicants are not eligible to apply for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. In

addition, proposed Developments are not eligible to receive any funding awarded through this RFA if the Applicant closes on the Tax-Exempt Bond financing prior to the issuance of the preliminary commitment. As part of the Applicant's acceptance of the invitation to enter credit underwriting (i.e., the preliminary commitment), the Applicant will be required to confirm that the Bonds have not closed. If the Bonds are closed between the Application Deadline and issuance of the SAIL preliminary commitment, the Applicant's award will be rescinded.

(4) NHTF Loan Funding

Applicants proposing Developments in Medium Counties that commit to the Development Category of New Construction or Redevelopment (with or without Acquisition) may request NHTF Funding for three NHTF Units. Applicants proposing Developments in Large Counties that commit to the Development Category of New Construction or Redevelopment (with or without Acquisition) may request NHTF Funding for four NHTF Units.

The NHTF loan shall be a forgivable loan with an interest rate of 0 percent for 30 years. The terms and conditions of the NHTF loans are further outlined in Exhibit I of the RFA.

Because NHTF Funding award amounts are calculated after Applications are selected for funding, NHTF Funding will not be counted as a source of funding on the Development Cost Pro Forma.

(5) Other Corporation Funding

- (a) If the Development has received funding from the Predevelopment Loan Program (PLP), the Corporation file number and amount of funding must be listed. Note: PLP funding cannot be used as a source of financing on the Construction/Rehab Analysis or the Permanent Analysis.
- (b) List any other Corporation funding that is intended to be utilized as a source of financing for the proposed Development.

b. Non-Corporation Funding

- (1) If the proposed Development will be assisted with funding under the United States Department of Agriculture RD 515 Program and/or RD 538 Program, the following information must be provided:
 - (a) Indicate the applicable RD Program(s) in Exhibit A.
 - (b) For a proposed Development that is assisted with funding from RD 515, include the following:

- (i) Include the funding amount at the USDA RD 515 Financing line item on the Development Cost Pro Forma (Construction/Rehab Analysis and/or Permanent Analysis), and
- (ii) Provide a letter from RD, dated within six months of the Application Deadline, as **Attachment 16** to Exhibit A, confirming the funding source as outlined below:
 - (A) For proposed Developments with the Development Category of Rehabilitation or Redevelopment (either one with or without Acquisition), the RD letter must include the following information:
 - Name of existing development;
 - Name of proposed Development;
 - Current RD Loan balance;
 - Acknowledgment that property is applying for Housing Credits; and
 - Acknowledgment that property will remain in the USDA/RD 515 loan portfolio.

or

 - (B) For proposed Developments with the Development Category of New Construction, the RD letter must include the following information:
 - Name of Proposed Development;
 - Name of Applicant as borrower or direct recipient;
 - RD Loan amount; and
 - Acknowledgment that property is applying for Housing Credits.
- (c) If the proposed Development will be assisted with funding under the RD 538 Program, include the following:
 - (i) Include the funding amount at the USDA RD 538 Financing line item on the Development Cost Pro Forma (Construction/Rehab Analysis and/or Permanent Analysis); and
 - (ii) Provide the letter sent to the Applicant by an RD 538 approved lender certifying that the lender is prepared to make a loan consistent with the program requirements through the Section 538 Guaranteed Rural Rental Housing (“538”) Loan Program as **Attachment 16** to Exhibit A. The U.S. Department of Agriculture, Rural Development (RD), list of Section 538 Guaranteed Rural Rental Housing approved lenders is available by clicking [here](#).

As outlined in Exhibit D, the Section 538 Selection letter from RD must be provided during credit underwriting.

(2) Non-Corporation Funding Proposals

Unless stated otherwise within this RFA, for funding, other than Corporation funding and deferred Developer fee, to be counted as a source on the Development Cost Pro Forma, provide documentation of all financing proposals from both the construction and the permanent lender(s), equity proposals from the syndicator, and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be provided as **Attachment 17**. Additional considerations for Self-Sourced Applicants are set forth in (i), below.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions not documented in accordance with financing proposals that are not from a Regulated Mortgage Lender, fee waivers or any portion of any fees that are reimbursed by the local government. Additionally, fee waivers or any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

(a) Financing Proposal

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria. Evidence for each funding source must be behind its own numbered attachment.

Each financing proposal shall contain:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable;
- Specific reference to the Applicant as the borrower or direct recipient; and
- Signature of lender.

Note: Eligible Local Government financial commitments (i.e., grants and loans) can be considered a source of financing without meeting the requirements above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form 07-2019) and/or the Local Government Verification of Contribution – Loan Form (Form 07-2019) and such grant and/or loan is effective at least through June 30, 2020. A loan with a forgiveness provision (and no accrued

interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. The grant and loan forms (Form 07-2019) are available on the RFA Website. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

- (b) Financing that has closed:
- (i) For any financing other than Tax-Exempt Bond financing*, if the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:
- Amount of the construction loan, if applicable;
 - Amount of the permanent loan, if applicable; and
 - Specific reference to the Applicant as the borrower/direct recipient/mortgagee.

*As stated in Section One, Section Four A.10.a. and Section Four A.10.c. of the RFA, proposed Developments are not eligible to apply for any funding offered in this RFA if the Applicant has already closed on the Tax-Exempt Bond financing prior to the Application Deadline for this RFA. As part of the Applicant's acceptance of the invitation to enter credit underwriting (i.e., the preliminary commitment), the Applicant will be required to confirm that the Bonds have not closed. If the Bonds are closed between the Application Deadline and issuance of the preliminary commitment, the Applicant's award will be rescinded.

- (ii) Except for HUD and RD funding, if the financing involves an assumption of debt not currently in the Applicant's name, as evidence that the lender approves of the proposal of assumption, provide a letter from the lender, dated within six months of the Application Deadline, that includes the following information:
- Specifically references the Applicant as the assuming party;
 - If a permanent loan, states the amount to be assumed; and
 - If a construction loan, states the maximum amount of funding capacity.

If the debt being assumed is provided by HUD, provide a letter from HUD, dated within six months of the Application Deadline, confirming the funding source. The letter must include the following information:

- Name of existing development;
- Name of proposed Development;
- Loan balance;

- Acknowledgment that property is applying for Housing Credits; and
- Applicable HUD program.

If the debt being assumed is provided by RD, the Applicant is only required to provide the information described in Item 10.b.(1)(b) above.

- (c) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, including any Self-Sourced Financing, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer fee.

In the case where the seller of the Development's property is providing a seller's note (purchase money mortgage) to help finance the Applicant's acquisition of the property, evidence of its ability to fund the amount of the seller's note is not needed so long as the Application includes a letter from the seller that meets the financing proposal criteria outlined in (2)(a) above and the amount of the seller's note is equal to or less than the purchase price of the property. Seller financing for property acquisition is not a permissible form of Self Sourced Financing.

- (d) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount greater than the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (e) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.

- (f) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (g) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (h) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.
- (i) Demonstration of permanent source(s) of financing from Self-Sourced Applicants

Self-Sourced Applicants must demonstrate Self-Sourced Financing in an amount that is at least half of the Applicant's eligible SAIL Request Amount (excluding the ELI Loan Funding) or \$1,000,000, whichever is greater. The Self-Sourced Financing must demonstrate evidence of ability to fund as described in (c) above. Deferred Developer Fee, seller's notes for the acquisition of property, funding from a government entity, or funding from a non-related third-party entity are not considered Self-Sourced Financing.

Self-Sourced Applicants must directly fund a permanent source(s) of financing for the proposed Development for at least 15 years which must be subordinate to the SAIL loan. For example: The Self-Sourced Applicant demonstrates the ability to fund a subordinate bond purchase (e.g., a Tranche B loan, subordinate to all other financing). Self-Sourced permanent financing sources must be identified on the Development Cost Pro Forma and labeled as either "Self-Sourced: Bond-Financing" or "Self-Sourced: Non-Bond-Financing" using the drop-down option available. Self-Sourced Financing proposals must be provided in **Attachment 17**, in accordance with the requirements of subsection (c), above.

If a Self-Sourced Applicant demonstrates permanent sources of funding from a government entity or a non-related third-party entity that does not finance the first mortgage, the funding from the government entity or non-related third-party entity will be divided by the total number of units. The result of this will be deducted from the maximum per unit SAIL request (\$30,000). For example: If a Self-Sourced Applicant is proposing a Development consisting of 100 total units and includes \$1,000,000 in permanent financing from a government entity, the

maximum per unit SAIL Request will be reduced from \$30,000 per unit to \$20,000 per unit ($\$1,000,000 / 100 = \$10,000$. $\$30,000 - \$10,000 = \$20,000$).

c. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted downward, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be included on the Development Cost Pro Forma. Note: deferred Developer fees are not considered "waived fees."

Developer fee and General Contractor fee must be disclosed. In the event the Developer fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust the fee to the maximum allowable. As stated below, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

Unless stated otherwise in this RFA, except for deferred Developer fee, the Application requires complete information on all sources of Development funding and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total of monetary funds determined to be in funding proposals must equal or exceed uses.

(1) Developer Fee

Each Developer fee component listed in (i) and (ii) below shall not exceed the respective amounts described below:

(i) Developer Fee on Acquisition Costs, is limited to 18 percent of the Total Acquisition Cost of Existing Development (excluding land) stated on the Development Cost Pro Forma in Column 3 of Item B, rounded down to the nearest dollar; and

(ii) Developer Fee on Non-Acquisition Costs, is limited to 18 percent of the net amount after deducting Total Acquisition Cost of Existing Development (excluding land) (Column 3 of Item B) from the Development Cost stated on the Development Cost Pro Forma in Column 3 of Item C, rounded down to the nearest dollar.

If the maximums stated in (i) or (ii) are exceeded, the Corporation will adjust the amount down to the maximum allowed. Additionally, the Corporation may further adjust the Developer Fee on Acquisition Costs, and/or Developer Fee on Non-Acquisition Costs stated on the Development Cost Pro Forma and used to calculate the Developer Fee in Item D of the Development Cost Pro Forma. The conditions for such adjustments are stated below:

- If the amount of Developer fee on Acquisition Costs is more than the amount allowed in (i) above, AND if the amount of Developer fee on Non-Acquisition Costs is less than the amount allowed in (ii) above, the Corporation will reduce the amount of Developer fee on Acquisition Costs to the maximum allowed amount, and increase the amount of Developer fee on Non-Acquisition Costs by the amount reduced in the Developer fee on Acquisition Costs, up to the maximum allowed amount.
- If the amount of Developer fee on Non-Acquisition Costs is more than the amount allowed in (ii) above, AND if the amount of Developer fee on Acquisition Costs is less than the amount allowed in (i) above, the Corporation will reduce the amount of Developer fee on Non-Acquisition Costs to the maximum allowed amount, and increase the amount of Developer fee on Acquisition Costs by the amount reduced in the Developer fee on Non-Acquisition Costs, up to the maximum allowed amount.

The Corporation will allow up to 100 percent of the eligible Developer fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund; however, deferred developer fee is not permissible permanent financing for Self-Sourced Applicants.

Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer fee. Consulting fees include, but are not limited to, payments for Application consultants, construction management or supervision consultants, or local government consultants.

(2) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during

the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(3) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed (a) 5 percent of hard and soft costs for Development Categories of New Construction or Redevelopment, with or without Acquisition; or (b) 15 percent of hard costs and 5 percent of soft costs for Development Categories of Rehabilitation, with or without Acquisition, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer fee. Applicants may not enter any amounts pertaining to any type of reserve other than the contingency reserve mentioned above on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer fee), the Development's capital replacement reserve account (provided, however, that any operating deficit reserve funds deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance payment or pre-funding of the Applicant's obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant's organizational agreement (i.e.,

operating or limited partnership agreement). The actual direction of the disposition is at the Applicant's discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

d. Per Unit Construction Funding Preference

(1) The following Applications will qualify for this funding preference, as outlined in Section Five of the RFA:

- (a) Applications with a Development Category of New Construction or Redevelopment, with or without Acquisition, and
- (b) Applications with a Development Category of Rehabilitation, with or without Acquisition, that reflect an amount of at least \$32,500 per unit when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 (Actual Construction Cost) is divided by the number of total units in the Development.

