B. Purpose of the program:
1. To meet the housing needs of the very low, low, and moderate income households;
2. To expand production of and preserve affordable housing; and
3. To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community based housing providers and service organization, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: The City of Coconut Creek Shall advertise a notice of funding availability in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an
order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan. Applicants will be ranked for assistance based on a first-qualified, first-served basis with priority given to Special Needs, essential Services Personnel and very-low income groups.

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownershire Counseling (Pre and Post) Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

- [X] U. S. Treasury Department
- [ ] Local HFA Number

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing
assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. The City of Coconut Creek finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states:

“The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: A third party entity or consultant will be contracted for all or part of the administration of the program. The name of the entity is: Community Redevelopment Associates of Florida, Inc.

The administrative duties they will provide are listed below:

The City’s current subordination policy, maintained at the City Clerk’s office shall apply for any refinance transactions. This subordination policy may be viewed by the public upon request to the City Clerk.

Housing units that have a pending foreclosure (Lis Pendens) from a mortgage company or homeowners/condo association cannot be assisted until resolved. Properties with a lien from the homeowners/condo association also will not be assisted until resolved unless the intended repair would rectify the lien. Households undergoing a loan modification will not be assisted until the modification is complete and a new mortgage acceptable to the program is provided.

Homeowners, who have received rehabilitation assistance from the City, cannot re-apply for 10 years for any SHIP assistance except for Emergency Repair or in cases where no waiting list exists and funds are available. In these cases, applicants must wait at least a period of 12 months before being eligible to apply for assistance. Maximum assistance will be twice in any five-year period.

Change Orders: The City will only pay for change orders necessary to correct code violations, or to correct issues that could not be accurately assessed before the work started. Change orders will not be granted for purely cosmetic repairs. The City reserves the right to reject a change order that does not address code or property standard issues. This strategy will only be implemented in the event of a disaster using any funds that have not yet been encumbered.

c. Income Categories to be served: Very-Low, Low and Moderate

d. Maximum award: $30,000

e. Terms:

1. Loan/grant:
   - $5,000 or less shall be a grant
   - $5,001 or more shall be a deferred loan secured by a recorded subordinate mortgage and note.

2. Interest Rate: 0%

3. Term: 10 years

4. Forgiveness: The loan is forgivable in its entirety at the end of (10) ten years from the recordation date of mortgage and note.
   Special Needs Households: Assistance is forgiven at 10% per year.

5. Default:
The loan will be determined to be in default if any of the following occurs during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

In the event of default where there is failure to make required payments on a loan secured by a first mortgage which leads to foreclosure and/or loss of property ownership, the City may foreclose to recover funds made available for assistance which is secured by mortgage and note on the property.

This is a one-time assistance program and homeowners may not re-apply for this assistance, but may apply for assistance such as home repair/improvements if there is equity in property.

f. Recipient Selection Criteria: Eligible applicants will be selected on a first qualified, first served basis, within income groups. Applications for disaster assistance will be given priority for using unencumbered funds over other strategies. Eligibility will be performed on an expedited basis and may include alternative forms of documentation, such as current pay stubs and benefit letters, as well as oral verification of employment wages, other income, and assets.

Applicants will be assisted on a first-qualified, first-served basis with the following additional requirements:
1. Must provide proof of homeowner’s insurance
2. Must file for and use proceeds from insurance as first option

h. Additional Information: Funds will not be allocated to this strategy except in the case of a federal or state disaster. SHIP funds may leverage other federal and/or state emergency programs. The expenditure of funds must be for eligible activities as permitted by SHIP statute, rule and/or emergency rule as published by the Florida Housing Finance Corporation.

The Corporation may disburse funds for disaster relief as provided in Section 420.9073(2) (b), F.S. Local governments may use unencumbered SHIP funds to carry out activities of disaster relief. Recipients of SHIP funds under a local government’s disaster strategy shall be required to verify income by executing a Disaster Self Certification of Income Form (08/04), hereby adopted and incorporated by reference with an effective
date of 1-30-05 or a local government’s form that requires the same information. Pay check stubs and other forms of proof are required, if available. Other documentation required for SHIP income qualification may be waived if unavailable. The county or eligible municipality shall make every effort reasonable to ensure that the recipients of SHIP funds are income qualified.

