SECTION ONE INTRODUCTION

This Request for Applications (RFA) is open to Applicants proposing the construction of affordable housing utilizing HOME Investment Partnerships (HOME-rental) Program funding for Developments in Rural Areas.

Florida Housing Finance Corporation (the Corporation) expects to have an estimated \$30 million in HOME funding available for award.

The Corporation is soliciting applications from qualified Applicants that commit to provide housing in accordance with the terms and conditions of this RFA, inclusive of the exhibits, applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

Applicants that are selected to receive funding will be invited to enter credit underwriting and will be expected to complete the credit underwriting process, including Board approval of the credit underwriting report, and execute a HOME written agreement within twelve months of the date of the invitation to enter into credit underwriting.

SECTION TWO DEFINITIONS

Capitalized terms within this RFA shall have the meaning as set forth in this RFA, in Exhibit B, Rule Chapters 67-48, F.A.C. (effective June 23, 2020) and 67-60, F.A.C., (effective July 8, 2018) or in applicable federal regulations.

SECTION THREE PROCEDURES AND PROVISIONS

Unless otherwise stated within the RFA, the Application package, forms and other information related to this RFA may be found on the RFA Webpage at <https://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2020/2020-206> (also available by clicking [here](#)).

A. Submission Requirements

1. Application Deadline

The Application Deadline is **3:00 p.m., Eastern Time, on _____, 2020.**

2. Completing the Application Package

a. Downloading and completing the documents provided by the Corporation

Download and complete the following documents found on the RFA Webpage:

- (1) The Application (Exhibit A of the RFA);
- (2) The Development Cost Pro Forma; and

- (3) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.c. of the RFA, may be used to satisfy this requirement.

The download process may take several minutes. Applicants should save these three documents with a file name that is unique to the specific Application.

b. Creating the All Attachments Document

In addition to the three documents described in a. above, the Application Package also includes one copy consisting of all of the applicable completed Attachments described in the RFA (“All Attachments Document”).

Compile all of the attachments described in the RFA into one pdf file separated by pages labeling each Attachment to create the All Attachments Document. This may be accomplished by merging the documents using a computer program such as Adobe Acrobat Pro or by scanning all of the attachments together.

As described in Section Four, B.2., to be awarded 5 points, bookmark the pdf of the All Attachments document before uploading. It is not necessary to bookmark the Exhibit A document, the Development Cost Pro Forma, or the Principal Disclosure Form. Acrobat Standard DC or Acrobat Pro DC are the programs required to create bookmarks.

Note: The Corporation has provided instructions on how to bookmark the Attachments as well as sample pages that may be used to separate the attachments on the RFA Webpage. If any of the attachments are not applicable, the Applicant should insert a page stating “Not Applicable” behind the separation page.

3. Uploading the Application Package

The Application Package consists of Exhibit A, the Development Cost Pro Forma, the Principal Disclosure Form, and the All Attachments Document. To upload the Application Package:

- a. Go to the RFA Webpage.
- b. Click the link to login and upload the Application Package. Note: A username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.

c. After successfully logging in, click “Upload Application Package.” Enter the Development Name and click “Browse” to locate the following completed documents saved on the Applicant’s computer:

- (1) The Application (Exhibit A) in Word format;
- (2) The Development Cost Pro Forma in Excel format;
- (3) The Principals Disclosure form in Excel format. (If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded);
- (4) The All Attachments Document in a pdf format.

The average file size is 1.0 MB and should take a moment or two to upload. Larger files may take longer to upload. There is a file size limit of 15 MB, but this may be able to be reduced without reducing the number of pages submitted. Examples of factors that affect file size include the resolution of the scanner or scanning the documents in color or as a graphic/picture.

d. After the four documents are displayed in the Upload webpage, click “Upload Selected Files” to electronically submit the documents to the Corporation by the Application Deadline. Then the Uploaded Application (consisting of all four documents comprising the Application Package), and its assigned Response Number will be visible in the first column.

Note: If the Applicant clicks “Delete” prior to the Application Deadline, the Application will no longer be considered a Submitted Application and the Applicant will be required to upload the Application Package again in order for these documents to be considered an Uploaded Application. This will generate a new Response Number.

4. Submission to the Corporation

By the Application Deadline, provide to the Corporation the required non-refundable \$3,000 Application fee, payable to Florida Housing Finance Corporation (check or money order). Applicants may also submit the Application fee to the Corporation via ACH or wire transfer using the instructions below. (1) Eligibility Requirements

To meet the submission requirements, upload the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”) as outlined in Section Three above. Prior versions of the Principal Disclosure Form will not be accepted.

To meet eligibility requirements, the Principals Disclosure Form must identify, pursuant to Subsection 67-48.002(94), F.A.C., the Principals of the Applicant and Developer(s) as of the Application Deadline. A Principals Disclosure Form should not include, for any organizational structure, any type of entity that is not specifically included in the Rule definition of Principals.

To document these dates, the Corporation will stamp the Principal Disclosure Form on the date it is received and the date it is approved. If a Principal Disclosure Form has been approved, but the Applicant must change the form for any reason, the form may be edited and resubmitted for approval, but the form will receive a new stamp reflecting the date the Corporation received the revised form. Likewise, if a form is returned to the Applicant for correction, the Applicant may make corrections and resubmit the form, but the date of the resubmission will be reflected as the date received. If a Principal Disclosure Form is submitted for an RFA with a "Received" date that is within 14 Calendar Days of the Application Deadline, the Applicant will not be eligible for the 5 Advance Review points.