(2) The following Applications will not qualify for this funding preference:

Applications with a Development Category of Rehabilitation, with or without Acquisition, that reflect an amount less than \$32,500 per unit, when the amount listed in the Total column of the Development Cost Pro Forma for the Development Cost line item A1.1 (Actual Construction Cost) is divided by the number of total units in the Development.

Indicate whether the proposed development qualifies for this funding preference in Exhibit A.

e. Principal of the Applicant is a Public Housing Authority and/or an instrumentality of a Public Housing Authority

The Applicant should state whether any Principals of the Applicant entity are a Public Housing Authority and/or an instrumentality of a Public Housing Authority. To qualify for the "Add-On Bonus" described Section Five, A.1 of the RFA and in Item 1 of Exhibit C, and the Leveraging Level described in Item 2 of Exhibit C, the Public Housing Authority and/or instrumentality of a Public Housing Authority must be reflected on the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019). For purposes of the "Add-On Bonus", the Public Housing Authority and/or instrumentality of a Public Housing Authority must not be disclosed as only the Investor Limited Partner of the Applicant or Investor Member of the Applicant.

If the Principal of the Applicant is an instrumentality of a Public Housing Authority, state the name of the Public Housing Authority.

11. Local Government Contributions (5 Points)

a. Applicants Eligible for Automatic Points

With the exception of Applicants of proposed Developments located in Miami-Dade County, Applicants that selected and qualified for the Development Category of Rehabilitation, with or without Acquisition, will automatically receive the maximum of five points without any requirement to demonstrate a Local Government contribution.

b. Applicants Not Eligible for Automatic Points

(1) In order for Applicants of proposed Developments located in Miami-Dade County, regardless of Development Category, to receive the maximum of five points, provide evidence of at least \$1,000,000 in Local Government committed funding (i.e. grants and/or loans) that is effective as of the Application Deadline and is in effect at least through June 30, 2020. Fee waivers and fee deferrals cannot be counted towards the \$1,000,000 requirement. Applicants of proposed Developments located in Miami-Dade County with less than \$1,000,000 in committed funds from the Local Government will receive zero Local Government contribution points.

(2) In order for Applicants of proposed Developments located in counties other than Miami-Dade County that selected the Development Category of New Construction or Redevelopment, with or without Acquisition to receive the maximum of five points, provide evidence of a Local Government grant, loan, fee waiver and/or fee deferral that is effective as of the Application Deadline, is in effect at least through June 30, 2020, and has a value whose dollar amount is equal to or greater than the amount listed on the County Contribution List for All Counties Other than Miami-Dade County (set out below) for the county in which the proposed Development will be located.

(3) Self-Sourced Applicants

If a Self-Sourced Applicant demonstrates permanent sources of funding from a government entity or a non-related third-party entity, the funding from the government entity or non-related third-party entity will be divided by the total number of units. The result of this will be deducted from the maximum per unit SAIL request (\$30,000). For example: If a Self-Sourced Applicant is proposing a Development consisting of 100 total units and includes \$1,000,000 in permanent financing from a government entity, the maximum per unit SAIL Request will be reduced from \$30,000 per unit to \$20,000 per unit ($\$1,000,000 / 100 = \$10,000$. $\$30,000 - \$10,000 = \$20,000$).

If the Self-Sourced Applicant only provides construction/rehab sources of funding from a government entity or a non-related third-party entity, the maximum per unit SAIL Request will remain \$30,000 per unit.

The only Local Government contributions that will be considered for Applicants of proposed Developments located in counties other than Miami-Dade County for the purpose of scoring are:

- Monetary grants
- Loans with the exception of USDA RD funds
- A one-year or more deferral of a fee beyond the date that it is routinely due
- Waiver of fees

Applicants of proposed Developments located in counties other than Miami-Dade County that do not have the necessary contribution values to achieve maximum points will be scored on a pro-rata basis.

c. Evidence of the Local Government Contribution for the RFA

As evidence of the Local Government contribution, provide the properly completed and executed Local Government Verification of Contribution Form(s) (Form Rev. 07-2019) as **Attachment 18** to Exhibit A. The Local Government Contribution forms (Form Rev. 07-2019) are available at the RFA Website.

To qualify for points, the face amount and/or the contribution value of amount of the Local Government contribution stated on the applicable form(s) must be a precise dollar amount and cannot include words such as estimated, up to, maximum of, not to exceed, etc.

A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

Funds administered by the Local Government, including federal funds and SHIP funds, may be included in the contribution as long as the appropriate verification form is provided. For purposes of this RFA, USDA-RD funds will NOT count as a Local Government contribution.

The contribution may not be included as an expense on the Development Cost Pro Forma nor may it be considered part of Development Cost for purposes of calculating Housing Credit basis or Developer's fee. The exception to the previous sentence is deferred Local Government fees, which may be shown on the Development Cost Pro Forma.

For a contribution consisting of a loan or deferred fee to be considered complete and eligible for points, the Local Government Verification form must reflect both the total amount of the loan or deferred fee and the value (difference between the face amount and the net present value of the payment streams) of the loan or deferred fee.

Calculate the net present value of the payments using the discount rate of 5.50 percent

NOTE: Applications of proposed Developments located in Miami-Dade County are not required to reflect the value (difference between the face amount and the net present value of the payment streams) on any Local Government Verification forms.

NOTE: Neither the payment stream for the present value calculations (if contribution consists of a loan or deferred fee) nor the calculations by which the total amount of each waiver is determined (if contribution consists of a fee waiver) are required to be attached to the certification form or otherwise included in the Application in order for the certification form to be considered for points.

In order to be eligible to be considered for points as a Local Government contribution, the contribution must:

- Be in effect as of Application Deadline;
- Be effective at least through June 30, 2020;
- Be dedicated solely for the proposed Development;
- Provide a tangible economic benefit that results in a quantifiable cost reduction and must be given specifically to the proposed Development because the Development will provide affordable housing; and
- State, federal, or Local Government funds initially obtained by or derived from a Local Government qualify as a Local Governmental contribution even though the funds are directly administered by an intermediary such as a housing finance authority, a community reinvestment corporation, or a state-certified Community Housing Development Organization, provided that they otherwise meet the requirements set forth in this RFA, including those relating to the executed verification form.

Local Government contributions that are ineligible to be considered for points include:

- Contributions that are not specifically made for the benefit of affordable housing but are instead of general benefit to the area in which the Development is located;
- The fact that no impact fees or other such fees are levied by a local jurisdiction for ANY type of development does not constitute a Local Government contribution. If such fees are levied by the local jurisdiction but the nature of the proposed Development exempts it (e.g., typically, a Rehabilitation Development is not subject to impact fees), for purposes of this RFA, no Local Government contribution exists and no points will be awarded;
- The absence of interest on a loan or the absence of interest payments until a specific date does not constitute a deferral or waiver of fees;
- Local Government contributions that have not received final approval;
- A contribution from an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of an Applicant or a Developer;
- A contribution from a PHA;
- HOPE VI funds; and
- A contribution of any portion of the Applicant's site below market value.

Applications of proposed Developments located in counties other than Miami-Dade County are required to reflect both the total amount of the loan or deferred fee and the value (difference between the face amount and the net present value of the payment streams) of the loan or deferred fee on the Local Government Verification form. To calculate the value of a Local Government contribution below market interest rate loan or fee deferral:

- Calculate the net present value of the payments due to the Local Government. For a loan, this includes any balloon payment of principal due on a non-amortizing or non-fully amortizing loan. For a fee deferral, this includes the amount of the fee due at the end of the deferral period.
- Calculate the net present value of the loan payments using the discount rate.
- Subtract the net present value of the loan payments from the original loan principal amount. The remaining amount is the value of the Local Government contribution.

Example: If the discount rate is assumed to be 5.50 percent and the Local Government will provide a fully-amortizing \$50,000 loan with payments due monthly based on a 1.0 percent interest rate for the entire 15-year term, the contribution is calculated as follows:

Calculate the monthly principal and interest payments of the \$50,000 loan at 1.0 percent (\$299.25).

Calculate the net present value of the stream of the monthly payments over 15 years (180 months) using a 5.50 percent discount rate (\$36,623.93).

Subtract the net present value amount from the original principal loan amount to arrive at the value of the contribution ($\$50,000 - \$36,623.93 = \$13,376.07$ value).

Example: If the discount rate is assumed to be 5.50 percent and the Local Government will provide a \$50,000 loan with interest-only payments due monthly based on a 1.0 percent interest rate for entire 15-year term and principal due at maturity, the contribution is calculated as follows:

Calculate the monthly interest-only payment of the \$50,000 loan at 1.0 percent (\$41.67).

Calculate the net present value of the stream of the monthly payments over 15 years (180 months) and principal due at maturity, using a 5.50 percent discount rate (\$27,052.53).

Subtract the net present value amount from the original principal loan amount to arrive at the value of the contribution (\$50,000.00 - \$27,052.53 = \$22,947.47 value).

Example: A Development is to be located in Sarasota County and has achieved a Local Government contribution valued at \$37,500. The County Contribution List states that a Development to be located in Sarasota County must obtain contributions valued at \$50,000 to achieve 5 points. Therefore, in this example, the Development would receive 3.75 points $((\$37,500 / \$50,000) \times 5)$.

NOTE: Points will be rounded to two decimal places (3.345 rounded up to 3.35 and 3.3449 rounded down to 3.34).

To be eligible for funding, the following submission requirements must be met: (i) the Application must be submitted online by the Application Deadline, (ii) the required hard copy must be submitted by the Application Deadline, (iii) the Applicant's hard copy submission must be contained in a sealed package, and (iv) the required Application fee must be submitted as of the Application Deadline.

**** Financial Arrearage Requirement**

An Application will be deemed ineligible for funding if, as of close of business the day before the Committee meets to make a recommendation to the Board, there remains any financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation as reflected on the most recently published Past Due Report posted to the Corporation's Website under the link Property Owners & Managers/Past Due Reports (also accessible by clicking [here](#)), but not more recently than five business days prior to the date the Committee meets to make a recommendation to the Board.

***** Previous Funding Requirements met**

An Application will be deemed ineligible to be considered for funding if, as of the close of business the day before the Committee meets to make a recommendation to the Board, an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer has received an award of any funding from any RFA issued by Florida Housing Finance Corporation but such funding has been de-obligated by the Florida Housing Finance Corporation Board of Directors within the 36 months prior to this RFA Application Deadline, with the exception of de-obligations that resulted from the termination of the Multifamily Energy Retrofit Program (MERP) funding awarded through RFA 2015-115, or de-obligation of National Housing Trust Fund (NHTF) funding.

An Application will be deemed ineligible for funding if the Applicant has accepted an invitation to enter credit underwriting for the same Development in a previous RFA (with the exception of funding awarded under the Predevelopment Loan Program (PLP) and/or the Elderly Housing Community Loan (EHCL) program) and, as of Application Deadline for this RFA, the funding has not been returned to the Corporation. If the acceptance to an invitation to enter credit underwriting in a previous RFA occurs after the Application Deadline and before the Review Committee Meeting for this RFA, the proposed Development will be considered ineligible for funding in this RFA. If the acceptance to an invitation to enter credit underwriting in a previous RFA occurs after the Review Committee Meeting for this RFA, the proposed Development will be considered ineligible for funding in this RFA and any funding awarded in this RFA will be rescinded and considered Returned Funding.

