The first Application selected for funding will be the highest-ranking eligible Application that selected the Development Category of Substantial Rehabilitation, with or without Acquisition.

Florida Housing Finance Corporation (the Corporation) expects to offer an estimated \$4,286,984 comprised of the Farmworker/Commercial Fishing Worker Demographic portion of the SAIL funding appropriated by the 2022 Florida Legislature as well as SAIL Program income.

The Corporation is soliciting applications from qualified Applicants that commit to provide housing in accordance with the terms and conditions of this RFA, inclusive of all Exhibits of this RFA, applicable laws, rules and regulations, and the Corporation's generally applicable construction and financial standards.

SECTION TWO DEFINITIONS

Capitalized terms within this RFA shall have the meaning as set forth in this RFA, in Exhibit B, Rule Chapters 67-48, F.A.C. (effective July 6, 2022) and 67-60, F.A.C., (effective July 6, 2022) or in applicable federal regulations.

SECTION THREE PROCEDURES AND PROVISIONS

Unless otherwise stated within the RFA, the Application package, forms and other information related to this RFA may be found on the RFA Webpage at <https://www.floridahousing.org/programs/developers-multifamily-programs/competitive/2023/2023-104> (also available by clicking [here](#)).

A. Submission Requirements

1. Application Deadline

The Application Deadline is **3:00 p.m., Eastern Time, on March 22, 2023.**

2. Completing the Application Package

a. Downloading and completing the documents provided by the Corporation

Download and complete the following documents found on the RFA Webpage:

- (1) The Application/Development Cost Pro Forma (Exhibit A of the RFA);
and

- (2) The Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”). A Principals Disclosure Form that was approved during the Advance Review Process, which is described in Section Four A.3.c. of the RFA, may be used to satisfy this requirement.

The download process may take several minutes. Applicants should save these documents with a file name that is unique to the specific Application.

b. Creating the All Attachments Document

In addition to the documents described in a. above, the Application Package also includes one copy consisting of all of the applicable completed Attachments described in the RFA (“All Attachments Document”).

Compile all of the attachments described in the RFA into one pdf file separated by pages labeling each Attachment to create the All Attachments Document. This may be accomplished by merging the documents using a computer program such as Adobe Acrobat Pro or by scanning all of the attachments together.

As described in Section Four, B.2., to be awarded 5 points, bookmark the pdf of the All Attachments Document before uploading. It is not necessary to bookmark the individual documents within the Application Package (e.g. the Exhibit A document or the Principal Disclosure Form). Acrobat Standard DC or Acrobat Pro DC are the programs required to create bookmarks.

Note: The Corporation has provided instructions on how to bookmark the Attachments as well as sample pages that may be used to separate the attachments on the RFA Webpage. If any of the attachments are not applicable, the Applicant should insert a page stating “Not Applicable” behind the separation page.

3. Uploading the Application Package

To upload the Application Package as described in 2.a. above:

- a. Go to the RFA Webpage.
- b. Click the link to login and upload the Application Package. Note: A username and password must be entered. If the Applicant has not previously created a username and password, the Applicant will need to create one prior to the upload process.
- c. After successfully logging in, click “Upload Application Package.” Enter the Development Name and click “Browse” to locate the following completed saved documents:

- (1) The Application (Exhibit A);

- (2) The Principals Disclosure form in Excel format. (If the Applicant received an approved Principals Disclosure Form through the Advance Review Process, the approved form is what should be uploaded); and
- (3) The All Attachments Document in a pdf format.

The average file size is 1.0 MB and may take a few minutes to upload. Larger files may take longer to upload. There is a file size limit of 15 MB, but this may be reduced without reducing the number of pages submitted. Examples of factors that affect file size include the resolution of the scanner or scanning the documents in color or as a graphic/picture.

- d. After the documents are displayed in the Upload webpage, click “Upload Selected Files” to electronically submit the documents to the Corporation by the Application Deadline. Then the Uploaded Application (consisting of all four documents comprising the Application Package), and its assigned Response Number will be visible in the first column.

Note: If the Applicant clicks “Delete” prior to the Application Deadline, the Application will no longer be considered a Submitted Application and the Applicant will be required to upload the Application Package again in order for these documents to be considered an Uploaded Application. This will generate a new Response Number.

For scoring purposes, the Corporation will not consider any documentation beyond the Application Package that is uploaded as described above.

4. Submitting the Application Fee

- a. Application Fee

By the Application Deadline, provide to the Corporation the required non-refundable \$1,500 Application fee, payable to Florida Housing Finance Corporation via check, money order, ACH, or wire transfer.

Any Applicant proposing the Substantial Rehabilitation of an existing Development that applies as a Non-Profit but is not considered a Non-Profit will still be eligible for funding as a for profit entity. Any Applicant proposing a new construction Development that is not considered a Non-Profit will not be eligible for funding.

As used in this section, a Housing Credit development that contains multiple buildings is a single development regardless of the number of buildings within the development for which an IRS Form 8609 has been issued.

If the experience of a natural person Principal for a Developer entity listed in this Application was acquired from a previous affordable

housing Developer entity, the natural person Principal must have also been a Principal of that previous Developer entity as the term Principal was defined by the Corporation at that time.

Required Developer Prior Experience

Complete the prior experience chart for each natural person Principal intending to meet the required Developer experience reflecting the information for the completed multifamily rental housing development(s).

(1) Eligibility Requirements

To meet the submission requirements, upload the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019) (“Principals Disclosure Form”) as outlined in Section Three above. Prior versions of the Principal Disclosure Form will not be accepted.

Per subsection 67-48.002(94), F.A.C., any Principal other than a natural person must be a legally formed entity as of the Application deadline.

(2) Approval during Advance Review Process (5 Points)

Applicants will receive 5 points if the uploaded Principal Disclosure Form is either (a) stamped “Approved” at least 14 Calendar Days prior to the Application Deadline; or (b) stamped “Received” by the Corporation at least 14 Calendar Days prior to the Application Deadline AND stamped “Approved” prior to the Application Deadline.

To document these dates, the Corporation will stamp the Principal Disclosure Form on the date it is received and the date it is approved. If a Principal Disclosure Form has been approved, but the Applicant must change the form for any reason, the form may be edited and resubmitted for approval, but the form will receive a new stamp reflecting the date the Corporation received the revised form. Likewise, if a form is returned to the Applicant for correction, the Applicant may make corrections and resubmit the form, but the date of the resubmission will be reflected as the date received. If a Principal Disclosure Form is submitted for an RFA with a “Received” date that is within 14 Calendar Days of the Application Deadline, the Applicant will not be eligible for the 5 Advance Review points.

The Advance Review Process for Disclosure of Applicant and Developer Principals is available on the RFA Webpage and also includes samples which may assist the Applicant in completing the required Principals Disclosure Form.

 - (c) The Applicant entity shall be the borrowing entity and cannot be changed in any way (materially or non-materially) until after loan closing. After loan closing, (i) any material change will require review and approval of the Credit Underwriter, as well as approval of the Board prior to the change, and (ii) any non-material change will require review and approval of the Corporation prior to the change. The Applicant must comply with Principal disclosure requirements outlined in Rule Chapter 67-48, F.A.C. for the duration of the Compliance Period. Changes to the Applicant entity (material or non-material) prior to the loan closing or without Board approval after the loan closing may result in disqualification from receiving funding and may be deemed a material misrepresentation. Changes to the officers or directors of a Public Housing Authority or officers or directors of a non-profit entity will not result in disqualification, however, the change must be approved by the Corporation.
 - (d) The Principals of each Developer identified in the Application, including all co-Developers, may be changed only by written request of an Applicant to Corporation staff and approval of the Corporation after the Applicant has been invited to enter credit underwriting. In addition, any allowable replacement of an experienced Principal of a Developer entity must meet the experience requirements that were met by the original Principal.

