   1. To meet the housing needs of the very low-, low- and moderate-income households;

   3. To further the housing element of the local government comprehensive plan specific to affordable housing.

C. **Fiscal years covered by the Plan:** 2018-2019, 2019-2020, 2020-2021

D. **Governance:** The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. **Local Housing Partnership:** The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. **Leveraging:** The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. **Public Input:** Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. **Advertising and Outreach:** SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. **Waiting List/Priorities:** A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The City will accept applications during the advertised “application period” which will be 30 days. From the end of the application period, applicants will have 30 days to
submit all required documentation to be deemed eligible. Applications will be placed in order of receipt and separated based upon strategy for which the applicant has applied. When funds are available for a particular strategy, the applicants from the waiting list will be contacted to complete/update the application for SHIP assistance. Applicants will be placed in the queue for assistance once they have provided all required documentation and have been deemed SHIP eligible.

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Special Needs households. These applicants will further be ranked with priority given to very low-, then low-, then moderate-income. The second priority will be to serve Essential Services Personnel. The applicants will further be ranked with priority given to very low-, then low-, then moderate-income households. Upon meeting requirements for the funding year for Special Needs Households set-asides and qualified Essential Services Personnel, all applicants deemed eligible will be considered equally with priority given to very low-, then low-, then moderate-income groups.

Ranking Priority:

1. Special Needs Households:
   a. Very low
   b. Low
   c. Moderate

2. Essential Services Personnel:
   a. Very low
   b. Low
   c. Moderate

3. After Special Needs Set-asides and Essential Services Personnel goals are met:
   a. Very low
   b. Low
   c. Moderate

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S.
Treasury Department or as described above.

The methodology used is:

   X  U.S. Treasury Department  
   _____ Local HFA Numbers

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is attached as Exhibit A.

CITY OF CLEARWATER finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately
pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

T. **Describe efforts to incorporate Green Building and Energy Saving products and processes:** The City of Clearwater promotes the use of green housing construction and rehabilitation techniques. The City created a Plan called “Greenprint” to address this citywide.

Below are excerpts from the City’s Comprehensive Plan:

C.1.10 Objective – Recognizing that sustainable building techniques contribute to keeping housing units affordable over the long term by reducing energy consumption, lowering utility bills and decreasing maintenance costs, the City of Clearwater will promote the use of green housing construction and renovation and rehabilitation techniques.

Policies:

C.1.10.1 Encourage affordable housing projects that are constructed consistent with US Green Building Council’s (USGBC) Leadership in Energy and Environmental Design (LEED) principles or Florida Green Building Coalition’s (FGBC) Green Land Development and Building Standards.

C.1.10.2 Encourage construction of efficient and lasting homes by developing Green Building standards, using resources such as those available through Global Green USA.
C.1.10.3 Provide “green building information” to local area housing providers.

C.1.10.4 Work with the local chapter of the USGBC to provide information regarding LEED renovation techniques at Neighborhood Week and other outreach events.

C.1.10.5 Develop prototypical xeriscape plans that can be provided to local area housing non-profits and neighborhood associations.

Community Sustainability Plan

Clearwater Greenprint is a community sustainability plan that identifies a series of tangible actions across eight topic areas that have the potential to reduce energy consumption, pollution and greenhouse gas (GHG) emissions while stimulating the local economy and improving the quality of life. The topic areas include education and awareness, green energy and buildings, transportation, land use and urban form, water resources, waste management, food production, and green business and jobs. Through creating and implementing Clearwater Greenprint, the City of Clearwater government is leading a community-wide effort to understand the challenges of today with a view toward creating a sustainable future. The strategies included in Clearwater Greenprint provide a framework for government, resident and business actions in the short, medium and long term.

In addition to the City’s comprehensive plan, the department applies green principles in all new construction and rehabilitation projects. The City’s specifications for new and existing homes are tailored to meet green standards. Whenever repairs are necessary and performed on a house, green initiatives will be used to include, but not be limited to, low E windows, insulation is minimum R30, exterior doors are insulated, all windows and doors seals are in place, hot water heater is in good condition and operating properly and attic has proper ventilation to better control temperatures.

U. Describe efforts to meet the 20% Special Needs set-aside: The City of Clearwater will work with strong partners with track records of providing housing for the special needs population. The goals will be met through the owner-occupied rehabilitation and multi-family strategies.