****** Total Development Cost Per Unit Limitation**

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit Allocation process.

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on TDC, but exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee, applying any applicable TDC multiplier and/or TDC add-on. The proposed Development's TDC will be tested against the TDC Per Unit Limitation during the scoring of the RFA, utilizing the Development Type, Development Category and ESS Construction determination made by the Applicant in the RFA and it will apply to all units in the proposed Development. During the credit underwriting process, and during the final allocation process, the maximum TDC per unit will be recalculated for each unit type as described in Item 1 of Exhibit C, with consideration given to whether the Development consists one or more Development Types, a mix of both new construction and rehabilitation units, or a mix of wood and ESS Construction units.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process and final allocation process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units					Rehabilitation Units	
	Garden Wood*	Garden ESS*	Mid-Rise-Wood*	Mid-Rise-ESS*	High-Rise*	Garden*	Non-Garden*

TDC Multiplier for Florida Keys Area for all areas north of Plantation Key (i.e., north of Tavernier Creek)					65%		
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)					50%***		

TDC Add-on for All Applicants due to known expenses related to bond transactions	\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation
TDC Add-On for Applicants that have a PHA/instrumentality of a PHA as a Principal	\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation

* Garden includes all Development Types other than Mid-Rise and High-Rise; Non-Garden includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories) and High-Rise (7 or more stories); Mid-Rise includes Development Types of Mid-Rise with elevator (4 stories, 5 stories, or 6 stories); and High-Rise includes Development Type of High Rise (7 or more stories). ESS means Enhanced Structural Systems Construction.

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property acquisition valuation (land with or without building improvements), the Corporation uses the lesser of the appraised value, or the actual cost of acquisition. The appraised value will be determined during credit underwriting. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. For Applicants that have a public housing authority/instrumentality of a public housing authority listed as a Principal on the Applicant’s Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable land costs, operating deficit reserves and certain PHA costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

2. Awarding Points

Point Items	Maximum Points
Submission of Principal Disclosure Form stamped by Corporation as “Pre-Approved”	5
Local Government Contribution Points	5
Total Possible Points	15

B. Selection Process

1. Funding Available

a. SAIL Funding Available: \$71,366,643

(1) Demographic Funding

(a) Family Funding Available: \$48,642,354

No more than \$24,321,177 of the Family Funding will be awarded to Self-Sourced Applicants (“Self-Sourced Applicant Funding Maximum”).

(b) Elderly Funding Available: \$22,720,289

(2) Geographic Funding

(a) Small County Funding Available: \$7,136,264

(b)	Medium County Funding Available:	\$25,833,277
(c)	Large County Funding Available:	\$38,393,102

b. Funding Tests

Applications will only be selected for funding if there is enough SAIL funding available in both the applicable SAIL Geographic Category (SAIL Geographic Funding Test) and the SAIL Demographic Category (SAIL Demographic Funding Test) to fund the Applicant's Total SAIL Request Amount (i.e., the Applicant's Eligible SAIL Request Amount plus the Applicant's Eligible ELI Loan Request Amount).

With regard to Self-Sourced Applicants, the Demographic Funding Test will be considered met if the Application considered for funding is from a Self-Sourced Applicant and the Application's total SAIL request amount (SAIL plus ELI Funding) plus the SAIL awarded to any other Self-Sourced Applicants is less than the Self-Sourced Applicant Funding Maximum.

For purposes of the Funding Tests, SAIL Geographic Funding Test refers to the availability of SAIL funding for Large County, Medium County, and Small County Applications to fully fund the Applicant's Total SAIL Request Amount and SAIL Demographic Funding Test refers to the funding available for Elderly Applications (i.e., Applications with the Demographic of Elderly (ALF or Non-ALF) and Family Applications (i.e., Applications with the Demographic of Family) to fully fund the Applicant's Total SAIL Request Amount. The funding available in each SAIL Geographic Category and SAIL Demographic Category is outlined above. SAIL funds tentatively awarded to an Application will be deducted from the funds available within the applicable SAIL Geographic Category and the applicable SAIL Demographic Category. An Application will only be selected for funding if both the SAIL Geographic Funding Test and the SAIL Demographic Funding Test (the Funding Tests) are met.

2. County Award Tally

As each Application is selected for tentative funding, the county where the proposed Development is located will have one Application credited towards the County Award Tally. The Corporation will prioritize eligible unfunded Applications that meet the Funding Test and are located within counties that have the lowest County Award Tally above other eligible unfunded Applications with a higher County Award Tally that also meet the Funding Test, even if the Applications with a higher County Award Tally are higher ranked.

3. Goals

- One Elderly, New Construction Application located in a Large County
- Three Family, New Construction Applications located in a Large County, with a preference that at least one Application is from a Self-Sourced Applicant.
- One Elderly, New Construction, Application located in a Medium County

- Two Family, New Construction, Application located in a Medium County, with a preference that at least one Application is from a Self-Sourced Applicant.

For purposes of the funding selection, Applications with the Development Category of New Construction, Redevelopment, with or without Acquisition, will qualify as New Construction Applications and Applications with the Demographic Commitment of Elderly (ALF or Non-ALF) will qualify as Elderly Applications.

4. Application Sorting Order

The highest scoring Applications will be determined by first sorting together all eligible Applications from highest score to lowest score, with any scores that are tied separated in the following order:

- a. By the Application's eligibility for the Proximity Funding Preference (which is outlined in Section Four A.5.e. of the RFA) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- b. By the Application's eligibility for the Per Unit Construction Funding Preference (which is outlined in Section Four A.11.d. of the RFA) with Applications that qualify for the preference listed above Applications that do not qualify for the preference;
- c. Next, by the Application's Leveraging Level number (which is outlined in Item 3. of Exhibit C) with Applications that have a lower Leveraging Level number listed above Applications that have a higher Leveraging Level number;
- d. By the Application's eligibility for the Florida Job Creation Funding Preference which is outlined in Item 4 of Exhibit C of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference); and
- e. By lottery number, resulting in the lowest lottery number receiving preference.

5. The Funding Selection Process

- a. Goals to fund seven Medium and Large County, New Construction Applications

- (1) Goal to fund one New Construction Application located in Miami-Dade County and one New Construction Application located in Broward County

The first Application selected for funding will be the highest ranking eligible New Construction Application that is located in Miami-Dade County or Broward County, regardless of the Demographic Commitment selected.

If the first Application selected for funding was an Elderly Application located in Miami-Dade County, the second Application will be the highest-ranking Family Application located in Broward County. If the first Application selected for funding was an Elderly Application located in Broward County, the second Application will be the highest-ranking Family Application located in Miami-Dade County. If the first Application selected for funding was a Family

Application located in Miami-Dade County, the second Application will be the highest-ranking Application located in Broward County, regardless of the Demographic Commitment. If the first Application selected for funding was a Family Application located in Broward County, the second Application will be the highest-ranking Application located in Miami-Dade County, regardless of the Demographic Commitment.

(2) Goal to fund one Elderly, Large County, New Construction Application

This goal will be met under the following circumstances:

- (a) If neither of the Applications selected to meet the goal described in (1) above are Elderly Applications, the highest-ranking eligible Elderly, Large County, New Construction Applications will be selected for funding, subject to the County Award Tally and both Funding Tests.
- (b) If at least one of the Applications selected to meet the goal described in (1) above are Elderly Applications, this goal will be considered to be met without selecting any additional Applications.

(3) Goal to Fund Three Family, Large County, New Construction Applications

This goal will be met under the following circumstances:

- (a) If one of the two Applications selected to meet the goal described in (1) above is a Family Application, that Application will count towards this goal. To meet this goal, two additional Family, Large County, New Construction Applications will be selected using the following process:

If the Application selected to meet the goal described in (1) above is not from a Self-Sourced Applicant, the first of the two additional Applications will be the highest-ranking Family, Large County, New Construction Application from a Self-Sourced Applicant, if any, subject to the County Award Tally and both Funding Tests. Then the highest-ranking Family, Large County, New Construction Application will be selected, regardless of whether the Application from a Self-Sourced Applicant, subject to the County Award Tally and both Funding Tests.

If at least one of the Applications selected to meet the goal described in (1) above is from a Self-Sourced Applicant or if there are no Applications from a Self-Sourced Applicant that can meet this goal, the two additional Applications will be the highest-ranking Family, Large County, New Construction Applications, regardless of whether the Application is from a Self-Sourced Applicant, subject to the County Award Tally and both Funding Tests.

- (b) If both of the Applications selected to meet the goal described in (1) above are Family Applications, both Applications will count towards this

goal. To meet this goal, one additional Family, Large County, New Construction Application will be selected using the following process:

If neither Application selected to meet the goal described in (1) above is from a Self-Sourced Applicant, the additional Application will be the highest-ranking Family, Large County, New Construction Application from a Self-Sourced Applicant, if any, subject to the County Award Tally and both Funding Tests.

If at least one of the Applications selected to meet the goal described in (1) above is from a Self-Sourced Applicant or if there are no Applications from a Self-Sourced Applicant that can meet this goal, the additional Application will be the highest-ranking Family, Large County, New Construction Application, regardless of whether the Application is from a Self-Sourced Applicant, subject to the County Award Tally and both Funding Tests.

(4) Goal to Fund one Elderly, Medium County, New Construction Application

The Application selected for funding will be the highest ranking eligible Elderly, Medium County, New Construction Application subject to the Funding Tests.

(5) Goal to Fund two Family, Medium County, New Construction Applications

The first Application selected for funding will be the highest-ranking eligible Family, Medium County, New Construction Application from a Self-Sourced Applicant, subject to the County Award Tally and Funding Tests.

After the selection of the Application from a Self-Sourced Applicant or if there are no Applications from a Self-Sourced Applicant that can meet this goal, the additional Application(s) selected to meet this goal will be the highest-ranking Family, Medium County, New Construction Application(s), regardless of whether the Application(s) is from a Self-Sourced Applicant, subject to the County Award Tally and both Funding Tests.

b. Family or Elderly (ALF or Non-ALF) Small County Applications

The highest ranking eligible unfunded Family or Elderly (ALF or Non-ALF) Small County Applications, regardless of the Development Category, will be selected for funding, subject to the Geographic and Demographic Funding Tests and the County Award Tally.

If funding remains and none of the eligible unfunded Small County Applications can meet both of the Funding Tests, the remaining Small County Geographic funding will be allocated to the Medium County Geographic Category and to the Large County Geographic Category on a pro-rata basis based on the geographic distribution adjusted to meet the requirements of Section 420.5087, F.S.

c. Family or Elderly (ALF or Non-ALF) Medium County Applications

The highest ranking eligible unfunded Family or Elderly (ALF or Non-ALF) Medium County Applications, regardless of the Development Category, will be selected for funding, subject to the Geographic and Demographic Funding Tests and the County Award Tally.

If funding remains and none of the eligible unfunded Medium County Applications can meet both of the Funding Tests, the remaining Medium County Geographic funding will be allocated to the Large County Geographic Category.

- d. Family or Elderly (ALF or Non-ALF) Large County Applications
 - (1) The highest ranking eligible unfunded Family or Elderly (ALF or Non-ALF) Large County Applications, regardless of Development Category, will be selected for funding, subject to the Geographic and Demographic Funding Tests and County Award Tally.
 - (2) If funding remains and no eligible unfunded Large County Applications can meet the Funding Tests, then no further Applications will be selected for funding and the remaining funding will be distributed as approved by the Board.

6. Returned Funding

Funding that becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing, an Applicant declining its invitation to enter credit underwriting or the Applicant's inability to satisfy a requirement outlined in this RFA, and/or provisions outlined in Rule Chapter 67-48, F.A.C., will be distributed as approved by the Board.