- c. State whether the Development consists of Scattered Sites.

If the proposed Development consists of Scattered Sites, the following conditions must be met:

- (1) For Developments located in a county other than Monroe County, a part of the boundary of each Scattered Site must be located within ½ mile of a part of the boundary of the Scattered Site with the most units. For Developments located in Monroe County, a part of the boundary of each Scattered Site must be

located within 20 miles of a part of the boundary of the Scattered Site with the most units;

- (2) Site control and Ability to Proceed must be demonstrated in the Application for all Scattered Sites; and
- (3) All Scattered Sites must be located within the same county.

d. Latitude/Longitude Coordinates

- (1) Provide a Development Location Point stated in decimal degrees, rounded to at least the sixth decimal place. If the proposed Development consists of Scattered Sites, as of Application Deadline the Development Location Point must affirmatively be established on the site with the most units, as outlined in subsection 67-48.002(34), F.A.C., and latitude and longitude coordinates for each Scattered Site must also be provided.
- (2) If the proposed Development consists of Scattered Sites, for each Scattered Site that is in addition to the Development Location Point information provided in (1) above, provide the latitude and longitude coordinates of one point located anywhere on the Scattered Site. The coordinates must be stated in decimal degrees and rounded to at least the sixth decimal place.

Note: 30.443900, -84.283960 is an example of decimal degrees format, represented to six decimal places.

e. Limited Development Areas (LDA)

An Application will not be eligible for any funding if the proposed Development is an LDA Development. A proposed Development will be deemed an LDA Development if (i) it is located in Hendry or Indian River; AND (ii) either the Development Category is New Construction, or the Development Category is Substantial Rehabilitation and the proposed Development is in RD's Portfolio but is not also in the Corporation's portfolio. A proposed Development committing to the Development Category of Substantial Rehabilitation that is in the Corporation's Portfolio will not be considered an LDA Development even if it is also located in Hendry or Indian River County.

6. Number of Units and Buildings

- a. State the total number of units that will be in the proposed Development upon completion.
 - (1) If new construction, the Development must consist of a minimum of 15 total units and a maximum of 50 total units, prior to any Shared Housing designations described below.
 - (2) If Substantial Rehabilitation, state the number of units in the existing development and the number of units in the proposed Development, prior to any Shared Housing designations described below.

The total number of units in the proposed Development cannot be less than 90 percent of the existing total number of units (rounded up to the next whole unit).

b. Regardless of the Development Category, if there are existing occupied units and if the Development is funded, a plan for relocation of existing tenants will be required to be provided to the Credit Underwriter, as outlined in Exhibit D.

c. Set-Aside Commitments

(1) Total Income Set-Aside Commitment

100 percent of the proposed Development's total units must be set aside at 60 percent Area Median Income (AMI) or less of which at least 20 percent must be set aside at 50 percent AMI or less (which may include ELI units if required below).

(2) Demographic Minimum Set-Aside Requirement

To be eligible to receive funding under this RFA, Applicants must commit to set aside either 40 percent or 80 percent of the proposed Development's total units to serve Farmworkers, Unaccompanied Farmworkers, Commercial Fishing Workers, or Unaccompanied Commercial Fishing Workers. The selected set-aside commitment will be included in the Land Use Restriction Agreement for the SAIL loan awarded under this RFA and must be maintained throughout the affordability period unless the Board approves a change.

As outlined in Section Four A.10.a. of the RFA, Applicants that commit to the 80 Percent Minimum Set-Aside will be eligible to receive a more favorable interest rate for the SAIL loan requested in this RFA than Applicants that commit to the 40 Percent Minimum Set-Aside.

(3) Extremely Low Income (ELI) Set-Aside Requirements

(a) Applicants that commit to set aside 40 percent of the proposed Development's total units to serve Farmworkers, Unaccompanied Farmworkers, Commercial Fishing Workers, or Unaccompanied Commercial Fishing Workers must commit to set aside a minimum of 2 units for ELI Households.

(b) Applicants that commit to set aside 80 percent of the proposed Development's total units to serve Farmworkers, Unaccompanied Farmworkers, Commercial Fishing Workers, or Unaccompanied Commercial Fishing Workers are not required to set aside any units for ELI Households.

If the Set-Aside Breakdown Chart reflects more than the applicable required percentage of the total units at the ELI AMI level for the county where the

proposed Development is located, during the credit underwriting process the Credit Underwriter will determine whether the Applicant’s ELI Set-Aside unit commitment will need to be reduced by increasing the set aside units at AMI level(s) above the ELI level. Any such reduction in the ELI Set-Aside units would be no lower than the applicable required ELI Set-Aside percentage.

(4) Total Set-Aside Breakdown Chart

(a) Requirements for the Total Set-Aside Breakdown Chart

The Total Set-Aside Breakdown Chart must reflect all income set-aside commitments (required set-asides and additional set-asides, including all required ELI Set-Asides) and the required total set-aside percentage (as further outlined below). Total Set-Aside Breakdown Chart by indicating on the chart the percentage of residential units, stated in whole numbers, to be set aside at each selected AMI level. Where

reasonably possible, Applicants will be required to keep the unit mix consistent across each committed AMI level.

Income set-aside commitments reflected on the Total Set-Aside Breakdown Chart may not be less restrictive than the income set-aside commitments currently associated with any exiting Corporation-issued LURA or EUA.

(b) Calculation of Set-Aside Units

- (i) First, calculate of the number of set-aside units for the lowest AMI level commitment.

The percentage associated with the lowest AMI level that the Applicant commits to will be multiplied by the total units, rounded up to the next whole unit. The result will be the number of set-aside units at the lowest AMI level commitment.

- (ii) Then, calculate the number of set-aside units for the second lowest AMI level.

The number of units calculated in (i) above will be subtracted from the results of the following to calculate the number of set-aside units at the second lowest AMI level commitment:

The percentage associated with the second lowest AMI level that the Applicant commits to will be first added to the percentage associated with the lowest AMI level commitment. These percentages, added together, will be multiplied by the total units, rounded up to the next whole unit.

- (iii) Then, calculate the number of Set-Aside Units for each remaining AMI level, if applicable.

Starting with the third lowest AMI level remaining, the number of Set-Aside Units for each of the remaining AMI levels will be calculated using the same methodology described in (ii) above.

Applicants must take the above ELI and all other set-aside commitments into account during any pre-leasing and leasing activities.

d. Unit Mix

(1) Unit Mix limitations

(a) New construction Developments:

- (i) The proposed Development may only consist of Zero Bedroom, one bedroom, and two bedroom units.

- (ii) Up to 50 percent of the units may consist of Zero Bedroom Units.
- (iii) Units in a proposed Development with a demographic commitment of Unaccompanied Farmworker may consist of Shared Housing*, as defined in Exhibit B, in which no more than two persons may share a bedroom.