The Advance Review Process for Disclosure of Applicant and Developer Principals is available on the RFA Webpage and also includes samples which may assist the Applicant in completing the required Principals Disclosure Form.

Note: It is the sole responsibility of the Applicant to review the Advance Review Process procedures and to submit any Principals Disclosure Form for review in a timely manner in order to meet the Application Deadline.

- (3) For purposes of the following, a material change shall mean 33.3 percent or more of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant, and a non-material change shall mean less than 33.3 percent of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant.

The name of the Applicant entity or Developer entity stated in the Application may be changed only by written request of an Applicant to Corporation staff and approval of the Board after the Applicant has been invited to enter credit underwriting.

The Applicant entity shall be the borrowing entity and cannot be changed in any way (materially or non-materially) until after loan closing. After loan closing, (a) any material change will require review and approval of the Credit Underwriter, as well as approval of the Board prior to the change, and (b) any non-material change will require review and approval of the Corporation, as well as approval of the Board prior to the change. Changes to the Applicant entity (material or non-material) prior to the loan closing or without Board approval after the loan closing may result in disqualification from receiving funding and may be deemed a material misrepresentation. Changes to the officers or directors of a Public Housing Authority, office or directors of a Non-Profit entity, or the investor limited partner of an Applicant limited partnership or the investor-member of an Applicant limited liability company owning the syndicating interest therein will not result in disqualification.

The Principals of each Developer identified in the Application, including all co-Developers, may be changed only by written request of an Applicant to

Corporation staff and approval of the Board after the Applicant has been invited to enter credit underwriting. In addition, any allowable replacement of an experienced Principal of a Developer entity must meet the experience requirements that were met by the original Principal.

Note: The Management Company contact person identified in Exhibit A is not required to be the Principal of the Management Company identified in the Prior General Management Experience Chart.

The prior experience chart must include the following information:

Prior General Management Experience Chart

4. General Proposed Development Information

- a. State the name of the proposed Development.
- b. Development Category

Development Category must be new construction, with or without acquisition. All units must consist entirely of new construction units. Rehabilitation of existing units is not allowed. Demolition of current structures is allowed, subject to Davis Bacon regulations and, if occupied, Uniform Relocation Act as described in Section Four, A.11. of this RFA.

c. Development Type

Select the Development Type for the proposed Development. For mixed-type Developments, indicate the type that will comprise the majority of the units in the Development.

- Single Family Homes including modular homes that are installed by certified contractors
- Townhouses
- Duplexes
- Quadraplexes
- Garden Apartments (a building comprised of 1, 2 or 3 stories, with or without an elevator)

For purposes of determining the number of stories, each floor in the building(s) should be counted regardless of whether it will consist of retail, parking, or residential.

Note: Any dwelling unit that consists of more than one story, (e.g. Townhouse), is prohibited for Elderly Set-Aside Units. A residential building that consists of more than one story is not prohibited for Elderly Set-Aside Units if there is a minimum of one elevator per residential building provided for all Elderly Set-Aside Units that are located on a floor higher than the first floor.

Also, Group homes, Assisted Living Facilities, and other specialized licensed residential facilities, or units within a condominium complex are not eligible for funding in this RFA.

d. Enhanced Structural Systems (“ESS”) Construction Qualifications

To qualify as “Enhanced Structural Systems Construction” or “ESS Construction” for purposes of the Total Development Cost Limitation, the proposed Development must meet at least one of the specifications listed below.

- (1) For all new construction buildings all of the following structural elements must consist of 100 percent poured concrete/masonry, 100 percent steel, or a combination adding up to 100 percent of concrete/masonry and steel, as verified during credit underwriting: all exterior walls and other external load-bearing elements, as well as the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking), and any under-floor/under-ground supports for that lowest story’s floor.
- (2) New construction buildings that utilize a ESS Podium Structure must meet the requirements in (1) above in order to qualify as “ESS Construction.” In this

event, the top surface of the podium itself shall be considered to be the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking).

For the purposes of determining “ESS Construction,” there is no requirement regarding the materials to be used in the roof of the building.

The term “ESS Podium Structure” shall mean a non-residential support structure underneath the rental units constructed solely of concrete/masonry, steel, or some combination of concrete/masonry and steel together, and where said structure under the rental units must utilize at least 85 percent of the square footage for parking or non-commercial utility/ancillary building uses only. Up to 15 percent of the square footage can be used for other non-residential purposes.

These qualifying criteria specifically exclude face brick or brick veneer from qualifying as ESS Construction for purposes of this RFA unless the proposed Development otherwise meets the requirements in (1) or (2) above.

For purposes of this RFA, the Corporation will consider an Application to be ESS Construction if the answer to question 4.d. of Exhibit A is “Yes.” This will be verified during the credit underwriting process. If this cannot be verified the Development will no longer be considered ESS Construction, and funding awarded under this RFA may be rescinded.

- e. Applicants must state whether construction has commenced as of Application Deadline. Note: If “Yes”, all rules and regulations in 24 CFR Part 92, which includes cross-cutting Federal Regulations, will apply.

5. Location of Proposed Development

- a. Indicate the county where the proposed Development will be located.

This RFA is open to proposed Developments located in an eligible Rural Area as defined by the United States Department of Agriculture Rural Development (RD).

Per Unit FHFC Maximum Subsidy Limits					
	0 BR	1BR	2 BR	3 BR	4BR
All Counties	\$122,651.00	\$140,602.00	\$170,974.00	\$221,186.00	\$242,792.00

FHFC's subsidy limits are based on 80% of HUD's 2020 maximum subsidy limits.

