

REQUEST FOR APPLICATIONS 2022-210

Permanent Supportive Housing Focusing On Best Practices And Funding For Tenancy Supports And Resident Services Coordination For High Utilizers Of Public Behavioral Health Systems

Issued By:

FLORIDA HOUSING FINANCE CORPORATION

Issued: June 7, 2022

Due: July 12, 2022

SECTION ONE INTRODUCTION

The Corporation is issuing this Request for Applications (RFA) to fund the development of Permanent Supportive Housing that will include a three-year pilot component. A portion of the overall tenants to be served at the Developments funded through the RFA will include persons who are high utilizers of public behavioral health crisis services or are a high priority for diversion from acute health care services and institutional settings (High Utilizers). The focus of the pilot is on those High Utilizers who are facing housing instability due to their behavioral health care situation.

The immediate objective of this pilot is to divert High Utilizers served by Managing Entities from repeated emergency, in-patient residential and/or acute care service use. The longer-term objective is to create a collaborative approach to state-administered funding for both housing and services to build a replicable model for the future. In the first pilot of this type that the Corporation funded to incentivize braiding together housing and services funding, the focus was on persons with high needs/high costs who were experiencing chronic homelessness. In this new pilot, the Corporation continues this work, focusing on those who are unable to meet literal homeless eligibility requirements and thus are unable to move through the local Continuum of Care system to access housing and services through that portal. Helping High Utilizer individuals in the behavioral healthcare system who face housing instability, but are not literally homeless, requires blending a different set of funding strategies to help them gain independence and stability in their communities.

This RFA will be open to Non-Profit Applicants that are experienced in working with and housing High Utilizers and have a funding and partnership commitment for resident services coordination, housing stability/tenancy supports and supportive services with the Managing Entity in the region where the Permanent Supportive Housing will be built.

As the RFA details below, additional units will be required to be set aside for Homeless Households and qualifying populations under the HOME-American Rescue Plan (ARP) Program. After Year 15, the HOME-ARP units will transition to serve Persons with Special Needs and Homeless Households, as detailed below.

Applicants chosen under this pilot, including both the housing provider and Managing Entity, must commit to work with the Corporation throughout the Pilot Period through a series of collaborative peer conversations and written reports to develop and inform the Corporation and the Department of Children and Families about resident outcomes and best practice strategies for serving High Utilizers in Permanent Supportive Housing. Additional requirements of the Pilot Program are described in Exhibit I of the RFA.

Funding Available:

Estimated funding amounts:

- \$5,000,000 of Competitive Housing Credits (HC)
- \$21,600,000 of HOME-American Rescue Plan (HOME-ARP) Program Funds provided as a forgivable loan
- \$6,700,000 of National Housing Trust Funds (NHTF) provided as a forgivable loan

SECTION TWO DEFINITIONS

Capitalized terms within this RFA shall have the meaning as set forth in this RFA, in Exhibit B, Rule Chapters 67-48, F.A.C.) and 67-60, F.A.C., in effect as of the Application Deadline, or in applicable federal regulations.

A. Submission Requirements

1. Application Deadline

The Application Deadline is **3:00 p.m., Eastern Time, on July 12, 2022.**

2. Completing the Application Package

a. Downloading and completing the documents provided by the Corporation

Download and complete the following documents found on the RFA Webpage:

- (1) The Application (Section Four, A. through C. of Exhibit A of the RFA);
- (2) The narrative description responses (Section Four, D. of Exhibit A of the RFA);
- (3) The Development Cost Pro Forma; and
- (4) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.c. of the RFA, may be used to satisfy this requirement.

The download process may take several minutes. Applicants should save these documents with a file name that is unique to the specific Application.

b. Creating the All Attachments Document

In addition to the documents described in a. above, the Application Package also includes one copy consisting of all of the applicable completed Attachments described in the RFA (“All Attachments Document”).

Compile all of the attachments described in the RFA into one pdf file separated by pages labeling each Attachment to create the All Attachments Document.

This may be accomplished by merging the documents using a computer program such as Adobe Acrobat Pro or by scanning all of the attachments together.

As described in Section Four, B.2., to be awarded 5 points, bookmark the pdf of the All Attachments Document before uploading. It is not necessary to bookmark the Exhibit A document, the Development Cost Pro Forma, or the Principal Disclosure Form. Acrobat Standard DC or Acrobat Pro DC are the programs required to create bookmarks.

Note: The Corporation has provided instructions on how to bookmark the Attachments as well as sample pages that may be used to separate the attachments on the RFA Webpage. If any of the attachments are not applicable, the Applicant should insert a page stating “Not Applicable” behind the separation page.

3. Uploading the Application Package

The Application Package consists of Exhibit A, the Development Cost Pro Forma, the Principal Disclosure Form, and the All Attachments Document. To upload the Application Package:

- a. Go to the RFA Webpage.
- b. Click the link to login and upload the Application Package. Note: A username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.
- c. After successfully logging in, click “Upload Application Package.” Enter the Development Name and click “Browse” to locate the following completed documents saved on the Applicant’s computer:
 - (1) The Application (Exhibit A) in Excel format;
 - (2) The Development Cost Pro Forma in Excel format;
 - (3) The Principals Disclosure form in Excel format. (If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded);
 - (4) The narrative description responses in Word format; and
 - (5) The All Attachments Document in a pdf format.

The average file size is 1.0 MB and may take a few minutes to upload. Larger files may take longer to upload. There is a file size limit of 15 MB, but this may be reduced without reducing the number of pages submitted. Examples of

factors that affect file size include the resolution of the scanner or scanning the documents in color or as a graphic/picture.

- d. After the documents are displayed in the Upload webpage, click “Upload Selected Files” to electronically submit the documents to the Corporation by the Application Deadline. Then the Uploaded Application (consisting of all four documents comprising the Application Package), and its assigned Response Number will be visible in the first column.

For scoring purposes, the Corporation will not consider any documentation beyond the Application Package that is uploaded as described above.

Note: If the Applicant clicks “Delete” prior to the Application Deadline, the Application will no longer be considered a Submitted Application and the Applicant will be required to upload the Application Package again in order for these documents to be considered an Uploaded Application. This will generate a new Response Number.

4. Submitting the Application Fee

- a. Application Fee

By the Application Deadline, provide to the Corporation the required non-refundable \$3,000 Application fee, payable to Florida Housing Finance Corporation via check, money order, ACH, or wire transfer.

For purposes of the funding selection process, the Corporation shall not accept any Application withdrawal request that is submitted between 5:00 p.m., Eastern Time, on the last business day before the date the Review Committee meets to make its recommendations until after the Board has taken action on the Review Committee's recommendations, and such Application shall be included in the funding selection process as if no withdrawal request had been submitted. Any funding or allocation that becomes available after such withdrawal is accepted shall be treated as Returned Funding and disposed of according to Section Five B. of the RFA.

- B. This RFA does not commit the Corporation to award any funding to any Applicant or to pay any costs incurred in the preparation or delivery of an Application.
- C. The Corporation reserves the right to:

 2. Accept or reject any or all Applications received as a result of this RFA.
- D. Any interested party may submit any inquiry regarding this RFA in writing via e-mail at RFA_2022-210_Questions@floridahousing.org (also accessible by clicking [here](#)) with “Questions regarding RFA 2022-210” as the subject of the email. - F. By submitting this Application, including all applicable attachments thereto, each Applicant agrees to the terms and conditions outlined in the RFA and certifies that:
1. **Public Records.** Any material submitted in response to this RFA is a public record. Section 119.071(1)(b)2, Fla. Stat. authorizes the Corporation to exempt this material from disclosure requirements; however, the Corporation intends to post the Applications to the RFA Webpage sooner than 30 days after the Application Deadline.
 2. **Noninterference.** At no time during the review and evaluation process, commencing with the Application Deadline and continuing until the Board renders a final decision on the RFA, may Applicants or their representatives contact Board members or Corporation staff, except Corporation legal staff, concerning their own or any other Applicant’s Application. If an Applicant or its representative does contact a Board or staff member in violation of this section, the Board shall, upon a determination that such contact was made in an attempt to influence the selection process, disqualify the Application.
 3. **Requirements.** Proposed Developments funded under this RFA will be subject to the requirements of the RFA, inclusive of all Exhibits, and all provisions of Rule Chapters 67-48, F.A.C., 67-60, F.A.C., and the Compliance requirements of Rule Chapter 67-53, F.A.C.

responsibility of the Applicant to check the website for any modifications prior to the Application Deadline.

- G. While the immediate objective of this pilot is to divert high-risk individuals from repeated emergency, in-patient residential and/or acute care service use, the longer-term objective is to create a collaborative approach to state-administered funding for both housing and services to build a replicable model for the future. Because of this, the Corporation has deemed that implementation of the Pilot will not be useful without at least two Applications being funded through this RFA. Thus the Corporation expects to select a minimum of two or more Applications to award the funding contemplated by this RFA. Any such Applications will be selected through the Corporation's review of each Application, considering the factors identified in this RFA. If fewer than two Applications are deemed eligible for funding, or if there are only two Applications eligible for funding and they are both from the same county, the Corporation will withdraw the RFA and no funding will be awarded at this time.

SECTION FOUR INFORMATION TO BE PROVIDED IN APPLICATION

Provided below are the instructions to be used in completing Exhibit A of this RFA. Unless stated otherwise, all information requested in the RFA pertains to the Development proposed in this Application upon completion of the construction work.

A. Exhibit A Items

1. Review of Application

With the exception of the narrative responses, the Corporation will not review the substance of the documentation that is submitted as Attachments to this RFA during the Review Committee scoring process unless there is a reason to believe that any of the documents have been improperly executed. During Review Committee scoring, the Corporation will rely on the answers submitted by the Applicant in Exhibit A, the Development Cost Pro Forma, and the Principal Disclosure Form to determine whether an Applicant has met the requirements of this RFA. Additionally, the Corporation has no authority to, and will not, evaluate the validity or enforceability of any eligible site control documentation.

If it is determined that the Attachments do not meet the RFA requirements or the Applicant submitted materially incorrect information in the Application, the Application may be deemed ineligible, and/or the Corporation may rescind the award, and all Principals of the Applicant may be subject to material misrepresentation, even if the Application was not selected for funding, was deemed ineligible, or was withdrawn.

2. Demographic Commitment

a. Demographic Commitments within Development

(1) High Utilizer Demographic Commitment

20 percent of the total units, or a minimum of 15 units, whichever is greater, must be set aside for High Utilizers for the entire Pilot Period. These units may not be the same as units set aside under the Homeless Household Demographic Commitment below, but may be the same units as those set aside under the HOME-ARP Demographic Commitment below.

The Pilot Period formally begins upon tenancy of the first High Utilizer resident. The Pilot Period will end no less than three years after a minimum of 90 percent of the High Utilizer units are initially occupied. After the Pilot Period and certain reporting requirements are met, the pilot will be considered completed and this demographic commitment will end.

Additional requirements of the Pilot Program are described in Exhibit I of the RFA.

(2) Homeless Demographic Commitment

10 percent of the total units must be set aside for Homeless Households for the full 50-year Compliance Period. These units may not be the same units as those set aside under any other Demographic Commitment in this RFA

Note: Starting in Year 16, the units set aside for Homeless Households will increase to 25 percent of the total units for the remaining Compliance Period, as further explained in (4) below.

(3) HOME-ARP Units

45 percent of total units will be considered HOME-ARP, for a minimum of 15 years.

(a) HOME-ARP Qualifying Populations Demographic Commitment

At least 70 percent of the HOME-ARP units must be set aside to serve HOME-ARP Qualifying Populations for 15 years.

(i) HOME-ARP Qualifying Population groups (see Exhibit J of the RFA for the comprehensive list)

- Sheltered and unsheltered homeless populations;
- Currently housed populations at risk of homelessness;
- Other families requiring services or housing assistance or to prevent homelessness; and
- Those at greatest risk of housing instability or in unstable housing situations.

- (ii) Low HOME Rents are utilized
 High and Low HOME Rent charts are available on the Corporation's Website at <https://www.floridahousing.org/owners-and-managers/compliance/rent-limits> (also accessible by clicking [here](#)).
- (iii) Under the HOME-ARP Qualifying Population Demographic Commitment, if the Applicant chooses to serve persons meeting the HOME-ARP Qualifying Populations homeless requirement, this must be in addition to the Homeless Demographic Commitment described above.
- (b) No more than 30 percent of total HOME-ARP units may be set aside to serve persons up to 80 percent AMI and High-HOME rents are utilized or as further restricted by Housing Credit unit rents and income limitations outlined in Section Four, 6.c. of the RFA.