V. Describe efforts to reduce homelessness: The City of Clearwater supports and works with local social service providers who address the root causes of homelessness.

The City contributes to five Continuum of Care providers in Pinellas County who serve Homeless individuals and families and contributes to Pinellas County Homeless Leadership Board; the HLB is the leadership organization in ending homelessness in Pinellas County working closely with the local service providers. The City has initiated and maintains a comprehensive, holistic approach and has formed a Homeless Committee that is chaired by the City Manager and consists of directors and staff from multiple departments who frequently address the needs and impact of the homeless population.

<th>A. NEW CONSTRUCTION</th>

<tbody>
<tr>
<td><strong>a. Summary of Strategy:</strong> The City of Clearwater, through eligible developers (for profit and non-profit) may use SHIP funds for the development of new single-family housing units. The costs may include acquisition, site improvement and building costs to include innovative design and green principles. The City’s specifications for new homes are tailored to meet green standards. The City may use SHIP funds as a match for the HOME program to loan funds to eligible developers (for profits and non-profits) for the construction of new single-family housing units, and in some cases, acquisition of vacant properties and infrastructure costs for new housing development. Assistance will be repaid when the unit is sold to an eligible homebuyer. When the City provides funds for a Habitat for Humanity project, the homebuyer does not require down payment and closing assistance because of the favorable first mortgage terms provided by the Habitat for Humanity model. <strong>For the Homebuyer:</strong> The City of Clearwater through its housing programs and through its sub-recipients may use SHIP funds to provide down payment and closing costs assistance to eligible very low- to moderate-income homebuyers of the newly constructed homes.</td>

1. **Repayment loan/deferred loan/grant:** deferred payment mortgage and note not to exceed 24 months
2. **Interest Rate:** 0 %
3. **Years in loan term:** 2
4. **Forgiveness:** In the event that through no fault of the developer/non-profit, the project suffers a reduction in market value, the City reserves the right to allow for a buy-down (forgiveness) equal to the difference between the project development cost and market value.
When the developer sells the property to an income eligible homebuyer, the loan to the developer is satisfied. All proceeds from the sale of the property less the developer fee will be returned to the City in the form of Program Income. The difference between the assistance provided to developer and program income will be recognized as a grant to the homebuyer.

5. **Repayment**: The loan is repaid when the house is sold

6. **Default**: The loan becomes due and payable if at the end of the loan term, the home is not sold, or if the home does not have a sales contract.

   b) Upon sale or transfer of title
   c) Property is vacated and no longer the primary residence of the borrower
   d) Property is converted into rental unit
   e) Any refinancing with cash out or debt consolidation

In the event of non-payment or other default defined above, the City will follow its “Economic Development & Housing Department Affordable Housing Loan Foreclosure and Loan Foreclosure Alternative Policy.” Also, the language below is included in the mortgage note: *The Note Holder shall have the optional right to declare the amount of the total balance hereof to be due and forthwith payable in advance of the Maturity Date upon the occurrence of any Event of Default or failure to perform in accordance with any of the terms and conditions set forth in the Subordinate Mortgage. Upon exercise of this option by the Note Holder, the entire principal shall bear interest at the rate of three percent (3%) per annum. Forbearance to exercise this option with respect to any failure or*
breach of the Borrower shall not constitute a waiver of the right as to any continuing failure or breach or any subsequent failure or breach.

f. **Recipient Selection Criteria:** Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services Personnel and income groups as described in Section I. (I) of this plan.

   **To qualify for assistance, an eligible buyer must meet the following requirements:**
   
   - The applicant is not required to be a First-Time Homebuyer to qualify for assistance, but they cannot own a property at the time of closing.
   
   - In addition, households that have been assisted with any City funds in the past are ineligible to receive funding again through any of the Housing Division’s Programs, unless the prior assistance has been paid in full and a Satisfaction of Mortgage executed and recorded in Public Records, unless there is some form of “hardship” as defined. Examples of hardship include: divorce, permanent layoff, physical or mental disability, fire, flood or natural disaster or the death of a family member. Hardship determination will be determined and approved on a case-by-case basis by the Director of the Department.

g. **Sponsor/Developer Selection Criteria:** All developers and non-profits will be selected using the City’s Consolidated Annual Action Plan Application process. Eligible developers or non-profit organizations that provide assistance under this program will be required to contractually commit and comply with all SHIP program requirements.

h. **Additional Information:** To qualify for Down Payment Assistance:

   - Applicants must be able to obtain a first mortgage from a licensed lending institution.
   