Funds for disaster mitigation will only be allocated from unencumbered funds or additional funds awarded through Florida Housing Finance Corporation for the disaster.

D. | Community Land Trust | Codes 1,2 |
---|---|---|

a. Summary of Strategy: SHIP funds may be used to provide down payment assistance to buyers of newly constructed or existing community land trust homes. The down payment assistance will be used to write down the purchase price of the home for first time homebuyers. Home rehabilitation is also an eligible use, as needed when purchasing existing homes.

c. Income Categories to be served: Very-Low, Low and Moderate

d. Maximum award: $50,000

e. Terms:

1. Loan/grant: Funds will be awarded as a deferred loan secured by a recorded subordinate mortgage and note

2. Interest Rate: 0%.

3. Term: 30 years

4. Forgiveness: If not default occurs, the SHIP loan will be forgiven at the end of the 30-year term

5. Default: Default is defined as the failure to make required payments on a loan secured by the first mortgage leading to foreclosure and/or loss of property ownership, or violation of the terms of the ground lease. In the event of default, the Community Land Trust must notify the City of Coconut Creek whether it intends to exercise its right of repurchase. In the event the CLT is not willing or able to exercise its right of repurchase, it shall transfer its right of repurchase to the City of Coconut Creek, giving the City of Coconut Creek the right, but not the obligation to foreclose.

In addition to the provisions above, the SHIP loan will also be determined to be in default if any of the following occurs:

- The Community Land Trust owner sells or transfers ownership
of the property without prior authorization from the Community Land Trust/City;

- The unit is rented by homeowner without prior authorization from the Community Land Trust/City;
- The unit is refinanced without prior authorization from the Community Land Trust/City;
- Loss of Homestead exemption status
- The occupant fails to occupy the home as a primary residence.

If funds are repaid as a result of default on the SHIP loan, such funds will be utilized in accordance with the approved Local Housing Assistance Plan in effect at the time the funds are repaid.

f. Recipient Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-served basis with the priorities for 1) Special Needs, 2) Essential Services Personnel and 3) very low and low-income groups as described in section I. of this plan.

All potential applicants must attend the first time homebuyer class prior to their application being approved that contains a community land trust component.

The buyer must contribute a minimum of 1% of the purchase price of the home.

Applications must be 100% complete to be certified eligible for the program. Additional information may be requested upon review of application to determine program eligibility.

Applicants will be required to sign program disclosures, including a conflict of interest disclosure prior to completing application or the application being processed.

The applicant must be a first-time homebuyer. A first-time homebuyer is defined as one that has not owned a home within the last three years, a single parent with children under the age of 18 who has recently been divorced and displaced, a displaced victim of domestic abuse, or a person displaced as a result of a governmental action. Residents displaced from mobile home parks seeking to purchase a non-mobile home unit will also be considered first-time homebuyers.

Applicants must not own any other property used for residential purposes, and the home to be purchased must be located within the City limits. Applicant must use the mortgage programs offered by the mortgage providers in the City’s lenders consortium.
Applicants are responsible for the upfront fee associated with the credit report in the form of a money order.

g. Sponsor/Developer Selection Criteria: The SHIP funds may also be made available directly to a Community Land Trust serving the City of Coconut Creek. The City of Coconut Creek will be responsible to the Florida Housing Finance Corporation for all funds and meeting all statutory requirements. Coconut Creek will issue a Request for Qualifications to choose eligible Community Land Trusts.

h. Additional Information: Community Land Trusts are tax exempt nonprofit organizations that perform a charitable mission. They are key partners for increasing the stock of affordable homeownership without losing the subsidy that is provided to the income eligible household.

The Community Land Trust transfers title to the homebuyer but retains ownership of the land beneath the improvements. The CLT provides a 99 year ground lease for the use of the land to the homebuyer. A memorandum of that ground lease is recorded in the public records immediately following the deed. The terms of the ground lease restrict the resale of the property to an income eligible household and provide a right of repurchase to the CLT in the event of default.