Note: The HUD Notice regarding Requirements for the Use of Funds in the HOME-ARP Program and the HUD Memorandum regarding Waivers and Alternative Requirements for Implementation of the HOME-ARP Program are available on the RFA Webpage.

(4) Termination of HOME-ARP Units starting at Year 16 and change to new Demographic Requirements

At the end of Year 15, the HOME-ARP set-aside requirements will end. Starting in Year 16 the following Demographic commitments will be implemented:

25 percent of total units in the property must serve Persons with Special Needs; 25 percent of total units in the property must serve Homeless Households (this percentage includes the original 10 percent set-aside for Homeless Households required starting in Year 1); and the remaining units may serve any demographic group, including families and elders.

For the Corporation to better understand the property proposed, Applicants must check the box or boxes at question 2.a.(4) of Exhibit A that specify the defined Persons with Special Needs population(s) who the Applicant proposes to serve:

- (a) Adult persons requiring independent living services in order to maintain housing or develop independent living skills and who have a Disabling Condition that currently impairs or is likely to impair their physical mobility;*
- (b) Persons receiving benefits under the Social Security Disability Insurance (SSDI) program or the Supplemental Security Income (SSI) program or from veterans' disability benefits;*

*Due to the likelihood that residents of the subpopulations described in (a) and (b) above may have Mobility Impairments, Applicants that select (a) and/or (b) above must, at a minimum, meet the accessibility, adaptability, universal design and visitability features requirements outlined in Section Four A.8.c.(1) of the RFA (“Level 1 Accessibility Requirements”).

- (c) Adult persons requiring independent living services in order to maintain housing or develop independent living skills and who have a Disabling Condition that neither currently impairs nor is likely to impair their physical mobility, such as persons with a mental illness; **
- (d) Young adults formerly in foster care who are eligible for services under Sections 39.6251 and/or 409.1451, F.S.; ** and/or
- (e) Survivors of domestic violence as defined in Section 741.28, F.S. **

**Because residents of the subpopulations described in (c), (d), and (e) above are less likely to have Mobility Impairments, Applicants that select (c) and/or (d) and/or (e) above and that do not also select (a) and/or (b) above must at a minimum meet the accessibility, adaptability, universal design and visitability features requirements outlined in Section Four A.8.c.(2) of the RFA (“Level 2 Accessibility Requirements”).

Note: Units required to be set aside for Persons with Special Needs may not be the same as those units set aside to meet the Homeless Demographic Commitment described above.

At the end of Year 15, when the HOME-ARP set-aside requirements and HOME-ARP Qualifying Populations rent restrictions end on the 45 percent of total units under this program, these households may be allowed to occupy the unit with an indefinite length of stay as long as the tenant complies with lease requirements including the Housing Credit Unit rent restrictions.

A natural person Principal of at least one experienced Developer entity, which must be disclosed on the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) outlined below, must have, since January 1, 2002 completed at least three affordable rental housing developments, at least one of which was financed utilizing low-income housing tax credits pursuant to Section 42, IRC, and completed since January 1, 2012. At least one of the three completed developments must consist of a total number of units no less than 50 percent of the total number of units in the proposed Development.

The individual meeting the Developer Experience requirements must be disclosed as a Principal of the Developer on the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) and must also remain with the Development for three years following the issuance of a final certificate of occupancy or, in the event a final certificate of occupancy is not routinely provided by the applicable jurisdiction, such other information evidencing completion of the Development which is deemed acceptable to the Corporation.

For purposes of this provision, completed development means (i) that the temporary or final certificate of occupancy has been issued for at least one unit in one of the residential apartment buildings within the development, or (ii) that at least one IRS Form 8609 has been issued for one of the residential apartment buildings within the development. As used in this section, a Housing Credit development that contains

multiple buildings is a single development regardless of the number of buildings within the development for which an IRS Form 8609 has been issued.

If the experience of a natural person Principal for a Developer entity listed in this Application was acquired from a previous affordable housing Developer entity, the natural person Principal must have also been a Principal of that previous Developer entity as the term Principal was defined by the Corporation at that time.

Required Developer Prior Experience

Complete the prior experience chart for each natural person Principal intending to meet the required Developer experience reflecting the information for the three completed affordable rental housing developments, one of which must be a Housing Credit development.

(b) **Developer Experience Withdrawal Disincentive (5 points)**

(i) To be awarded five points in this RFA

Applications will be awarded five points if no Principal named in this RFA is also listed as a Developer, co-Developer or Principal of the Developer named on the Principals Disclosure Form included in RFA 2020-103, 2020-106, 2020-201, 2020-202, 2020-203, and 2020-204, 2020-208, 2020-211, 2021-103, 2021-106, 2021-201, 2021-202, 2021-203, 2021-204, 2021-208, or 2021-211 where an Application has been withdrawn any time subsequent to the applicable RFA's Application Deadline, but on or before the execution of the Carryover Allocation Agreement(s) and payment of the Administrative Fee(s) for such Application(s).

For purposes of scoring this RFA, the Committee shall consider all such withdrawals that are made available to the Committee prior to the date that the Committee meets to make a recommendation to the Board.

(ii) The Withdrawal Disincentive as a Point Item in Future RFAs

In an effort to encourage the submission of quality Applications, the Corporation will award points for Developer experience in certain future RFAs. Applicants and Developers are on notice that any Application submitted in this RFA that is withdrawn any time subsequent to the Application Deadline but on or before the execution of the Carryover Allocation Agreement and payment of the Administrative fee will (if the future RFA so provides) result in a point reduction in the scoring of Developer experience in future Applications in which the Developer, Co-

Developer or any Principal of the Developer(s) named in the Developer section of the Principals of the Applicant and Developer(s) Disclosure Form of the withdrawn Application is named for purposes of satisfying the Developer experience requirement in the future Application.

Note: As used herein, an Application withdrawal includes a withdrawal of an Application (or the funding under such Application) initiated or made by the Applicant or by the Corporation itself where such withdrawal by the Corporation is the result of the Applicant's failure to act in accordance with the terms of the RFA or to pay fees in a timely manner as required by the RFA. If an Applicant rejects or declines an invitation to enter credit underwriting within the deadline set forth in this RFA, this will be considered a withdrawal for the purposes of the withdrawal disincentive.

c. Principals Disclosure for the Applicant and for each Developer (5 points)

(1) Eligibility Requirements

To meet the submission requirements, upload the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) ("Principals Disclosure Form") as outlined in Section Three above. Prior versions of the Principal Disclosure Form will not be accepted.

To meet eligibility requirements, the Principals Disclosure Form must identify, pursuant to subsections 67-48.002(94), 67-48.0075(8) and 67-48.0075(9), F.A.C., the Principals of the Applicant and Developer(s) as of the Application Deadline. A Principals Disclosure Form should not include, for any organizational structure, any type of entity that is not specifically included in the Rule definition of Principals. Per subsection 67-48.002(94), F.A.C., any Principal other than a natural person must be a legally formed entity as of the Application deadline.

For Housing Credits, the investor limited partner of an Applicant limited partnership or the investor member of an Applicant limited liability company (or a placeholder for the investor) must be identified on the Principal Disclosure Form.

(2) Approval during Advance Review Process (5 Points)

Applicants will receive 5 points if the uploaded Principal Disclosure Form is either (a) stamped "Approved" at least 14 Calendar Days prior to the Application Deadline; or (b) stamped "Received" by the Corporation at least 14 Calendar Days prior to the Application Deadline AND stamped "Approved" prior to the Application Deadline.

To document these dates, the Corporation will stamp the Principal Disclosure Form on the date it is received and the date it is approved. If a Principal

Disclosure Form has been approved, but the Applicant must change the form for any reason, the form may be edited and resubmitted for approval, but the form will receive a new stamp reflecting the date the Corporation received the revised form. Likewise, if a form is returned to the Applicant for correction, the Applicant may make corrections and resubmit the form, but the date of the resubmission will be reflected as the date received. If a Principal Disclosure Form is submitted for an RFA with a "Received" date that is within 14 Calendar Days of the Application Deadline, the Applicant will not be eligible for the 5 Advance Review points.

The Advance Review Process for Disclosure of Applicant and Developer Principals is available on the RFA Webpage and also includes samples which may assist the Applicant in completing the required Principals Disclosure Form.

Note: It is the sole responsibility of the Applicant to review the Advance Review Process procedures and to submit any Principals Disclosure Form for review in a timely manner in order to meet the Application Deadline.

(3) Experience Goal

There is a goal to fund two Applications that have at least one Principal of the Applicant in this RFA that is also currently a Principal of a Development selected for funding in RFA 2014-102. To qualify for this goal, confirm that the Application qualifies in Exhibit A of this RFA.

(4) Material and non-material changes to the Applicant entity or Developer entity

- (a) For purposes of the following, a material change shall mean 33.3 percent or more of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant, and a non-material change shall mean less than 33.3 percent of the Applicant, a general partner of the Applicant, or a non-investor member of the Applicant.
- (b) The name of the Applicant entity or Developer entity stated in the Application may be changed only by written request of an Applicant to Corporation staff and approval of the Corporation after the Applicant has been invited to enter credit underwriting.
- (c) The Applicant entity shall be the recipient of the Housing Credits, and the borrowing entity for the loan(s) and cannot be changed in any way (materially or non-materially) until after the closing of the loan(s). After loan closing, (i) any material change will require review and approval of the Credit Underwriter, as well as approval of the Board prior to the change, and (ii) any non-material change will require review and approval of the Corporation. Changes to the Applicant entity (material or non-material) prior to the loan closing or without Board approval after the loan closing may result in disqualification from receiving funding and may be deemed a material misrepresentation. The Applicant must comply with Principal disclosure requirements outlined

in Rule Chapter 67-48, F.A.C. for the duration of the Compliance Period. Changes to the investor limited partner of an Applicant limited partnership or the investor-member of an Applicant limited liability company owning the syndicating interest therein will not result in disqualification; however, the Corporation must be notified of the change. Changes to the officers or directors of a Public Housing Authority or a non-profit entity will not result in disqualification; however, the change must be approved by the Corporation.

- (d) The Principals of each Developer identified in the Application, including all co-Developers, may be changed only by written request of an Applicant to Corporation staff and approval of the Corporation after the Applicant has been invited to enter credit underwriting as outlined in Rule Chapter 67-48, F.A.C. In addition, any allowable replacement of an experienced Principal of a Developer entity must meet the experience requirements that were met by the original Principal.

d. General Management Company Information

Identify the Management Company and provide the requested contact information.

e. Community-Based Board of Directors Requirement

The Applicant must commit to structuring the Board of Directors affiliated with the Non-Profit entity that is part of the Applicant entity with a majority (at least 50 percent, plus one) of individuals that are Non-Related Board Members to: 1) Any tenants or applicants for tenancy; 2) Any compensated management or staff of the Non-Profit; or 3) Any other members of the Board.

For this RFA, Non-Related Board Members means that these Board members and the Board Chair must not be related to, in a guardian role of, or in any way be a significant other of the groups listed above.

The Board and property manager shall not allow persons who are legally or informally related to current residents of or applicants for tenancy at the Development to be employees or volunteers in positions that make decisions related to the Development's operations, tenant application and selection, or coordination or provision of supportive services.

A Non-Profit Applicant must have bylaws that facilitate and ensure objective and experienced governance of the Non-Profit. The structure and operation of the Non-Profit, including both day-to-day administration and Board functions, may not be overseen by membership driven decisions.

The Applicant must answer the question in Exhibit A demonstrating that it meets this requirement.

4. General Proposed Development Information

- a. State the name of the proposed Development.
- b. Development Category

The proposed Development must consist entirely of new construction. Rehabilitation of existing units is not allowed. For purposes of this RFA, creation of new housing means that the proposed Development and the entire Development site is not currently contractually or otherwise legally obligated to provide affordable or public housing for individuals or families pursuant to any written instrument, rule, regulation or law. All New Construction Developments are considered to be creating new affordable housing.

Notwithstanding the forgoing, in accordance with subsection 67-48.023(1), F.A.C., if the proposed Development site or any part thereof is subject to any Land Use Restriction Agreement or Extended Use Agreement, or both, in conjunction with any Corporation affordable housing financing intended to foster the development or maintenance of affordable housing, the proposed Development will be eligible for funding if the LURA or EUA, or both, is for an existing building or buildings, originally constructed at least 15 years prior to the Application Deadline and encumbers less than 20 units on the proposed Development site, and the proposed Development that is the subject of this RFA consists entirely of new construction and is in addition to the existing units.