SECTION SIX AWARD PROCESS

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

(a) Applicants committing to the minimum set-aside commitment of 20 percent of the total units at 50 percent of the Area Median Income or less or 40 percent of the total units at 60 percent of the Area Median Income or less must complete the following chart:

Total Set-Aside Breakdown Chart - Percentage of Residential Units			
Units with a 50-Year Commitment for SAIL (with exception for ELI which convert after year 15)	Units with a 50-Year Commitment for MMRB (if requesting MMRB)	Units with a 50-Year Commitment for Non- Competitive Housing Credit	AMI Level

Total Set-Aside Percentage	<u>Enter Number</u> %	<u>Enter Number</u> %	<u>Enter Number</u> %
----------------------------	-----------------------	-----------------------	-----------------------

Note: In order for the ELI Set-Aside Units to convert to serve residents at or below 60 percent AMI after 15 years, the ELI Set-Aside Units must only be a SAIL commitment and only be stated in the SAIL column of the Total Set-Aside Breakdown Chart. Applicants that restate the ELI commitment in the Housing Credit or MMRB column are committing to set-aside that percentage of the total units for ELI Households for the entire 50 Compliance Period. Additionally, Applicants should not represent any NHTF Units in this chart.

- (b) Applicants committing to the Average Income Test must complete this chart:

Total Set-Aside Breakdown Chart	
Number of Residential Units for 50-year commitment	AMI Level
<u>Enter Number</u>	At or Below 20%
<u>Enter Number</u>	At or Below 30%
<u>Enter Number</u>	At or Below 40%
<u>Enter Number</u>	At or Below 50%

<u>Enter Number</u>	At or Below 70%
<u>Enter Number</u>	At or Below 80%
<u>Enter Number</u>	Market Rate Units
<u>Enter Number</u> % (Total Set-Aside Percentage)	

In order for the NHTF Units to convert to serve residents at or below 60 percent AMI after 30 years, the NHTF Units should not be stated on the Total Set-Aside Breakdown Chart. Because the column represents a 50 year commitment, Applicants that restate the NHTF commitment in the column are committing to set-aside that number of units as NHTF Units for the entire Compliance Period. Applicants should not represent any NHTF Units in this chart.

Note: The Development Cost Pro Forma includes an Average Income Test worksheet to assist Applicants in this calculation. If the Total Set-Aside Breakdown Chart reflects that the Average AMI of all Set-Aside Units exceeds 60 percent, and/or if the number of Set-Aside Units set aside at 30 percent AMI or less, is not equal to or greater than the required ELI commitment, and/or the overall Set-Aside Commitment is not met, the Application will not be eligible for funding.

ESS means Enhanced Structural Systems Construction.

** Exclusive of land costs and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property acquisition valuation (land with or without building improvements), the Corporation uses the lesser of the appraised value, or the actual cost of acquisition. The appraised value will be determined during credit underwriting. When land costs are referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the land cost approved by the Corporation to be provided in the final cost certification under the land owned cost line item. For Applicants that have a public housing authority/instrumentality of a public housing authority listed as a Principal on the Applicant's Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable land costs, operating deficit reserves and certain PHA costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

*** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

- b. Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations by more than 5 percent, after taking into consideration an escalation factor for development costs rising after the Application Deadline of either (i) 3.0 percent for any Development with the Development Category of New Construction, Redevelopment, or Acquisition and Redevelopment, or (ii) 2.3 percent for any Development with the Development Category of Rehabilitation or Acquisition and Rehabilitation, and incorporating any applicable TDC reduction and adjustments processes provided below will receive a negative recommendation by the Credit Underwriter.

Any Applicant that has the Credit Underwriter present a credit underwriting report with an amount that exceeds these limitations will require staff to review the credit underwriting report for compliance to the TDC reduction and adjustment procedure provided below:

- (1) A TDC Per Unit Limitation is the maximum allowable and is determined by adding the applicable TDC Per Unit Base Limitation from the table above with respect to the Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the appropriate escalation rate, and then dividing by any applicable TDC multiplier and finally taking the resulting amount and multiplying it by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

The Developer fee will be limited to the maximum allowable within the TDC Per Unit Limitation, in all instances. A Developer fee can be earned on Development Cost as defined by Rule Chapter 67-48, F.A.C., up to the maximum allowed within the TDC Per Unit Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee limit can be determined by taking the TDC Per Unit Limitation amount and dividing by 1.18* and then multiply the result by 18 percent*. This will yield the maximum allowable Developer fee within the TDC Per Unit Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the Applicant or Credit Underwriter is in excess of the maximum allowable Developer fee as provided in 1.b.(1) above, the stated Developer fee will be reduced to said maximum allowable Developer fee, and the TDC will be equally reduced to incorporate the cost reduction.

- (2) Subsequent to reducing the stated Developer fee to the maximum allowable amount provided above, additional adjustments may be necessary if the TDC Per Unit Limitation remains exceeded. An adjustment to the maximum allowable Developer fee limit shall be determined by reducing the maximum allowable Developer fee, as determined in 1.b.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Limitation, up to

the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Limitation, (b) \$500,000, or (c) 25 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above shall be further adjusted to not exceed the new maximum allowable Developer fee limit, and the Applicant's TDC will be equally reduced to incorporate the cost reduction. If after following this Developer fee limitation process, the Applicant's TDC exclusive of the applicable qualifying costs is reduced to be within the amount allowed by the TDC Per Unit Limitation, then the Developer fee adjustment calculation is complete. If the Applicant's TDC exclusive of the applicable qualifying costs remains above the amount allowed by the TDC Per Unit Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.

- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the allowable maximum Developer fee limit in the event the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation. The reduction will be determined by deriving a percentage amount that the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation, and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Applicant's adjusted TDC exclusive of the applicable qualifying costs exceeds the limitation by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal to the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings mandated to be incorporated into the Applicant's TDC for this process.

It is at this point that the Applicant's adjusted TDC exclusive of the applicable qualifying costs are compared to the TDC Per Unit Limitation, and if the TDC Per Unit Limitation is exceeded by more than 5 percent (as presented in the opening paragraph of 1.b above), the credit underwriting report shall be presented with a negative recommendation by the Credit Underwriter.

As a note, if the Developer fee in the credit underwriting report is already at or below the maximum allowable Developer fee limit, then there is no additional adjustment mandated to be incorporated into the Developer fee. This also means there are no corresponding cost savings to reduce the Applicant's TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the credit underwriting report needs to be reduced to incorporate any adjustment as provided above, then as the Developer fee is reduced, so is the Applicant's TDC in order to incorporate the reduced Developer fee cost.

For example:

A 110-unit Development located in Collier County with a Development Category of Acquisition and Rehabilitation) and a Development Types comprised of Garden (Rehab) with 70 units and Garden-ESSC (NC) with 40 units. The credit underwriter initially reports the Applicant's TDC of \$26,910,000, inclusive of the Applicant's stated Developer Fee of \$4,100,000, but exclusive of applicable qualifying costs at time of credit underwriting, and also prior to any adjustment. The Applicant does qualify for a TDC Add-On of \$5,000 for the Tax-Exempt Bonds Boost. The Applicant does have a PHA as a Principal/instrumentality of a PHA and also qualifies for the \$5,000 TDC Add-On.

Calculate TDC Limitation for the Development and Maximum Allowable Developer fee

- 1.(a) TDC Per Unit Base Limitation (blended for two unique Unit types), inclusive of any applicable TDC Add-On (\$10,000), any applicable TDC Multiplier (100%), and the credit underwriting escalation rate (2.61%, on a blended basis): [((\$186,400.00 Per Unit + \$10,000 TDC Add-On) x 70 Garden (Rehab) Units x (1 + 3.0%) + (\$267,800.00 Per Unit + \$10,000 TDC Add-On) x 40 Garden-ESSC (NC) Units) x (1 + 2.3%)] / 100% TDC Multiplier = \$25,509,564. (To determine the blended final TDC PU Limitation, divide by total units: \$25,509,564 / 110 Total Units = \$231,905.13 Per Unit.)
- 1.(b) Implied maximum Development Cost per the limitation: $\$25,509,564 \div 1.18 = \$21,618,275$.
- 1.(c) Determine maximum allowable Developer Fee limit within the TDC limitation (prior to any applicable Developer Fee adjustment): $\$21,618,275 \times 18\% = \$3,891,289$.

(Note: The calculations in both 1.(b) and 1.(c) incorporates the requirement to round down the Developer fee to the next lower whole dollar.)

First Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 2.(a)(i) Is the Applicant's initial Developer Fee (\$4,100,000) greater than the maximum allowable of \$3,891,289? $\$4,100,000 > \$3,891,289$; Yes.
- 2.(a)(ii) If the response to 2.(a)(i) is "Yes", then determine the excess: $\$4,100,000 - \$3,891,289 = \$208,711$ (initial excess Developer Fee).
- 2.(b) Reduce the Applicant's initial Developer Fee to the lesser of either the maximum allowable (\$3,891,289) or the Applicant's initial fee (\$4,100,000) and reduce the Applicant's initial TDC by an equal amount: $\$4,100,000 - \$208,711 = \$3,891,289$ (Applicant's initial adjusted fee); $\$26,910,000 - \$208,711 = \$26,701,289$ (Applicant's initial adjusted TDC).
- 2.(c) If the response to 2.(a)(i) is "No" or once the adjustment of 2.(b) has been completed, then determine if the Applicant's (adjusted) TDC remains in excess of the limitation and if so, the amount of the excess: $\$26,701,289$ (initial adjusted TDC) $>$ $\$25,509,564$ (TDC limitation); $\$26,701,289 - \$25,509,564 = \$1,191,725$ (excess).

- 2.(d) Determine the components used to calculate an adjusted maximum allowable Developer Fee. Any adjustment will be the lesser of either (i) 100% of the excess TDC (\$1,191,725), (ii) \$500,000, or (iii) 25 percent of the maximum allowable Developer Fee limit (25% x \$3,891,289 = \$972,822): \$500,000 < \$972,822 < \$1,191,725.
- 2.(e) Apply the least amount of the three components in 2.(d) above (\$500,000) to determine the maximum allowable Developer Fee limit, subject to this adjustment: \$3,891,289 - \$500,000 = \$3,391,289 (maximum fee limit at this stage).
- 2.(f) Determine if the Applicant's initial adjusted Developer Fee (as provided in 2.(b) above) is greater than the new maximum allowable Developer Fee limit (from 2.(e) above) and, if so, reduce the Applicant's initial adjusted fee appropriately: \$3,891,289 (Applicant's initial adjusted fee) > \$3,391,289 (maximum fee limit at this stage); Adjust the fee appropriately: Applicant's interim adjusted fee = \$3,391,289.
- 2.(g) Determine the Applicant's TDC reduction due to the Developer Fee adjustment in 2.(f) above and apply the adjustment accordingly: \$3,891,289 (Applicant's initial adjusted fee) - \$3,391,289 = \$500,000 (Applicant's TDC reduction); \$26,701,289 - \$500,000 = \$26,201,289 (Applicant's interim adjusted TDC).

(As a note, this TDC is still greater than the TDC Per Unit Limitation so an additional adjustment to the maximum allowable Developer fee will need to be calculated.)