*One or two-bedroom units may consist of Shared Housing. For purposes of the Application, set-aside requirements will be calculated prior to Shared Housing designation. During credit underwriting, the Applicant may designate units as Shared Housing Units. If a unit is designated a Shared Housing Unit, all persons in that Unit shall meet the demographic and income eligibility requirements. For example, a two-bedroom unit is designated as a Shared Housing Unit, has an income set-aside requirement of at or below 50% AMI, and will accommodate 2 persons per bedroom. All four residents must sign a separate lease, must meet the demographic set-aside (Unaccompanied Farmworker) and must also meet the income eligibility requirement (at or below 50% AMI). If the unit is designated as an ELI unit, all four residents must meet the ELI requirement for the county in which the Development is located.

Note: an ELI unit that is also a Shared Housing unit will count as one ELI unit for purposes of ELI requirements outlined above.

- (b) Substantial Rehabilitation of existing Developments:

There are no unit mix limitations.

- (2) Completing the Unit Mix Chart

Complete the Unit Mix Chart listing the total number of bedrooms per unit, the total number of bathrooms per unit (including half-baths, if applicable), the total number of units per bedroom type, and the number of units that are ELI Set-Aside units. All units in the proposed Development must be listed, including all manager/employee units and all market rate units, if applicable.

If additional space is required, enter the information in the Addenda. Note: During credit underwriting, the credit underwriter will verify that the ELI Set-Aside units are distributed across the unit mix on a pro-rata basis.

- e. Number of Buildings

State the anticipated number of residential buildings.

The number of residential buildings stated in the Application may be changed only by written request of an Applicant to Corporation staff after the Applicant has been invited to enter credit underwriting.

f. Compliance Period

- (1) New Construction Developments must set aside the units for a minimum length of 30 years.
- (2) Substantial Rehabilitation of existing Developments:
 - (a) If the Development is in the Corporation's Portfolio (and may also be in RD's portfolio):

Set aside the proposed units for a minimum length of the greater of 30 years or the remaining term of the existing SAIL or applicable Corporation-issued HOME LURA. All restrictive covenants, inclusive of the income set-asides (except where the Applicant commits to more restrictive income set-asides in the Total Set-Aside Breakdown Chart), that are associated with any existing Corporation-issued LURA or EUA, except for the Farmworker or Commercial Fishing Worker Demographic set-aside commitment, will remain in effect.
 - or
 - (b) If the Development is in RD's Portfolio and is not also in the Corporation's portfolio:

Set aside the units for a minimum length of 30 years.

The Affordability Period includes the units set aside for the Demographic Commitments and ELI Household commitments made in this RFA.

The above documents are available on the RFA Webpage.

* All Developments must comply with Section 504 of the Rehabilitation Act of 1973, as implemented by 24 CFR Part 8 (“Section 504 and its related regulations”). All Developments must meet accessibility standards of Section 504. Section 504 accessibility standards require a minimum of 5 percent of the total dwelling units, but not fewer than one unit, to be accessible for individuals with mobility impairments. An additional 2 percent of the total units, but not fewer than one unit, must be accessible for persons with hearing or vision impairments. All of the accessible units must be equally distributed among different unit sizes and Development types and must be dispersed on all accessible routes throughout the Development.

- RD Loan amount.

(c) If the proposed Development will be assisted with funding under the RD 538 Program, include the following:

- (i) Include the funding amount at the USDA RD 538 Financing line item on the Development Cost Pro Forma (Construction/Rehab Analysis and/or Permanent Analysis); and
- (ii) Provide the letter sent to the Applicant by an RD 538 approved lender certifying that the lender is prepared to make a loan consistent with the program requirements through the Section 538 Guaranteed Rural Rental Housing (“538”) Loan Program as **Attachment 14*** to Exhibit A. The U.S. Department of Agriculture, Rural Development (RD), list of Section 538 Guaranteed Rural Rental Housing approved lenders is available on the RFA Webpage.

As outlined in Exhibit D, the Section 538 Selection letter from RD must be provided during credit underwriting.

*Attachments 12 and 13 are intentionally omitted.

(2) Non-Corporation Funding Proposals

Unless stated otherwise within this RFA, for funding, other than Corporation funding and deferred Developer Fee, to be counted as a source on the Development Cost Pro Forma, provide documentation of all financing proposals from both the construction and the permanent

lender(s), and other sources of funding. The financing proposals must state whether they are for construction financing, permanent financing, or both, and all attachments and/or exhibits referenced in the proposal must be provided as **Attachment 15** to Exhibit A.

For purposes of the Application, the following will not be considered a source of financing: net operating income, capital contributions not documented in accordance with financing proposals that are not from a Regulated Mortgage Lender, fee waivers or any portion of any fees that are reimbursed by the local government. Additionally, fee waivers or any portion of any fees that are reimbursed by the local government cannot be considered as Development costs.

(a) Financing Proposal

Financing proposal documentation, regardless of whether the documentation is in the form of a commitment, proposal, term sheet, or letter of intent, must meet the following criteria.

Each financing proposal shall contain:

- Amount of the construction loan, if applicable;
- Amount of the permanent loan, if applicable;
- Specific reference to the Applicant as the borrower or direct recipient; and
- Signature of lender.

Note: Eligible Local Government financial commitments (i.e., grants and loans) can be considered a source of financing without meeting the requirements above if the Applicant provides the properly completed and executed Local Government Verification of Contribution – Grant Form (Form 07-2022) and/or the Local Government Verification of Contribution – Loan Form (Form 07-2022) and such grant and/or loan is effective at least through December 31, 2023. A loan with a forgiveness provision (and no accrued interest charges) requiring approval of the Local Government can be treated as a loan or a grant, for scoring purposes. Either the "Loan" or the "Grant" verification forms can be used. The grant and loan forms (Form 07-2022) are available on the RFA Webpage. If the loan form is used for a loan with forgiveness provision (and no accrued interest charges), the space for entering the net present value of the loan is not applicable to this RFA and will not be considered.

(b) Financing that has closed:

- (i) If the financing has closed in the Applicant's name, provide a letter from the lender acknowledging that the loan has closed. The letter must also include the following information:
- Amount of the construction loan, if applicable;
 - Amount of the permanent loan, if applicable; and
 - Specific reference to the Applicant as the borrower/direct recipient/mortgagee.
- (ii) Except for HUD and RD funding, if the financing involves an assumption of debt not currently in the Applicant's name, as evidence that the lender approves of the proposal of assumption, provide a letter from the lender, dated within six months of the Application Deadline, that includes the following information:
- Specifically references the Applicant as the assuming party;
 - If a permanent loan, states the amount to be assumed; and
 - If a construction loan, states the maximum amount of funding capacity.

If the debt being assumed is provided by HUD, provide a letter from HUD, dated within six months of the Application Deadline, confirming the funding source. The letter must include the following information:

- Name of existing development;
- Name of proposed Development;
- Loan balance; and
- Applicable HUD program.

If the debt being assumed is provided by RD, the Applicant is only required to provide the information described in Item 10.b.(1)(b) above.

- (c) If the financing proposal is not from a Regulated Mortgage Lender in the business of making loans or a governmental entity, evidence of ability to fund must be provided. Evidence of ability to fund includes: (i) a copy of the lender's most current audited financial statements no more than 17 months old; or (ii) if the loan has already been funded, a copy of the note and recorded mortgage. The age of all financial statements is as of the Application Deadline. In evaluating ability to fund, the Corporation will consider the entity's unrestricted current assets typically used in the normal course of business. Assets considered restricted include, but are not limited to, pension funds, rental security deposits, and sinking funds. Financing proposals from lenders who cannot demonstrate ability to fund will not count as a

source of financing. Financial statements must be included in the Application. Note: This provision does not apply to deferred Developer Fee.