- c. Development Type

Select the Development Type for the proposed Development. For mixed-type Developments, indicate the type that will comprise the majority of the units in the Development.

- Garden Apartments (a building comprised of 1, 2 or 3 stories, with or without an elevator)
- Duplexes
- Quadraplexes
- Mid-Rise, 4-stories (a building comprised of 4 stories and each residential building must have at least one elevator)
- Mid-Rise, 5 to 6-stories (a building comprised of 5 or 6 stories and each residential building must have at least one elevator)
- High-Rise (a building comprised of 7 or more stories and each residential building must have at least one elevator)

For purposes of determining the number of stories, each floor in the building(s) should be counted regardless of whether it will consist of retail, commercial, parking, utility, or residential.

Note: Any dwelling unit that consists of more than one story, (e.g. Townhouse), is prohibited. Also, Group homes, Assisted Living Facilities, and other specialized licensed residential facilities, or units within a condominium complex are not eligible for funding in this RFA.

d. Enhanced Structural Systems (“ESS”) Construction Qualifications

To qualify as “Enhanced Structural Systems Construction” or “ESS Construction” for purposes of the Total Development Cost Limitation calculation and the Leveraging calculation, the proposed Development must meet at least one of the specifications listed below.

- (1) For all new construction buildings, all of the following structural elements must consist of 100 percent poured concrete/masonry, 100 percent steel, or a combination adding up to 100 percent of concrete/masonry and steel, as verified during credit underwriting: all exterior walls and other external load-bearing elements, as well as the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking), and any under-floor/under-ground supports for that lowest story’s floor.
- (2) Any new construction buildings with the Development Type of Mid-Rise (4, 5 or 6 story) that utilize a ESS Podium Structure shall qualify as “ESS Construction.” New construction buildings of other Development Types that utilize a ESS Podium Structure must meet the requirements in (1) above in order to qualify as “ESS Construction.” In this event, the top surface of the podium itself shall be considered to be the floor of the lowest story of the building that contains residential, commercial or storage space (other than parking).

For the purposes of determining “ESS Construction,” there is no requirement regarding the materials to be used in the roof of the building.

The term “ESS Podium Structure” shall mean a non-residential support structure underneath the rental units constructed solely of concrete/masonry, steel, or some combination of concrete/masonry and steel together, and where said structure under the rental units must utilize at least 85 percent of the square footage for parking or non-commercial utility/ancillary building uses only. Up to 15 percent of the square footage can be used for other non-residential purposes.

These qualifying criteria specifically exclude face brick or brick veneer from qualifying as ESS Construction for purposes of this RFA unless the proposed Development otherwise meets the requirements in (1) or (2) above.

For purposes of this RFA, the Corporation will consider an Application to be ESS Construction if the answer to question 4.d. of Exhibit A is “Yes.” This will be verified during the credit underwriting process. If this cannot be verified the Development will no longer be considered ESS Construction, and funding awarded under this RFA may be rescinded.

- e. Breakdown of number of units

Complete the chart in Exhibit A of the RFA reflecting the appropriate breakdown reflecting the number of units within each of the Development Categories, Development Types, or ESS/non-ESS Construction, for purposes of the Total Development Cost Per Unit Limitation calculation.

5. Location of Proposed Development

- a. Indicate the county where the proposed Development will be located.

Large, Medium and Small County Geographic Categories

Large	Medium		Small	
Broward	Alachua	Manatee	Baker	Jefferson
Duval	Bay	Marion	Bradford	Lafayette

- c. Scattered sites are not eligible for funding in this RFA.

- d. Latitude/Longitude Coordinates

Provide a Development Location Point stated in decimal degrees, rounded to at least the sixth decimal place.

Note: 30.443900, -84.283960 is an example of decimal degrees format, represented to six decimal places.

- e. Confirmation that the proposed Development meets the HUD environmental requirements for the NHTF Program

All successful Applicants will be awarded NHTF Funding for the required NHTF Units, and therefore will be required to comply with the HUD environmental requirements as provided in 24 CFR 93.301(f)(1) and (2).

- Mapping software from the National Wetlands Inventory can be found at the webpage <https://www.fws.gov/wetlands/> (which is also available [here](#)).
- Mapping software from the FEMA Flood Map Service Center can be found at the webpage <https://msc.fema.gov/portal/home> (which is also available [here](#)).

The Development's location within a flood zone or wetland area is subject to further verification in credit underwriting.

Note: Applicants will not be charged a fee for the environmental review.

6. Units and Buildings

- a. State the total number of units that will be in the proposed Development upon completion. The total units include all Set-Aside Units and Manager Units as described in Rule Chapter 67-53, F.A.C, and if applicable, market rate units.

Proposed Developments must consist of a minimum of 60 total units. Shared Housing is not allowed.

Note: The total number of units stated in the Application may be increased, up to any applicable allowable limit, after the Applicant has been invited to enter credit underwriting, subject to written request of an Applicant to Corporation staff and approval of the Corporation.

- b. If there are existing occupied units and if the Development is funded, a plan for relocation of existing tenants will be required to be provided to the Credit Underwriter, as outlined in Exhibit D.

- c. Set-Aside Commitments

- (1) Minimum Set-Aside Commitments per Section 42 of the IRC

Per Section 42 of the IRC, elect one of the following minimum set-aside commitments:

- 20% of the units at 50% or less of the Area Median Income (AMI)
- 40% of the units at 60% or less of the AMI
- Average Income Test

Note: Choosing the 20 percent at 50 percent AMI or less minimum set-aside will restrict ALL Set-Aside Units at 50 percent or less of the AMI. Applicants may select the 40 percent at 60 percent AMI or less minimum set-aside without committing to set aside any of the units at the 60 percent AMI level. For example, an Applicant may commit to set aside 40 percent at 50 percent AMI and this would also be considered 40 percent at 60 percent AMI or less.

The Average Income Test requires that (a) forty percent or more of the residential units in the Development be both rent-restricted and occupied by individuals whose income does not exceed the imputed income limitation designated by the Applicant with respect to the respective unit, subject to the special rules relating to income limitation which (b) require the Applicant to designate the imputed income limitation of each unit taken into account under (a) above, such that the average of the imputed income limitations of all units designated by the Applicant shall not exceed 60 percent of the area median income. The designated imputed income limitation of any such unit shall be in 10-percent increments as follows: 20 percent, 30 percent, 40 percent, 50 percent, 60 percent, 70 percent, or 80 percent of the area median income.

(2) Set-Aside Commitments per Corporation Requirements

The Corporation has additional minimum set-aside requirements beyond those required by Section 42 of the IRC which must be reflected on the Total Set-Aside Breakdown Chart, as outlined below:

(a) Total Income Set-Aside Commitment

- (i) If the Average Income Test is not selected, set aside a total of at least 80 percent of the Development's total units at 60 percent AMI or less; or
- (ii) If the Average Income Test is selected, set aside a total of at least 80 percent of the Development's total units at 80 percent AMI or less, but the Average AMI of the Qualifying Housing Credit Units cannot exceed 60 percent.

(b) Extremely Low Income (ELI) Set-Aside Requirements

The proposed Development must set aside a required percentage of total units for ELI Households. For purposes of this RFA, all ELI Households are set aside at 30 percent AMI or less.

- (i) If the Average Income Test is selected, at least 15 percent of total units must be set aside to serve Extremely Low Income (ELI) Households at 30 percent AMI or less.
- (ii) If the Average Income Test is not selected, at least 10 percent of the total units in the proposed Development must be set aside to serve ELI Households at 30 percent AMI or less.

(c) National Housing Trust Fund (NHTF) Unit requirements

In addition to the ELI Set-Aside Units, an additional 10 percent of the total units in the proposed Development must be set aside to serve households at 30 percent AMI or less and will be deemed NHTF Units. NHTF Units have other requirements stated below:

- There are no additional income restrictions associated with the NHTF Units;
- All required NHTF Units will be eligible for forgivable NHTF loan funding as outlined in Section Four, A.10.(a)(4) and Exhibit H of the RFA.
- All NHTF Units must be set aside for 30 years;
- After 30 years, all of the NHTF Units may convert to serve residents at or below 60 percent AMI; and
- For purposes of the Average Income Test, NHTF Units will be treated as 60 percent AMI units.

(d) Tenant Selection Plan

Unless the Development meets an exception outlined in (i) below, a Tenant Selection Plan must be submitted to the Corporation for approval within 21 Calendar Days of the date of the invitation to enter credit underwriting. The Tenant Selection Plan must be approved by the Corporation and, if required, HUD prior to the completion of the final credit underwriting report.

Note: The Tenant Selection Plan does not apply to the High Utilizer Units for the period that High Utilizer Units are part of the proposed Development.

(i) Exceptions to Tenant Selection Plan requirements

- Developments financed with HUD Section 811;
- Developments financed with a United States Department of Agriculture RD program.

All other Applications must achieve Corporation approval and, if required, HUD approval prior to the completion of the final credit underwriting report.

(ii) Achieving Corporation approval

To achieve approval by the Corporation, the Tenant Selection Plan must be submitted by the owner to the Corporation for approval within 21 Calendar Days of the date of the invitation to enter credit underwriting.

The Tenant Selection Plan Guidelines and Tenant Selection Plan Checklist can be found on the webpage <https://www.floridahousing.org/programs/developers-multifamily-programs/competitive> (also available by clicking [here](#)). Exhibit G of the RFA also describes requirements for tenant selection policies.

(iii) Achieving HUD approval, if required

In addition to the Corporation's approval, if HUD approval is required because a Development has a Housing Assistance Payment and/or an Annual Contributions Contract with HUD, HUD approval of the Tenant Selection Plan must be demonstrated to the Corporation prior to the completion of the final credit underwriting report.

HUD's approval process may take several months. Owner's should send the Corporation-approved Tenant Selection Plan to HUD for approval as soon as possible to meet this requirement.

(3) Total Set-Aside Breakdown Chart

(a) Completing the Total Set-Aside Breakdown Chart if not committing to the Average Income Test

Indicate on the chart at 6.c.(2)(a) of Exhibit A the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. If the Total Set-Aside Breakdown Chart reflects that either the Total Set-Aside Percentage or the ELI commitment does not meet the Set-Aside requirements, this Application will not be eligible for funding.

Methodology Used by the Corporation to Convert the Percentage of Total Units to Set-Aside Units and, if applicable, Market Rate Units

(i) First, calculate of the number of Set-Aside Units for the lowest AMI level commitment.

The percentage associated with the lowest AMI level that the Applicant commits to will be multiplied by the total units,

rounded up to the next whole unit. The result will be the number of Set-Aside Units at the lowest AMI level commitment.

- (ii) Then, calculate the number of Set-Aside Units for the second lowest AMI level.

The percentage associated with the second lowest AMI level that the Applicant commits to will be first added to the percentage associated with the lowest AMI level commitment. These percentages, added together, will be multiplied by the total units, rounded up to the next whole unit.

The number of units calculated in (i) above will be subtracted from the result to calculate the number of Set-Aside Units at the second lowest AMI level commitment.

- (iii) Then, calculate the number of Set-Aside Units for each remaining AMI level, if applicable.

Starting with the third lowest AMI level remaining, the number of Set-Aside Units for each of the remaining AMI levels will be calculated using the same methodology described in (ii) above.

- (iv) Finally, calculate market-rate units, if applicable

To calculate the number of market-rate units, the total number of Set-Aside Units will be subtracted from the total number of units.

- (b) Completing the Total Set-Aside Breakdown Chart if committing to the Average Income Test

If committing to the Average Income Test, Applicants must indicate on the chart at 6.c.(2)(b) of Exhibit A the number of Set-Aside Units, stated in whole numbers, to be set aside at each selected AMI level.

Note: Because NHTF Units are set aside for 30 years, Applicants should not represent any NHTF Units in this chart.

The Corporation will verify that the number of units set aside at the ELI level meets the ELI minimum requirements by dividing the number of units that are set-aside at 30 percent AMI, or less, by the total number of units. The Corporation will also verify the overall Set-Aside Commitment of all units by adding all Set-Aside Units and then dividing this sum by the total number of units. Exhibit A provides a calculation of the Average AMI of the Qualifying Housing Credit Units using the methodology below.

Note: After entering the number of units into Exhibit A, the percentage of total units is calculated, which may reflect numbers represented with decimal places instead of whole numbers. This is acceptable for the Average Income Test calculation.

