C. Fiscal years covered by the Plan: 2022-2023, 2023-2024, and 2024-2025

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local Continuums of Care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this Plan.

The following priorities for funding (very low-income, Special Needs, etc.) described/listed here apply to all

strategies unless otherwise stated in an individual strategy in Section II:

The City maintains a Waiting List a hard-copy log that is backed up digitally in the City’s computer files to ensure consistency and accuracy. The City gives priority for households with Special Needs and very-low and low-income elderly.

- J. **Discrimination:** In accordance with the provisions of §.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

Such average Area Purchase Price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. - M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments, including taxes and insurance, do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. **Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has

administrative authority for implementing the *Local Housing Assistance Plan* assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. Administrative Budget:** A line-item budget is attached as **Exhibit A**. The **City of Hialeah** finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the *Local Housing Assistance Plan*.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the *Local Housing Assistance Plan*.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as **Exhibit E**.

The owner will be allowed to refinance a senior mortgage without having to pay off the City’s loan, so long as the new loan amount does not exceed the then outstanding balance of the senior mortgage (without additional cash out) and will serve to lower the mortgage payment and/or interest rate.

- f. **Recipient/Tenant Selection Criteria:** All tenants must meet income qualifications of the SHIP program and should be drawn
- g. **Sponsor Selection Criteria:** For profit and non-profit property owners seeking rental preservation funds will be required to apply through a Request For Qualifications (RFQ)/ Request For Proposals (RFP) process when opened by the City. The RFQ/RFP will require: evidence that the property owner has experience in managing rental housing; evidence of financial capacity to undertake the project and maintain units as affordable throughout the affordability period; evidence of site control including compliance with all licenses, taxes and insurance and being in good standing at the time of application and throughout the Affordability Period; and the owner's ability to proceed with the proposed scope of work including due diligence and statutory requirements.
- h. **Additional Information:** Property owners will be required to meet compliance reporting requirements to meet the statutory requirements for monitoring of SHIP rental units. For City owned property, the City may rely on monitoring reports from other federal or state monitoring reports.

The City reserves the right to select developments that meet all the above requirements and:

1. Properties that need rehabilitation including disaster mitigation, green building, and universal design improvements;
2. Repairs that will preserve and improve existing units; and
3. Leverage funding for rehabilitation improvements.

All funding awards will be subject to closing on other funding sources, if applicable.

III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

- A. Name of the Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

Affordable housing developers wishing to avail themselves of this strategy will meet with the Director of the City's Grants & Human Services Department to present the scope and outcomes for the eligible property to ensure it meets the City's guidelines for affordable housing. Once the project is verified for eligibility, an affordable housing expeditor will be identified by the Director and assigned to serve as liaison between the project developer and the City's relevant development departments including but not limited to: Development Services Department, Fire Department, and Public Works Department. The City provides a form, with a priority number assigned, to identify and certify the affordable housing status of an application for a development order. The liaison will act as an affordable housing expeditor charged with the responsibility of ensuring a consistent, expedited review of the project. The liaison will also act as an advocate and access person for developers of affordable housing projects if they encounter unexplained delays or problems. The Building Department will perform expedited reviews within ten (10) working days for affordable housing residential projects.

The Grants & Human Services Department liaison and/or certified inspection company engaged by the Department shall conduct pre-application site inspections of applications for building permit for renovations, including interior changes, roof and facade alterations but excluding renovations involving structural repairs.

- B. Name of the Strategy: **Ongoing Review Process**
An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

Any proposed policies, procedures, ordinances, regulations, or plan provisions that impact the cost of housing development are reviewed by the Planning and Zoning Board. Written

comments will be solicited and received from the Department of Grants and Human Services regarding the specific impact on affordable housing with respect to the application under review and consideration. The Department of Grants and Humans Services will in return submit its impact statement to the committee for consideration. This incentive is functioning as intended.

C. Name of the Strategy: **Impact Fees Exemption**

The City currently provides exemptions of Park, Recreation and Open Space Impact Fees for affordable housing properties developed and owned by the City of Hialeah. (See HIALEAH, FLA., CODE§ 98-2530(5)). For eligible projects, the Grants & Human Services Department provides Notice to the Planning and Zoning advising of appropriate project exemption(s). This incentive is functioning as intended.

D. Name of the Strategy: **Expansion of Expedited Final Decisions**

The Planning and Zoning Board along with the City Council, has the authority to review limited nonuse variances which have no relation to change of use of property and which relating only to matters concerning setback requirements, landscaping requirements, sign regulations, floor area requirements, yard requirements, lot coverage, parking space requirements, height, width and length limitations for structures of buildings and spacing requirements between principal and accessory buildings. The review of the Planning and Zoning Board and City Council is limited to variance requests on qualified developed individual lots except that the Board and City Council may review requested variances and Final Decisions of undeveloped individual lots intended for development of affordable housing: See HIALEAH, FLA., CODE§ 98-258. This incentive is functioning as intended.

E. Name of the Strategy: **Revision of Parking Requirements for Downtown Development**

Required off-street parking areas are generally required to be located on the same lot, parcel or premises as the use to be served. However, in Commercial-Residential {CR} zoning districts, the maximum distance limitation for off -street parking was extended to a 600-foot radius of the main entrance of the mixed commercial-residential use served. In the Central Business District (CBD) zoning districts, the maximum distance limitation was extended to a 900-foot radius of the main entrance of the mixed commercial-residential use served. This incentive is functioning as intended.

F. Name of the Strategy: **Expanded Criteria for Granting Adjustments, Variances and Special Use Permits**

Zoning variances, adjustments and special use permits are judged by the same criteria that includes a determination based on whether the development is in harmony with the general purpose and intent of the zoning code and the City's *Land Development Code* and *Comprehensive Plan* and whether the development will provide substantial justice, not be contrary to the public interest and adversely affect the use and development of neighboring properties. This incentive is functioning as intended.

G. Name of the Strategy: Development Near Transportation Hubs and Major Employment Centers and Mixed-use Developments.

The City will support the possible development of affordable housing near transportation hubs, major employment centers and mixed-use developments, when land is available to do so. Any possible development will require the developer to get in contact with the Director of Planning and Zoning for a project analysis and determine what assistance the City can provide in the creation of eligible affordable housing, such as Variances or zoning changes. This incentive is functioning as intended