In the case where the seller (or lessor) of the Development's property is providing a seller's or lessor's note (purchase money mortgage or equivalent) to help finance the Applicant's acquisition of the property, evidence of its ability to fund the amount of the note is not needed so long as the Application includes a letter from the seller or lessor that meets the financing proposal criteria outlined in (2)(a) above and the amount of the note is equal to or less than the purchase price of the property.

- (d) If a financing proposal shows an amount less than the corresponding line item on the Development Cost Pro Forma, only the financing proposal amount will be considered as a funding source. However, if a financing proposal shows an amount greater than the corresponding line item on the Development Cost Pro Forma, up to the total amount of the financing proposal amount may be utilized as a funding source, if needed.
- (e) The loan amount may be conditioned upon an appraisal or debt service coverage ratio or any other typical due diligence required during credit underwriting.
- (f) Financing proposals may be conditioned upon the Applicant receiving the funding from the Corporation for which it is applying.
- (g) If a financing proposal has a provision for holding back funds until certain conditions are met, the amount of the hold-back will not be counted as a source of construction financing unless it can be determined that the conditions for the release of the hold-back can be met prior to or simultaneous with the closing of the Development's permanent financing.
- (h) Grant funds are contributions to the Development, other than equity, which carry no repayment provision or interest rate. A commitment for grant funds will be considered a commitment for scoring purposes if the commitment is properly executed and, if applicable, evidence of ability to fund is provided.

c. Development Cost Pro Forma

All Applicants must complete the Development Cost Pro Forma listing the anticipated expenses or uses, the Detail/Explanation Sheet, if applicable, and the Construction or Rehab Analysis and Permanent Analysis listing the anticipated sources (both Corporation and non-Corporation funding). The sources must equal or exceed the uses. During the scoring process, if a funding source is not considered and/or if the Applicant's funding Request Amount is adjusted

downward, this may result in a funding shortfall. If the Application has a funding shortfall, in either the Construction/Rehab and/or the Permanent Analysis of the Applicant's Development Cost Pro Forma, the amount of the adjustment(s), to the extent needed and possible, will be offset by increasing the deferred Developer Fee up to the maximum eligible amount as provided below.

The Development Cost Pro Forma must include all anticipated costs of the Development construction, rehabilitation and, if applicable, acquisition, including the Developer Fee and General Contractor fee, as outlined below. Waived or reimbursed fees or charges are not considered costs to the Development and therefore, should not be included on the Development Cost Pro Forma. Note: deferred Developer Fees are not considered "waived fees."

Developer Fee and General Contractor fee must be disclosed. In the event the Developer Fee and/or General Contractor fee are/is not disclosed on the Development Cost Pro Forma, the Corporation will assume that these fees will be the maximum allowable and will add the maximum amount(s) to Total Development Cost. If an Applicant lists a Developer Fee, General Contractor fee, or contingency reserve that exceeds the stated Application limits, the Corporation will adjust the fee to the maximum allowable. As stated below, Applicants may not enter any amounts pertaining to operating deficit reserves. The Corporation will not consider any operating deficit reserves listed on the Development Cost Pro Forma.

Unless stated otherwise in this RFA, except for deferred Developer Fee, the Application requires complete information on all sources of Development funding and the proposed uses of those funds. All loans, grants, donations, syndication proceeds, etc., should be detailed in the Application as outlined above. The total of monetary funds determined to be in funding proposals must equal or exceed uses.

(1) Developer Fee

Each Developer Fee component listed in (a) and (b) below shall not exceed the respective amounts described below:

- (a) Developer Fee on Acquisition Costs, is limited to 16 percent of the Total Acquisition Cost of Existing Development (excluding land) stated on the Development Cost Pro Forma in Column 3 of Item B, rounded down to the nearest dollar; and
- (b) Developer Fee on Non-Acquisition Costs, is limited to 16 percent of the net amount after deducting Total Acquisition Cost of Existing Development (excluding land) (Column 3 of Item B) from the Development Cost stated on the Development Cost Pro Forma in Column 3 of Item C, rounded down to the nearest dollar.

If the maximums stated in (a) or (b) are exceeded, the Corporation will adjust the amount down to the maximum allowed. Additionally, the

Corporation may further adjust the Developer Fee on Acquisition Costs, and/or Developer Fee on Non-Acquisition Costs stated on the Development Cost Pro Forma and used to calculate the Developer Fee in Item D of the Development Cost Pro Forma. The conditions for such adjustments are stated below:

- If the amount of Developer Fee on Acquisition Costs is more than the amount allowed in (a) above, AND if the amount of Developer Fee on Non-Acquisition Costs is less than the amount allowed in (b) above, the Corporation will reduce the amount of Developer Fee on Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Non-Acquisition Costs by the amount reduced in the Developer Fee on Acquisition Costs, up to the maximum allowed amount.
- If the amount of Developer Fee on Non-Acquisition Costs is more than the amount allowed in (b) above, AND if the amount of Developer Fee on Acquisition Costs is less than the amount allowed in (a) above, the Corporation will reduce the amount of Developer Fee on Non-Acquisition Costs to the maximum allowed amount, and increase the amount of Developer Fee on Acquisition Costs by the amount reduced in the Developer Fee on Non-Acquisition Costs, up to the maximum allowed amount.

The Corporation will allow up to 100 percent of the eligible Developer Fee to be deferred and used as a source on the Development Cost Pro Forma without the requirement to show evidence of ability to fund.

Consulting fees, if any, and any financial or other guarantees required for the financing must be paid out of the Developer Fee. Consulting fees include, but are not limited to, payments for Application consultants, construction management or supervision consultants, or local government consultants.

(2) General Contractor Fee

General Contractor fee shall be limited to 14 percent of actual construction cost. The maximum allowable General Contractor fee will be tested during the scoring of the Application by multiplying the actual construction cost by 14 percent, rounded down to the nearest dollar.

(3) Contingency Reserves

For Application purposes, the maximum hard and soft cost contingencies allowed cannot exceed (a) 5 percent of hard and soft costs for Development Categories of New Construction or Redevelopment, with or without Acquisition; or (b) 15 percent of hard costs and 5 percent of soft costs for Development Categories of Rehabilitation, with or without

Acquisition, as further described in Rule Chapter 67-48, F.A.C. The determination of the contingency reserve is limited to the maximum stated percentage of total actual construction costs (hard costs) and general development costs (soft costs), as applicable.

(4) Operating Deficit Reserves

An operating deficit reserve is not to be included as part of Development Costs and cannot be used in determining the maximum Developer Fee. Applicants may not enter any amounts pertaining to any type of reserve other than the contingency reserve mentioned above on the Development Cost Pro Forma as part of the Application process. A reserve, including an operating deficit reserve, if necessary as determined by an equity provider, first mortgage lender, and/or the Credit Underwriter engaged by the Corporation in its reasonable discretion, will be required and sized in credit underwriting. The inclusion of any reserve is not permitted in the Application (other than the permitted contingency reserve) which may include, but is not limited to, operating deficit reserve, debt service shortfalls, lease-up, rent-re-stabilization, working capital, lender or syndicator required reserve(s), and any pre-funded capital (replacement) reserves. If any reserve other than the permitted contingency reserve can be identified and is included in the Development Cost Pro Forma, the Corporation will remove it during Application scoring.