Second Developer fee/TDC adjustment Calculation Methodology (If necessary)

- 3.(a) Determine the percentage the Applicant's (adjusted) TDC without the applicable qualifying costs (as adjusted above in 2.(g)) that exceeds the amount allowed by the TDC Per Unit Limitation: Amount of excess TDC: \$26,201,289 (Applicant's interim adjusted TDC) - \$25,509,564 (TDC limitation) = \$691,725 (excess TDC); Excess TDC as a percentage of TDC Limitation: \$691,725 ÷ \$25,509,564 = 2.71%. (Note: This number is only rounded here for illustrative purposes. The actual calculation will not be rounded.)
- 3.(b) Determine the final maximum Developer Fee limit: 2.71% x \$3,391,289 (maximum fee limit from 2.(e) above) = \$91,959; \$3,391,289 - \$91,959 = \$3,299,330 (final maximum allowable Developer Fee limit).
- 3.(c) Determine if the Applicant's interim adjusted Developer Fee (from 2.(f) above) is greater than the final maximum allowable Developer Fee limit (from 3.(b) above) and, if so, reduce the Applicant's interim adjusted Developer Fee appropriately: \$3,391,289 (Applicant's interim adjusted fee) > \$3,299,330 (final fee limitation); \$3,391,289 - \$91,959 = \$3,299,330 (Applicant's final adjusted Developer Fee).
- 3.(d) Determine the Applicant's final adjusted TDC at time of credit underwriting by taking the Applicant's interim adjusted TDC (as provided in 2.(g) above) and subtracting any adjustment to the Applicant's final adjusted Developer Fee

(from 3.(c) above): $\$26,201,289 - \$91,959 = \$26,109,330$ (Applicant's final adjusted TDC).

3.(e) Verify the status of the 5% variance test: $(\$26,109,330 - \$25,509,564) / \$25,509,564 = 2.35\%$, which falls within the criteria of being less than or equal to 5% above of the amount allowed by the TDC Per Unit Limitation.

c. Any Applicant that presents a Final Cost Certification Application Package (FCCAP) **that has applicable TDC amounts that exceed the TDC Per Unit Limitation** will require staff to review the FCCAP for compliance to the procedure provided in (1), (2) and (3) below **if the Applicant did not have its Developer fee adjusted at credit underwriting as provided in 1.b. above**, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements.

(1) A TDC Per Unit Limitation is the maximum allowable and is determined by adding the applicable TDC Per Unit Base Limitation from the table above with respect to the Development as provided in this RFA to any applicable TDC add-on and multiplying that sum by the appropriate escalation rate, and then dividing by any applicable TDC multiplier and finally taking the resulting amount and multiplying it by the number of total units in the Development. If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

The Developer fee will be limited to the maximum allowable within the TDC Per Unit Limitation, in all instances. A Developer fee can be earned on Development Cost as defined by Rule Chapter 67-21, F.A.C., up to the maximum allowed within the TDC Per Unit Limitation, but it cannot be earned on costs in excess of said limitation. If the Development costs exceed the amount allowed by the TDC Per Unit Limitation, then the maximum allowable Developer fee will be adjusted as outlined below. The maximum allowable Developer fee limit can be determined by taking the TDC Per Unit Limitation amount and dividing by 1.18* and then multiply the result by 18 percent*. This will yield the maximum allowable Developer fee within the TDC Per Unit Limitation.

Prior to determining any necessary adjustment, if the Developer fee initially stated by the FCCAP is in excess of the maximum allowable Developer fee as provided in 1.c.(1) above, the Developer fee will be reduced to said maximum allowable Developer fee, and the Applicant's TDC will be equally reduced to incorporate the cost reduction.

(2) Subsequent to reducing the Developer fee to the maximum allowable amount, additional adjustments may be necessary if the TDC Per Unit Limitation remains exceeded. An adjustment to the maximum allowable Developer fee limit shall be determined by reducing the maximum allowable Developer fee limit as determined in 1.c.(1) above, dollar-for-dollar, for any costs in excess of the amount allowed by the TDC Per Unit Limitation, up to the lesser of (a) the actual amount of costs in excess of the amount allowed by the TDC Per Unit Limitation, (b) \$250,000, or (c) 10 percent of the initial maximum allowable Developer fee limit. If the stated Developer fee, inclusive of any necessary adjustments incorporated above, exceeds the maximum allowable Developer

fee limit as adjusted herein, the stated Developer fee, inclusive of any necessary adjustments incorporated above, shall be further adjusted to not exceed the new maximum allowable Developer fee limit, and the Applicant's TDC will be equally reduced to incorporate the cost reduction. If, after following this Developer fee limitation process, the Applicant's TDC exclusive of the applicable qualifying costs is reduced to be within the amount allowed by the TDC Per Unit Limitation, then the Developer fee adjustment calculation is complete. If the Applicant's TDC exclusive of the applicable qualifying costs remains above the amount allowed by the TDC Per Unit Limitation, then there is an additional Developer fee adjustment process, as outlined in (3) below.

- (3) An additional Developer fee limitation adjustment will be initiated to further reduce the maximum allowable Developer fee limit in the event the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the TDC Per Unit Limitation. The reduction will be determined by deriving a percentage amount that the Applicant's TDC exclusive of the applicable qualifying costs (as adjusted above) exceeds the amount allowed by the TDC Per Unit Limitation, and multiplying this excess percentage by the amount of the adjusted Developer fee, resulting in a product that is the additional adjustment to the Developer fee. For instance, if the Applicant's adjusted TDC exclusive of the applicable qualifying costs exceeds the limitation, by 4 percent, then the maximum allowable Developer fee limit is further reduced by 4 percent. If the stated Developer fee is greater than this limit, it must be reduced to be equal the new limit. Once this step is complete, there is no further Developer fee adjustment or corresponding cost savings to be incorporated into the Applicant's TDC as a result of this process.

If the Applicant *already had* its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements, **but the Applicant's TDC without the applicable qualifying costs in the FCCAP *is now less than* the Applicant's TDC without the applicable qualifying costs provided in the credit underwriting report**, then the Developer fee will be re-evaluated based on the procedure provided in 1.b. above, just as if it were going through the credit underwriting report process again.

If the Applicant *already had* its Developer fee adjusted at credit underwriting as provided in 1.b. above, either voluntarily or by the credit underwriter in order to get the Applicant's TDC exclusive of the applicable qualifying costs to be in compliance with the TDC Per Unit Limitation requirements, **and the Applicant's TDC the applicable qualifying costs in the FCCAP *exceeds* the Applicant's TDC without the applicable qualifying costs provided in the credit underwriting report**, then the Developer fee will have an additional adjustment to be incorporated as provided in (4) below. For the adjustment process below, the maximum initial Developer fee (i.e., prior to any adjustments provided in (4) below) cannot exceed the final Developer's fee as stated in the credit underwriting report.

- (4) For an Applicant that already had its Developer fee adjusted at credit underwriting as provided in 1.b. above and whose TDC without the applicable qualifying costs in the FCCAP exceeds the Applicant's TDC without the

applicable qualifying costs provided in the credit underwriting report, the maximum allowable Developer fee limit will incorporate an additional adjustment. This additional Developer fee adjustment will be the lesser of (a) the difference between the amount of the Applicant's TDC exclusive of the applicable qualifying costs as reported in the FCCAP that is in excess of the Applicant's TDC exclusive of the applicable qualifying costs provided in the credit underwriting report, (b) \$250,000, or (c) 10 percent of the allowable Developer fee reported in the credit underwriting report. If the Developer fee in the FCCAP is already equal to or less than the maximum allowable Developer fee limit as determined with the incorporation of this additional Developer fee adjustment, then neither the Developer fee nor the Applicant's TDC is further reduced.

For example:

Assuming the Development in the example provided in 1.b. above provides an FCCAP with the Applicant's TDC, exclusive of the applicable qualifying costs, which is \$265,000 higher than the Applicant's TDC, exclusive of applicable qualifying costs, provided in the credit underwriting report, but the Developer Fee is the same as provided in the credit underwriting report of \$3,299,330. The additional Developer Fee adjustment will be the lesser of (a) \$265,000 (the new excess costs), (b) \$250,000 (the maximum dollar limit of this additional Developer Fee adjustment), or (c) \$329,933 (10% of the allowable Developer Fee reported in the credit underwriting report).

Since option (b) is the least amount of the three options, the allowable Developer Fee will be lowered by \$250,000. Since the Applicant's Developer Fee initially reported in the FCCAP is equal to the allowable Developer Fee reported in the credit underwriting report, the Applicant's Developer Fee will be adjusted in the same manner as the allowable Developer Fee. The allowable Developer Fee and the Applicant's Developer Fee will be \$3,049,330 (the allowable Developer Fee reported in the credit underwriting report of \$3,299,330, less the adjustment of \$250,000). The Applicant's TDC, exclusive of applicable qualifying costs, in the FCCAP would be adjusted to \$26,124,330 (\$26,109,330 from the credit underwriting report plus \$265,000 of new additional costs less \$250,000 for the reduction in allowable Developer Fee).

As a note, if the Developer fee in the FCCAP is already at or below this allowable Developer fee, then there is no additional adjustment to be incorporated into the Developer fee. This also means there are no corresponding costs savings to reduce the Applicant's TDC since all TDC cost reductions stemming from this process are coming from reducing the Developer fee. If the Developer fee in the FCCAP needs to be reduced to incorporate any adjustments provided above, then as the Developer fee is reduced, so is the Applicant's TDC in order to incorporate the reduced Developer fee cost.

* These figures represent the applicable Developer fee percentage for the Development of 18% and one plus the applicable Developer fee percentage for the Development (1+18%).

3. Leveraging Classification

Each eligible Application will be assigned a Leveraging Level 1 – 5, with 1 being the best score, based on the total Corporation SAIL Funding amount relative to all other eligible Application’s total Corporation SAIL Funding amount.

The total Corporation SAIL Funding amount is calculated only using the Applicant’s Eligible SAIL Request. ELI Loan funding, MMRB, and Non-Competitive Housing Credit funding, if applicable, will all be excluded from the following leveraging calculation.

The total Corporation SAIL funding amount will be calculated using the methodology described in a. through f. below:

- a. If the Development qualifies the Housing Credit basis boost, the Eligible SAIL Request Amount will be multiplied by 1.10; and
- b. If the proposed Development is located in Broward County, the amount will be multiplied by 0.85; and
- c. If the Applicant has a PHA as a Principal (disclosed in the Principal Disclosure form), a multiplier of 0.92 will be applied.
- d. If the proposed Development met the requirements to be considered ESS Construction, a multiplier of 0.88 will be applied.
- e. If the proposed Development does not meet the requirements to be considered ESS Construction, a multiplier of 0.98 will be applied.

Note: More than one of the above may apply. For instance, if a. and b. and c. and d. apply, the Eligible SAIL Request will be multiplied by 1.10 and then by 0.85 and then by 0.92 and then by 0.88. A proposed Development will qualify for either d. or e., above, but not both. All Applicants that selected the High-Rise Development Type will be considered to meet the requirements to be considered ESS Construction.

- f. The total Corporation SAIL funding amount will be adjusted further as follows:
 - (1) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.80:
 - Applicant selected the High-Rise Development Type, and
 - Applicant selected the Development Category of New Construction, Redevelopment or Acquisition and Redevelopment.

or
 - (2) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.84:

- Applicant selected the Mid-Rise with Elevator (a building comprised of 5 or 6 stories) Development Type and at least 90 percent of the total units are in these Mid-Rise building(s), and
- Applicant selected the Development Category of New Construction, Redevelopment or Acquisition and Redevelopment;

or

(3) If the proposed Development meets all of the following requirements, the total Corporation funding amount will be multiplied by 0.90:

- Applicant selected the Mid-Rise with Elevator (a building comprised of 4 stories) Development Type and at least 90 percent of the total units are in these Mid-Rise building(s), and
- Applicant selected the Development Category of New Construction, Redevelopment or Acquisition and Redevelopment.

g. The total Corporation SAIL funding amount will then be divided by the number of Set-Aside Units, resulting in the total Corporation SAIL funding per Set-Aside Unit.

h. All Applications will be divided into three lists: (i) the Applications with the Development Category of Rehabilitation and Acquisition and Rehabilitation; (ii) the Applications submitted by Self-Sourced Applicants; and (iii) all remaining Applications proposing New Construction and all Applications proposing Redevelopment.