The CLT has a stewardship role that continues in perpetuity to assure that the CLT home remains in the City’s affordable housing stock. The monies provided to the community land trust homebuyer are used to write down the purchase price of the home. By taking the cost of the land out of the purchase price and by further writing down the purchase price in an amount equal to the SHIP funds provided by the City, the cost of the home is significantly reduced, creating an affordable opportunity for homeownership for the first family who purchases and for each family that purchases thereafter. The stewardship role of the CLT, its mission, and its vested interest in the property by virtue of retaining ownership of the land provides a safety net for the homeowner and substantially decreases the risk of foreclosure compared to fee simple ownership.

The Florida Legislature has recognized the public benefit of community land trusts in creating permanent affordability by providing direction in regard to assessment for real property taxes in Section 193.018, Florida Statues, which requires the assessment to consider the resale restricted value of the community land trust home.
E. Acquisition/Rehabilitation/New Construction

<table>
<thead>
<tr>
<th>Code 9, 10</th>
</tr>
</thead>
</table>

a. Summary of Strategy: This construction strategy is designed to promote the acquisition or construction of affordable housing for home ownership opportunities. The strategy is designed to promote infill housing, green housing, and mixed income projects/neighborhoods for homeownership opportunities. For profit and non-profit developers will be requested to submit proposals to provide housing that conforms with the City’s RFP, neighborhood redevelopment plans and comprehensive plan. The City of Coconut Creek will identify eligible properties for this strategy.

There may be instances where the cost to develop the projects is higher than the sales price. This occurs in areas where construction costs are high but the neighborhoods are blighted with low property values.

All funds awarded to the Sponsors/Developers will be used to cover the cost of acquisition and rehabilitation, replacement, or the new construction of single-family housing, or the single-family housing portion of a mixed-use facility. Developers will provide a project development cost breakdown including a project development fee and the City will pay for project expenses on a reimbursement basis. Eligible expenses will include construction hard costs and soft costs necessary to rehabilitate or construct the project. This includes cost of land, cost to acquire structure and land, demolition cost, professional service fees such as environmental phase 1, engineering, survey, appraisal, and architectural drawings. Also allowed are infrastructure directly related to the project, including streets, roadways, parking, sidewalks, pathways, storm drainage, water, sewer and sanitary systems, sewer connections, hydrants, meters, utilities and utility easements for telephone, cable, electric lines, and right-of-ways and other acceptable fees.

Soft costs include plat reviews, recording fees, permits, environmental reviews and impact studies, land use amendment reviews and other acceptable fees. The strategy also allows for the payment of impact fees.

Once the property is built, the home must be sold to an income eligible buyer. The Buyer must qualify for a first mortgage. The City will provide a subordinate mortgage to the eligible buyer to make the home affordable. Eligible costs to the buyer include the following: down payment, closing costs, mortgage buy down, gap financing and other costs associated with purchasing a home. The proceeds from the sale of the home will be returned to the City as program income to be used for SHIP eligible activities. When the developer sells the property to an income eligible buyer and loan proceeds are remitted to the City, the loan to the developer is forgiven.
The program consultant will administer the program and provide oversight and day-to-day administration. All payments and reimbursement to the developer must be approved by the program consultant. These units must be located in Coconut Creek and must be occupied as a principle residence by the beneficiary. Eligible properties include single family homes, town homes, or condominiums.

Funds may be used as a match for U.S. Department of Housing and Urban Development’s HOME program and various other programs offered by the federal government and the State of Florida to develop affordable housing.

c. Income Categories to be served: Very-low, Low and Moderate

d. Maximum award: Sponsor/Developer $225,000
   Recipient $225,000

e. Terms:
   Sponsor/Developer

   1. Loan/deferred loan/grant: Funds will be awarded to the Developer as a deferred loan secured by a recorded subordinate mortgage and note.

   2. Interest Rate: 0%
      Term: 2 years.
      1. Forgiveness/Repayment: Once the developer has successfully completed the construction the average subsidy per unit provided to the development during construction may be passed through to the eligible homebuyer in the form of a permanent mortgage loan. In the event that through no fault of the developer, the project suffers a reduction in market value, the City reserves the right to allow for a buy-down (forgiveness) equal to the difference between the project development cost and market value.