In exchange for receiving funding from the Corporation, the Corporation reserves the authority to restrict the disposition of any funds remaining in any operating deficit reserve(s) after the term of the reserve's original purpose has terminated or is near termination. Authorized disposition uses are limited to payments towards any outstanding loan balances of the Development funded from the Corporation, any outstanding Corporation fees, any unpaid costs incurred in the completion of the Development (i.e., deferred Developer Fee), the Development's capital replacement reserve account (provided, however, that any operating deficit reserve funds deposited to the replacement reserve account will not replace, negate, or otherwise be considered an advance payment or pre-funding of the Applicant's obligation to periodically fund the replacement reserve account), the reimbursement of any loan(s) provided by a partner, member or guarantor as set forth in the Applicant's organizational agreement (i.e., operating or limited partnership agreement) whereby its final disposition remains under this same restriction. The actual direction of the disposition is at the Applicant's discretion so long as it is an option permitted by the Corporation. In no event, shall the payment of amounts to the Applicant or the Developer from any operating deficit reserve established for the Development cause the Developer Fee or General Contractor fee to exceed the applicable percentage limitations provided for in this RFA.

- d. Public Housing Authority and/or an instrumentality of a Public Housing Authority

Applicants may qualify for an “Add-On Bonus” used in the Total Development Cost Per Unit Base Limitation calculation described in Section Five and in Item 1 of Exhibit C of the RFA, and the PHA Add-On used in the Leveraging Calculation described in Item 2 of Exhibit C if at least one of the following is met:

- (1) The Applicant has either entered into a land lease with a Public Housing Authority on property where the proposed Development is to be located or the Applicant provided an Option to Enter into a Ground Lease Agreement on property where the proposed Development is to be located; AND the property has an existing Declaration of Trust between the Public Housing Authority and HUD; or
- (2) The Applicant is associated with a Public Housing Authority and/or an instrumentality of a Public Housing Authority in the ownership structure. The Applicant should state whether any Principals of the Applicant entity are a Public Housing Authority and/or an instrumentality of a Public Housing Authority and the Public Housing Authority and/or instrumentality of a Public Housing Authority must be reflected on the Principals of the Applicant and Developer(s) Disclosure Form (Form Rev. 05-2019).

Note: For purposes of the “Add-On Bonus”, the Public Housing Authority and/or instrumentality of a Public Housing Authority must not be disclosed as only the Investor Limited Partner of the Applicant or Investor Member of the Applicant.

If a Public Housing Authority has one of the above-described relationships with the Applicant, state the name of the Public Housing Authority.

B. Additional Information

1. Verifying Application Fee Payment

To ensure that the Application Fee is processed for the correct online Application, the following is **strongly recommended**: (i) provide the Application Fee at least 48 hours prior to the Application Deadline; and (ii) whether paying by check, money order, ACH or wire transfer, include the Development Name, RFA number with the payment.

Additionally, include the following at question B.1. of Exhibit A:

- If submitting a check or money order, provide the check or money order number.

2. Bookmarking the All Attachments Document before uploading (5 points)

To be awarded 5 points, bookmark the pdf of the All Attachments Document before uploading. Instructions are provided on the RFA Webpage. Acrobat Standard DC or Acrobat Pro DC are the programs required to create bookmarks.

3. Addenda

Use the Addenda section of Exhibit A to provide any additional information or explanatory addendum for items described in the Application. Please specify the particular item to which the additional information or explanatory addendum applies.

C. Narrative Scoring

The following narrative section allows for Applicants to provide detailed responses about the Development. Each response must address the specific criteria identified in the corresponding description. When scoring narrative responses, Florida Housing will only consider the written responses provided in Exhibit A. When assigning points for each narrative section, only the narrative for that particular requirement will be considered. Information in other narrative sections will not be considered. It is recommended to account for all criteria for each response, even if it requires repeating information in multiple narrative responses.

As stated in the Applicant Certification and Acknowledgement Form, the Corporation reserves the right to verify any and all information provided in Applicants' narrative responses during credit underwriting. If it is determined that the Applicant submitted materially incorrect information in the Application, the Application may be deemed ineligible, and/or the Corporation may rescind the award, and all Principals of the Applicant may be subject to material misrepresentation, even if the Application was not selected for funding, was deemed ineligible, or was withdrawn.

1. Demographic Populations to be Served (no points awarded):

Describe population(s) to be served. For example, a population might be H-2A farmworkers who are working on nearby farms. Applicants must provide a detailed description of the resident household characteristics and housing needs and preferences of the intended residents. This information will be considered by the Corporation when reviewing and scoring the narrative sections.

The description is limited to no more than two typed pages. Note: Although the online Application system allows for more pages, any portion of the description that is beyond the maximum number of pages will not be considered.

2. Current and Future Need for Farmworker or Commercial Fishing Worker Housing in the Area (Maximum of 15 Points)

The Corporation recognizes that many farm operations in the state are currently impacted by disease (e.g., citrus canker/greening) and the economy, or now use H-2A workers who are required to be housed by their employers. The fishing industry is also in fluctuation. Taking into consideration the current and changing state of farm and fishing labor needs statewide, the Applicant should describe the current and expected

future need for Farmworkers, whether accompanied or unaccompanied based on the proposed Development, or Commercial Fishing Workers in the area near the Development, with attention to the type of farm labor or fishing labor that is and will be carried out by the residents as described above.

The Applicant should provide detailed expectations for the local need for farm or fishing labor over the next 5 years. In addition, describe how the proposed unit mix and property design will meet the need of the residents in that description. If there are anticipated demographic changes to these populations over time, describe how the property will continue to be marketable.

For proposed Developments that are seeking financing for the Substantial Rehabilitation or Acquisition and Substantial Rehabilitation of existing Farmworker or Commercial Fishing Worker Developments that are currently in the Corporation's portfolio and/or the United States Department of Agriculture Rural Development (RD) portfolio, describe the most recent six months physical occupancy rate at the property and explain how this occupancy rate is impacted by the current need for this housing and how this will change going forward, should the proposed Development be awarded funding.

For Farmworker properties, the description should include detailed information on the location and proximity of farms, packing houses, nurseries and/or other farm labor operations, specific information about the farms, crops and crop seasons; and whether the farm work is seasonal and how the property expects to maintain a healthy occupancy throughout the year.

If there are nearby properties that have received waivers from USDA Rural Development or the Corporation, describe why the proposed Development will flourish (or continue to flourish) serving the Farmworker demographic over the long term.

For Commercial Fishing Worker properties, the description should include detailed information on the location and proximity of Fishing Worker jobs and whether the fishing work is seasonal and how the property expects to maintain a healthy occupancy throughout the year.

The description is limited to no more than three typed pages. Note: Although the online Application system allows for more pages, any portion of the description that is beyond the maximum number of pages will not be considered.

3. Experience Operating and Managing Farmworker or Commercial Fishing Worker Housing (Maximum of 20 Points)

Identify the Management Company and describe its experience in managing Farmworker or Commercial Fishing Worker housing, including the specific demographic(s) served, length of time spent operating and managing such housing and performing operations and management functions specific to the needs and

preferences of the intended residents. Providing only a list of developments and/or units that the Applicant or management company has managed or manages will not be a sufficient description of experience.

The description is limited to no more than three typed pages. Note: Although the online Application system allows for more pages, any portion of the description that is beyond the maximum number of pages will not be considered.