(1) The New Construction List will be compiled as follows:

The Applications on the New Construction List will be listed in ascending order beginning with the Application that has the lowest amount of total Corporation SAIL funding per Set-Aside Unit and ending with the Application that has the highest amount.

The total number of Applications on the list will be multiplied by 10 percent and the resulting figure will be rounded up to the next whole number (the resulting figure after rounding will be referred to as the “First Leveraging Level Cut-Off”). A line will be drawn below the Application whose place on the list is equal to the First Leveraging Level Cut-Off. If any Application(s) below the line has the same total Corporation SAIL funding per Set-Aside Unit as the Application immediately above the line, the line will be moved to a place immediately below that Application(s).

Applications above the First Leveraging Level Cut-Off will be classified as Leveraging Level 1.

The total number of Applications on the list will be multiplied by 30 percent and the resulting figure will be rounded up to the next whole number (the resulting figure after rounding will be referred to as the “Second Leveraging Level Cut-Off”). A line will be drawn below the Application whose place on the list is equal

to the Second Leveraging Level Cut-Off. If any Application(s) below the line has the same total Corporation SAIL funding per Set-Aside Unit as the Application immediately above the line, the line will be moved to a place immediately below that Application(s).

Applications above the Second Leveraging Level Cut-Off, that are not in Leveraging Level 1 will be classified as Leveraging Level 2. Applications below the Second Leveraging Level Cut-Off will continue with this same process until all eligible Applications have been assigned to one of five leveraging levels (Leveraging Level 1 representing the top 10 percent, Leveraging Level 2 representing the top 30 percent that are not Leveraging Level 1; Leveraging Level 3 representing the top 50 percent that are not Leveraging Level 1 or 2; Leveraging Level 4 representing the top 70 percent that are not Leveraging Level 1, 2 or 3; and Leveraging Level 5 remaining Applications).

- (2) The Applications on the Rehabilitation List, and the Applications on the Self-Sourced Applicants List will be classified as Leveraging Level 1 – 5 using the same manner as the New Construction List.

4. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application's Florida Job Creation score, which will reflect the number of Florida jobs per \$1,000,000 of SAIL funding. To qualify for the Florida Job Creation Funding Preference in Section Five of the RFA, all Applications must earn a Florida Job Creation score equal to or greater than 8.19.

Determination of the Florida Job Creation score will be based on the following information:

- The number of new construction and/or rehabilitation units committed to by the Applicant (as stated by the Applicant in Exhibit A of the RFA);
- The applicable Florida job creation rate for the type of units:
 - Rate of 3.974 Florida Jobs per unit for proposed new construction units;
 - Rate of 1.910 Florida Jobs per unit for proposed rehabilitation units; and
- The Eligible SAIL Request Amount (ELI Loan funding will not be included).

The score for the Florida Rate of Job Creation per \$1,000,000 of SAIL funding will be measured using one of the following calculations:

- a. Developments consisting of only new construction units:

Number of new construction units x 3.974 Florida Jobs per unit x 1,000,000 / the Eligible SAIL Request Amount = Florida Jobs per \$1,000,000 of SAIL funding.

For example:

Application A consists of 70 new construction units and has an Eligible SAIL Request Amount of \$4,900,000.

$70 \times 3.974 \times 1,000,000 / 4,900,000 =$ Florida Job Creation score of 56.77.

- b. Developments consisting of only rehabilitation units:

Number of rehabilitation units x 1.910 Florida Jobs per unit x 1,000,000 / the Eligible SAIL Request Amount = Florida Jobs per \$1,000,000 of SAIL funding.

For example:

Application B consists of 70 rehabilitation units and has an Eligible SAIL Request Amount of \$4,900,000.

$70 \times 1.910 \times 1,000,000 / 4,900,000 =$ Florida Job Creation score of 27.29.

- c. Developments consisting of both new construction and rehabilitation units:

(Number of new construction units x 3.974 Florida Jobs per unit + Number of rehabilitation units x 1.910 Florida Jobs per unit) x 1,000,000 / the Eligible SAIL Request Amount = Florida Jobs per \$1,000,000 of SAIL funding.

For example:

Application C consists of 50 new construction units and 20 rehabilitation units and has an Eligible SAIL Request Amount of \$4,900,000.

$(50 \times 3.974 + 20 \times 1.910) \times 1,000,000 / 4,900,000 =$ Florida Job Creation score of 48.35.

In above examples, all Applications will qualify for the Job Creation Funding Preference because each has a Florida Job Creation score that is at least 8.19.

5. Fees

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. If the Development does not qualify and the Applicant's Housing Credit request is based on such contention and, during the credit underwriting process it is determined that the proposed Development does not meet the criteria for such distinction, the Applicant's Competitive Housing Credit award may be rescinded.
4. The credit underwriting process must be complete within the timeframe outlined in Rule Chapter 67-48, F.A.C.;

Exhibit E – Additional requirements for the Link Units for Persons with Special Needs

The Link to Permanent Housing Strategy (Link) enhances the ability of extremely low-income (ELI) households with special needs to access and retain affordable rental housing in their communities. The Corporation requires Developers to provide a specified percentage of a Development's ELI Set-Aside units for special needs households receiving community based supportive services who are referred by a designated supportive services agency in the community where the Development is located. All Link units must do the following:

I. Link Set-Aside Requirements

With the exception of Developments financed with HUD Section 811 or United States Department of Agriculture RD program, and Applicants that select the Elderly ALF Demographic Commitment , for the entire Compliance Period as specified in both the regulatory agreement and as stated in the RFA, the Development shall set aside the required percentage of the ELI Set-Aside units as Link Units for Persons with Special Needs. At least one member of each Link unit's household shall be referred by a Special Needs Household Referral Agency (Referral Agency) with which the owner executes a Link Memorandum of Understanding (MOU) approved by the Corporation.

II. Link Memorandum of Understanding (MOU)

The Corporation has established and maintains a list of supportive service agencies or organizations serving each county, each of which is designated as a Referral Agency. The Referral Agency list is available on the Corporation's Website at <http://apps.floridahousing.org/StandAlone/SpecialNeeds/ContentPage.aspx?PAGE=Link%20Initiative%20Page> (also accessible by clicking [here](#)). These agencies are statewide, regional or local organizations that administer community-based supportive services to the populations served by Link.

The MOU is a formal agreement between the owner and a Referral Agency that specifies the intent of the Link Strategy and describes the roles and responsibilities of each party to the MOU. The MOU form to be executed shall be the version most recently provided on the Corporation's website at

<http://apps.floridahousing.org/StandAlone/SpecialNeeds/ContentPage.aspx?PAGE=Link%20Initiative%20Page> (also accessible by clicking [here](#)).

- A. The owner shall execute an MOU with at least one designated Referral Agency serving the county and intended population where the Development will be located and rent units to households referred by the Referral Agency with which the MOU is executed.
- B. The deadline for receipt of the fully-executed MOU by the Corporation shall be established in the invitation to enter into credit underwriting, but shall be within 18 months from the date of the invitation to enter into credit underwriting but no later than the date the first building is placed in service. If the owner is unable to meet the deadline, an extension may be requested from the Corporation, and a non-refundable processing fee of \$5,000 shall be charged to the owner.

- C. Prior to execution of the MOU, but not later than 10 Calendar Days before the deadline by which the fully-executed MOU shall be received by the Corporation, the MOU form stipulated in the applicable RFA shall be completed and reviewed by the owner and Referral Agency, and then submitted by the owner to the Corporation for review and preliminary approval.
- D. For Developments with a Housing Assistance Payment contract and/or an Annual Contributions Contract with HUD: The waiting list section of the Tenant Selection Plan shall establish selection preferences or a section for special admissions specifically for individuals or families who are referred by a designated Referral Agency. The Tenant Selection Plan shall be submitted by the owner to the Corporation for review and preliminary approval before sending to HUD. HUD approval may take several months. HUD approval shall be demonstrated to the Corporation prior to the completion of the final credit underwriting report.
- E. Owners that have a Housing Assistance Payment Contract and/or an Annual Contributions Contract with HUD shall maintain a separate waiting list for referred applicants and prioritize these individuals for any available Link units. During and after lease-up, Referral Agency referrals must be moved in first, regardless of chronological order of the general waiting list, until all Link units are occupied with Referral Agency referrals.
- F. After review and preliminary approval of the MOU by the Corporation, and no later than the deadline established in the invitation to enter into credit underwriting, the owner shall provide one original fully-executed hard copy of the MOU to the Corporation. Once approved by the Corporation, the owner shall arrange for a copy of the approved MOU to be maintained on file at the site of the Development's records for compliance monitoring purposes.
- G. When the owner is noncompliant because no Referral Agency that serves the county where the Development is located is available to execute an MOU, the noncompliance shall be held in a correction period status until the earlier of (i) approval by the Corporation of an MOU executed with a new Referral Agency, or (ii) the passage of 45 Calendar Days following placement of a Referral Agency that serves the Development's county onto the Corporation's Referral Agency list.
- H. When a Referral Agency notifies the owner of its intent to terminate an MOU, the owner shall notify the Corporation of the MOU termination by email, at Link@floridahousing.org, within five Calendar Days of receiving the notification from the Referral Agency. The owner shall then select another Referral Agency for the Development's county and obtain approval from the Corporation for the MOU executed with the new Referral Agency no later than 45 Calendar Days after receipt of notification from the prior Referral Agency of its intent to terminate the MOU.
- I. When an owner intends to terminate an MOU, the owner shall repeat the process outlined in all of the steps above to obtain approval from the Corporation for a new MOU executed with another Referral Agency before termination of the prior MOU may become effective.

- J. The Corporation may require the owner to terminate an MOU with a Referral Agency if that partnership is not effective in meeting the intent of the Link Set-Aside Requirement. The owner shall execute another MOU with a new Referral Agency before terminating the MOU. The owner shall follow the process outlined in all of the steps above to obtain approval from the Corporation.