   - This first mortgage cannot exceed a term of thirty (30) years.
   
   - Applicants will contribute 1% of sale price toward the transaction.
   
   - All Buyers must have completed at least eight (8) hours of homebuyer education through a HUD-approved housing counseling agency.
   
   - Other state, federal, county, private and homeowner contributions may be leveraged with SHIP funds.
   
   - Mobile homes are not eligible for assistance.
   
   - There may be instances where the cost to develop the project is higher than the sales price. When the developer sells the property to an income eligible buyer and the loan proceeds are remitted to the City, the difference between the sales
price and develop costs will be forgiven and recognized as a grant to the homebuyer.

<th>B. ACQUISITION OF EXISTING HOMES WITH REHABILITATION</th>
</tr>
</thead>
<tbody>
<tr>
<td>a. <strong>Summary of Strategy:</strong> The City of Clearwater through eligible developers (for profit and non-profit) may use SHIP funds to acquire, rehabilitate and resell single-family housing units. The costs may include acquisition, rehabilitation (to include innovative design and green principles) and other costs associated with the resale of the single-family housing unit. The City may use SHIP funds as a match for the HOME program to loan funds to eligible developers and non-profits for the acquisition and rehabilitation of existing housing units. Assistance will be repaid when the unit is sold to an eligible buyer. Under this strategy, Community Land Trust principles may be utilized. The community land trusts become the stewards of land and maintain it permanently beginning with a ninety-nine-year, renewable ground lease. Developers and non-profits may purchase homes to be placed in a Community Land Trust. The homebuyers only own their home and sign a long-term lease on the land their home sits on. This ensures the affordability of the home because the homebuyer only obtains a mortgage on the structure. <strong>For the Homebuyer:</strong> The City of Clearwater through its housing programs and through its sub-recipients will use SHIP funds to provide down payment and closing costs assistance to eligible very low- to moderate-income homebuyers of existing rehabilitated homes.</td>

   e) Any refinancing with cash out or debt consolidation

In the event of non-payment or other default defined above, the City will follow its “Economic Development & Housing Department Affordable Housing Loan Foreclosure and Loan Foreclosure Alternative Policy.” Also, the language below is included in the mortgage note: *The Note Holder shall have the optional right to declare the amount of the total balance hereof to be due and forthwith payable in advance of the Maturity Date upon the occurrence of any Event of Default or failure to perform in accordance with any of the terms and conditions set forth in the Subordinate Mortgage. Upon exercise of this option by the Note Holder, the entire principal shall bear interest at the rate of three percent (3%) per annum. f. **Recipient Selection Criteria:** Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services Personnel and income groups as described in Section I. (I) of this plan.
To qualify for assistance, an eligible buyer must meet the following requirements:

- The applicant is not required to be a First-Time Homebuyer to qualify for assistance, but they cannot own a property at the time of closing.

If repairs are required to bring the property to HUD HQS standards and the cost for the repairs exceed $1,000, the property will be coded as “down payment and closing costs with rehabilitation.” If the seller can provide documentation to show that the property had repairs over $1,000 completed within the past twelve (12) months, the property will also be coded as “down payment and closing costs with rehabilitation.”
There may be instances where the cost to develop the project is higher than the sales price. When the developer sells the property to an income eligible buyer and the loan proceeds are remitted to the City, the difference between the sales price and develop costs will be forgiven and recognized as a grant to the homebuyer.

C. DOWN PAYMENT AND CLOSING COSTS ASSISTANCE FOR EXISTING HOMES WITHOUT REHABILITATION

f. **Recipient Selection Criteria:** Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for Special Needs, Essential Services Personnel and income groups as described in section I.(I) of this plan. Property purchased must be the primary residence of the buyer. Should funds not be available at any time, a City created “Waiting List” will be utilized and eligible clients will be assisted when funds are available.

**To qualify for assistance, an eligible participant must meet the following requirements:**

- The applicant is not required to be a First-Time Homebuyer to qualify for assistance, but they cannot own a property at the time of closing.