The chart above shows the calculation of the total maximum HOME subsidy the Applicant may request based on the Corporation limits by completing the chart at question 10.a.(2) of Exhibit A. For example, if a proposed Development will consist of 25 total units, 20 of which are HOME-assisted set-aside units, calculate the maximum allowed HOME funding request as follows:

Unit Size (Number of Bedrooms)	Number of Set-Aside Units for each Unit Size		Appropriate Dollar Limit based on unit size, total number of units in Development, and County in which it is located		HOME Subsidy Allowed
0	0	x	\$122,651	=	0
1	15	x	\$140,602	=	\$2,109,030
2	5	x	\$170,974	=	\$854,870
3	0	x	\$221,186	=	0
4	0	x	\$242,792	=	0
Total Maximum HOME Subsidy Allowed				=	\$2,963,900

In the event of a discrepancy between the amount shown in this section and that shown elsewhere within the Application, the amount shown in this section shall be deemed to be the requested amount.

If the request amount is greater than the allowable limit, the Corporation will reduce the amount down to the maximum amount eligible to be requested. The amount resulting from the lesser of the Applicant’s HOME Request Amount and the adjusted amount described above, if any, will be deemed to be the “Eligible HOME Request Amount.”

b. Non-Corporation Funding Proposals

Unless stated otherwise within this RFA, for funding, other than Corporation funding and deferred Developer Fee, to be counted as a source on the Development Cost Pro Forma, provide documentation of all financing proposals from both the construction and the permanent lender(s), equity proposals from the syndicator, and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be provided as **Attachment 15*** to Exhibit A.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions not documented in accordance with financing proposals that are not from a Regulated Mortgage Lender, fee waivers or any portion of any fees that are reimbursed by the local government. Additionally, fee waivers or any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

*Attachments 12, 13, and 14 are intentionally omitted.

(1) Financing Proposal

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria.

Each financing proposal shall contain:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable;
- Specific reference to the Applicant as the borrower or direct recipient; and
- Signature of lender.

Note: Eligible Local Government financial commitments (i.e., grants and loans) can be considered a source of financing without meeting the requirements above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form 07-2019) and/or the Local Government Verification of Contribution – Loan Form (Form 07-2019) and such grant and/or loan is effective at least through June 30, 2020. A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. The grant and loan forms (Form 07-2019) are available on the RFA Webpage. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

If the loan form is used to document a source of funding from a local government, the space for entering the loan amount (and not the net present value of the loan will be considered as a source of financing (if the form is appropriately completed).

The Applicant can also use this loan form for purposes of documenting the Match calculation. For purposes of documenting the Match calculation, the Applicant will be required to provide a schedule showing the net present value calculation. Please see Section Four A.12. below for further limitations and instructions regarding a Match.

- (2) Financing that has closed:
- (a) If the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:
- Amount of the construction loan, if applicable;
 - Amount of the permanent loan, if applicable; and
 - Specific reference to the Applicant as the borrower/direct recipient/mortgagee.
- (b) Except for HUD funding, if the financing involves an assumption of debt not currently in the Applicant's name, as evidence that the lender approves of the proposal of assumption, provide a letter from the lender, dated within six months of the Application Deadline, that includes the following information:
- Specifically references the Applicant as the assuming party;
 - If a permanent loan, states the amount to be assumed; and
 - If a construction loan, states the maximum amount of funding capacity.
- If the debt being assumed is provided by HUD, provide a letter from HUD, dated within six months of the Application Deadline, confirming the funding source. The letter must include the following information:
- Name of existing development;
 - Name of proposed Development;
 - Loan balance; and
 - Applicable HUD program.
- (3) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer Fee.

In the case where the seller of the Development's property is providing a seller's note (purchase money mortgage) to help finance the Applicant's acquisition of the property, evidence of its ability to fund the amount of the seller's note is not needed so long as the Application includes a letter from the seller that meets the financing proposal criteria outlined in (1) above and the amount of the seller's note is equal to or less than the purchase price of the property.

- (4) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount greater than the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (5) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (6) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (7) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (8) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

c. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted downward, this may result in a funding shortfall. If the Applicant has a funding shortfall, it will be ineligible for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction and, if applicable, acquisition, including the Developer Fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be

included on the Development Cost Pro Forma. Note: deferred Developer Fees are not considered “waived fees.”

Developer Fee and General Contractor fee must be disclosed. In the event the Developer Fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer Fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust the fee to the maximum allowable. As stated below, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

Unless stated otherwise in this RFA, except for deferred Developer Fee, the Application requires complete information on all sources of Development funding and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total of monetary funds determined to be in funding proposals must equal or exceed uses.

(1) Developer Fee

Each Developer Fee component listed in (a) and (b) below shall not exceed the respective amounts described below:

- (a) Developer Fee on Acquisition Costs, is limited to 16 percent of the Total Acquisition Cost of Existing Development (excluding land) stated on the Development Cost Pro Forma in Column 3 of Item B, rounded down to the nearest dollar; and
- (b) Developer Fee on Non-Acquisition Costs, is limited to 16 percent of the net amount after deducting Total Acquisition Cost of Existing Development (excluding land) (Column 3 of Item B) from the Development Cost stated on the Development Cost Pro Forma in Column 3 of Item C, rounded down to the nearest dollar.