III. Notification of the Availability of Units for Referral of Intended Link Households

- A. The owner shall meet with the chosen Referral Agency to review the Link roles and responsibilities of each party, the household income limitation and other eligibility criteria for tenancy, household move-in expenses and on-going monthly rental payments. The meeting shall be held no less than 45 Calendar Days before the anticipated commencement of any activities related to the leasing of any unit in the Development. The owner shall maintain documentation of the meeting with the Referral Agency and shall provide a copy for review by the Corporation upon its request.
- B. Leasing Activity (Lease-up and Pre-leasing): During leasing activities, the owner shall make all units available for the intended Link households referred by the Referral Agency, until the Development's Link Set-Aside Requirement has been met. If the Development has not met its Link Set-Aside Requirement by the passing of 30 Calendar Days after the last unit is actually available for occupancy, the owner may lease the units to any eligible household. To the extent that an ELI-unit requirement coincides with a Link Set-Aside Requirement, for a period not to exceed nine months, a failure to meet the ELI-unit requirement shall not cause noncompliance during the lease-up or 30 Calendar Day hold period.
- C. Once the Development's leasing activity is completed, a vacant unit formerly occupied by a Link household shall be held open for intended households referred by the Referral Agency for a period of 30 Calendar Days starting from the date the vacated unit is suitable for occupancy and ready to lease. The owner shall notify the Referral Agency that a unit is available on or before the date that the vacated unit becomes suitable for occupancy and ready to lease, but no more than 30 Calendar Days before the unit is anticipated to be ready to lease. The vacated unit shall retain the Link classification until next occupied, at which time the classification of the new household shall be applied to the unit.
- D. When the Development is an Acquisition/Rehabilitation Development that is occupied at the earlier of the loan closing or site acquisition, all units (at any AMI set-aside level) that become available and are suitable for occupancy and ready to lease shall be prioritized for intended households referred by the Referral Agency until the Link requirement has been met.
- E. Communication between the owner and the Referral Agency's designated contact person related to activities in this section shall be conducted via email. Activities that must be conducted by email are as follows:
1. Requests to develop MOU with Referral Agency;
 2. Draft reviews of MOUs between the parties;

3. Final version of executed MOU;
 4. Current contact information for the contact staff designated by the owner and Referral Agency and listed in the MOU;
 5. Notifications of unit availability;
 6. Number of Calendar Days unit will be held open for referrals;
 7. Information about rental policies and eligibility criteria;
 8. Outcome of referrals;
 9. Notifications of issues or concerns that may adversely affect the tenancy of the household; and
 10. Requests for termination of MOU.
- F. The owner shall maintain a Link communication tracking log that documents: (i) the unit number of each offered unit; (ii) the date each unit was suitable for occupancy; (iii) the date of the email notice to the Referral Agency that each unit was available for rent to a Link household, including the dates of required follow up; (iv) date of response from Referral Agency, (v) Referral Agency response, (vi) outcome of referral, and (vii) number of days the unit was held open.
- G. If an owner notifies a Referral Agency that a unit is available and the Referral Agency does not respond, the owner shall contact the Referral Agency at least three times, at intervals of no less than seven Calendar Days, during the 30-day period after the initial notice of unit availability was sent to the Referral Agency. The owner shall document all notification activity on its Link communication tracking log.
- H. The owner shall notify the Referral Agency regarding the outcome of each referral within one business day after a determination is made regarding the household's eligibility to occupy the available unit.
- I. If a referral does not result in occupancy by the referred household, the 30-day holding period shall continue to allow the Referral Agency the opportunity to refer another household. The owner shall follow up with the Referral Agency at intervals of no less than seven Calendar Days during the remainder of the 30-day holding period. The owner shall document all notification activity on its Link communication tracking log.

IV. Link Compliance Monitoring Documentation

- A. The owner shall cause the following documentation to be maintained on file for compliance monitoring purposes. Such documents shall be made available for inspection by Corporation personnel or its monitoring agents at any reasonable time. The owner shall provide copies of such documents, either electronic or paper, to the Corporation within three business days of any request by the Corporation for such copies.

1. A copy of all active MOUs approved by the Corporation;
 2. A copy of all terminated MOUs. Terminated MOUs shall be retained for seven years beyond the period of tenancy for any household referred under the particular MOU;
 3. A copy of any current correction period extensions granted by the Corporation; and
 4. Email communication with the Referral Agency demonstrating timely notification regarding the availability of units for the intended Link household, outcome of each referral, and, when an available unit was not rented to a Link household, the number of days the available unit was held open for intended Link household.
- B. The monthly Program Report submitted to the Corporation by the Development shall reflect the number of Link households residing in an ELI Set-Aside unit.
- C. The Compliance Period committed to in the RFA also includes the units set aside for the Demographic Commitments, which includes the commitments for Link and ELI Households. The affordability period committed to in the RFA includes the units set aside for ELI Households. Although the percentage of units committed to must remain in effect for the entire Compliance Period, the units designated for the Demographic Commitment and AMI commitment must not be limited to the same units throughout the Compliance Period. Doing so may cause the Development to be in non-compliance with Section 42.

Exhibit F - Rehabilitation Scoping Process with a Capital Needs Assessment

The following is the procedure by which the scope of the rehabilitation will be determined for Applicants rehabilitating units as part of the proposed Application. This may include those with the Development Category of New Construction or Redevelopment (with or without acquisition), if the plan includes rehabilitation of at least one existing unit.

The Flowchart attached to this Exhibit has been designed to graphically illustrate the steps described below.

1. The Pre-Application Stage (Steps 1-2)

Prior to submitting an Application, Applicants should conduct appropriate due diligence to determine whether it is physically and financially feasible to comply with the minimum requirements contained in Section Four A.8., for proposed Developments choosing Rehabilitation or Acquisition and Rehabilitation. Applicants receiving a preliminary award who are found (through the Capital Needs Assessment and Rehabilitation scoping process further described below) to be unable to meet all of the requirements of Section Four A.8.a. and c. with the sources available for the Rehabilitation, will have their preliminary award of funding rescinded.

At the time of Application, Applicants proposing any rehabilitation of units will be required to certify that the contemplated budget and available sources are adequate to meet all requirements outlined in Section Four A.8. of this RFA.

2. The Capital Needs Assessment (CNA) Stage (Steps 3-7)

- a. Once the invitation to Credit Underwriting has been accepted, all Rehabilitation Developments (with or without acquisition) shall have a CNA prepared. Due to closing deadlines outlined in Rule Chapters 67-48 and 67-21, F.A.C., the CNA process will run concurrently with the Credit Underwriting process (which includes the market study and PRL, if applicable).
- b. The CNA shall be ordered by the Credit Underwriter, no later than 7 Calendar Days after receiving the credit underwriting fee(s) and CNA fee. The choice of the CNA provider will be left solely up to the Credit Underwriter, and shall be chosen from the Corporation's approved list of qualified providers.
- c. Once the CNA has been ordered, the CNA provider will contact the Applicant to obtain basic information regarding the current physical condition of the property. The Applicant (or designee) shall answer the CNA provider's request for information within 7 Calendar Days of receipt. Further, a physical inspection of the property shall be scheduled to take place between the CNA provider, the Applicant (or designee), the Corporation (if desired) and the Credit Underwriter (if desired), no later than 30 Calendar Days from the ordering of the CNA. No less than 7 Calendar Days prior to the physical inspection, the Applicant shall ensure that original construction plans, if available, and a history of major repair expenditures covering at least the most recent 5 years, have been delivered to the CNA provider.

- d. At a minimum, the CNA provider will:
- (1) Review available documentation from the original construction and previous rehabilitations and current or planned improvements to the greatest extent possible:
 - Site survey;
 - Appraisals;
 - As-built drawings or record drawings;
 - Previous accessibility surveys;
 - Planned Capital Improvements;

 - (2) Make all appropriate inquiries to obtain and review any relevant information relating to the Property from the local governmental agencies and departments having jurisdiction over the Property. Documentation should include, to the greatest extent possible:
 - Certificates of Occupancy;
 - Inspection records and certificates;
 - Reports of existing building / fire code violations;
 - Reports of existing regulatory, health or zoning violations; and
 - Documentation of ongoing or pending litigation on Physical Conditions of the Property.
 - (3) Interview Applicant's point of contact and/or maintenance staff via a Pre-Site Visit questionnaire (Appendix E of the CNA Guide) to acquire information about preceding or pending repairs, replacements and their costs, level of preventive maintenance exercised;
 - (4) Conduct a review of the expected useful life of all equipment and building components using the Corporation's Estimated Useful Life Tables (Appendix F of the CNA Guide);
 - (5) Physically inspect the property via visual observation unless specified otherwise;

- (6) Develop a 15-year replacement reserve table to be used in credit underwriting and post-rehabilitation asset management in the prescribed format indicated in Appendix K of the CNA Guide;
 - (7) Review the Corporation requirements in Section Four A.8. of the RFA; and
 - (8) Consider the Applicant's scope of work preferences. (Note: The CNA provider will use his/her professional judgement in the appropriateness of items included in the Applicant's scope.)
- e. At a minimum, the physical inspection will include:
- (1) All vacant and out-of-service units;
 - (2) At least 25% of all occupied units;

 - g. The Corporation shall review the material provided by the Credit Underwriter to first determine that all of the requirements of Section Four A.8.a.and c. have been met within available sources for the proposed Rehabilitation of the Development. If the Corporation determines the above requirements cannot be met with available sources, the preliminary award will be rescinded.
4. Credit Underwriting and Beyond (Steps 12–15)
- a. If the Corporation determines that all of the requirements of Section Four A.8.a. and c. can be met, and that there are no other issues that would disqualify the Applicant, then the Credit Underwriting process may proceed.

Exhibit H – Credit Underwriting Procedures for the ELI Loan

The applicable credit underwriting, program requirements and loan terms and conditions are outlined in Rule Chapter 67-48, F.A.C., for the SAIL loan, and in Rule Chapter 67-21, F.A.C., for the Non-Competitive Housing Credits and, if applicable, the Corporation-issued MMRB loan.

The applicable credit underwriting, program requirements and loan terms and conditions for the ELI Loan are outlined below.

1. Credit Underwriting Procedures for the ELI Loan:

- a. The invitation to enter credit underwriting constitutes a preliminary commitment for the ELI Loan.
- b. The credit underwriting for the ELI Loan will be accomplished along with the credit underwriting for the SAIL loan. The Credit Underwriter may request additional information at any time during the credit underwriting process for the ELI Loan.
- c. The Credit Underwriter's loan recommendations for the ELI Loan will be sent to the Board for approval at the time the SAIL loan recommendations are sent.
- d. A firm loan commitment for the ELI Loan will be issued at the time the firm loan commitment for the SAIL loan is issued.
- e. The ELI Loan must close by the deadlines outlined in Rule Chapter 67-48, F.A.C., for the SAIL loan.

2. Terms and Conditions of the ELI Loan:

ELI Loans will be subject to the credit underwriting provisions outlined in Section 1 above and the loan provisions outlined below:

- (5) The Corporation and the Corporation's servicer shall monitor compliance of all terms and conditions of the loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the loan shall constitute a default during the term of the loan if not appropriately cured. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-aside of units for ELI Households is discovered during the course of compliance monitoring or by any other means;

At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation's servicer as retainage shall occur pursuant to the ELI Loan Agreement.

Exhibit I to RFA 2017-108 – Credit Underwriting Procedures for the NHTF Forgivable Loan

The applicable credit underwriting, program requirements and loan terms and conditions are outlined in Rule Chapter 67-48, F.A.C., for the SAIL loan, and in Rule Chapter 67-21, F.A.C., for the Non-Competitive Housing Credits and, if applicable, the Corporation-issued MMRB loan. The applicable ELI Loan credit underwriting, program requirements and loan terms and conditions are outlined in Exhibit H of the RFA.

The applicable credit underwriting, program requirements and loan terms and conditions for the NHTF Loan are outlined below.

1. Credit Underwriting Procedures for the NHTF Loan

- a. The invitation to enter credit underwriting constitutes a preliminary commitment for the NHTF Loan.
- b. The credit underwriting for the NHTF Loan will be accomplished along with the credit underwriting for the SAIL Loan and ELI Loan. The Credit Underwriter may request additional information at any time during the credit underwriting process for the NHTF Loan.
- c. The Credit Underwriter's loan recommendations for the NHTF Loan will be sent to the Board for approval at the time the SAIL Loan and ELI Loan recommendation(s) are sent.
- d. A firm loan commitment for the NHTF Loan will be issued at the time the firm loan commitment(s) for the SAIL Loan and ELI Loan is issued.
- e. The NHTF Loan must close by the deadlines outlined in Rule Chapter 67-48, F.A.C., for the SAIL Loan.
- f. Each Development that is awarded a forgivable NHTF loan shall have the final amount of NHTF loan sized based on the following criteria:
 - (1) The initial amount will be based on providing four units if the proposed Development is located in a Large County and three units if the proposed Development is located in a Medium County. The amount for each of these units shall equal the NHTF Set-Aside per unit minimums that are dependent upon the county where the proposed Development is located, as outlined on the chart below.