4. Outreach, Marketing and Referral (Maximum of 30 Points)

Describe the outreach and other activities, beyond those required by this RFA, that are currently conducted, and will be conducted initially on a continuing basis to market the Development to the focus population and general public and used to develop and retain an applicant pool of prospective residents, with specifics related to the demographic(s) served. Specify any community organizations, agencies or farming/fishing operations that the Development currently works with and will work with to establish and manage referring persons served by these entities to the Development for tenancy.

The Applicant shall develop and implement a detailed plan for tenant outreach, marketing and referral as approved by the Corporation during the credit underwriting process.

The description is limited to no more than three typed pages. Note: Although the online Application system allows for more pages, any portion of the description that is beyond the maximum number of pages will not be considered.

5. Resident Access to Onsite and Offsite Programs, Services and Resources (Maximum of 30 Points)

Describe the availability of, and proximity to, services, programs, and resources for Farmworker or Commercial Fishing Worker households, with specificity for the demographic(s) to be served, both on the property and offsite, as well as other residents of the property. Describe any partners currently working with the property to provide services or access to services and describe any transportation options to access offsite services or employment. Programs, services and resources might include, but are not limited to, shopping for necessities, education and recreation opportunities, and health care services. Include information on assistance provided to help the intended residents access these opportunities. If the proposed Development will consist of Scattered Sites, describe how access to programs, services and resources will be provided across all units.

If access to any of the described community-based services requires the use of technology, such as computers, smartphone apps, etc., describe how the Applicant will assist intended residents with access to the technology, and any technical assistance needed to operate it.

The description is limited to no more than three typed pages. Note: Although the online Application system allows for more pages, any portion of the description that is beyond the maximum number of pages will not be considered.

***** Total Development Cost Per Unit Limitation

By submitting its Application, the Applicant agrees and acknowledges that the Application will be subject to the Total Development Cost Per Unit Limitation during the scoring, credit underwriting.

The Corporation shall limit the Total Development Cost (TDC) per unit for all Developments categorized by the construction type of the units as indicated below and this limit is referred to as the TDC Per Unit Limitation. It is a limit based on TDC, (after excluding items described in the note below the chart), applying any applicable TDC

multiplier and/or TDC add-on. The proposed Development's TDC will be tested against the TDC Per Unit Limitation, utilizing the Development Type, Development Category and ESS Construction determination made by the Applicant in the RFA and it will apply to the number of units in the proposed Development for each unique combination of unit types identified in the table provided in question 4.e. of Exhibit A or for the entire proposed Development if said table is left blank.

Any Application that has an amount that exceeds these limitations during scoring will not be eligible for funding. These TDC Per Unit Base Limitation amounts, inclusive of any applicable TDC multiplier and/or TDC add-on, are effective during the scoring process. Item 1 of Exhibit C provides the TDC Per Unit Base Limitation amounts that account for an escalation factor to be incorporated for the credit underwriting process, as explained in the exhibit.

Total Development Cost Per Unit Base Limitations to be used during the scoring process

Measure	New Construction Units		Rehabilitation Units
	Non-ESS	ESS	All Rehab Units
Maximum TDC Per Unit Limitation * for all counties except Broward, Miami-Dade and Palm Beach counties	\$320,000	\$370,000	\$170,000
Maximum TDC Per Unit Limitation * for Broward, Miami-Dade and Palm Beach counties	\$340,000	\$390,000	\$180,000
Applicable TDC Multipliers (to be applied against the Development's TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)			
TDC Multiplier for Florida Keys Area for all areas north of Plantation Key (i.e., north of Tavernier Creek)			65%
TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)			50%**
PHA Add-On means (i) Applicants that either have a land lease with a PHA for the proposed Development's location or the Applicant provided an Option to Enter into a Ground Lease Agreement on property where the proposed Development is to be located; AND the property which has a Declaration of Trust between the PHA and HUD; or (ii) Applicants that have a PHA/instrumentality of a PHA as a Principal.			\$7,500 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation to Applications that qualify for the PHA Add-On

* Exclusive of-property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation to be provided in the final cost certification under the building acquisition and land owned cost line items. In addition, the costs identified by any Applicant as the construction costs associated with commercial and/or retail space are excluded from the TDC Per Unit Limitation process. Applicants may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable property acquisition price (building and land), construction costs associated with the delivery of commercial/retail space, operating deficit reserves and certain other costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

B. Selection Process

1. Application Sorting Order

The highest scoring Applications will be determined by first sorting together all eligible Applications from highest score to lowest score, with any scores that are tied separated in the following order:

- a. First, by the total points received for the Current and Future Need for Farmworker or Commercial Fishing Worker Housing in the Area narrative at Section Four C.2. above, listed in descending order;
- b. Next, by the total points received for the Experience Operating and Managing Farmworker or Commercial Fishing Worker Housing narrative at Section Four C.3. above, listed in descending order;
- c. Next, by the Application’s Eligible SAIL Request Amount Per Unit as outlined in Item 2.a. of Exhibit C, (with Applications that have a lower amount of SAIL funds per unit listed above Applications that have a higher amount of SAIL funds per unit);
- d. Next, by the Application’s Eligible SAIL Request Amount as a Percentage of Total Development Cost, as outlined in Item 2.b. of Exhibit C, (with Applications that have an Eligible SAIL Request Amount that is 90 percent of the Total Development Cost or less listed above Applications that have an amount greater than 90 percent);
- e. Next, by the Application’s eligibility for the Florida Job Creation Funding Preference which is outlined in Item 3 of Exhibit C of the RFA (with Applications that qualify for the preference listed above Applications that do not qualify for the preference); and
- f. Finally, by lottery number, resulting in the lowest lottery number receiving preference.

2. Funding Test

Applications will be selected for funding only if there is enough Funding available to fully fund the Eligible Request Amount.

3. County Award Tally

As each Application is selected for tentative funding, the county where the proposed Development is located will have one Application credited towards the County Award Tally. The Corporation will prioritize eligible unfunded Applications that meet the Funding Test and are located within counties that have the lowest County Award Tally above other eligible unfunded Applications with a higher County Award Tally that also meet the Funding Test, even if the Applications with a higher County Award Tally are higher ranked.

4. The Funding Selection Process

a. First Application Selected

The first Application selected for funding will be the highest-ranking eligible Application that selected the Development Category of Substantial Rehabilitation, with or without Acquisition, subject to the Funding Test and County Award Tally.

b. Remaining Funding

(1) If funding remains then the next Applications selected for funding will be the highest ranking eligible Application(s), regardless of the Development Category, subject to the Funding Test and County Award Tally.

(2) If funding remains and none of the eligible unfunded Applications can meet the Funding Test, no further Applications will be considered for funding. Any remaining funding will be distributed as approved by the Board.

5. Returned Funding

Funding that becomes available after the Board takes action on the Committee's recommendation(s), due to an Applicant withdrawing, an Applicant declining its invitation to enter credit underwriting or the Applicant's inability to satisfy a requirement outlined in this RFA, and/or provisions outlined in Rule Chapter 67-48, F.A.C., will be distributed as approved by the Board.

**SECTION SIX
AWARD PROCESS**

Committee members shall independently evaluate and score their assigned portions of the submitted Applications, consulting with non-committee Corporation staff and legal counsel as necessary and appropriate.