   • Correct housing code deficiencies
   • Adapt the residence to meet accessibility needs of a disabled family member
In cases where the health, safety and welfare of the household are in jeopardy, they shall receive priority and the Housing Manager shall evaluate the situation to determine if the work may be done as emergency repairs. Such things that are considered “emergency repairs” are:
   • Structural components that show signs of imminent collapse
   • Inoperable heating systems during the winter months
   • Water leaks in walls or foundation
   • Roof leaks causing electrical hazards, ceiling collapse or structural damage
   • Inoperable exterior doors and/or windows, preventing emergency egress
   • Falling ceiling
   • Lead-based paint
   • ADA modifications of an immediate nature
Priority will be given to those whose homes need renovations to allow elderly or those with special needs to remain independent in their homes and prevent them from having to move into an assisted living-type arrangement. Improvements may include things as:

a) The recipient’s household income must be at or below 30% of the Area Median Income (AMI)

b) The recipient’s current housing debt exceeds 35% of their gross monthly income

To qualify for a twenty-year, zero percent interest payment loan, eligible recipients must meet the following criteria:

All eligible recipients with household income above 30% of the AMI, and current housing debt below 35% of their gross monthly income will repay the rehabilitation assistance at zero percent with the following stipulations:

a) The payments are deferred for 120 days from the note date with monthly payments commencing at the end of the deferred period and amortized over 20 years

b) Loans will be secured by a Mortgage and Note and recorded in the public records of Pinellas County, Florida until satisfied

2. Interest Rate: 0 %

3. Years in loan term: For the payment loan, the loan term is 20 years

For the deferred payment loan, the term is 30 years.

4. Forgiveness: 30-year 0% deferred payment loan. The loan balance is forgiven after 30 years, if no default occurs.

5. Repayment: 20-year 0% payment loan.
6. **Default:** The loan will be determined to be in default if any of the following occurs during the loan term:
   a) Death of a borrower(s). In the event the homeowner should die, this strategy allows for assumption by eligible heirs
   b) Upon sale or transfer of title
   c) Property is vacated and no longer the primary residence of the borrower
   d) Property is converted into rental unit
   e) Any refinancing with cash out or debt consolidation

In the event of non-payment or other default defined above, the City will follow its “Economic Development & Housing Department Affordable Housing Loan Foreclosure and Loan Foreclosure Alternative Policy.” Also, the language below is included in the mortgage note: *The Note Holder shall have the optional right to declare the amount of the total balance hereof to be due and forthwith payable in advance of the Maturity Date upon the occurrence of any Event of Default or failure to perform in accordance with any of the terms and conditions set forth in the Mortgage Documents. Upon exercise of this option by the Note Holder, the entire principal shall bear interest at the rate of three percent (3%) per annum.*

*Forbearance to exercise this option with respect to any failure or breach of the Borrower shall not constitute a waiver of the right as to any continuing failure or breach or any subsequent failure or breach.*

f. **Recipient Selection Criteria:** Applicants will be ranked for assistance based on a first-qualified, first-served basis with priorities for Special Needs, Essential Services Personnel and income groups as described in Section I. (I) of this plan.

In addition, households that have been assisted through the rehabilitation strategy with City funds within the past are ineligible to receive funding again through any of the Housing Division’s Programs, unless the prior assistance has been paid in full and a Satisfaction of Mortgage executed and recorded in Public Records, unless there is some form of “hardship” as defined. Examples of hardship include: divorce, permanent layoff, physical or mental disability, fire, flood or natural disaster or the death of a family member. Hardship determination will be determined and approved on a case-by-case basis by the Director of the Department.

g. **Sponsor/Developer Selection Criteria:** N/A

Section III. Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

The City of Clearwater Economic Development & Housing Department continues to provide a form titled, “Request for Expedited Permit Processing for Affordable Housing Activity” that, when completed and submitted by the developer, expedites permitting for affordable housing projects.

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The Senior Executive Team of the City of Clearwater meets every two weeks to discuss and review upcoming agenda items on the City Council’s meeting schedule. As part of this meeting, the City Clerk reviews with each department Director proposed items on the agenda, which includes policies, procedures, ordinances, resolutions and plan provisions for action by the City Council. Any actions that have the potential to affect the cost of housing are addressed as part of this process. Any determinations made by the Economic Development and Housing Department and the affected Department will be included as part of the agenda summary to the City Council on that particular item. The City Council agenda summary and all supporting materials are available on the City’s website at www.myclearwater.com.