If the Total Set-Aside Breakdown Chart reflects that the Average AMI of the Qualifying Housing Credit Units exceeds 60 percent, and/or if the number of Set-Aside Units set aside at 30 percent AMI, or less, is not equal to or greater than the required ELI commitment, and/or the overall Set-Aside Commitment requirement is not met, this Application will not be eligible for funding.

Calculation of the Average AMI of the Qualifying Housing Credit Units for the Average Income Test

- (i) First, state the total number of Set-Aside Units at each AMI commitment.
- (ii) Then, at each AMI commitment, multiply the number of Set-Aside Units by the AMI percentage (e.g., a commitment of 13 Set-Aside Units at 30 percent AMI would be calculated as follows: $13 \times 0.30 = 3.9$).
- (iii) Repeat this calculation at each AMI level. Then add the results together.
- (iv) Divide the number calculated in (iii) by the total number of Set-Aside Units stated in (i).
- (v) This number must be equal to or less than 60 percent to meet the eligibility requirement. If the Average AMI of the Qualifying Housing Credit Units exceeds 60 percent, this Application will not be eligible for funding.

Where reasonably possible, keep the unit mix consistent across each committed AMI level.

The above ELI and all other set-aside commitments must be taken into account during any pre-leasing and leasing activities.

d. Unit Mix

Completing the Unit Mix Chart

Complete the Unit Mix Chart listing the total number of bedrooms per unit, the total number of bathrooms per unit (including half-baths, if applicable), the total number of units per bedroom type, and the number of units that are ELI Set-Aside units. All units in the proposed Development must be listed, including all manager/employee units, if applicable.

All of the following requirements must be met:

- At least 40 percent of the units must be one-bedroom units.
- No single-room occupancy (SRO) units or units with four or more bedrooms will be permitted. Units must consist of Zero, one, two, or three bedrooms only. No more than 20 percent of the total units may be comprised of Zero Bedroom units, meaning the unit is a single person occupancy unit of at least 350 square feet that includes a private full bathroom and a vertical closet for clothing. The unit shall include a kitchen with a refrigerator, stove and sink, as defined in Rule 67-48.002(119), F.A.C.
- No more than 10 percent of the total units may be comprised of three-bedroom units.

Note: During credit underwriting, the credit underwriter will verify that the ELI Set-Aside units are distributed across the unit mix on a pro-rata basis.

d. Number of Buildings

State the anticipated number of residential buildings.

The number of residential buildings stated in the Application may be changed only by written request of an Applicant to Corporation staff after the Applicant has been invited to enter credit underwriting.

e. Compliance Period

(1) Demographic Commitments within Development

(a) High Utilizer Demographic Commitment

20 percent of the total units, or a minimum of 15 units, whichever is greater, must be set aside for High Utilizers for the Pilot Period.

The Pilot Period formally begins upon tenancy of the first High Utilizer resident. The Pilot Period will end no less than three years after a minimum of 90 percent of the High Utilizer units are initially occupied. Once the three-year period is completed, should the units also serve another Demographic Commitment, such as HOME-ARP, the units will continue with the income or Demographic restrictions that remain

(b) Homeless Demographic Commitment

10 percent of the total units must be set aside for Homeless Households for the full 50-year Compliance Period. These units may not be the same units as those set aside under any other Demographic Commitment in this RFA

Note: Starting in Year 16, the units set aside for Homeless Households will increase to 25 percent of the total units for the remaining Compliance Period

(c) HOME-ARP Units

45 percent of total units will be considered HOME-ARP, for a 15-year compliance period.

(i) HOME-ARP Qualifying Populations Demographic Commitment

At least 70 percent of the HOME-ARP units must be set aside to serve HOME-ARP Qualifying Populations.

(ii) No more than 30 percent of total HOME-ARP units may be set aside to serve persons up to 80 percent AMI, or as further restricted by Housing Credit unit limitations outlined in Section Four, 6.c. of the RFA.

(d) Persons with Special Needs and Homeless Households Demographic Commitment

At the end of Year 15, when the HOME-ARP set-aside requirements and HOME-ARP Qualifying Populations rent restrictions end on the 45 percent of total units under this program, these households may be allowed to occupy the unit with an indefinite length of stay as long as the tenant complies with lease requirements including the Housing Credit Unit rent restrictions. As the household change occurs, 25 percent of total units in the property must serve Homeless Households (this percentage includes the original 10 percent set-aside for Homeless Households required starting in Year 1); 25 percent must serve Persons with Special Needs subpopulation(s) committed to at question C.1. of Exhibit A to the RFA; and the remaining units may serve any demographic group, including families and elders for the remainder of the Compliance Period.

(e) NHTF Units

All NHTF Units must be set aside for 30 years.

(2) Applicants must irrevocably commit to the income set-aside commitments for a minimum of 50 years unless otherwise stated above.

These commitments will also be reflected in the Extended Use Agreement and the Land Use Restriction Agreement. In submitting its Application, the Applicant knowingly, voluntarily and irrevocably commits to waive, and does hereby waive, for the duration of the 50-year set aside period the option to convert to market, including any option or right to submit a request for a qualified contract, after year 14, and any other option, right or process available to the Applicant to terminate (or that would result in the termination of) the 50-year set aside period at any time prior to the expiration of its full term.

Note: The Compliance Period committed to in this section includes the units set aside for the Demographic Commitments made in this RFA, which includes the commitments for ELI Households. Although the percentage of units committed to must remain in

effect for the entire Compliance Period, the particular units designated for the Demographic Commitment and AMI commitment must not be limited to the same units throughout the Compliance Period. Doing so may cause the Development to be in noncompliance.

To serve the High Utilizer tenants who will be part of the pilot, during lease-up and through the Pilot Period, the Applicant must provide and oversee a Housing Stability Services Coordinator to support these residents, oversee implementation of resident plans and provide or coordinate services for each resident based on the housing stability services listed in Exhibit I. In addition, Applicants and Managing Entities may propose additional staff and/or supports in the RFA application narratives to ensure that these residents receive the support needed to develop stability to live independently in their communities.

The Housing Stability Services Coordinator will work full time, at the Development, to provide housing stability services, including broad supportive services coordination, such as employment and training support, services coordination and appropriate referrals for High Utilizer residents, as further explained in Exhibit I of this RFA. The primary responsibilities of the Housing Stability Services Coordinator(s) may not include provision of resident services coordination to the rest of the residents.

Note: Once the Pilot Period is completed, Applicants and Managing Entities are encouraged to continue working together to provide Permanent Supportive Housing for the Managing Entities’ consumers.

State the amount of Competitive 9% Housing Credits being requested.

The Applicant's Competitive Housing Credit Request Amount is limited to the lesser of the following:

\$22,000 per unit; or

\$1,887,000 per Development

If the Applicant states an amount that is greater than the amount the Applicant is eligible to request, the Corporation will reduce the amount down to the maximum amount the Applicant is eligible to request ("Eligible Housing Credit Request Amount"). In addition, if the Applicant states an amount that is not a whole dollar amount, the Corporation will round the amount down to a whole dollar amount.

All proposed Developments in this RFA qualify for the basis boost. If the proposed Development that is subject to this RFA also qualifies for the HUD-designated basis boost and is a multiphase Development, Applicants may declare this Development a first phase or subsequent phase by providing the information required in (b) or (c) below.

(b) Declaration as First Phase of a Multiphase Development

To declare this proposed Development as the first phase of a multiphase Development, the question in Exhibit A must be answered “Yes” and at least one building must be located within the HUD-designated DDA or HUD-designated QCT stated in Exhibit A.

During the credit underwriting process, an opinion letter must be submitted to the Corporation by a licensed attorney that the Development meets the definition of a “multiphase project” as defined in the Federal Register related to the Statutorily Mandated Designation of Difficult Development Areas and Qualified Census Tracts for the applicable year. The letter must also include: (i) the name of the declared first phase Development and the Corporation-assigned Application number, (ii) the total number of phases and the projected Development name for each phase, (iii) the total number of buildings in each phase, (iv) the expected completion date for each phase, and (v) any other information as determined by the Corporation and stated in the invitation to enter credit underwriting.

(c) Basis Boost Qualifications

With regard to Housing Credits, HUD provides regulatory guidance on the effective date of Difficult Development Area (DDA) and Qualified Census Tract (QCT) lists for the purpose of determining whether a Development qualifies for an increase in eligible basis in accordance with Section 42(d)(5)(B) of the IRC. HUD’s notice published on the webpage <https://www.huduser.gov/portal/datasets/qct.html> (also available by clicking [here](#)) governs the eligibility for a basis boost for the Development proposed in this RFA.

The 2022 HUD-designated DDAs, SADDAs, and QCTs will be in effect as of January 1, 2022 and will be used for this RFA. These can be found on the webpage <https://www.huduser.gov/portal/datasets/qct.html> (also available by clicking [here](#)).

(i) Subsequent Phase of a Multiphase Development

For purposes of this RFA, a subsequent phase of a multiphase Development is one where the first phase was located within a HUD-designated DDA or HUD-designated

QCT and appropriately identified as such, and received an award of Housing Credits (“initial award”) in one of the following: (i) the 2011 Universal Application Cycle, (ii) a Request for Proposal or Request for Application (“RFP” or “RFA”) issued in calendar year 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021 or (iii) a Non-Competitive Housing Credit Application (awarded through a Corporation competitive RFA process or a Non-Corporation Bond issuer’s competitive application).

For the phase to qualify as a subsequent phase, after the initial award, (A) the Applicant must have submitted an Application for Housing Credits in immediately consecutive years, per the HUD requirements, (B) the 730-day period following the initial award must not end prior to the submission deadline for the Corporation’s competitive RFA or a Non-Corporation Bond issuer’s competitive application, per HUD’s requirements, and (C) the subsequent phase must have at least one building located within the boundary of the declared HUD-designated DDA or HUD-designated QCT which applied to the Development declared as the first phase by the first phase Applicant.

If the proposed Development qualifies as a subsequent phase of a multiphase Development, indicate as such in Exhibit A and provide the Corporation-assigned Application number for the Development where the first phase was declared and awarded an allocation of Housing Credits.

The proposed Development’s subsequent phase status will be confirmed during the credit underwriting process. If it is determined that the proposed Development does not meet the criteria to be designated a subsequent phase of a multiphase Development, it will no longer be considered a subsequent phase of a multiphase Development.

(ii) HUD-designated Small Area DDA (SADDA)

A proposed Development may qualify as a first phase and be eligible for the basis boost in subsequent RFAs if the proposed Development is located within a HUD-designated Small Area DDA (SADDA), as defined in Section 42(d)(5)(B)(iii), IRC. The SADDA designation will only apply to the building(s) located within the applicable SADDA Zip Code Tabulation Area (ZCTA) and only those building(s) will be eligible for the basis boost.

HUD has assigned a ZCTA number to each SADDA, available on the webpage

<https://www.huduser.gov/portal/datasets/qct.html> (also available by clicking [here](#)). The applicable HUD mapping software is available at

https://www.huduser.gov/portal/sadda/sadda_qct.html (also available by clicking [here](#)).

To qualify, identify, in Exhibit A, the ZCTA number(s) for the proposed Development.

During credit underwriting and at the time of Final Cost Certification, if it is determined that there are buildings located outside of the applicable SADDA ZCTA, the Corporation reserves the right to reduce the Housing Credit Allocation if the eligible basis for the building(s) located in the applicable SADDA ZCTA is not sufficient to support the request amount.

(iii) HUD-designated Non-Metropolitan DDA

A proposed Development may qualify as a first phase and be eligible for the basis boost in subsequent RFAs if the Development county, as stated in Exhibit A, is located within a HUD-designated non-metropolitan DDA as defined in Section 42(d)(5)(B)(iii), IRC. The 2021 HUD-designated non-metropolitan DDAs are available on the webpage <https://www.huduser.gov/portal/datasets/qct.html> (also available by clicking [here](#)).

(iv) HUD-designated QCT

A proposed Development may qualify as a first phase and be eligible for the basis boost in subsequent RFAs if the entire Development is located, as of Application Deadline, within a HUD-designated QCT, as defined in Section 42(d)(5)(B)(ii), IRC, as amended and based on the current census, as determined by HUD.

The HUD-designated QCTs are available on the webpage <https://www.huduser.gov/portal/datasets/qct.html> (also available by clicking [here](#)).

To qualify, indicate the HUD-designated QCT census tract number.