The Committee shall conduct at least one public meeting during which the Committee members may discuss their evaluations, select Applicants to be considered for award, and make any adjustments deemed necessary to best serve the interests of the Corporation's mission. The Committee will list the Applications deemed eligible for funding in order applying the funding selection criteria outlined in Section Five above and develop a recommendation or series of recommendations to the Board.

The Board may use the Applications, the Committee's scoring, any other information or recommendation provided by the Committee or staff, and any other information the Board deems relevant in its selection of Applicants to whom to award funding. Notwithstanding an award by the Board pursuant to this RFA, funding will be subject to a positive recommendation from the Credit Underwriter based on criteria outlined in the credit underwriting provisions in Rule Chapter 67-48, F.A.C.

The Corporation shall provide notice of its decision, or intended decision, for this RFA on the Corporation's Website the day of the applicable Board vote. After posting, an unsuccessful Applicant may file a notice of protest and a formal written protest in accordance with Section 120.57(3), Fla. Stat., et. al. Failure to file a protest within the time prescribed in Section 120.57(3), Fla. Stat., et. al. shall constitute a waiver of proceedings under Chapter 120, Fla. Stat.

After the Board's decision to select Applicants for funding in this RFA has become final action, the Corporation shall offer all Applicants within the funding range an invitation to enter credit underwriting. The Corporation shall select the Credit Underwriter for each Development.

FHFC will not use this page to score TDC PU Limitation criteria. If FHFC makes any adjustments to the Applicant's data or assumptions, FHFC's TDC PU for Limitation purposes of the proposed Development or the TDC PU Limitation determined by FHFC may be different than the amounts provided below. Please read the RFA for qualifying responses and definition of terms. This table is optional and its use is at the sole discretion of the Applicant. Applicant is responsible to verify and be in compliance with all aspects of the Application to meet RFA criteria.

Exhibit C – Additional Information

1. Total Development Cost Per Unit Limitation

- a. The Total Development Cost Per Unit Limitation was reviewed during the scoring process as outlined in Section Five, A. During credit underwriting and final cost certification, the Total Development Cost Per Unit Limitation will be reviewed again using the values in the chart below including the “Escalation Factor” of 6.0 percent, as follows:

Total Development Cost Per Unit Base Limitation plus all applicable Add-Ons, then multiplied by the Escalation Factor. The result of this will then be divided by each applicable TDC Multiplier.

Multiply this by the number of units in the proposed Development, rounded down to the nearest whole dollar, to calculate the proposed Development’s Maximum Total Development Cost (Maximum TDC).

Note: If there are multiple unit types, this process is done for each unique unit type and then they are all added together.

Total Development Cost Per Unit Base Limitations, to be used for Total Development Cost Per Unit Limitation Tests in Credit Underwriting and Final Cost Certification, prior to any Escalation Factor

Measure	New Construction Units		Rehabilitation Units
	Non-ESS	ESS	All Rehab Units
Maximum TDC Per Unit Limitation * for all counties except Broward, Miami-Dade and Palm Beach counties	\$320,000	\$370,000	\$170,000
Maximum TDC Per Unit Limitation * for Broward, Miami-Dade and Palm Beach counties	\$340,000	\$390,000	\$180,000
Applicable TDC Multipliers (to be applied against the Development’s TDC) and TDC Add-Ons (to be added to the Maximum TDC Per Unit Limitation)

TDC Multiplier for Florida Keys Area for all areas located on or south of Plantation Key (i.e., south of Tavernier Creek)		50%**	
PHA Add-On means (i) Applicants that either have a land lease with a PHA for the proposed Development’s location or the Applicant provided an Option to Enter into a Ground Lease Agreement on property where the proposed Development is to be located; AND the property which has a Declaration of Trust between the PHA and HUD; or (ii) Applicants that have a PHA/instrumentality of a PHA as a Principal.		\$7,500 of additional per unit costs will be added to the above Maximum TDC Per Unit Limitation to Applications that qualify for the PHA Add-On	

* Exclusive of property purchase price and exclusive of any approved operating deficit reserves that are part of the permanent phase (i.e., non-construction) financing for the Development which have not been included within the Developer fee. When the term of operating deficit reserves (ODR) is mentioned in this TDC Per Unit Limitation section, the term shall refer to these particular operating deficit reserves. Examples of reserves which can be considered part of the operating deficit reserve for this calculation are provided in the Operating Deficit Reserve portion of the Funding section in the RFA. For purposes of property purchase price to be excluded, the Corporation uses the lesser of the appraised value, or the actual property purchase price. When property purchase price is referenced in this TDC Per Unit Limitation section, the reference shall be limited to the amount of the property purchase price approved by the Corporation to be provided in the final cost certification under the building acquisition and land owned cost line items. In addition, the costs identified by any Applicant as the construction costs associated with commercial and/or retail space are excluded from the TDC Per Unit Limitation process. Applicants may also exclude demolition costs and tenant relocation costs from TDC PU Limitation calculations. The total amount of costs that are to be excluded from the TDC Per Unit Limitation process are the applicable property acquisition price (building and land), construction costs associated with the delivery of commercial/retail space, operating deficit reserves and certain other costs described herein are referred to in Exhibit C in the congregate as applicable qualifying costs.

** If the proposed Development consists of Scattered Sites, the 50% TDC Multiplier applies only if all of the sites are located south of Tavernier Creek.

b. Reviewing the Developer Fee and the Total Development Cost of the proposed Development during Credit Underwriting

The Total Development Cost of the proposed Development (“TDC of the Proposed Development”) is often adjusted during credit underwriting. Any such adjustments that occurred during the credit underwriting process may cause the maximum Developer Fee allowed for the proposed Development to fluctuate. Additionally, as further explained below, if the TDC of the proposed Development exceeds the Maximum TDC after all mandated reductions have been implemented, this may result in a negative recommendation by the credit underwriter in the final credit underwriting report and a request of the Corporation’s Board to de-obligate the awarded funding.

The Maximum TDC is not altered throughout the process, remaining at the same initial amount at each step. However, it is possible the maximum Developer Fee can be adjusted to a lower amount subsequent to the initial determination established below.

The following methodology will calculate the maximum Developer Fee for the proposed Development. Any reductions to the Applicant’s stated Developer Fee will cause the TDC of the proposed Development to be equally reduced in the final credit underwriting report described below. This process assumes the initially stated Developer Fee in b. and c. below does not violate the maximum Developer Fee as determined by multiplying the proposed Development’s Development Costs by the maximum Developer Fee percentage as stated in the applicable Rule and this RFA, rounded down to the nearest dollar.

(1) First Review of the Developer Fee and the TDC of the Proposed Development

A Developer Fee can be earned on Development Cost as defined by Rule Chapter 67- 48, F.A.C., up to the maximum limit allowed, as calculated below. The proposed Development’s maximum Developer Fee will be first calculated as follows:

The credit underwriter will calculate the maximum Developer Fee by dividing the Maximum TDC amount by 1.16, and then multiply the result by 16 percent, rounding up to the nearest whole dollar. Note: These figures represent the applicable Developer Fee percentage for the Development of 16 percent and one plus the applicable Developer Fee percentage for the Development (1+16%).

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development’s stated Developer Fee, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this first review.

If this step causes the maximum Developer Fee to be less than the proposed Development’s stated Developer Fee, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the

Proposed Development will be equally reduced to incorporate the first mandated cost reduction.