C. Name of the Strategy: The allowance of flexibility in densities for affordable housing

The City of Clearwater supports flexibility in densities for affordable housing through its Comprehensive Plan policies and through its Community Development Code. Comprehensive Plan policies in support of flexible densities are located in the Future Land Use Element (FLUE) and Housing Element as follows:

Policy A.2.2.12 – The City will provide density bonuses for affordable housing developments that demonstrate that a minimum of 15% of the total units are reserved as affordable housing units. Such bonuses shall not exceed 50% of the density permitted by the Future Land Use Map and shall not include properties located in the Coastal Storm Area. The density bonus shall be established by ordinance in the Community Development Code. (FLUE)
Policy C.1.9.1 – The City will provide density bonuses for affordable housing developments that demonstrate that a minimum of 15% of the total units are reserved as affordable housing units. Such bonuses shall not exceed 50% of the density permitted by the Future Land Use Map and shall not include properties located in the Coastal Storm Area. The density bonus shall be established by ordinance in the Community Development Code. (Housing Element)

D. Name of the Strategy: **The reduction of parking and setback requirements** for affordable housing

The City encourages the reduction of parking and setback requirements for affordable housing in the Housing Element of the City’s Comprehensive Plan.

Provide a description of the procedures used to implement this strategy

The following policies in the Housing Element support the reduction of parking and setback requirements for affordable housing:

Policy C.1.9.2 – Allow flexibility with regard to off-street parking to accommodate density bonuses associated with affordable housing developments provided the project design does not detract from the established or emerging character of immediate vicinity.

Policy C.1.9.3 – Allow flexibility with regard to off-street parking for projects containing affordable housing units located within 1,000 feet of a transit stop.

The City currently allows flexibility in parking and setback requirements for affordable housing through the City’s Community Development Code, which establishes flexibility criteria for specific uses requiring additional development review.

E. Name of the Strategy: The allowance of **flexible lot configurations, including zero-lot-line** configuration for affordable housing

The City currently allows for site plan flexibility through the development review process, as supported by the City’s Community Development Code and Article 2, which establishes flexibility criteria for specific uses requiring additional development review.

Such criteria may allow for more flexible site plan configurations but may also require an improved site plan to document how the flexibility will result in better design and/or appearance.

Provide a description of the procedures use to implement is strategy

The City currently allows for site plan flexibility through the development review process, as supported by the City’s Community Development Code and Article 2. Zoning Districts therein establish flexibility criteria for specific uses. Such criteria may allow for more flexible site plan configurations but may also require an improved site plan to document how the flexibility will result in better design and/or appearance.

The allowance of flexible site plan configurations, including zero-lot line configurations for
affordable housing, must be sensitive to the character and context of existing neighborhoods. To this end, the City’s incentives for affordable housing include compatibility criteria in conjunction with the density bonus as follows:

Article 3, Division 9, Section 3-920.A.3.c.i. Compatibility Criteria -

b. Proportionality and scale of the proposed development shall be consistent with the community character of the immediate vicinity of the parcel proposed for development.

c. The overall aesthetics of the proposed development shall be compatible with or an improvement to the community character as determined by the community development coordinator.

F. Name of the Strategy: The preparation of a printed inventory of locally-owned public lands suitable for affordable housing

The Affordable Housing Inventory List is maintained by Comprehensive Plan policy: Policy C.1.2.6 - The City shall identify vacant and underutilized City-owned property that may be deemed surplus property and make it available for the development of affordable housing.
(Housing Element)

Provide a description of the procedures use to implement is strategy:

The City of Clearwater on February 21, 2008 adopted Resolution 08-01, which established the affordable housing inventory list per statutory requirements. To facilitate affordable housing projects, the City maintains an inventory of publicly-owned land suitable for affordable housing titled, “Affordable Housing Inventory List”, which is published on the City’s website. The last triennial update was done in 2016, by City Resolution 16-14 (June 16, 2016).

Additionally, the City’s Economic Development & Housing Department has a procedure in place to make publicly-owned land available to prospective developers and non-profit agencies to construct affordable housing.

G. Name of Strategy: The support of development near transportation hubs, and major employment centers and mixed-use developments

The City promotes areas suitable for affordable housing through the Future Land Use Element (FLUE) of the Comprehensive Plan. The FLUE contains a number of policies related to activity centers and transit hubs as part of the City’s overall design structure.

