If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low, and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2025-2026, 2026-2027, 2027-2028.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local matches to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

All strategies will prioritize households meeting the definition of Special Needs as defined in s. 420.0004(13), F.S. Following this, priority will be given to essential services personnel and then to the general population, with applications assisted for each strategy to meet the very low- and low-income set-asides. Assistance will be provided on a first-qualified, first served basis.

- J. **Discrimination** : In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation. The City will contract with HUD-certified agencies to provide comprehensive housing counseling and education services to residents in need of affordable housing.
- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the money deposited in the local housing assistance trust fund is necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government		100%
Third Party Entity/Sub-recipient		

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

- S. Project Delivery Costs:** Costs will not exceed 5% of the award and may be used for expenses not covered by the administrative budget, such as home inspections, title searches, recording fees, as well as housing counseling, and education services. This would apply to Strategies A through D (A-Purchase Assistance, B-Emergency Repair/Minor Home Repair, C-Owner Occupied Rehabilitation, and D-Acquisition/New Construction).
- T. - U. Describe efforts to incorporate Green Building and Energy Saving products and processes:** The City of Deltona incorporates green building best practices by using energy efficient equipment. The city requires energy efficient items in assisted homes, to include but not limited to: HVAC units must have a minimum 15-SEER energy star rating or better. Water heaters are required to have a minimum energy star rating of 88% efficiency. The rehabilitation standards require air ducts to have R-6 minimum and use new flexible air duct material that is properly sealed and supported. Electrical fixtures and appliances are required to meet energy start ratings. In addition, the City of Deltona seeks to offer program participants information on energy

efficiency. The City of Deltona also encourages participants and rental housing developers to have energy audits conducted on their units. The utility companies perform the energy audits.

- V. Describe efforts to meet the 20% Special Needs set-aside:** The City of Deltona partners with social service agencies like Neighborhood Center, New Hope Human Services, West Volusia Collaborative, non-profits, and other governmental agencies serving the special needs populations. Additionally, the city includes questions on the assistance application asking if the applicant falls into one of the special housing needs categories. The City of Deltona SHIP program prioritizes households with special needs on its waiting lists for assistance for strategies A, B, C, G, & H. This is how special needs households receive priority consideration.
- W. Describe efforts to reduce homelessness:** The City of Deltona is committed to reducing homelessness within the city and the larger Volusia County region. The city works in collaboration with homeless stakeholders within Volusia County. The strategies that will be used in this are D, E, & H. 13. Rehabilitation assistance is limited to code, health, and safety-related items, and funding amounts are based on individual needs and may be less than the maximum available.
14. If SHIP-assisted property is refinanced, the SHIP loan must be repaid immediately unless the City approves continued subordination. III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, we include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: **Expedited Permitting**

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects. The City of Deltona Comprehensive Plan Policy H1-3.2 maintains that affordable housing projects will be subject to expedited permitting. All SHIP-funded projects requiring a permit or any designated affordable housing project, which have been coordinated with the Community Development Division of the Department of Planning and Development Services, will receive expedited permit processing. All such applications will be monitored by Community Development and Planning and Development staff.

B. Name of the Strategy: **Ongoing Review Process**

Comprehensive Plan Policy H1-3.6 states "The City consistently reviews and updates its land development regulations to determine appropriate measures to create and maintain residential neighborhoods and community character for mixed use development and all housing types within sub-areas of the City." Comprehensive Plan Policy H 1-3.7 states "The City shall seek opportunities to provide for high quality multi-family or other higher density residential uses in appropriate locations with utilities in order to provide for a wide range of housing options including rental, workforce and/or affordable housing, and housing appropriate for residents and households at all stages of life."

Other Recommendations of the Affordable Housing Advisory Committee (AHAC): The Committee supports the inclusion of updated fee schedules, waivers, or modifications to support alternative options for developers/owners to pay impact fees for affordable housing.