(2) Second Review of the Developer Fee and the TDC of the Proposed Development

The second step will reduce the maximum Developer Fee by the lesser of (a) the actual amount that the TDC of the Proposed Development exceeds the Maximum TDC, (b) \$500,000, or (c) 25 percent of the Maximum Developer Fee calculated in (1) above.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (1) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this second review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (1) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the second mandated cost reduction.

(3) Third Review of the Developer Fee and the TDC of the Proposed Development

The third step will have the maximum Developer Fee calculated in (2) above reduced by the same percentage as the percentage that the TDC of the Proposed Development determined in (2) above exceeds the Maximum TDC.

This is determined by dividing the TDC of the Proposed Development calculated in (2) above by the Maximum TDC calculated in (2) above. If the resulting percentage is greater than 100%, then the resulting percentage will have 100% subtracted from it. This number is then multiplied by the maximum Developer Fee calculated in (2) above, rounded down to the nearest whole dollar and the resulting amount is subtracted from the maximum Developer Fee calculated in (2) above, yielding a new, lower maximum Developer Fee. If the resulting percentage is less than or equal to 100 percent, the third review is complete without any further mandated adjustments to either the stated Developer Fee or the TDC of the Proposed Development.

If the maximum Developer Fee calculated in this step is equal to or greater than the proposed Development's Developer Fee calculated in (2) above, there will be no resulting deduction to the stated Developer Fee or the TDC of the Proposed Development from this third review.

If this step causes the maximum Developer Fee to be less than the proposed Development's Developer Fee calculated in (2) above, the stated Developer Fee will be reduced to the maximum Developer Fee calculated in this step, and the TDC of the Proposed Development will be equally reduced to incorporate the third mandated cost reduction.

As a note, if the initial stated Developer Fee is already at or below the maximum Developer Fee as calculated in the third review of the Developer Fee, then there is no adjustment mandated to be incorporated into the Developer Fee. This also means there are no corresponding cost savings to reduce the TDC of the Proposed Development since all mandated TDC cost reductions stemming from this process are coming from reducing the stated Developer Fee.

(4) The 5% Test

The Total Development Cost of the proposed Development (“TDC of the Proposed Development”) in place after all three cost reduction steps have been performed as detailed above cannot exceed the Maximum TDC by more than 5 percent (“5% Test”). The 5% Test is performed only at time of Credit Underwriting.

If the TDC of the Proposed Development after the third mandated cost reduction step does not meet the 5% Test, the final credit underwriting report shall be presented at the next Florida Housing Finance Corporation Board Meeting with a negative recommendation by the Credit Underwriter with a staff request to de-obligate the awarded funding due to a proposed Development having excessive development costs.

A template and training video regarding the Total Development Cost Per Unit Limitation have been made available. A link has been added to the RFA Webpage called “Total Development Cost Per Unit Limitation Information Used In RFAs”. This link will take users to a new webpage with examples of this process, as well as a template, training video, and, for assistance after the review and evaluation process as explained in Section Three, F.2. of this RFA, contact information for available Florida Housing staff.

2. Leveraging

a. SAIL Request Amount per Unit

During the funding process outlined in Section Five B of the RFA, the Application with the lower amount of SAIL funds per unit will receive preference. This amount will be calculated by dividing the Applicant’s SAIL Request Amount (stated at question 9.a.(1) of Exhibit A) by the total number of proposed units. If the Applicant’s SAIL Request Amount is adjusted by the Corporation during the scoring process, the adjusted amount will be used for this calculation.

b. SAIL Request Amount as a Percentage of Total Development Cost (TDC)

During the funding process outlined in Section Four B of the RFA, an Application with an Eligible SAIL Request Amount as a percentage of TDC of 90 percent or less will receive preference over an Application with an Eligible SAIL Request Amount as a percentage of TDC of more than 90 percent.

For purposes of this calculation, the Corporation will use the SAIL Request Amount stated by the Applicant at question 10.a.(1) of Exhibit A. However, if the Applicant’s

SAIL Request Amount and/or the Total Development Cost stated on the Development Cost Pro Forma is adjusted by the Corporation during the scoring process, the Corporation will use the adjusted amount(s) for this calculation. An Application that does not include a Total Development Cost on the Development Cost Pro Forma will not receive the preference.

3. Florida Job Creation Funding Preference

Each Application will be measured to determine whether it qualifies for the Florida Job Creation Funding Preference. To determine eligibility for the preference, the Corporation will calculate the Application's Florida Job Creation score, which will reflect the number of Florida jobs per \$1 million of implied eligible SAIL funding. To qualify for the Florida Job Creation Funding Preference in Section Five of the RFA, all Applications must earn a Florida Job Creation score equal to or greater than 11.

Determination of the Florida Job Creation score will be based on the following information:

- The number of new construction and rehabilitation units committed to by the Applicant (as stated by the Applicant in Exhibit A);
- The applicable Florida job creation rate for the type of units:
 - Rate of 3.171 Florida Jobs per unit for proposed new construction units;
 - Rate of 1.602 Florida Jobs per unit for proposed rehabilitation units; and
- The Eligible SAIL Request Amount.

The score for the Florida Rate of Job Creation per \$1 million of implied eligible SAIL funding will be measured using one of the following calculations:

a. Developments consisting of only new construction units

Number of new construction units x 3.171 Florida Jobs per unit x 1,000,000 / (the Eligible SAIL Request Amount) = Florida Jobs per \$1 million of SAIL funding.

For example:

Application A consists of 15 new construction units and has an Eligible SAIL Request Amount of \$3,000,000.

$15 \times 3.171 \times 1,000,000 / (3,000,000) = \text{Florida Job Creation score of } 15.86.$

b. Developments consisting of only rehabilitation units

Number of rehabilitation units x 1.602 Florida Jobs per unit x 1,000,000 / (the Eligible SAIL Request Amount) = Florida Jobs per \$1 million of SAIL funding.

For example:

Application B consists of 30 rehabilitation units and has an Eligible SAIL Request Amount of \$1,200,000.

$30 \times 1.602 \times 1,000,000 / (1,200,000) = \text{Florida Job Creation score of } 40.05.$

In above examples, all Applications will qualify for the Job Creation Funding Preference because each has a Florida Job Creation score that is at least 11.

4. Fees

The Corporation and, if applicable, the Credit Underwriter shall collect via check or money order from the Applicant the following fees and charges in conjunction with this RFA. Failure to pay any fee shall cause the funding awarded to be withdrawn as outlined in the credit underwriting and program requirements outlined in Rule Chapter 67-48, F.A.C.

(2) All Applicants shall remit the commitment fee payable to the Florida Housing Finance Corporation.

e. Credit Underwriting and Loan Closing Extension Fees

The Flowchart attached to this Exhibit has been designed to graphically illustrate the steps described below.

1. The Pre-Application Stage (Steps 1-2)

Prior to submitting an Application, Applicants should conduct appropriate due diligence to determine whether it is physically and financially feasible to comply with the minimum requirements contained in Section Four A.8., for proposed Developments with at least one rehabilitation unit. The Applicant (or designee) shall answer the CNA provider's request for information within 7 Calendar Days of receipt. Further, a physical inspection of the property shall be scheduled to take place between the CNA provider, the Applicant (or designee), the Corporation (if desired) and the Credit Underwriter (if desired), no later than 30 Calendar Days from the ordering of the CNA. No less than 7 Calendar Days prior to the physical inspection, the Applicant shall ensure that original construction plans, if