Provide a description of the procedures use to implement is strategy:

The FLUE of the Comprehensive Plan supports the location of assisted housing near major activity centers through the following policies:

Policy A.2.2.7 – Residential land uses shall be sited on well-drained soils, in proximity to parks, schools, mass transit and other neighborhood-serving land uses. (FLUE)
Policy A.5.4.4 – Missouri Avenue from Drew Street to Belleair Road. The creation of affordable housing and mixed-use development should be supported, and lot consolidation and streetscape improvements should be encouraged. [Activity Center] (FLUE)

Policy A.5.4.7 – South Fort Harrison Avenue from A Street to E Street. Amendments to the Future Land Use Plan and Zoning Atlas may be considered to promote affordable housing, mixed-use development, and to support the emerging character of the area and Morton Plant Hospital. [Activity Center] (FLUE)

Policy A.6.8.7 – Create mixed-use, higher density, livable communities through design, layout and use of walkability techniques within existing and proposed transit corridors, including planned PSTA, Pinellas County MPO and TBARTA lines and potential station locations. (FLUE)

The Housing Element of the Comprehensive Plan also supports the location of assisted housing near major activity centers:

Policy C.1.4.2 – Assisted housing should be located in close proximity to employment centers, mass transit services, parks, and commercial centers. Additionally, both the City’s Comprehensive Plan and Community Development Code allow flexibility in parking for affordable housing projects if located near a transit stop (Housing Element).

C.1.9.3 as well as Community Development Code Article 3, Division 9, Section 3-920.B. for the City’s “affordable housing parking incentive”.

H. Name of the Strategy: Identification of Properties Having Repeat Code Violations that may be Suitable for Rehabilitation or Acquisition for Affordable Housing

An ongoing process for review of City of Clearwater code enforcement actions on properties that may qualify under existing LHAP strategies

Provide a description of the procedures used to implement this strategy:

Economic Development & Housing Department staff coordinates with Planning & Development Department staff to provide information to owners of properties that are subject to municipal code liens and/or have repeat code violations. Housing staff provides Code Enforcement staff with flyers or door hangars containing information on the City’s LHAP strategies and how a property owner may apply for assistance or contact Housing staff. During the normal course of duty, Code Enforcement staff affixes this information to properties subject to municipal code liens and/or properties having repeat code violations. The desired outcome is to facilitate improvement of the property, so the property complies with current code and meets HUD livability standards.

RESOLUTION NO. 18-04

A RESOLUTION OF THE CITY OF CLEARWATER, FLORIDA, APPROVING THE LOCAL HOUSING ASSISTANCE PLAN AS REQUIRED BY THE STATE HOUSING INITIATIVES PARTNERSHIP PROGRAM ACT, SUBSECTIONS 420.907-420.9079, FLORIDA STATUTES; AND RULE CHAPTER 67-37, FLORIDA ADMINISTRATIVE CODE; AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE ANY NECESSARY DOCUMENTS AND CERTIFICATIONS NEEDED BY THE STATE, AUTHORIZING THE SUBMISSION OF THE LOCAL HOUSING ASSISTANCE PLAN FOR REVIEW AND APPROVAL BY THE FLORIDA HOUSING FINANCE CORPORATION; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the State of Florida enacted the William E. Sadowski Affordable Housing Act, Chapter 92-317 of Florida Sessions Laws, allocating a portion of documentary stamp taxes on deeds to local governments for the development and maintenance of affordable housing; and

WHEREAS, the State Housing Initiatives Partnership Act (hereafter, SHIP Act), ss.420.907-420.9079, Florida Statutes (1992), and Rule Chapter 67-37, Florida Administrative Code, requires local governments to develop a one to three-year Local Housing Assistance Plan outlining how funds will be used, and

WHEREAS, the SHIP Act further requires local governments to establish the maximum SHIP funds allowable for each strategy; and

WHEREAS, the SHIP Act further requires local governments to establish an average area purchase price for new and existing housing benefiting from awards made pursuant to the SHIP Act, therefore, the methodology and purchase prices used are defined in the attached Local Housing Assistance Plan; and

WHEREAS, as required by section 420.9075, Florida Statutes, it is found that five percent (5%) of the local housing distribution plus five percent (5%) of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan. Resolution No. 18-04
WHEREAS, the Economic Development and Housing Department has prepared a three-year Local Housing Assistance Plan incorporating the above-referenced provisions and requirements for submission to the Florida Housing Finance Corporation; and

WHEREAS, the City Council finds that it is in the best interest of the public for the City of Clearwater to submit the Local Housing Assistance Plan for review and approval so as to qualify for said documentary stamp tax funds.
