- b. State the total number of new construction and rehabilitation units in the proposed Development.

Complete the Unit Mix Chart listing the total number of bedrooms per unit, the total number of bathrooms per unit (including half-baths, if applicable), and the total number of units per bedroom type. All units in the proposed Development must be listed, including all manager/employee units and all market rate units, if applicable.

10. Set-Aside Commitment and Compliance Period

- a. Indicate the minimum set-aside (20% of units at 50% Area Median Income (AMI) or less, 40% of units at 60% AMI or less, or Average Income Test, as defined in Section 42, IRC, as amended).

Note: Choosing the 20 percent at 50 percent AMI or less minimum set-aside will restrict ALL set-aside units at 50 percent or less of the AMI. Applicants may choose the 40 percent at 60 percent AMI or less minimum set-aside without committing to setting aside any of the units at the 60 percent AMI level. For example, an Applicant may commit to setting aside 40 percent at 50 percent AMI and this would also be considered 40 percent at 60 percent AMI or less. The Average Income Test requires that (a) forty percent or more of the residential units in the Development be both rent-restricted and occupied by individuals whose income does not exceed the imputed income limitation designated by the Owner with respect to the respective unit, subject to the special rules relating to income limitation which (b) require the Owner to designate the imputed income limitation of each unit taken into account under (a) above, such that the average of the imputed income limitations as designated by the Owner shall not exceed 60 percent of the area median income. The designated imputed income limitation of any such unit shall be in 10-percent increments as follows: 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, or 80 percent of the area median income. Applicants that select the Average Income Test must also satisfy the set-aside elections applicable to the tax-exempt bond financing.

- b. Set-Aside Breakdown Chart

- (1) For Applicants NOT committing to the Average Income Test

Complete the applicable column(s) of the Set-Aside Breakdown Chart by listing the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. Where reasonably possible, Applicants will be required to keep the unit mix consistent across each committed AMI level.

Note: If the MMRB Development has a previous award of Housing Credits with an existing EUA, the Applicant should consider the income levels of the occupied units when selecting the MMRB set-aside commitments. Section 42 IRC allows residents whose income levels have risen above AMI subsequent to initial occupancy to remain in their units even though they would no longer qualify if applying for residency today. The income of these existing occupants may currently exceed 60 percent AMI and thus, these units cannot be counted toward meeting the committed MMRB Total Set-Aside Percentage. In the event an MMRB Applicant commits to a total set-aside percentage which is higher than

a percentage that can be actually met due to the “grandfathering” of occupants associated with an existing EUA, the MMRB set-aside percentage can be adjusted by the Corporation during the scoring of the Application.

(2) For Applicants committing to the Average Income Test

Complete the Set-Aside Breakdown Chart by listing the number of Set-Aside Units, stated in whole numbers, to be set aside at each selected AMI level.

The Average AMI of all Set-Aside units may not exceed 60 percent.

The Development Cost Pro Forma includes an Average Income Test worksheet to assist Applicants in this calculation, which may display the percentage of total units with numbers represented with decimal places instead of whole numbers. This is acceptable for the Average Income Test Calculation.

Calculation of the average AMI of all Set-Aside Units for the Average Income Test:

- (i) First, calculate the total number of Set-Aside Units.
- (ii) Then, at each AMI commitment, multiply the number of Set-Aside Units by the AMI percentage (e.g., a commitment of 13 Set-Aside Units at 30 percent AMI would be calculated as 3.9).
- (iii) Repeat this calculation at each AMI level. Then add the results together.
- (iv) Divide the number calculated in (iii) by the total number of Set-Aside Units calculated in (i).
- (v) This number must be equal to or less than 60 percent to meet the requirement.

For MMRB Developments, the Set-Aside commitment will be 40 percent of the total units at or below 60 percent AMI.

- c. Indicate the total affordability period (the total length of time the units will be set-aside – minimum length is 30 years). Before making a commitment, the Applicant should refer to Item j. of the Applicant Certification and Acknowledgement Form included in the Application form as “Exhibit 10”.

d. Tenant Selection Plan

Unless the Development meets an exception outlined in (1) below, a Tenant Selection Plan must be submitted to the Corporation for approval within 21 Calendar Days of the date of the invitation to enter credit underwriting. The Tenant Selection Plan must be approved by the Corporation and, if required, HUD prior to the completion of the final credit underwriting report.