If the maximums stated in (a) or (b) are exceeded, the Corporation will adjust the amount down to the maximum allowed. Additionally, the Corporation may further adjust the Developer Fee on Acquisition Costs, and/or Developer Fee on Non-Acquisition Costs stated on the Development Cost Pro Forma and used to calculate the Developer Fee in Item D of the Development Cost Pro Forma. The conditions for such adjustments are stated below:

- If the amount of Developer Fee on Acquisition Costs is more than the amount allowed in (a) above, AND if the amount of Developer Fee on Non-Acquisition Costs is less than the amount allowed in (b)

above, the Corporation will reduce the amount of Developer Fee on Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Non-Acquisition Costs by the amount reduced in the Developer Fee on Acquisition Costs, up to the maximum allowed amount.

- If the amount of Developer Fee on Non-Acquisition Costs is more than the amount allowed in (b) above, AND if the amount of Developer Fee on Acquisition Costs is less than the amount allowed in (a) above, the Corporation will reduce the amount of Developer Fee on Non-Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Acquisition Costs by the amount reduced in the Developer Fee on Non-Acquisition Costs, up to the maximum allowed amount.

The Corporation will allow up to 100 percent of the eligible Developer Fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees include, but are not limited to, payments for Application consultants, construction management or supervision consultants, or local government consultants.

(2) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(3) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed 5 percent of hard and soft costs for Development Categories of New Construction or Redevelopment, with or without Acquisition, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer Fee. Applicants may not enter any amounts pertaining to any type of reserve

other than the contingency reserve mentioned above and, if applicable, any reserve permitted in the RFA and established as a subset of Developer Fee, on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer Fee), the Development's capital replacement reserve account (provided, however, that any operating deficit reserve funds deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance payment or pre-funding of the Applicant's obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant's organizational agreement (i.e., operating or limited partnership agreement) whereby its final disposition remains under this same restriction. The actual direction of the disposition is at the Applicant's discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer Fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

11. HOME Uniform Relocation Act

The Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (URA) is government-wide legislation, and compliance begins at the initiation of negotiation for federal assistance. Except for the General Information Notice information, the following required Uniform Relocation Act information must be provided in the Application.

- a. Occupied Units

At question 11.a. of Exhibit A, select "Yes" if any portion of the proposed Development will involve redevelopment work, regardless of the Development Category selected at question 4.b. of Exhibit A.

b. Tenant Relocation Information for Existing Properties

At question 11.b.(1) through (4) of Exhibit A, answer all applicable questions.

- (1) State how many total units now exist in the Development.
- (2) State how many units are occupied.
- (3) State whether or not, based on the income information of each tenant, permanent relocation (displacement) is anticipated during or after the construction/redevelopment period. If "Yes", state how many units are affected.
- (4) State whether or not temporary relocation of any tenants will be required. If "Yes", state how many tenants will require temporary relocation.

At questions 11.b.(5) through (7) of Exhibit A, provide the following required information:

- (5) Provide in the Application, as **Attachment 16**, a list of all occupied units and tenant income certifications. The income of persons and households who are currently occupying a unit that will receive HOME assistance must be provided to determine whether they are income eligible. For all occupied units, provide a summary list of all residents and income certifications for those residents in occupied units that will be HOME-Assisted Units. If the existing residents and/or Development is/are currently participating in a federally subsidized program (such as Project-based Section 8, Section 8 Existing or Section 8 Voucher Programs), the residents' current income certification forms required for that program may be used to meet this requirement.
- (6) Provide in the Application, as **Attachment 17**, a brief description of how the Development will meet the HOME set-aside requirements. The description must indicate whether the existing residents are HOME eligible residents, or whether the residents will be evicted and replaced with income eligible residents in order to meet the set-aside requirements committed to in this Application.
- (7) Provide in the Application, as **Attachment 18**, a description of how the cost of relocation will be covered. Detail how the temporary and permanent relocation will be handled.

The HOME General Information Notice information will be required only after the Application is selected for funding, as outlined in Item 4 of Exhibit C. The

due date for this information will be included in the invitation to enter credit underwriting.

c. Uniform Relocation Act Acquisition Information (For All Development Categories)

Provide the following information:

- (1) If the Applicant owns the Development site (i.e., holds a deed or currently has a lease with a minimum 50-year term), provide a narrative describing the acquisition as **Attachment 19** to Exhibit A. This narrative must describe how, when, and from whom the property was acquired and whether or not the property was vacant when acquired.
- (2) If the Applicant is a private company and is acquiring the property or will have a lease with a minimum 50-year term for the property, the Applicant (buyer) must provide the seller with a notice that the buyer does not have the power of eminent domain to obtain the property and a determination of market value will estimate the value of the property. This must be done prior to execution of the contract or proposed lease (with a minimum 50-year term) or may be attached as an addendum to the contract or proposed lease (with a minimum 50-year term). A copy of the required notice and confirmation of the current owner's/seller's receipt of notice must be provided as **Attachment 20** to Exhibit A.
- (3) If the Applicant is a public (government) Applicant, respond to all applicable remaining questions in this relocation section.
- (4) Eminent Domain
 - (a) If the buyer has the power of eminent domain, the buyer must notify the seller in writing that it has such power and the determination of market value for the property is being waived. Provide a copy of the required notice as **Attachment 21** to Exhibit A.
 - (b) If the Applicant is a public (government) Applicant and does not have the power of eminent domain, provide the following: (i) notice of interest, (ii) determination of fair market value, (iii) appraisal of the property, and (iv) written offer of just compensation which includes a statement of just value, property description, and identification of buildings. Provide all required documentation as **Attachment 21** to Exhibit A.