      When the developer sells the property to an income eligible buyer the loan to the developer is satisfied. All proceeds from the sale of the property will be returned to the City in the form of Program income.

   3. Default
      1. Failure to meet the program requirements, secure all financing and permits to meet the program timeline for expenditure
2. Failure to sell the home within the required timeframe to an eligible applicant

Terms:
Recipient

1. Loan/deferred loan/grant: Funds will be awarded as a deferred loan secured by a recorded subordinate mortgage and note.
2. Interest Rate: 0% Interest
3. Term: 30 Years
4. Forgiveness/Repayment: Full repayment is due at the end of the term.

In the case of sale or transfer of the property, the borrower will be required to repay the original amount given as assistance and the City will share in the equity earned by the borrower according to the following schedule:

a. 0 to 3 years – 100% of the equity generated is paid the City.
b. 3 – 20 years – On the 3rd year, City receives 85% of the City’s pro rata share of the equity generated and borrower receives 15%. Thereafter, the borrower receives additional 5% of the City’s prorated share per year reducing the City’s share by the same percentage.
c. Year 20 and above: The borrower receives 100% of the equity.

The above equity sharing proposal will terminate in foreclosure; however, the City will require lenders to provide a right of first refusal to purchase the loan at a negotiated price. In the case of a foreclosure, the City will recapture any amount of net proceeds from the sale of the property available.

5. Default/Recapture: The loan will be determined to be in default if any of the following occurs during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.
In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

f. Recipient Selection Criteria: For rehabilitated and new construction homeownership units, assistance will be provided on a first qualified, first served basis in accordance with Section I of this plan.

g. Sponsor/Developer Selection Criteria: Request for proposals and competitive procurement process will be utilized to select a sponsor to implement these projects. Characteristics in determining the sponsor/developer may include, but not be limited to:

1. Capacity and capability to carry-out project
2. Scale of Project/Utilization of Density Bonuses
3. Experience in completing similar projects
4. Use of personnel from Wages and Workforce Development programs.
5. Leveraging.
6. Site control.
7. Neighborhood compatibility/Compatibility with Area Redevelopment Plan
8. Creation of Mixed Income Communities.
9. Recapture provisions.
10. Incorporation of Partnerships with Local Employers, Institutions, Hospitals and Schools.
11. Incorporation of Transit-Oriented Design/Proximity to State Road 7 Corridor.
12. Attractiveness of design
13. Multistory buildings must have elevators and be ADA Compliant.
14. Use of green building techniques.

h. Additional Information:

The purchase price limit that is established by the U.S. Treasury Department is not to be misconstrued as the target price for affordable housing in the City of Coconut Creek. The property will be sold for the appraised value.

Developers receiving assistance from both SHIP the Housing Tax Credit (LIHTC) program shall be required to comply with the income, affordability and other LIHTC requirements. Similarly, any units receiving assistance from SHIP and other federal, State or local programs shall be required to comply with any requirements specified by the other program in addition to SHIP program requirements. In the event both programs have restrictions on the same issue, the more restrictive
regulation shall take precedence. If one program is silent on an issue, the program with a regulation on the issue shall apply. 67-37.007(12) F.A.C.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting and Expedited Inspection.
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Section 420.9071(16), F.S.

Permits as defined in s. 163.3164(7) and (8) for affordable housing projects are expedited to a greater degree than other projects.

Established policy and procedures – Expedited Permitting:

Pursuant to the City’s adoption of expedited permitting for affordable housing, contractors participating in the City’s Minor Home Repair program and other housing rehabilitation program will have permit fees waived.

All contractors for the housing rehabilitation program are provided the opportunity to submit the final contract with homeowner, including scope of work, to City’s Consultant to be stamped for expedited permit processing. The stamp identifies the job as eligible for the expedited permitting process when it is submitted to the City’s Building Division to apply for permits.