(v) Demographic Basis Boost

All Applications proposing a Development that is not located in a HUD-designated DDA (Non-Metropolitan DDA or Small Area DDA) or a QCT as provided above will qualify for a 30% basis boost as authorized by the Housing and Economic Recovery Act of 2008 and the Corporation's most recently authorized Qualified Allocation Plan.

(d) Housing Credit Equity Proposal

A Housing Credit equity proposal must be provided as **Attachment 11**. For purposes of this RFA, to be counted as a source, an equity proposal, regardless of whether the documentation is in the form of a commitment, proposal, term sheet or letter of intent, must meet the requirements set out below:

- (i) If the Eligible Housing Credit Request Amount is less than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will be considered a source of financing and, for scoring purposes, the maximum amount of Housing Credit equity to be permitted in the Development Cost Pro Forma will be adjusted downward from the amount stated in the equity proposal. This adjusted maximum Housing Credit equity will be calculated by taking the total amount of equity to be provided to the proposed Development as stated in the equity proposal letter, dividing it by the credit allocation stated in the equity proposal and multiplying that quotient by the Applicant's Eligible Housing Credit Request Amount. If the Eligible Housing Credit Request Amount is greater than the anticipated amount of credit allocation stated in the equity proposal, the equity proposal will be considered a source of financing and the maximum amount of Housing Credit equity to be permitted for scoring in the Development Cost Pro Forma will be the amount stated in the equity proposal.
- (ii) If syndicating/selling the Housing Credits, the Housing Credit equity proposal must meet the following criteria:
- Be executed by the equity provider;
 - Include specific reference to the Applicant as the beneficiary of the equity proceeds;
 - State the proposed amount of equity to be paid prior to construction completion;
 - State the anticipated Housing Credit Request Amount;
 - State the anticipated dollar amount of Housing Credit allocation to be purchased; and
 - State the anticipated total amount of equity to be provided.

If the limited partnership agreement or limited liability company operating agreement has closed, the closed agreement must be provided. To be counted as a source of financing, the partnership agreement or operating agreement must meet the requirements above or submit separate documentation, signed by the equity provider, expressly stating any required criteria not provided in the agreement.

(iii) If not syndicating/selling the Housing Credits, the owner's commitment to provide equity must be provided. The commitment must include the following information and evidence of ability to fund must be provided as **Attachment 11** to the Application:

- The proposed amount of equity to be paid prior to construction completion;
- The anticipated Housing Credit Request Amount;
- The anticipated dollar amount of Housing Credit allocation to be purchased; and
- The anticipated total amount of equity to be provided.

Note: Exhibit D to the RFA outlines the documentation required to be submitted during credit underwriting demonstrating that the equity amount to be paid prior to or simultaneous with the closing of construction financing is at least 15 percent of the total proposed equity to be provided (the 15 percent criteria).

(3) Other Corporation Funding

- (a) If the Development has received funding from the Predevelopment Loan Program (PLP), the Corporation file number and amount of funding must be listed. Note: PLP funding cannot be used as a source of financing on the Construction/Rehab Analysis or the Permanent Analysis.
- (b) List any other Corporation funding that is intended to be utilized as a source of financing for the proposed Development.

b. Non-Corporation Funding

Unless stated otherwise within this RFA, for funding, other than Corporation funding and deferred Developer Fee, to be counted as a source on the Development Cost Pro Forma, provide documentation of all financing proposals from both the construction and the permanent lender(s), equity proposals from the syndicator, and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments

and/or exhibits referenced in the proposal must be provided as **Attachment 13*** to Exhibit A.

*Note: Attachment 12 was intentionally omitted from this RFA.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions not documented in accordance with financing proposals that are not from a Regulated Mortgage Lender, fee waivers or any portion of any fees that are reimbursed by the local government. Additionally, fee waivers or any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

(a) Financing Proposal

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria.

Each financing proposal shall contain:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable;
- Specific reference to the Applicant as the borrower or direct recipient; and
- Signature of lender.

Note: Eligible Local Government financial commitments (i.e., grants and loans) can be considered a source of financing without meeting the requirements above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form 07-2019) and/or the Local Government Verification of Contribution – Loan Form (Form 07-2019) and such grant and/or loan is effective at least through June 30, 2023. A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. The grant and loan forms (Form 07-2019) are available on the RFA Webpage. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

(b) Financing that has closed:

- (i) If the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable; and
- Specific reference to the Applicant as the borrower/direct recipient/mortgagee.

(ii) Except for HUD and RD funding, if the financing involves an assumption of debt not currently in the Applicant's name, as evidence that the lender approves of the proposal of assumption, provide a letter from the lender, dated within six months of the Application Deadline, that includes the following information:

- Specifically references the Applicant as the assuming party;
- If a permanent loan, states the amount to be assumed; and
- If a construction loan, states the maximum amount of funding capacity.

If the debt being assumed is provided by HUD, provide a letter from HUD, dated within six months of the Application Deadline, confirming the funding source. The letter must include the following information:

- Name of existing development;
- Name of proposed Development;
- Loan balance;
- Acknowledgment that property is applying for Housing Credits; and
- Applicable HUD program.

If the debt being assumed is provided by RD, the Applicant is only required to provide the information described in Item 10.b.(1)(b) above.

(c) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer Fee.

In the case where the seller (or lessor) of the Development's property is providing a seller's or lessor's note (purchase money mortgage or equivalent) to help finance the Applicant's acquisition of the property, evidence of its ability to fund the amount of the note is not needed so long as the Application includes a letter from the seller or lessor that meets the financing proposal criteria outlined in (2)(a) above and the amount of the note is equal to or less than the purchase price of the property.

- (d) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount greater than the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (e) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (f) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (g) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (h) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

c. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted downward, this may result in a funding shortfall. If the Application has a funding shortfall, it will be ineligible for funding.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, and, if applicable, acquisition, including the Developer Fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be included on the Development Cost Pro Forma. Note: deferred Developer Fees are not considered “waived fees.”

Developer Fee and General Contractor fee must be disclosed. In the event the Developer Fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer Fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust the fee to the maximum allowable. As stated below, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

Unless stated otherwise in this RFA, except for deferred Developer Fee, the Application requires complete information on all sources of Development funding and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total of monetary funds determined to be in funding proposals must equal or exceed uses.

(1) Developer Fee

Each Developer Fee component listed in (a) and (b) below shall not exceed the respective amounts described below:

- (a) Developer Fee on Acquisition Costs, is limited to 21 percent* of the Total Acquisition Cost of Existing Development (excluding land) stated on the Development Cost Pro Forma in Column 3 of Item B, rounded down to the nearest dollar; and
- (b) Developer Fee on Non-Acquisition Costs, is limited to 21 percent* of the net amount after deducting Total Acquisition Cost of Existing Development (excluding land) (Column 3 of Item B) from the Development Cost stated on the Development Cost Pro Forma in Column 3 of Item C, rounded down to the nearest dollar.

If the maximums stated in (a) or (b) are exceeded, the Corporation will adjust the amount down to the maximum allowed. Additionally, the Corporation may further adjust the Developer Fee on Acquisition Costs, and/or Developer Fee on Non-Acquisition Costs stated on the Development Cost Pro Forma and used to calculate the Developer Fee in Item D of the Development Cost Pro Forma. The conditions for such adjustments are stated below:

- If the amount of Developer Fee on Acquisition Costs is more than the amount allowed in (a) above, AND if the amount of Developer Fee on Non-Acquisition Costs is less than the amount allowed in (b) above, the Corporation will reduce the amount of Developer Fee on Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Non-Acquisition Costs by the amount reduced in the Developer Fee on Acquisition Costs, up to the maximum allowed amount.
- If the amount of Developer Fee on Non-Acquisition Costs is more than the amount allowed in (b) above, AND if the amount of Developer Fee on Acquisition Costs is less than the amount allowed in (a) above, the Corporation will reduce the amount of Developer Fee on Non-Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Acquisition Costs by the amount reduced in the Developer Fee on Non-Acquisition Costs, up to the maximum allowed amount.

*The Developer Fee is limited to 16 percent of the Development Cost; however, the Corporation will allow Applicants to provide a Developer Fee up to 21 percent of the Development Cost to be stated on the Development Cost Pro Forma, with up to 5 percent of the Development Cost placed in an operating deficit reserve account to be held by the Corporation or its servicer. This portion of the total Developer Fee is referred to as the operating deficit reserve proportion. The operating deficit reserve portion will be verified and sized during credit underwriting. Any disbursements from said operating deficit reserve account shall be reviewed and approved by the Corporation or its servicer. Upon the expiration of the Compliance Period, any remaining balance may be drawn to pay down any outstanding Corporation debt on the proposed Development. If there is no Corporation loan debt on the proposed Development at the end of the Compliance Period, then any remaining balance in said operating deficit reserve account shall be placed in a replacement reserve account for the proposed Development. In no event shall the remaining balance in said operating deficit reserve account be paid to the Developer.

The Corporation will allow up to 100 percent of the eligible Developer Fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees include, but are not limited to, payments for Application consultants, construction management or supervision consultants, or local government consultants.

(2) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(3) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed 5 percent of hard and soft costs, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer Fee. Applicants may not enter any amounts pertaining to any type of reserve other than the contingency reserve mentioned above and, if applicable, any reserve permitted in the RFA and established as a subset of Developer Fee, on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve and the Developer Fee subset, if applicable, can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

Permitted costs related to supportive services are not considered operating expenses for the purpose of drawing down operating subsidy reserve.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer Fee), the Development's capital replacement reserve account (provided, however, that any operating deficit reserve funds

deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance payment or pre-funding of the Applicant's obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant's organizational agreement (i.e., operating or limited partnership agreement) and, in the case of a Development with a Homeless or Persons with Special Needs Demographic Commitment, another operating deficit reserve whereby its final disposition remains under this same restriction. The actual direction of the disposition is at the Applicant's discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer Fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

The Corporation will review the limited partnership agreement or limited liability company operating agreement language on reserves for compliance with the above requirement. If the limited partnership agreement or limited liability company operating agreement does not specifically state that the parties will comply with the Corporation's requirements stated above, the Corporation will require an amendment of the agreement and will not issue IRS form(s) 8609 until the amendment is executed and provided to the Corporation.

11. HOME Uniform Relocation Act

This must be done prior to execution of the contract or proposed lease (with a minimum 50-year term) or may be

Use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items described in Section Four, A. above. The Addenda section of Exhibit A may not be used to provide any additional information or explanatory addendum for items described in Section Four, C. below. Please specify the particular item to which the additional information or explanatory addendum applies.

C. Narrative Scoring

The following narrative section allows for Applicants to provide detailed responses about the Development and how they address resident needs of the demographic populations described in Section Four C.1. of the RFA. Each response must address the specific criteria identified in the corresponding description. When scoring narrative responses, the Corporation will only consider the written responses provided in Exhibit A. When assigning points for each narrative section, only the narrative for that particular requirement will be considered. Information in other narrative sections will not be considered. It is recommended to account for all criteria for each response, even if it requires repeating information in multiple narrative responses.

As stated in the Applicant Certification and Acknowledgement Form, the Corporation reserves the right to verify any and all information provided in Applicants' narrative responses during credit underwriting. If it is determined that the Applicant submitted materially incorrect information in the Application, the Application may be deemed ineligible, and/or the Corporation may rescind the award, and all Principals of the Applicant may be subject to material misrepresentation, even if the Application was not selected for funding, was deemed ineligible, or was withdrawn.

1. Demographic Populations to Be Served (no points awarded)

Applicants must include in their application a narrative describing in detail the demographic subpopulation(s) to be served over the compliance period, with particular attention to the Managing Entity's priorities for the High Utilizer population(s) to be served. This information will be considered by the Corporation when reviewing and scoring how the proposed Development will assist the intended residents.

The Applicant's description(s) is limited to no more than three typed pages within the text box at question C.1. of Exhibit A. Note: Although the online Application system allows for more than three pages, any portion of the description that is beyond three pages will not be considered.

2. Applicant experience with a sustainable model for permanent supportive housing and services coordination for High Utilizer populations in the behavioral health arena. [Maximum of 20 points]

Describe the Applicant's experience and length of time in operating and managing Permanent Supportive Housing serving the population of High Utilizer residents who will be served by the proposed Development. In the case of a joint venture Applicant, describe the experience of each joint venture entity that makes up the Applicant entity. The description should include coordinating tenancy supports and other supportive

services for High Utilizer individuals who, before residency, were routinely interacting with behavioral health and other systems of crisis care. Provide evidence that the Applicant's existing supportive housing approach has assisted these residents to maintain stability in their communities.