12. Match Amount

Applicants with a higher percentage of Match compared to the Applicant's Eligible HOME Request Amount will receive a funding preference in the Funding Selection process described in Section Five, B. below. Forgone Developer Fee and seller's notes (purchase money mortgages) cannot be used as Match funding for purposes of this funding preference.

For purposes of this RFA, eligible forms of Match are cash contributions from nonfederal external sources (related party Match contributions are not allowed). Cash contributions must be permanently contributed to the HOME project and will be a part of the final Sources and Uses. Cash contributions may include donations made by individuals (except for owners or Developers or prospective owners or Developers of the HOME project), private entities, or other public entities for the express purpose of affordable housing.

Cash contributions may include, but are not limited to:

- (1) State appropriations;
- (2) State or local general revenues;
- (3) Housing trust funds;
- (4) Foundation grants and private donations; and
- (5) Below-market interest rate loans from private lending institutions.

Because owner equity is not an eligible form of Match, the investment in a project of a Non-Profit organization's general funds will not count as Match. However, funds that a Non-Profit organization obtains from individuals or other entities through fundraising for a specific project are considered private donations and, thus, are eligible as Match.

24 CFR §92.220 requires that the Corporation match funds for each HOME dollar spent on a Development. For purposes of Match calculation of interest that is forgiven for future years, the value of the Match is the present discounted cash value, based on the discount rate of 5.50 percent.

For a project that is not 100 percent HOME Units, if more than 50 percent of the units in the project are HOME-Assisted, then the contribution to the non-assisted units may be counted as Match. Additionally, for mixed-use projects, if at least 51 percent of the floor space in a HOME-Assisted, mixed-use building is residential and at least 50 percent of the residential dwelling units are HOME-Assisted, then the contribution to the commercial space and the non-assisted units may be counted as Match. In all other cases, Match will be calculated on a pro-rata basis on the number of HOME-Assisted units.

List the amount of each source of Match at question 12 of Exhibit A and provide the required documentation as **Attachment 22** to Exhibit A.

The documentation for cash contributions must state the source, form and value of the cash contribution. Additionally, the documentation should explicitly state that the cash contribution has not been used for Match for any other program.

For loans that will be counted as Match, the documentation should include the calculation used to determine the value of the Match contribution.

Calculating Match for Below-Market Interest Rate Loans

The Match contribution is the present discounted cash value of the yield foregone (i.e., the difference between payments received on the below-market interest rate loan and the

payments that would have been received had the loan been made at the market interest rate). In determining the yield forgone the discount rate is 5.50 percent.

For example, a private lending institution is providing a fully amortizing loan of \$50,000 for 15 years to the Development with the following interest schedule: Years 1 to 5, 0% interest, Years 6 to 10, 2.5% interest and Years 11 to 15, 3.5% interest. The yield forgone at 5.50% for years 1 through 5 is calculated to be \$1,647.95 per year, \$1,172.65 per year for years 6 through 10, and \$1,062.34 per year for years 11 through 15. The net present value of the yield forgone for the 15-year life of the loan calculated using the discount rate of 5.50% is \$13,524.47. \$13,524.47 is the calculated Match contribution in this example.

In another example, a private lending institution is providing a loan of \$50,000 for 15 years that is interest only over the term with a balloon payment at maturity to the Development with the following interest schedule: Years 1 to 5 at 0.0%; Years 6 to 10 at 2.5% and Years 11 to 15 at 3.5%. The yield forgone at 5.50% for Years 1 through 5 is calculated to be \$2,750.00 per year; Years 6 to 10 is \$1,500.00 per year; and Years 11 to 15 is \$1,000.00 per year. The net present value of the yield forgone for the 15-year life of the loan calculated using the discount rate of 5.50% is \$19,144.25. \$19,144.25 is the calculated Match contribution in this example.

* Submission Requirement

To be eligible for funding, the following submission requirements must be met: (i) the Application must be submitted online by the Application Deadline, and (ii) the required Application fee must be submitted as of the Application Deadline.

** Financial Arrearage Requirement

An Application will be deemed ineligible for funding if, as of close of business the day before the Committee meets to make a recommendation to the Board, there remains any financial obligations for which an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer is in arrears to the Corporation or any agent or assignee of the Corporation as reflected on the most recently published Past Due Report posted to the Corporation’s Website under the link Property Owners & Managers/Past Due Reports (also accessible by clicking [here](#)), but not more recently than five business days prior to the date the Committee meets to make a recommendation to the Board.

**** Verification of no recent de-obligations

An Application will be deemed ineligible to be considered for funding if, as of the close of business the day before the Committee meets to make a recommendation to the Board, an Applicant or Developer or Principal, Affiliate or Financial Beneficiary of the Applicant or Developer has received an award of any funding from any RFA issued by Florida Housing Finance Corporation but such funding has been de-obligated by the Florida Housing Finance Corporation Board of Directors within the 48 months prior to this RFA Application Deadline, with the exception of de-obligations that resulted from the termination of the Multifamily Energy Retrofit Program (MERP) funding awarded through RFA 2015-115.

***** Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit allocation process.

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on TDC, but exclusive of land costs and exclusive of any operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer Fee, applying any applicable TDC multiplier and/or TDC add-on. The proposed Development’s TDC will be tested against the TDC Per Unit Limitation during the scoring of the RFA, utilizing the Development Type, Development Category and ESS Construction determination made by the Applicant in the RFA and it will apply to all units in the proposed Development. During the credit underwriting process, and during the final allocation process, the maximum TDC per unit will be recalculated for each unit type as described in Item 1 of Exhibit C, with consideration given to whether the Development consists one or more Development Types, or a mix of Non-ESS and ESS Construction units.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process and final allocation process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units
---------	------------------------

	Non-ESS	ESS
Maximum TDC Per Unit Limitation ** for all counties except Broward, Palm Beach, and Miami-Dade	\$219,600	\$264,300
Maximum TDC Per Unit Limitation ** for Broward, Palm Beach and Miami-Dade counties	\$231,300	\$277,200
Applicable TDC Multipliers (to be applied against the Development’s TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)		
TDC Multiplier for Florida Keys Area for all areas located north of Plantation Key** (i.e., north of Tavernier Creek)		65%*
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key** (i.e., south of Tavernier Creek)		50%*
TDC Add-on for All Applicants due to known expenses related to the Federal Program (HOME, CDBG)		\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation

* Exclusive of-property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation to be provided in the final cost certification under the building acquisition and land owned cost line items. For Applicants that have a public housing authority/instrumentality of a public housing authority listed as a Principal on the Applicant’s Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable property acquisition price, operating deficit reserves and certain PHA costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

B. Selection Process

1. Application Sorting Order

The highest scoring Applications will be determined by first sorting together all eligible Applications from highest score to lowest score, with any scores that are tied separated in the following order:

- a. First, preference will be given to Applications proposing Developments located in Small Counties (county sizes are described in Section Four, A.5.b.(1) of the RFA);
- b. Next, preference will be given to Applications that qualify for the HOME Funding Experience Preference described in Section Four, A.3.b.(3)(b) of the RFA;
- c. Next, preference will be given to Applications that qualify for the Previous Affordable Housing Experience Funding Preference described in Section Four, A.3.b.(3)(a) of the RFA;
- d. Next, by percentage resulting from the Applicant's Eligible HOME Request Amount divided by the maximum award amount the Applicant is eligible to request (rounded to two (2) decimal places of the percentage). Applications will be listed in ascending order beginning with the Application with the lowest percentage and ending with the Application that has the highest percentage;
- e. Next, by the percentage of Match compared to the Applicant's Eligible HOME Request Amount, (rounded to 2 decimal places of the percentage), by dividing the total Match Amount stated at question 12 of Exhibit A by the Eligible HOME Request Amount. Applications will be listed in descending order beginning with the Application with the highest percentage and ending with the Application that has the lowest percentage;
- f. Next, preference will be given to Applications that qualify for the Florida Job Creation Funding Preference which is outlined in Item 2 of Exhibit C (with Applications that qualify for the preference listed above Applications that do not qualify for the preference);
- g. Finally, by lottery number, with Applications that have a lower lottery number listed above Applications with a higher lottery number.

2. **County Award Tally**

As each Application is selected for tentative funding, the county where the proposed Development will be located will have one Application credited toward the County Award Tally.

The Corporation will prioritize eligible unfunded Applications that meet the Funding Test and are located in counties that have the lowest applicable County Award Tally above other eligible unfunded Applications in counties with a higher County Award Tally that also meet the Funding Test, even if the Applications with a higher County Award Tally are higher ranked.

3. **Funding Test**

Applications will be selected for funding only if there is enough funding available to fully fund the Eligible Request Amount.

4. Selection Process

- a. First, the highest ranking eligible CHDO Application will be selected for funding.
- b. Next, the highest ranking eligible Application(s) that can be fully funded will be selected for funding.
- c. If funding remains and no eligible unfunded Applications can be fully funded, no further Applications will be considered for funding and any remaining funding will be distributed as approved by the Board.

4. **Returned Funding**

Funding that becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing, an Applicant declining its invitation to enter credit underwriting or the Applicant's inability to satisfy a requirement outlined in this RFA, and/or provisions outlined in Rule Chapter 67-48, F.A.C., will be distributed as approved by the Board.

**SECTION SIX
AWARD PROCESS**

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order applying the funding selection criteria outlined in Section Five above and develop a recommendation or series of recommendations to the Board.

The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to whom to award funding. Notwithstanding an award by the Board pursuant to this RFA, funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Rule Chapters 67-48, F.A.C.

The Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al. shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.

After the Board's decision to select Applicants for funding in this RFA has become final action, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

Exhibit C – Additional Information

1. Total Development Cost Per Unit Limitation

- a. The Total Development Cost Per Unit Limitation was reviewed during the scoring process as outlined in Section Five, A. During credit underwriting and final cost certification, the Total Development Cost Per Unit Limitation will be reviewed again using the values in the chart below including the “Escalation Factor” of 5.0 percent, as follows:

Total Development Cost Per Unit Base Limitation plus all applicable Add-Ons, then multiplied by the Escalation Factor. The result of this will then be divided by each applicable TDC Multiplier.

Multiply this by the number of units in the proposed Development, rounded down to the nearest whole dollar, to calculate the proposed Development’s Maximum Total Development Cost (Maximum TDC).