Developers who are constructing affordable housing, units priced to accommodate the affordability of very low (<50% AMI), low (51%-80% AMI) and moderate (81% - 120%) incomes, and have some form of public financing assisting the proposed affordable housing project, are also eligible for expedited permitting.

The staff of the Department of Sustainable Development may identify eligible projects during the plan review process and make the expedited permitting available.

Established policy and procedures – Expedited Inspection:

Pursuant to the City’s adoption of expedited inspections, projects determined to be eligible that have received expedited permitting will also receive expedited inspections. All shall be documented.

B. Name of the Strategy: Ongoing Review Process
An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

**Established Policy and procedures:**

The review process for any action that would increase the costs of development begins with a justification analysis by the Department that is recommending the proposed action. It is then evaluated by the Finance Department and the City Manager’s Office prior to being scheduled for adoption. Any such action is only to be adopted by ordinance, requiring two public hearings, providing sufficient opportunity for public input. The review process, as described above, generally includes calculating the impacts on housing.

C. **1. Name of Strategy: Allowance in Flexibility of Density for Housing Units.**

A strategy that allows increased and flexible densities to promote affordable housing. The City supports flexible densities for affordable housing and implements this strategy as currently permitted in existing policies and procedures outlines below.

**Established policy and procedures:**

The City’s Future Land Use Map includes residential densities ranging from 1 dwelling unit per acre to 10 dwelling units per acre. Within the City’s MainStreet Regional Activity Center, densities are provided for at up to 40 dwelling units per acre. To date, several of the City’s rental communities, built at 10 dwelling units to the acre, have included government subsidized Section 8 housing. No other utilization of the City’s flexible density provisions have been utilized specifically for affordable housing. The existing strategies are currently underutilized. The only restrictions to the utilization of the high densities in MainStreet are those included within the MainStreet Design Standards, including but not limited to LEED certified buildings and open space bonuses.

2. **Name of Strategy: Preparation of a Printed Inventory of Locally Owned Public Lands Suitable For Affordable Housing.**

The City implements this strategy as the State requirement to maintain a printed inventory of locally owned public lands suitable for affordable housing.

**Established Policy and Procedures:**

All City-owned properties have been mapped. This inventory map is maintained and updated as required.

While the City owns several parcels of developable land, each is platted for commercial use and has a commercial zoning designation. Therefore, they are not considered suitable for affordable housing. The City Commission made a formal determination on this matter by Resolution in May of 2013.

Every three years, the City Commission will review the inventory of City-owned lands and their suitability for use as affordable housing.
3. Name of Strategy: **Support of Development near Transportation Hubs and Major Employment Centers and Mixed-Use Development.**
A strategy that supports development of affordable housing near transportation. The City implements this strategy as currently permitted in existing policies and procedures outlines below.

**Established Policy and Procedures:**

The Future Land Use Element and the Housing Element of the City’s Comprehensive Plan provide for policies that achieve this area of focus. The Comprehensive Plan includes Goals, Objectives, and Policies that address the following issues:

- Facilitating the movement of people from homes to work by correlating density with the roadway and transit facility network.
- Coordination of future land uses and availability of facilities.
- Discouraging sprawl development.
- Promoting the efficient use of land through mixed land use activities.
- Coordinating transportation and land use planning activities.

The City’s Comprehensive Plan has not specifically identified specific areas for affordable housing development. However, the City’s Affordable Housing Impact Fee Ordinance which is assessed to commercial projects, including mixed-use developments, provides for an alternative to payment by providing for affordable units to be produced within the mixed use project.

4. Name of Strategy: **Reduction of Parking and Setback Requirements.**
A strategy that provides for the reduction of parking and setback requirements for affordable housing projects. The City implements this strategy as currently permitted in existing policies and procedures outlines below.

**Established Policy and Procedures:**

The Future Land Use Element (Objective II-9.1.0 and its corresponding Policies 9.1.1 thru 9.1.4) of the City’s Comprehensive Plan encourage the development and implementation of flexible design standards and innovative site planning concepts. These strategies are already available to all types of housing through the PUD zoning category. The MainStreet Design Standards also provide for great flexibility with mixed-used concepts and high density residential projects. Flexible design standards are approved as part of an overall project approval and are available to any developer seeking to build in the City.