NHTF Set-Aside per unit minimums:

County	Funding	County	Funding	County	Funding
Alachua	\$193,600	Highlands	\$140,900	Osceola	\$189,000
Bay	\$175,300	Hillsborough	\$182,100	Palm Beach	\$227,600
Brevard	\$179,500	Indian River	\$176,800	Pasco	\$182,100

Citrus	\$143,600	Leon	\$187,900	Saint Johns	\$200,100
Clay	\$200,100	Manatee	\$193,200	Saint Lucie	\$175,600
Collier	\$213,400	Marion	\$140,900	Santa Rosa	\$188,600
Duval	\$200,100	Martin	\$175,600	Sarasota	\$193,200
Escambia	\$188,600	Miami-Dade	\$230,600	Seminole	\$189,000
Flagler	\$176,400	Okaloosa	\$196,600	Sumter	\$194,400
Hernando	\$182,100	Orange	\$189,000	Volusia	\$166,900

- (2) If there is NHTF Loan pool funding remaining, then each of the Applications with NHTF Funding will be awarded a pro rata amount of the remaining NHTF loan pool, up to the NHTF Set-Aside per unit Maximum Limits, which are dependent upon the county where the proposed Development is located and the construction type of the proposed Development, as outlined in the chart below. If each of those Applications is awarded the NHTF Set-Aside per unit limit and there is NHTF Loan pool funding remaining, the remaining NHTF Loan pool will be distributed as approved by the Board.

NHTF Set-Aside per unit Maximum Limits

Maximum Subsidy Limits– New Construction Only		
Construction Type	Miami-Dade, Broward, Palm Beach Counties	Remainder of Florida
Garden – Wood	N/A	\$185,500
Garden – Concrete	\$239,300	\$218,000
Mid-Rise – Wood	N/A	\$218,000
Mid-Rise – Concrete	\$260,300	\$237,800
High-Rise	\$309,200	\$284,000
Add this factor to the all above limits if a development is subject to the requirements of the Davis-Bacon Act		\$5,000

* N/A means the Construction Type is not allowed or is inappropriate for the location.

- (3) If there is not enough NHTF Loan pool funding to provide the NHTF Set-Aside per unit minimums for each Large County Application awarded NHTF Funding to provide four NHTF Units, each Medium County Application awarded NHTF Funding to provide three NHTF Units, and each Small County Application awarded NHTF Funding to provide one NHTF Unit, then one NHTF unit will be removed in the sequence below until the total amount of NHTF funding awarded no longer exceeds the NHTF loan pool. If following this sequence creates an amount of total NHTF awards equal to the NHTF loan pool, then the process is completed. If following this sequence creates an amount of total NHTF awards less than the NHTF Loan pool, then a pro rata increase will be awarded as provided in (2) above.

- (a) The Proposed Development from the Medium County with the highest amount of NHTF Funding per unit amount, and if two Medium Counties are tied with the highest amount of NHTF Funding per unit amount, then the last one selected;
- (b) The Proposed Development from the Medium County with the next highest amount of NHTF Funding per unit amount, and if two Medium Counties are tied with the next highest amount of NHTF Funding per unit amount, then the last one selected;

2. Terms and Conditions of the NHTF Loan

NHTF Loans will be subject to the credit underwriting provisions outlined in Section 1 above and the loan provisions outlined below:

- a. The terms and conditions of the NHTF Loan shall be as follows:
 - (1) The NHTF Loan may be in a first, second, or other subordinated lien position;
 - (2) The NHTF Loan shall:
 - (a) Have the amount based on the funding requirements set forth in this RFA; and
 - (b) Be non-amortizing at 0 percent simple interest per annum over the life of the NHTF Loan, with the principal forgivable at maturity provided the units for which the NHTF Loan amount is awarded are targeted as NHTF Units for the first 30 years of the Compliance Period. The minimum term of the NHTF Loan is 30 years; and
 - (c) Up to 33.33 percent of the NHTF award can be used as an operating deficit reserve for operations associated with deeper income targeting for the NHTF units over 30 years.
 - (3) Any sale, conveyance, assignment, or other transfer of interest or the grant of a security interest in all or any part of the title to the Development other than a superior mortgage shall be subject to the Corporation's prior written approval. The Board shall consider the facts and circumstances of each Applicant's request

and any credit underwriting report, if available, prior to determining whether to grant such request;

- (4) The NHTF Loan shall be serviced either directly by the Corporation or by the Corporation's servicer on behalf of the Corporation;
 - (5) The Corporation and the Corporation's servicer shall monitor compliance of all terms and conditions of the loan and shall require that certain terms and conditions be embodied in the Land Use Restriction Agreement and recorded in the public records of the county wherein the Development is located. Violation of any material term or condition of the documents evidencing or securing the loan shall constitute a default during the term of the loan if not appropriately cured. The Corporation shall take appropriate legal action to effect compliance if a violation of any material term or condition relative to the set-aside of units for NHTF Units is discovered during the course of compliance monitoring or by any other means;
 - (6) Rent controls for the 22 percent AMI units for which the NHTF Loan is issued shall be restricted at the level applicable for federal Housing Credits;
 - (7) The documents creating, evidencing or securing each NHTF Loan must provide that any violation of the terms and conditions described in this Exhibit to the RFA constitutes a default under the NHTF Loan documents allowing the Corporation to accelerate its loan and to seek foreclosure as well as any other remedies legally available to it; and
 - (8) The Compliance Period committed to in this RFA includes the units set aside at 22 percent AMI as NHTF Units. After 30 years, all of the NHTF Units may convert to serve residents at or below 60 percent AMI; however, the Persons with Special Needs set-aside commitment must be maintained throughout the entire affordability period.
- b. The NHTF Loan shall be assumable upon sale or transfer of the Development if the following conditions are met:
- (1) The proposed transferee meets all specific Applicant identity criteria which were required as conditions of the original loan;
 - (2) The proposed transferee agrees to maintain all ELI Set-Asides and other requirements of the NHTF Loan for the period originally specified or longer; and
 - (3) The proposed transferee and release of transferor receives a favorable recommendation from the Credit Underwriter and approval by the Board of Directors of the Corporation.

All assumption requests must be submitted in writing to the Director of Special Assets and contain the specific details of the transfer and assumption. In addition to any related

professional fees, the Corporation shall charge a non-refundable assumption fee as outlined in this RFA.

- c. NHTF Loan construction disbursements and permanent loan servicing shall be based on the following:
- (1) NHTF Loan proceeds shall be disbursed during the construction phase in an amount per Draw which does not exceed the ratio of the NHTF Loan to the Total Development Cost, unless approved by the Credit Underwriter;
 - (2) Ten (10) business days prior to each Draw, the Applicant shall supply the Corporation's servicer, as agent for the Corporation, with a written request executed by the Applicant for a Draw. The request shall set forth the amount to be paid and shall be accompanied by documentation specified by the Corporation's servicer including claims for labor and materials to date of the last inspection;
 - (3) The Corporation and its servicer shall review the request for a Draw, and the servicer shall provide the Corporation with approval of the request or an alternative recommendation, after the title insurer provides an endorsement to the policy of title insurance updating the policy to the date of the current Draw and increasing the insurance coverage to an amount equal to the sum of all prior Draws and the current Draw;
 - (4) The Corporation shall disburse construction Draws through Automated Clearing House (ACH). The Applicant may request disbursement of construction Draws via a wire transfer. The Applicant will be charged a fee of \$10 for each wire transfer requested. This charge will be netted against the Draw amount;
 - (5) The Corporation shall elect to withhold any Draw or portion of any Draw, notwithstanding any documentation submitted by the Applicant in connection with the request for a Draw, if:
 - (a) The Corporation or the Corporation's servicer determines at any time that the actual cost budget or progress of construction differs from that as shown on the loan documents; or
 - (b) The percentage of progress of construction of the improvements differs from that shown on the request for a Draw;
 - (6) The servicer may request submission of revised construction budgets;
 - (7) Based on the Applicant's progress of construction, if the Corporation determines that further analysis by the Credit Underwriter is required prior to the release of the final Draw, the Applicant shall pay to the Credit Underwriter a fee based on an hourly rate determined pursuant to the contract between the Corporation and the Credit Underwriter; and

- (8) Retainage in the amount of 10 percent per Draw shall be held by the servicer during construction until the Development is 50 percent complete. At 50 percent completion, no additional retainage shall be held from the remaining Draws. Release of funds held by the Corporation's servicer as retainage shall occur pursuant to the NHTF Loan Agreement.

3. Additional NHTF Unit Requirements

Applicants will be required to comply with the following requirements and provide the following information:

a. General Information Notice

In accordance with the Uniform Relocation Act (URA), as part of 24 CFR Part 92, a Development receiving NHTF funds must provide a notice to all tenants informing them of their rights under the URA in accordance with Chapter 2 of the HUD Handbook 1378*. The proper manner of notice is provided in this Handbook. A copy of each General Information Notice must be provided to each tenant, not just tenants in NHTF Units. By the due date outlined in the invitation to enter credit underwriting, the Applicant must provide to the Corporation a copy of each General Information Notice for each occupied unit. Each notice must include proof of delivery by certified letter or by signed copy of the notice when hand delivered.

b. Certification of Consistency with the Consolidated Plan

During the credit underwriting process, the Applicant will be required to provide evidence demonstrating that the proposed Development is consistent with the applicable Consolidated Plan. Developments located in entitlement jurisdictions should request a certification of consistency letter from the appropriate authorities in that jurisdiction (typically, the community development staff). Developments located in non-entitlement jurisdictions (e.g. small non-entitlement cities or unincorporated areas of counties) should request a certification of consistency letter from the state. To request a certification of consistency letter from the state (or if you are not sure which Consolidated Plan applies to the location of your proposed HOME Development), please contact:

c. Other Federal Requirements

(1) HUD Environmental Requirements

All Applicants awarded NHTF Funding will be required to comply with the HUD environmental requirements as provided in 24 CFR 93.301(f)(1) and (2). Applicants that qualify as Non-Profit Applicants will not be charged a fee for the environmental review.

(2) Debarment and Suspension

Owners and contractors are prohibited from employing, awarding contracts, or funding any contractors or subcontractors that have been debarred, suspended, proposed for debarment or placed on ineligibility status by HUD. In addition, any owners who are debarred, suspended, proposed for debarment, or ineligible will be ineligible for funding. Therefore, a certification must be executed by the contractor for compliance with debarment and suspension regulations. During the credit underwriting process the Applicant will be required to provide the executed certification form*.

(3) Lead Based Paint

If the Development was built before 1978, Lead Based Paint Regulations may apply. See 24 CFR Part 35 for exemptions. During the credit underwriting process, the Applicant must certify that it understands the requirements of the current HUD lead based paint regulations as identified in 24 CFR Part 92 and Rule Chapter 67-48, F.A.C.

If the Applicant is purchasing the property and the Development was built before 1978, provide a copy of the executed Disclosure of Information on Lead Based Paint and Lead Based Paint Hazards form*, signed by both the buyer and the seller.

(4) Section 3

Each Applicant shall encourage its contractors to hire qualified low- and moderate-income residents for any job openings that exist on CDBG-DR-funded projects in the community. The Applicant shall keep records to document the number of low- and moderate-income people who are hired to work on CDBG-DR-funded projects.

(5) Flood

The Applicant shall comply with the mandatory flood insurance purchase requirements of Section 102 of the Flood Disaster Protection Act of 1973, as amended by the National Flood Insurance Reform Act of 1994, 42 USC 4012a, as applicable.

(6) Historic Preservation

The Applicant shall comply with the Historic Preservation requirements set forth in the National Historic Preservation Act of 1966, as amended, codified in title 54 of the United States Code, as applicable. In general, this requires concurrence from the State Historic Preservation Officer for all rehabilitation and demolition of historic properties that are fifty years old or older or that are included on a Federal, state, or local historic property list.