The description should incorporate:

- a. A brief overview of the High Utilizers served;
- b. The involvement in working partnerships with behavioral health entities or other groups working with these High Utilizers and how all members of the Applicant entity have used existing supportive systems of care to ensure that these residents have been well served;
- c. How the Applicant has balanced the sustainability of its properties with serving High Utilizers who often have extremely low incomes;
- d. The Applicant's internal organizational capacity to oversee the strategic approach for tenant supports and supportive services for High Utilizer residents;
- e. The Applicant's proven strategies for assisting High Utilizer tenants who have received the supports and care they needed and are ready and desire to move on from Permanent Supportive Housing; and
- f. The Applicant's previous or current work, contractually or otherwise, that it has done with this or other Managing Entities or Managed Care Plans to incorporate funding for services coordination, tenancy supports and other services provision into its permanent supportive housing properties, including the roles and responsibilities of the Applicant and the Managing Entity in these situations.

The Applicant's description is limited to no more than four typed pages within the text box at question C.2. of Exhibit A. Note: Although the online Application system allows for more than four pages, any portion of the description that is beyond four pages will not be considered.

3. Operating/Managing Permanent Supportive Housing Experience. [Maximum of 15 points]
 - a. The viability and sustainability of Permanent Supportive Housing is contingent upon the Development having the necessary experience and capacity to successfully operate and manage the traditional property management functions of affordable rental housing, as well as understanding how to facilitate entry for intended households, housing stability and access to community-based resources and services for the tenants. For points, the Applicant should describe the Applicant's or its management company's capacity and experience performing traditional rental housing operations and management functions and overseeing or administering services coordination activities, particularly for residents who were high utilizers of costly health care and other public services.

If the Applicant is a Joint Venture, describe the experience and capacity of each entity that makes up the Applicant entity.

- b. The Applicant should also describe its experience and capacity coordinating property management functions with the housing stability services and resident services coordination functions provided to assist intended residents in maintaining housing stability and integrated lives in their community (whether these are provided by the Applicant or the management company), particularly as it relates to High Utilizer tenants. The Applicant should also describe its operations and management approach for helping tenants address and mitigate issues that have or may violate their lease and housing stability. If the Applicant is a Joint Venture, describe the experience and capacity of each entity that makes up the Applicant entity. If the property will be managed by a property management company that is a separate business from the Applicant, the Applicant should describe its experience ensuring these functions are well managed by the management company.
- c. Provide the years of experience performing the functions above, qualifications of the entity(s), and any best practices that are followed in performing the function(s) related to operating and managing Permanent Supportive Housing and serving the intended households for this RFA.
- d. Note that the functions of property management and resident community-based services coordination must be entirely separate. The services coordination staff may or may not be the same staff helping on behalf of a resident to address or mitigate a lease issue.

The Applicant's description(s) is limited to no more than three typed pages within the text box at question C.3 of Exhibit A. Note: Although the online Application system allows for more than three pages, any portion of the description that is beyond three pages will not be considered.

Note: Providing only a list of Permanent Supportive Housing Developments and/or units will not be a sufficient description of experience for any Applicant or the management company.

- 4. The plan for the proposed Development to coordinate access to housing stability supports, behavioral health care services and amenities for High Utilizer tenants and other residents. [Maximum of 25 points]
 - a. Residents will need immediate, easy access to intensive, onsite housing stability tenancy supports, as well as off-site community-based services and amenities, either through on site or close proximity to supportive and general services and/or easy access to public or other transportation that is not onerous or too time consuming to use. The Applicant should describe its plan for coordinating access to onsite housing stability supports, on- and offsite community-based services and amenities.

- b. To serve tenants meeting the High Utilizer Pilot set-aside, the Applicant’s plan must include one or more Housing Stability Services Coordinators with experience and qualifications substantially the same as the Corporation the information provided in Exhibit I. Coordinators must develop and implement individualized housing stability plans for each High Utilizer resident; coordinate with onsite and community providers to provide services for primary and mental health care, as well as all other supports needed to assist residents in reaching their housing stability goals; direct and/or provide as needed additional supportive services, employment and training support and appropriate referrals for residents on site; and collaborate with property managers to provide adequate supports for tenants. Housing stability services substantially the same as those listed in Exhibit I must be available to these residents and must be funded through a partnership with the partner Managing Entity. Such Coordinators must work on site at the property under the supervision of the housing provider that is part of the Applicant entity, full time, with a caseload of no more than 1:20 High Utilizer residents. This position is only required to be in place at the property for the three-year High Utilizer set-aside period or until the pilot is completed, whichever comes last.
- c. The Applicant and Managing Entity should describe the roles of each partner related to funding for and managing the onsite services and team and the plan for how the Coordinator and other supports will be provided to tenants before move-in, at move-in and after move-in; and how long-term supports will be available to tenants as needed, as well as strategies implemented to support these residents “moving on” to less intensive affordable housing options when ready and desired. This description should include the comprehensive onsite staffing approach planned for the pilot.
- d. Through this description, the Managing Entity must show how it will ensure that High Utilizers residing at the property will receive the intensity of housing stability supports and services and off-site behavioral health care services that will be needed for as long as each tenant requires support (including the period after the pilot ends).

Note: During credit underwriting, the Applicant will be required to submit its full Housing Stability Service Coordination Plan, outlined in Exhibit I, to serve the High Utilizer tenants that are part of this pilot. In addition, during credit underwriting, the Applicant will be required to submit its full Resident Service Coordination Plan to serve the other populations required to be served at the property, particularly the HOME-ARP Qualifying Populations and formerly Homeless Households living at the property. Persons coordinating housing stability supports and services for High Utilizer tenants may not be used to meet the resident services coordination requirements for the rest of the tenants at the property.

The Applicant’s description(s) is limited to no more than four typed pages within the text box at question C.4. of Exhibit A. Note: Although the online Application system allows for more than four pages, any portion of the description that is beyond four pages will not be considered.

5. The Managing Entity's Experience Partnering with Permanent Supportive Housing Providers. [Maximum of 15 points]
- a. The Managing Entity partner in this Application should describe its experience collaborating directly with affordable housing providers to house its consumers in independent affordable and supportive housing units, particularly situations in which the Managing Entity has contracted directly with housing providers as part of its broader housing coordination strategy. The Managing Entity should provide information about the sources and types and purposes of funding provided; services coordination and tenancy supports being provided through the Managing Entity's service providers to support these residents; how it has supported housing stability strategies and the Housing First approach; service providers that are part of these partnerships; and its experience promoting resident choice and independence.
 - b. The Managing Entity should describe what strategies it has been using to ensure its consumers have access to permanent supportive housing and the least restrictive setting possible, whether for consumers being discharged from intensive residential settings or to divert consumers who are at high risk of these residential settings or are cycling in and out of acute health care services.

The Applicant's description(s) is limited to no more than three typed pages within the text box at question C.5. of Exhibit A. Note: Although the online Application system allows for more than three pages, any portion of the description that is beyond three pages will not be considered.

6. Applicant's prior experience accessing and administering project-based rental assistance for its Permanent Supportive Housing properties to support rent payments from low-income residents. [Maximum of 10 points]

Describe the Applicant's past experience obtaining rental assistance that is project based or capable of being assigned to properties serving Persons with a Disabling Condition, Persons with Special Needs, Homeless Households and/or other demographic populations deemed by the Applicant to require Permanent Supportive Housing. The description should include a list with examples with named properties, the total number of units at each property, the number of units receiving which type of rental assistance, the demographic population served, the type of rental assistance provided and the entity from which the rental assistance was contractually received. While the ability to project base rental assistance received through a contractual arrangement is deemed particularly useful to ensuring that a Permanent Supportive Housing property serving extremely low income residents is sustainable, the Applicant may also describe its experience seeking tenant based rental assistance for its residents needing Permanent Supportive Housing.

Project based rental assistance for Developments receiving financing from the Corporation through any of its prior Preservation RFAs, or for Redevelopments or New Construction to build on site(s) with an existing Declaration of Trust between a Public Housing Authority and HUD is not relevant to this narrative and should not be included.

The Applicant’s description(s) is limited to no more than three typed pages within the text box at question C.6. of Exhibit A. Note: Although the online Application system allows for more than three pages, any portion of the description that is beyond three pages will not be considered.

***** Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting, and final Housing Credit allocation process.

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on TDC, (after excluding items described in the note below the chart), applying any applicable TDC multiplier and/or TDC add-on. The proposed Development's TDC will be tested against the TDC Per Unit Limitation, utilizing the Development Type, Development Category and ESS Construction determination made by the Applicant in the RFA and it will apply to the number of units in the proposed Development for each unique combination of unit types identified in the table provided in question 4.e. of Exhibit A or for the entire proposed Development if said table is left blank.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process and final allocation process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units

ESS means Enhanced Structural Systems Construction.

** Exclusive of-property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation to be provided in the final cost certification under the building acquisition and land owned cost line items. In addition, the costs identified by any Applicant as the construction costs associated with commercial and/or retail space are excluded from the TDC Per Unit Limitation process. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable property acquisition price (building and land), construction costs associated with the delivery of commercial/retail space, operating deficit reserves described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

B. Selection Process

1. Application Sorting Order

While the immediate objective of this pilot is to divert high-risk individuals from repeated emergency, in-patient residential and/or acute care service use, the longer-term objective is to create a collaborative approach to state-administered funding for both housing and services to build a replicable model for the future. Because of this, the Corporation has deemed that implementation of the Pilot will not be useful without at least two Applications being funded through this RFA. Thus the Corporation expects to select a minimum of two or more Applications to award the funding contemplated by this RFA. Any such Applications will be selected through the Corporation’s review of each Application, considering the factors identified in this RFA. If fewer than two Applications are deemed eligible for funding, or if there are only two Applications eligible for funding and they are both from the same county, the Corporation will withdraw the RFA and no funding will be awarded at this time.

If at least two Applications are eligible for funding, the highest scoring Applications will be determined by first sorting together all eligible Applications from highest score to lowest score, with any scores that are tied separated in the following order:

- a. First, by the points received for Applicant experience with a sustainable model for permanent supportive housing and services coordination for High Utilizer populations in the behavioral health arena (question C.1. of Exhibit A);

- b. Next, by the Application's Leveraging Classification, with Applications having a lower amount of total Corporation funding per Set-Aside Unit above those with a higher amount of total Corporation funding per Set-Aside Unit, as described in Item 2 of Exhibit C;
- c. Next, by the Application's eligibility for the Florida Job Creation Funding Preference (which is outlined in Item 4 of Exhibit C) with Applications that qualify for the preference listed above Applications that do not qualify for the preference; and
- d. By lottery number, resulting in the lowest lottery number receiving preference.

2. Funding Test

Applications will only be selected for funding if there is enough funding available to fully fund.

- a. An estimated \$5,000,000 in Competitive Housing Credits available
- b. An estimated \$21,600,000 in HOME-ARP available
- c. An estimated \$6,700,000 in National Housing Trust Funds (NHTF) available

3. Goals

a. Experience Goal

Goal to fund two Applications that have at least one Principal of the Applicant in this RFA that is also currently a Principal of a Development selected for funding in RFA 2014-102. Once this goal is met, no other Applications that qualify for this goal will be selected for funding.

b. 100% Non-Profit Goal

Goal to fund at least one Application that qualifies as a 100% Non-Profit Applicant.

Note: An Application that is selected for funding may meet more than one goal. For instance, if an Application selected for funding to meet the Experience Goal is a 100% Non-Profit Application, then it will meet both goals above.

4. Managing Entity Region Award Tally

As each Application is selected for tentative funding, the Managing Entity region where the proposed Development is located will have one Application credited towards the Managing Entity Region Award Tally. The Corporation will prioritize eligible unfunded Applications that can be fully funded and are located within regions that have the lowest such Tally above other eligible unfunded Applications with a higher such Tally that can be fully funded, even if the Applications with a higher such Tally are higher ranked. No more than one Application per county will be selected for funding.

5. The Funding Selection Process

The first two Applications selected for funding will be the highest-ranking eligible unfunded Applications that qualify for the Experience Goal, subject to the Managing Entity Region Award Tally. Once Experience Goal is met, no other Applications that qualify for this goal will be selected for funding. If either of the Applications selected to meet the Experience Goal also meet the 100% Non-Profit Goal, the 100% Non-Profit Goal will also be considered met.

If the 100% Non-Profit Goal was not met, the next Application selected for funding will be the highest-ranking eligible unfunded Applications that qualifies for the 100% Non-Profit Goal and that can be fully funded, subject to the Managing Entity Region Award Tally.