Note: If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

Total Development Cost Per Unit Base Limitations, to be used for Total Development Cost Per Unit Limitation Tests in Credit Underwriting and Final Cost Certification, prior to any Escalation Factor

Measure	New Construction Units	
	Non-ESS	ESS
Maximum TDC Per Unit Limitation ** for all counties except Broward, Palm Beach, and Miami-Dade	\$219,600	\$264,300
Maximum TDC Per Unit Limitation ** for Broward, Palm Beach and Miami-Dade counties	\$231,300	\$277,200
Applicable TDC Multipliers (to be applied against the Development’s TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)		
TDC Multiplier for Florida Keys Area for all areas located north of Plantation Key** (i.e., north of Tavernier Creek)		65%*
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key** (i.e., south of Tavernier Creek)		50%*
TDC Add-on for All Applicants due to known expenses related to the Federal Program (HOME, CDBG)		\$5,000 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation

* Exclusive of property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer Fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price, and will be reported in the credit underwriting report and the final cost certification. The appraised value will be determined during credit underwriting. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation and allocated between the building acquisition, if applicable, and the land owned cost line items. For Applicants that have a public housing authority/instrumentality of a public housing authority listed as a Principal on the Applicant’s Principal Disclosure Form may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit

Limitation process are the applicable property acquisition price, operating deficit reserves and certain PHA costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

b. Reviewing the Developer Fee and the Total Development Cost of the proposed Development during Credit Underwriting

The Total Development Cost of the proposed Development (“TDC of the Proposed Development”) is often adjusted during credit underwriting. Any such adjustments that occurred during the credit underwriting process may cause the maximum Developer Fee allowed for the proposed Development to fluctuate. Additionally, as further explained below, if the TDC of the proposed Development exceeds the Maximum TDC after all mandated reductions have been implemented, this may result in a negative recommendation by the credit underwriter in the final credit underwriting report and a request of the Corporation’s Board to de-obligate the awarded funding.

The Maximum TDC is not altered throughout the process, remaining at the same initial amount at each step. However, it is possible the maximum Developer Fee can be adjusted to a lower amount subsequent to the initial determination established below.

The following methodology will calculate the maximum Developer Fee for the proposed Development. Any reductions to the Applicant’s stated Developer Fee will cause the TDC of the proposed Development to be equally reduced in the final credit underwriting report described below. This process assumes the initially stated Developer Fee in b. and c. below does not violate the maximum Developer Fee as determined by multiplying the proposed Development’s Development Costs by the maximum Developer Fee percentage as stated in the applicable Rule and this RFA, rounded down to the nearest dollar.

(1) First Review of the Developer Fee and the TDC of the Proposed Development

A Developer Fee can be earned on Development Cost as defined by Rule Chapter 67- 48, F.A.C., up to the maximum limit allowed, as calculated below. The proposed Development’s maximum Developer Fee will be first calculated as follows:

The credit underwriter will calculate the maximum Developer Fee by dividing the Maximum TDC amount by 1.16, and then multiply the result by 18 percent, rounding up to the nearest whole dollar. Note: These figures represent the applicable Developer Fee percentage for the Development of 16 percent and one plus the applicable Developer Fee percentage for the Development (1+16%).

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development’s stated Developer Fee, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this first review.

If this step causes the maximum Developer Fee to be less than the proposed Development's stated Developer Fee, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the first mandated cost reduction.

(2) Second Review of the Developer Fee and the TDC of the Proposed Development

The second step will reduce the maximum Developer Fee by the lesser of (a) the actual amount that the TDC of the Proposed Development exceeds the Maximum TDC, (b) \$500,000, or (c) 25 percent of the Maximum Developer Fee calculated in (1) above.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (1) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this second review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (1) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the second mandated cost reduction.

(3) Third Review of the Developer Fee and the TDC of the Proposed Development

The third step will have the maximum Developer Fee calculated in (2) above reduced by the same percentage as the percentage that the TDC of the Proposed Development determined in (2) above exceeds the Maximum TDC.

This is determined by dividing the TDC of the Proposed Development calculated in (2) above by the Maximum TDC calculated in (2) above. If the resulting percentage is greater than 100%, then the resulting percentage will have 100% subtracted from it. This number is then multiplied by the maximum Developer Fee calculated in (2) above, rounded down to the nearest whole dollar and the resulting amount is subtracted from the maximum Developer Fee calculated in (2) above, yielding a new, lower maximum Developer Fee. If the resulting percentage is less than or equal to 100 percent, the third review is complete without any further mandated adjustments to either the stated Developer Fee or the TDC of the Proposed Development.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (2) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this third review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (2) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the

TDC of the Proposed Development will be equally reduced to incorporate the third mandated cost reduction.

As a note, if the initial stated Developer Fee is already at or below the maximum Developer Fee as calculated in the third review of the Developer Fee, then there is no adjustment mandated to be incorporated into the Developer Fee. This also means there are no corresponding cost savings to reduce the TDC of the Proposed Development since all mandated TDC cost reductions stemming from this process are coming from reducing the stated Developer Fee.

(4) The 5% Test

The Total Development Cost of the proposed Development (“TDC of the Proposed Development”) in place after all three cost reduction steps have been performed as detailed above cannot exceed the Maximum TDC by more than 5 percent (“5% Test”). The 5% Test is performed only at time of Credit Underwriting and is not part of the Final Cost Certification Application Package process described in c. below.

If the TDC of the Proposed Development after the third mandated cost reduction step does not meet the 5% Test, the final credit underwriting report shall be presented at the next Florida Housing Finance Corporation Board Meeting with a negative recommendation by the Credit Underwriter with a staff request to de-obligate the awarded funding due to a proposed Development having excessive development costs.

c. Reviewing the Developer Fee and the TDC of the Proposed Development stated in the Final Cost Certification Application Package (“FCCAP”)

The TDC of the Proposed Development may be further adjusted when the FCCAP is processed. Any such adjustments that occurs with the FCCAP may cause the maximum Developer Fee allowed for the proposed Development to either increase, as described in (3) below, or decrease, as described in (2) and (4) below. Any increase or decrease to the Applicant’s stated Developer Fee will cause the TDC of the Proposed Development to be equally increased or decreased, respectively.