While there are no true barriers or restrictions to this flexibility, the City will typically seek enhanced site design amenities (architecture, landscaping other site amenities) in exchange for allowing the desired flexibility in standard requirements.

5. Name of Strategy: **Allowance of Flexible Lot Configurations**
A strategy that provides for the allowance of flexible lot configurations for
affordable housing projects. The City implements this strategy as currently permitted in existing policies and procedures outlines below.

Established Policy and Procedures:

The Future Land Use Element (Objective II-9.1.0 and its corresponding Policies 9.1.1 thru 9.1.4) of the City’s Comprehensive Plan encourage the development and implementation of flexible design standards and innovative site planning concepts, including flexible lot configurations. These strategies are already available to all types of housing through the PUD zoning process. The MainStreet Design Standards also provide for great flexibility with mixed-used concepts and high density residential projects. Flexible design standards, including lot configuration, are approved as part of an overall project approval and are available to any developer seeking to build in the City. While there are no true barriers or restrictions to this flexibility, the City will typically seek enhanced site design amenities (architecture, landscaping other site amenities) in exchange for allowing the desired flexibility in our standard requirements.

6. Name of Strategy: Modification of Street Requirements for Affordable Housing
   A strategy that provides for the modification of street requirements for affordable housing projects. The City implements this strategy as currently permitted in existing policies and procedures outlined below.

   Established Policy and Procedures:

   The Future Land Use Element (Objective II 9.1.0 and its corresponding Policies 9.1.1 thru 9.1.4) of the City’s Comprehensive Plan encourage the development and implementation of flexible design standards and innovative site planning concepts, including modifications to street requirements. These strategies are already available to all types of housing through the PUD zoning process. The MainStreet Design Standards also provide for certain flexibility. Flexible design standards, including modification to street requirements, are approved as part of an overall project approval and are available to any developer seeking to build in the City. The design relief is typically limited to width of roadway, allowing a project to have roadways designed at less than the standard 24-foot minimum. The only restrictions and/or barriers to the use of this flexibility is the ultimate maintenance responsibility for a project roadway. The City typically does not assume maintenance responsibilities if it does not meet minimum design standards. Therefore, an HOA or other entity would have to assume maintenance responsibility. Police and Fire must also approve any deviation to the minimum design standards from a public safety perspective.

*For strategies targeting the Special Needs requirement, describe any additional information that will be utilized to ensure this goal is met:

In accordance with Section 420.9075(1) (a), F.S., the City will address the following special needs as defined in Rule Chapter 67-37.002, F.A.C.: Elderly, persons with disabilities and homeless. The City will follow the guidelines outlined in its LHAP for assisting special needs household on a first priority basis.

Special Needs Requirement

Each local government must use a minimum of 20 percent of its local housing distribution to serve persons with special needs as defined in s. 420.0004. A local government must certify that it will meet this requirement through existing approved strategies in the local housing assistance plan or submit a new local housing assistance plan strategy for this purpose to the corporation for approval to ensure that the plan meets this requirement. The first priority of these special needs funds must be to serve persons with developmental disabilities as defined in s. 393.063, with an emphasis on home
modifications, including technological enhancements and devices, which will allow homeowners to remain independent in their own homes and maintain their homeownership.

Statutory Revision (new subsection added to 420.9072)

(b) A county or an eligible municipality may not expend its portion of the local housing distribution to provide ongoing rent subsidies, except for:
1. Security and utility deposit assistance.
2. Eviction prevention not to exceed 6 months’ rent.
3. A rent subsidy program for very-low-income households with at least one adult who is a person with special needs as defined in s. 420.0004 or homeless as defined in s. 420.621. The period of rental assistance may not exceed 12 months for any eligible household.

References

420.0004 (13), F.S. “Person with special needs” means an adult person requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition; a young adult formerly in foster care who is eligible for services under s. 409.1451(5); a survivor of domestic violence as defined in s. 741.28; or a person receiving benefits under the Social Security Disability Insurance (SSDI) program or the Supplemental Security Income (SSI) program or from veterans’ disability benefits.