Once it is determined that all goals that could be met are met, if funding remains, the highest-ranking eligible unfunded Applications that can be fully funded will continue to be selected for funding, subject to the Managing Entity Region Award Tally.

If funding remains and no Applications can be fully funded, any remaining funding will be distributed as approved by the Board.

4. Returned Funding

Funding that becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing, an Applicant declining its invitation to enter credit underwriting or the Applicant's inability to satisfy a requirement outlined in this RFA, and/or provisions outlined in Rule Chapter 67-48, F.A.C., will be distributed as approved by the Board.

SECTION SIX AWARD PROCESS

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order applying the funding selection criteria outlined in Section Five above and develop a recommendation or series of recommendations to the Board.

The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to whom to award funding. Notwithstanding an award by the Board pursuant to this RFA, funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Rule Chapter 67-48, F.A.C.

The Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al. shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.

After the Board's decision to select Applicants for funding in this RFA has become final action, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

Section 4.A.1. Review of Attachments

Provide all attachments as required pursuant to the RFA. If it is determined that the attachments do not meet the RFA requirements or the Applicant submitted materially incorrect information in the Application, the Application may be deemed ineligible, and/or the Corporation may rescind the award, and all Principals of the Application may be subject to material misrepresentation, even if the Application was not selected for funding, was deemed ineligible, or was withdrawn.

Exhibit C – Additional Information

1. Total Development Cost Per Unit Limitation

- a. The Total Development Cost Per Unit Limitation was reviewed during the scoring process as outlined in Section Five, A. During credit underwriting and final cost certification, the Total Development Cost Per Unit Limitation will be reviewed again using the values in the chart below including the “Escalation Factor” of 6.0 percent, as follows:

Total Development Cost Per Unit Base Limitation plus all applicable Add-Ons, then multiplied by the Escalation Factor. The result of this will then be divided by each applicable TDC Multiplier.

Multiply this by the number of units in the proposed Development, rounded down to the nearest whole dollar, to calculate the proposed Development’s Maximum Total Development Cost (Maximum TDC).

Note: If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

** Exclusive of property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation to be provided in the final cost certification under the building acquisition and land owned cost line items. In addition, the costs identified by any Applicant as the construction costs associated with commercial and/or retail space are excluded from the TDC Per Unit Limitation process. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable property acquisition price (building and land), construction costs associated with the delivery of commercial/retail space, operating deficit reserves described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

b. **Reviewing the Developer Fee and the Total Development Cost of the proposed Development during Credit Underwriting**

The Total Development Cost of the proposed Development (“TDC of the Proposed Development”) is often adjusted during credit underwriting. Any such adjustments that occurred during the credit underwriting process may cause the maximum Developer Fee allowed for the proposed Development to fluctuate. Additionally, as further explained below, if the TDC of the proposed Development exceeds the Maximum TDC after all mandated reductions have been implemented, this may result in a negative recommendation by the credit underwriter in the final credit underwriting report and a request of the Corporation’s Board to de-obligate the awarded funding.

The Maximum TDC is not altered throughout the process, remaining at the same initial amount at each step. However, it is possible the maximum Developer Fee can be adjusted to a lower amount subsequent to the initial determination established below.

The following methodology will calculate the maximum Developer Fee for the proposed Development. Any reductions to the Applicant’s stated Developer Fee will cause the TDC of the proposed Development to be equally reduced in the final credit underwriting report described below. This process assumes the initially stated Developer Fee in b. and c. below does not violate the maximum Developer Fee as determined by multiplying the proposed Development’s Development Costs by the maximum Developer Fee percentage as stated in the applicable Rule and this RFA, rounded down to the nearest dollar.

(1) **First Review of the Developer Fee and the TDC of the Proposed Development**

A Developer Fee can be earned on Development Cost as defined by Rule Chapter 67- 48, F.A.C., up to the maximum limit allowed, as calculated below. The proposed Development’s maximum Developer Fee will be first calculated as follows:

The credit underwriter will calculate the maximum Developer Fee by dividing the Maximum TDC amount by 1.21, and then multiply the result by 21 percent, rounding up to the nearest whole dollar. Note: These figures represent the applicable Developer Fee percentage for the Development of 21 percent and one plus the applicable Developer Fee percentage for the Development (1+21%).

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's stated Developer Fee, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this first review.

If this step causes the maximum Developer Fee to be less than the proposed Development's stated Developer Fee, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the first mandated cost reduction.

(2) Second Review of the Developer Fee and the TDC of the Proposed Development

The second step will reduce the maximum Developer Fee by the lesser of (a) the actual amount that the TDC of the Proposed Development exceeds the Maximum TDC, (b) \$500,000, or (c) 25 percent of the Maximum Developer Fee calculated in (1) above.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (1) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this second review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (1) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the second mandated cost reduction.

(3) Third Review of the Developer Fee and the TDC of the Proposed Development

The third step will have the maximum Developer Fee calculated in (2) above reduced by the same percentage as the percentage that the TDC of the Proposed Development determined in (2) above exceeds the Maximum TDC.

This is determined by dividing the TDC of the Proposed Development calculated in (2) above by the Maximum TDC calculated in (2) above. If the resulting percentage is greater than 100%, then the resulting percentage will have 100% subtracted from it. This number is then multiplied by the maximum Developer Fee calculated in (2) above, rounded down to the nearest whole dollar and the resulting amount is subtracted from the maximum Developer Fee calculated in (2) above, yielding a new, lower maximum Developer Fee. If the resulting percentage is less than or equal to 100 percent, the third review is complete without any further mandated adjustments to either the stated Developer Fee or the TDC of the Proposed Development.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (2) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this third review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (2) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the third mandated cost reduction.

As a note, if the initial stated Developer Fee is already at or below the maximum Developer Fee as calculated in the third review of the Developer Fee, then there is no adjustment mandated to be incorporated into the Developer Fee. This also means there are no corresponding cost savings to reduce the TDC of the Proposed Development since all mandated TDC cost reductions stemming from this process are coming from reducing the stated Developer Fee.

(4) The 5% Test

The Total Development Cost of the proposed Development ("TDC of the Proposed Development") in place after all three cost reduction steps have been performed as detailed above cannot exceed the Maximum TDC by more than 5 percent ("5% Test"). The 5% Test is performed only at time of Credit Underwriting and is not part of the Final Cost Certification Application Package process described in c. below.

If the TDC of the Proposed Development after the third mandated cost reduction step does not meet the 5% Test, the final credit underwriting report shall be presented at the next Florida Housing Finance Corporation Board Meeting with a negative recommendation by the Credit Underwriter with a staff request to de-obligate the awarded funding due to a proposed Development having excessive development costs.

c. Reviewing the Developer Fee and the TDC of the Proposed Development stated in the Final Cost Certification Application Package ("FCCAP")

The TDC of the Proposed Development may be further adjusted when the FCCAP is processed. Any such adjustments that occurs with the FCCAP may cause the maximum Developer Fee allowed for the proposed Development to either increase, as described in (3) below, or decrease, as described in (2) and (4) below. Any increase or decrease to the Applicant's stated Developer Fee will cause the TDC of the Proposed Development to be equally increased or decreased, respectively.

The TDC of the Proposed Development preliminarily stated in the FCCAP is compared to the Maximum TDC as calculated in a. above as well as to the TDC reported in the final credit underwriting report.

Policy when the Developer Fee was not reduced by the process described in b. above

- (1) If the TDC of the Proposed Development preliminarily stated in the FCCAP is less than or equal to the Maximum TDC calculated in a. above, no adjustment will be required, and no further action will be taken relative to the TDC PU Limitation process.
- (2) If the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the Maximum TDC calculated in a. above and if the maximum

Developer Fee calculated in b. above is equal to or greater than the proposed Development's Developer Fee initially presented in the FCCAP, there will be no resulting deduction to the preliminarily stated Developer Fee or the TDC of the Proposed Development for the first step in this review.

Alternatively, if the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the Maximum TDC calculated in a. above and if the maximum Developer Fee calculated in b. above is less than the proposed Development's Developer Fee initially presented in the FCCAP, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in b. above, and the TDC of the Proposed Development will be equally reduced to incorporate the this mandated cost reduction for this alternative first step in this review.

After the applicable above first step of c.(2) is complete, the calculations described in (2)(a) and (2)(b) below ("the First and Second Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP") will determine the final Developer Fee.

(a) First Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP

If the TDC of the Proposed Development after the prior review step is greater than the TDC reported in the final credit underwriting report, the maximum Developer Fee calculated in b. above will be reduced by the lesser of (i) the actual amount of costs in excess of the amount allowed by the Maximum TDC, (ii) \$250,000, or (iii) 10 percent of the maximum Developer Fee calculated in b. above.

If the maximum Developer Fee calculated in this step is equal to or greater than the Developer Fee stated in the FCCAP, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this review.

If this step causes the maximum Developer Fee to be less than the Developer Fee stated in the FCCAP, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate this cost reduction.

(b) Second Review of the Developer Fee and the TDC of the Proposed Development

The maximum Developer Fee as calculated in step (2)(a) above will be reduced by the same percentage as the percentage that the TDC of the Proposed Development calculated in (2)(a) above exceeds the Maximum TDC.

This is determined by dividing the TDC of the Proposed Development calculated in step (2)(a) above by the Maximum TDC. If the resulting percentage is greater than 100%, then the resulting percentage will have 100% subtracted from it. This number is then multiplied by the

maximum Developer Fee calculated in step (2)(a) above, rounded down to the nearest whole dollar and the resulting amount is subtracted from the maximum Developer Fee calculated in step (2)(a) above. If the resulting percentage is less than or equal to 100 percent, this review is complete without any further mandated adjustments to either the stated Developer Fee or the TDC of the Proposed Development calculated in step (2)(a) above.

If the maximum Developer Fee calculated in this step is equal to or greater than the Developer Fee calculated in step (2)(a) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this review.

If this step causes the maximum Developer Fee to be less than the Developer Fee calculated in step (2)(a) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development calculated in step (2)(a) above will be equally reduced to incorporate this cost reduction.

Policy when the Developer Fee was reduced by the process described in b. above

- (3) If the TDC of the Proposed Development preliminarily stated in the FCCAP is less than the TDC reported in the final credit underwriting report, the calculations in b. above will be repeated using the TDC of the Proposed Development preliminarily stated in the FCCAP. This may result in an increase to the final Developer Fee as a result of the initial Maximum Developer Fee not being reduced to the extent determined at time of credit underwriting during steps b.(1)-(3).
- (4) If the TDC of the Proposed Development preliminarily stated in the FCCAP is greater than the TDC reported in the final credit underwriting report, the calculations described in (2)(a) above (“the First Review of the Developer Fee and the TDC of the Proposed Development preliminarily stated in the FCCAP”) will determine the final Developer Fee. In this scenario, the calculations described in (2)(b) above will not be applied.

A template and training video regarding the Total Development Cost Per Unit Limitation have been made available. A link has been added to the RFA Webpage called “Total Development Cost Per Unit Limitation Information Used In RFAs”. This link will take users to a new webpage with examples of this process, as well as a template, training video, and, for assistance after the review and evaluation process as explained in Section Three, F.2. of this RFA, contact information for available Florida Housing staff.

2. Leveraging

All Applications will be sorted based on the amount of total Corporation funding per Set-Aside Unit, as outlined below. The Corporation will calculate the total Corporation funding per Set-Aside Unit for each Application as follows:

- a. First, the Eligible Housing Credit Request Amount will be multiplied by 9.0;

- b. Then, the amount calculated above will be multiplied by a Leveraging Factor. The Leveraging Factor is calculated as follows:

Development Leveraging Multipliers							
# of new construction units	NC Garden Non-ESS	NC Garden ESS	NC Mid-Rise Non-ESS	NC Mid-Rise ESS	NC High-Rise	NC Other Non-ESS	NC Other ESS
Combined Dev Type / ESSC Multipliers	x 0.92	x 0.8004	x 0.85	x 0.7395	x 0.7134	x 1.0	x 0.87
Results of multiplication of each category							

To calculate the Leveraging Factor, the chart above will be used. The number of units for each category stated at 4.e. of Exhibit A will be multiplied by the applicable multiplier. The results of the multiplication will then be added together, then divided by the total number of units in the Development. The result of this calculation is the Leveraging Factor.

The Leveraging Factor is then multiplied by the total Corporation funding amount as calculated in a. above. This result is the total Corporation funding amount used in c. below.