The TDC of the Proposed Development preliminarily stated in the FCCAP is compared to the Maximum TDC as calculated in a. above as well as to the TDC reported in the final credit underwriting report.

Policy when the Developer Fee was not reduced by the process described in b. above

- (1) If the TDC of the Proposed Development preliminarily stated in the FCCAP is less than or equal to the Maximum TDC calculated in a. above, no adjustment will be required, and no further action will be taken relative to the TDC PU Limitation process.
- (2) If the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the Maximum TDC calculated in a. above and if the maximum Developer Fee calculated in b. above is equal to or greater than the proposed Development’s Developer Fee initially presented in the FCCAP, there will be no

resulting deduction to the preliminarily stated Developer Fee or the TDC of the Proposed Development for the first step in this review.

Alternatively, if the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the Maximum TDC calculated in a. above and if the maximum Developer Fee calculated in b. above is less than the proposed Development's Developer Fee initially presented in the FCCAP, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in b. above, and the TDC of the Proposed Development will be equally reduced to incorporate the this mandated cost reduction for this alternative first step in this review.

After the applicable above first step of c.(2) is complete, the calculations described in (2)(a) and (2)(b) below ("the First and Second Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP") will determine the final Developer Fee.

(a) First Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP

If the TDC of the Proposed Development after the prior review step is greater than the TDC reported in the final credit underwriting report, the maximum Developer Fee calculated in b. above will be reduced by the lesser of (i) the actual amount of costs in excess of the amount allowed by the Maximum TDC, (ii) \$250,000, or (iii) 10 percent of the maximum Developer Fee calculated in b. above.

If the maximum Developer Fee calculated in this step is equal to or greater than the Developer Fee stated in the FCCAP, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this review.

If this step causes the maximum Developer Fee to be less than the Developer Fee stated in the FCCAP, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate this cost reduction.

(b) Second Review of the Developer Fee and the TDC of the Proposed Development

The maximum Developer Fee as calculated in step (2)(a) above will be reduced by the same percentage as the percentage that the TDC of the Proposed Development calculated in (2)(a) above exceeds the Maximum TDC.

This is determined by dividing the TDC of the Proposed Development calculated in step (2)(a) above by the Maximum TDC. If the resulting percentage is greater than 100%, then the resulting percentage will have 100% subtracted from it. This number is then multiplied by the maximum Developer Fee calculated in step (2)(a) above, rounded down to the nearest whole dollar and the resulting amount is subtracted from

the maximum Developer Fee calculated in step (2)(a) above. If the resulting percentage is less than or equal to 100 percent, this review is complete without any further mandated adjustments to either the stated Developer Fee or the TDC of the Proposed Development calculated in step (2)(a) above.

If the maximum Developer Fee calculated in this step is equal to or greater than the Developer Fee calculated in step (2)(a) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this review.

If this step causes the maximum Developer Fee to be less than the Developer Fee calculated in step (2)(a) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development calculated in step (2)(a) above will be equally reduced to incorporate this cost reduction.

Policy when the Developer Fee was reduced by the process described in b. above

- (3) If the TDC of the Proposed Development preliminarily stated in the FCCAP is less than the TDC reported in the final credit underwriting report, the calculations in b. above will be repeated using the TDC of the Proposed Development preliminarily stated in the FCCAP. This may result in an increase to the final Developer Fee as a result of the initial Maximum Developer Fee not being reduced to the extent determined at time of credit underwriting during steps b.(1)-(3).
- (4) If the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the TDC reported in the final credit underwriting report, the calculations described in (2)(a) above (“the First Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP”) will determine the final Developer Fee. In this scenario, the calculations described in (2)(b) above will not be applied.

A template and training video regarding the Total Development Cost Per Unit Limitation have been made available. A link has been added to the RFA Webpage called “Total Development Cost Per Unit Limitation Information Used In RFAs”. This link will take users to a new webpage with examples of this process, as well as a template, training video, and, for assistance after the review and evaluation process as explained in Section Three, F.2. of this RFA, contact information for available Florida Housing staff.

2. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application’s Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of HOME funding. All Applications must earn a Florida Job Creation score equal to or greater than 13 will qualify for the Florida Job Creation Funding Preference.

Determination of the Florida Job Creation score will be based on the following information:

- The number of total units committed to by the Applicant (as stated by the Applicant at question 6.a. of Exhibit A);
 - The Florida job creation rate of 3.298 Florida Jobs per Unit;
- The Eligible HOME Request Amount.

The score for the Florida Rate of Job Creation per \$1 million of HOME funding will be measured using the following calculation:

Number of units x 3.298 Florida Jobs per Unit x 1,000,000 / Eligible HOME Request Amount = Florida Jobs per \$1 million of HOME funding.

For example:

Application A consists of 35 units and has an Eligible HOME Request Amount of \$3,500,000.

$35 \times 3.298 \times 1,000,000 / 3,500,000 =$ Florida Job Creation score of 32.98.

In the above example, the Application will qualify for the Job Creation Funding Preference because it has a Florida Job Creation score that is at least 13.

Federal Labor Standards require that all persons working on the site be paid an hourly rate not less than the minimum rate specified in the Wage Determination issued by HUD for each particular property. The owner will be required to submit to the Corporation, or its representative servicer, payroll reports and certifications to verify wage payments. Conformance with Labor Standards will be monitored during the construction/redevelopment period in conjunction with the draw inspections by the consulting engineer/architect engaged by the underwriter/servicer.

During the credit underwriting process the Applicant will be required to provide the executed certification form*.