(1) Exceptions to Tenant Selection Plan requirements

- Developments financed with HUD Section 811;
- Developments financed with a United States Department of Agriculture RD program; or

- Applicants that select the Elderly ALF Demographic Commitment.

All other Applications must achieve Corporation approval and, if required, HUD approval prior to the completion of the final credit underwriting report.

(2) Achieving Corporation approval

To achieve approval by the Corporation, the Tenant Selection Plan must be submitted by the owner to the Corporation for approval within 21 Calendar Days of the date of the invitation to enter credit underwriting.

The Tenant Selection Plan Guidelines and Tenant Selection Plan Checklist can be found on the webpage <https://www.floridahousing.org/programs/developers-multifamily-programs/non-competitive>. Part D of this Application also describes requirements for tenant selection policies.

(3) Achieving HUD approval, if required

In addition to the Corporation's approval, if HUD approval is required because a Development has a Housing Assistance Payment and/or an Annual Contributions Contract with HUD, HUD approval of the Tenant Selection Plan must be demonstrated to the Corporation prior to the completion of the final credit underwriting report.

HUD's approval process may take several months. Owners should send the Corporation-approved Tenant Selection Plan to HUD for approval as soon as possible to meet this requirement.

11. Features and Amenities

The applicable HUD mapping software is available at https://www.huduser.gov/portal/sadda/sadda_qct.html. If the proposed Development is located in a metropolitan area and consists of Scattered Sites, the DDA designation will only apply to the Scattered Site(s) that are located within a HUD-designated DDA ZCTA.

HUD's notice published in the Federal Register (found at <http://www.huduser.org/portal/datasets/qct.html>) that is in effect at the time the Applicant submits the Non-Competitive Application shall govern the eligibility for a basis boost for the proposed Development.

If the proposed Development is eligible for the multiphase status, the Applicant must indicate whether the proposed Development qualifies as a first phase or a subsequent phase, as outlined below:

(a) First Phase of a Multiphase Development:

For purposes of this Non-Competitive Application, a first phase is one where the Applicant is requesting Non-Competitive Housing Credits which will be used with Tax-Exempt Bonds awarded under a County HFA's competitive application process.

Select question 13.b.(3)(a) of the Application form if the proposed Development qualifies as the first phase of a multiphase Development. The invitation to enter credit underwriting will outline the information that, at a minimum, must be included in the attorney opinion letter.

or

After the initial award, the Applicant must have submitted an Application for Housing Credits in immediately consecutive years, per the HUD requirements.

Select question 13.b.(3)(b) of the Application form if the proposed Development qualifies as a subsequent phase of a multiphase Development. During the credit underwriting process, the Applicant will be required to submit to the Corporation an attorney opinion letter which, among other things, identifies the Application in which the first phase was declared, and includes information on the subsequent phase(s) illustrating that the proposed Development is eligible for the basis boost. The invitation to enter credit underwriting will outline the information that, at a minimum, must be included in the attorney opinion letter.

(4)–(6) The responses to questions 13.b.(1) through (3) of the Application form must be in accordance with Section 42, IRC, as amended.

If the Applicant is requesting 4 percent HC only in this Application and indicates at question 13.b.(1), (2), and/or (3) of the Application form that the proposed Development is eligible for the basis boost, then the Applicant must also provide as “**Exhibit 4**” to the Application form a letter from the Development's bond-issuing agency certifying the date the bond application was deemed complete and stating whether the bond

The General Contractor's fee must be disclosed. The General Contractor's fee includes General Conditions, Overhead, and Profit. TOTAL ACTUAL CONSTRUCTION COSTS and soft costs are represented by the total of A2. TOTAL GENERAL DEVELOPMENT COST.
 - (5) Operating Deficit Reserves (ODR) are not to be included in C. DEVELOPMENT COST and cannot be used in determining the maximum Developer fee. An ODR, if necessary, will be reviewed and sized in credit underwriting and may be different than the amount provided in the Application.
 - (6) Applications using HC equity funding, with the exception of those applying for MMRB funding, should list an estimated compliance fee amount in column 2.
 - (7) The costs associated with issuing tax-exempt bonds are not includable in eligible basis and should be listed in column 2.