- c. The total Corporation funding amount will then be divided by the number of Set-Aside Units, resulting in the total Corporation funding per Set-Aside Unit.
- d. The Applications will be listed in ascending order beginning with the Application that has the lowest amount of total Corporation funding per Set-Aside Unit and ending with the Application that has the highest amount of total Corporation funding per Set-Aside Unit.

3. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application’s Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of implied eligible housing credit equity funding. To qualify for the Florida Job Creation Funding Preference in Section Five of the RFA, all Applications must earn a Florida Job Creation score equal to or greater than 15.80.

Determination of the Florida Job Creation score will be based on the following information:

- The number of units committed to by the Applicant (as stated by the Applicant in Exhibit A);
- The applicable Florida job creation rate of 3.171 Florida Jobs per unit; and
- The Eligible Housing Credit Request Amount

The score for the Florida Rate of Job Creation per \$1 million of implied eligible housing credit equity funding will be measured using one of the following calculations:

Number of units x 3.171 Florida Jobs per unit x 1,000,000 / (the Eligible Housing Credit Request Amount x 9.0) = Florida Jobs per \$1 million of Housing Credit Allocation.

For example:

Application A consists of 80 new construction units and has an Eligible Housing Credit Request Amount of \$1,760,000.

$80 \times 3.171 \times 1,000,000 / (1,760,000 \times 9.0) =$ Florida Job Creation score of 16.02.

In above example, the Application will qualify for the Job Creation Funding Preference because it has a Florida Job Creation score that is equal to or greater than 15.80.

5. Fees

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. Failure to pay any fee shall cause the funding awarded to be withdrawn as outlined in the credit underwriting and program requirements outlined in Rule Chapter 67-48, F.A.C.

All fees set forth below, except for Compliance Monitoring Fees and Loan Servicing Fees, are part of Development Cost and can be included in the Development Cost Pro Forma and paid with loan proceeds.

Exhibit I – Requirements of the Pilot Program

To implement the High Utilizer pilot, all Applicants are required to set aside either 20 percent of the total units or 15 units, whichever is greater, for High Utilizers, as explained in Section Four, A.2. of the RFA.

While the housing financed through this RFA will be required to remain affordable and available to specific demographic groups for 50 years, as further described in Section Four, A.2. of the RFA, the Pilot period formally begins upon tenancy of the first High Utilizer resident. The Pilot period will end no less than 3 years after a minimum of 90 percent of the High Utilizer units are initially occupied. Participation in the pilot by tenants referred to the property by the Managing Entity partner to meet the High Utilizer set-aside is voluntary.

While the immediate objective of this pilot is to divert high-risk individuals from repeated emergency, in-patient residential and/or acute care service use, the longer-term objective is to create a collaborative approach to state-administered funding for both housing and services to build a replicable model for the future. To that end, Applicants selected for funding and their Managing Entity partners must commit to work with the Corporation and the other Applicants involved in the pilot. This commitment will include communication during the pre-pilot phase; updates, discussions and an annual peer meeting during the Pilot Period, and a final written report provided by both partners of each local pilot. The overall purpose is to work with the Corporation to regularly discuss and report on resident outcomes and best practice strategies for serving High Utilizers in PSH. Additional details are below.

1. Pilot Preparation

As part of their commitment to the pilot, Applicants selected for funding and their Managing Entity partners will be expected to work with each other, the Corporation and the other pilot Applicants selected for funding in preparation to launch their individual pilots (i.e., before the Pilot Period formally starts, including during credit underwriting and property construction).

At the end of the Pilot Period, Applicants and Managing Entities will be required to provide written evaluations/reports as outlined below.

In addition to providing housing stability supports and access to supportive services during the Pilot Period, the Applicant will be required to provide full time, onsite housing stability services, including broad supportive services coordination tasks over this period, further described and discussed below, and funded by the Managing Entity.

a. Planning for the Pilot

(1) The Applicant and Managing Entity Partner must commit to work with the Corporation and the Department of Children and Families, as well as the other pilot participants prior to formal pilot launch to, among other things, develop consensus around and report on a set of outcome measures to evaluate the pilot's performance including, but not limited to, the following:

(a) Housing retention: How many pilot participants maintained stable housing;

- (b) Data on reduced levels of acute care services, such as emergency department use, inpatient medical care and crisis behavioral health care, that are accessible to the Managing Entity;
- (c) Decreased number of re-admissions to crisis services;
- (d) Increased length of time between acute care episodes;
- (e) Reduced arrests and incarcerations;
- (f) Increased access to insurance, benefits and other income, including Medicaid managed care; and
- (g) Increased employment and education.

The Corporation expects these discussions to occur via phone, email and group meetings, either in person or virtually.

(2) Submission of Housing Stability Services Coordination plan

- (a) This plan must be submitted to the Corporation for approval within six months of the date of the invitation to enter credit underwriting.
- (b) The plan must include the following:

- (i) Tenant Referral and Selection Process for High Utilizers

How the Managing Entity will determine the highest utilizers outside of the Continuum of Care system for the purposes of this RFA and how the Managing Entity will identify prospective High Utilizer residents for the proposed Development;

The roles of the Managing Entity and Applicant in assessing prospective residents based on their High Utilizer status, their level of need for tenancy supports and supportive services, the property's projected level of and capacity to provide needed supports, and the prospective residents' interest in living at the property; and

The Applicant's tenant selection process once High Utilizers have been referred to the property.

Proposed Developments must minimize or eliminate barriers to entry into housing for all residents deemed High Utilizers for the pilot.

- (ii) The tasks each partner will undertake to track and report on resident demographic data and performance outcomes for the pilot.

- (iii) The implementation plan to provide housing stability services to High Utilizer residents, including a description and roles of the team, as well as position descriptions and resumes of the Housing Stability Services Coordinator and any other key team members, that will work with High Utilizers at the property.
- (iv) A description of how the Managing Entity will provide funding for housing stability services and supports and access to additional behavioral health care services available through the Managing Entity's service provider network that needed by each High Utilizer.
- (v) Should the plan require revision or updates before or during the pilot, the Applicant must notify the Corporation of the changes for possible review and approval by the Corporation.

2. During Lease-Up and the Pilot Period

- a. The Applicant must inform the Corporation of the date when 90 percent of the High Utilizer units have been initially occupied. The Corporation will notify the Applicant of its acknowledgement of this date and provide the Applicant with the formal end date of the pilot, as well as the due date for the final report.
- b. Provide regular communication updates with the Corporation and others as needed (i.e., as much as quarterly) on progress and issues.
- b. Prepare for, attend and participate in annual in person peer meeting with all local pilots, the Corporation, the Department of Children and Families and other stakeholders to discuss status, outcomes, best practices and implementation issues.
- c. Prepare and submit an annual evaluation report on outcomes to the Corporation and the Department of Children and Families.

3. After Pilot Completion

The Applicant and Managing Entity Partner are required to write and submit a final report to the Corporation and the Department of Children and Families within six months after the formal completion of the Pilot Period summarizing their pilot approach, resident outcomes and other findings, lessons learned and recommendations to encourage replicability, including:

- a. The pilot approach;
- b. Demographic data describing the High Utilizer residents served in the pilot;
- c. Person-specific data concerning tenant utilization of services. Pilot participants will not be identified in the report or related documents;
- d. Information about the services funding from the Managing Entity and any other entities, with a description of how the funding was used to support residents;

- e. Resident outcomes and Managing Entity cost savings;
- f. Effectiveness of use of best practices that were incorporated or developed during the Pilot and lessons learned;
- g. Changes in the practices and/or systems of care, as well as funding for services and supports provided to High Utilizers in the pilot that made the pilot successful; and
- h. Recommendations for changes in Florida’s systems of care to make braiding housing and services more feasible and successful.
- i. If the report is not submitted by the date specified by the Corporation and with the information itemized above, the Applicant will be in noncompliance until the report is submitted as provided above.

4. Housing Stability Services Coordination

The Applicant’s Housing Stability Services Coordination plan must include housing stability services for all High Utilizer residents, including broad supportive services coordination, substantially the same as those described below in a., and overseen by the Applicant. These services must be provided through a contractual agreement between the Managing Entity and Applicant in which the Applicant is reimbursed by the Managing Entity for these services.

To carry out this oversight, the Applicant must provide for one or more full time, onsite Housing Stability Services Coordinators with the experience and qualifications substantially the same as the position requirements provided below in b. These Coordinators must support High Utilizer residents and oversee implementation of resident plans and provide or coordinate services for each resident. Such Coordinators must work on site at the property under the supervision of the housing provider that is part of the Applicant entity, full time, each with a caseload of no more than 1:20 High Utilizer residents. This position must be in place by the time lease-up at the property begins and may only end after the pilot is completed. The additional staff and supports proposed by the Applicant and Managing Entity in their Application must also be included in the Housing Stability Coordination Plan and be part of the coordination and services provided to High Utilizers.

1. Credit Underwriting Procedures for the HOME-ARP Loan

- a. The invitation to enter credit underwriting constitutes a preliminary commitment for the HOME-ARP Loan.
- b. The credit underwriting for the HOME-ARP Loan will be accomplished along with the credit underwriting for the NHTF Loan. The Credit Underwriter may request additional information at any time during the credit underwriting process for the HOME-ARP Loan.
- c. The Credit Underwriter's loan recommendations for the HOME-ARP Loan will be sent to the Board for approval at the time the Active Award recommendation(s) are sent.

Unless an extension is approved by the Corporation in writing, failure to achieve issuance of a firm loan commitment by the specified deadline shall result in withdrawal of the preliminary commitment. Applicants may request one extension of up to six months, which may be automatically extended to the next scheduled meeting of the Board of Directors that is after the six month extension deadline, to secure a firm loan commitment. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting the extension and shall detail the time frame to achieve a firm loan commitment. In determining whether to grant an extension, the Corporation shall consider the facts and circumstances of the Applicant's request, inclusive of the responsiveness of the Development team and its ability to deliver the Development timely. The Corporation shall charge a non-refundable extension fee of one percent of each loan amount if the request to extend the credit underwriting and firm loan commitment process beyond the initial 12 month deadline is approved. Applicants may request one extension of the loan closing deadline outlined above for a term of up to 90 Calendar Days, which may be

automatically extended to the next scheduled meeting of the Board of Directors that is after the 90 Calendar Day extension deadline. All extension requests must be submitted in writing to the program administrator and contain the specific reasons for requesting an extension and shall detail the time frame to close the loan. The Board shall consider the facts and circumstances of each Applicant's request, inclusive of the Applicant's ability to close within the extension term and any credit underwriting report, prior to determining whether to grant the requested extension. The Corporation shall charge an extension fee of one percent of each Corporation loan amount if the Board approves the request to extend the loan closing deadline beyond the 120 Calendar Day period outlined above. In addition, any owners who are debarred, suspended, proposed for debarment, or ineligible will be ineligible for funding. Therefore, a certification must be executed by the contractor for compliance with debarment and suspension regulations. During the credit underwriting process the Applicant will be required to provide the executed certification form*.

(4) Lead Based Paint

If the Development was built before 1978, Lead Based Paint Regulations may apply. See 24 CFR Part 35 for exemptions. During the credit underwriting process, the Applicant must certify that it understands the requirements of the current HUD lead based paint regulations as identified in 24 CFR Part 92 and Rule Chapter 67-48, F.A.C.

If the Applicant is purchasing the property and the Development was built before 1978, provide a copy of the executed Disclosure of Information on Lead Based Paint and Lead Based Paint Hazards form*, signed by both the buyer and the seller.

(5) Section 3

Each Applicant shall encourage its contractors to hire qualified low- and moderate-income residents for any job openings that exist on funded projects in the community. The Applicant shall keep records to document the number of low- and moderate-income people who are hired to work on funded projects.

Section 3 is a provision of the HUD Act of 1968 and is found at 12 U.S.C. 1701u. The regulations are found at 24 CFR Part 75.

(6) Flood

The Applicant shall comply with the mandatory flood insurance purchase requirements of Section 102 of the Flood Disaster Protection Act of 1973, as amended by the National Flood Insurance Reform Act of 1994, 42 USC 4012a, as applicable.

(7) Historic Preservation

The Applicant shall comply with the Historic Preservation requirements set forth in the National Historic Preservation Act of 1966, as amended, codified in title 54 of the United States Code, as applicable. In general, this requires concurrence from the State Historic Preservation Officer for all rehabilitation and demolition of historic properties that are fifty years old or older or that are included on a Federal, state, or local historic property list.