The intent of this page is to assist the Applicant in determining the overall Average Median Income for the proposed HC Development. This portion of the Development Cost Pro Forma is to assist the Applicant in understanding some of the variables involved when selecting Income Averaging as the minimum housing credit set-aside. The entries below will not be used to establish the Applicant's set-aside commitment for Application purposes. This is to be used as a tool to assist the Applicant in selecting appropriate set-aside commitments in the Application. The accuracy of the table is dependent upon the accuracy of the inputs and Florida Housing takes no responsibility in any programing errors. This table is optional and its use is at the sole discretion of the Applicant. Applicant is responsible to verify and be in compliance with all aspects of the Application. As of the effective date of adoption of Rule Chapter 67-21, F.A.C., the tax-exempt bond set-aside commitment cannot be income averaged and the bonds will have its own set-aside commitment. Be sure the two unique set-aside commitments (housing credits and tax-exempt bonds) are compatible.

- i. In eliciting information from third parties required or included in this Application, the Applicant has provided such parties information that accurately describes the Development as proposed in this Application. The Applicant has reviewed the third party information included in this Application and the information provided by any such party is based upon, and accurate with respect to, the Development as proposed in this Application.
- j. The Applicant's commitment to set aside units in the proposed Development for the affordability period stated by the Applicant at question 10.c of the Application form is subject to the following:
 - (1) With certain exceptions, if there is an existing Corporation-issued LURA and/or EUA on the proposed Development site, in submitting this Application the Applicant knowingly, voluntarily and irrevocably commits to waive, and does hereby waive, for the duration of the total affordability period (a) as indicated by the Applicant in the Application or (b) the affordability period stated in the existing Corporation-issued LURA and/or EUA, whichever is greater, the option to convert to market, including any option or right to submit a request for a qualified contract, after year fourteen (14), and any other option, right or process available to the Applicant to terminate (or that would result in the termination of) the affordability period indicated in the Application at any time prior to the expiration of its full term. The exceptions to the above provision are: (i) if there is an existing LURA for the Predevelopment Loan (PLP) Program and/or the Elderly Housing Community Loan (EHCL) Program, (ii) if there is an existing LURA for the MMRB Program where no Corporation funding other than PLP and/or EHCL was involved with the original MMRB award, or (iii) if there is an existing EUA for Non-Competitive HC where no Corporation funding other than MMRB, PLP and/or EHCL was involved with the original Non-Competitive HC award.
 - (2) If there is no existing Corporation-issued LURA and/or EUA on the proposed Development site, or if there is an existing Corporation-issued LURA and/or EUA that meets any of the exceptions outlined in (1) above, the Applicant knowingly, voluntarily and irrevocably commits to waive, and does hereby waive, its option to convert to market after year fourteen (14) only if the Applicant commits to set aside units in the proposed Development for a period of time greater than the HC 30 year minimum.
- k. The proposed equity amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria), subject to the following:

(1) If syndicating/selling the Housing Credits, there are two exceptions to the preceding sentence. First, if there is a bridge loan proposal within the equity proposal that provides for bridge loan proceeds that equal at least 15 percent of the amount of total proposed equity to be provided to be made available prior to or simultaneous with closing of construction financing, the 15 percent criteria will be met. Second, if there is a separate bridge loan proposal from either the equity provider, any entity that is controlled directly or indirectly by the equity provider, or a subsidiary of the equity provider's parent holding company, and the proposal explicitly proposes an amount to be made available prior to or simultaneous with the closing of construction financing that equals at least 15 percent of the total proposed equity to be paid stated in the equity proposal, the 15 percent criteria is met. Bridge loan proposals that are not within the equity proposal, though, must meet the criteria previously stated for debt financing with the exception that evidence of ability to fund does not have to be provided. The Applicant may include the proposed amount of the bridge loan as equity proceeds on the Construction or Rehabilitation Analysis and on the Permanent Analysis (Note: this 15 percent criteria must be reflected in the limited partnership agreement or limited liability company operating agreement); or

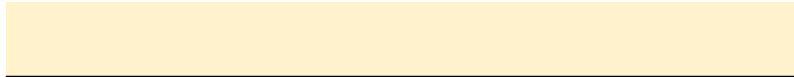

(2) If not syndicating/selling the Housing Credits, proceeds from a bridge loan will not count toward meeting the 15 percent criteria;
