Name of Local Government	City of Hollywood, Fl.
Does this LHAP contain an interlocal agreement?	No
If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2022-2023, 2023-2024, 2024-2025

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The City may accept applications throughout the year. Applications will be placed in order of receipt and separated based on the strategy applied for. When funds are available for a particular strategy, the applicants will be contacted to complete/update the application for SHIP assistance. Applicants will be placed in the queue for assistance once they have provided all required documentation and have been deemed eligible under SHIP.

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Special Needs households. These applicants will be further ranked with priority given to very-low income, then low, then moderate. After serving enough Special Needs households to meet set-asides for the funding year, all applicants deemed eligible will be considered equally with priority given to very-low, then low-, then moderate-income groups.

Ranking Priority

1. Special Needs Households
 - a.) Very Low
 - b.) Low
 - c.) Moderate

2. After Special Needs Set-asides are met:
 - a.) Very Low
 - b.) Low
 - c.) Moderate

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

All strategies will serve households meeting the definition of Special Needs first. After Special Needs, applications will be assisted for each strategy to meet the very low and low income set-asides.

- J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include, but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The purchase price limit that is established by the U.S. Treasury Department is not reflective of the median price for affordable housing in the City of Hollywood, so the City will use the local median purchase price study methodology.

The methodology used is:

U.S. Treasury Department	
Local HFA Numbers	
Local Median Purchase Price Study	X

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as [Exhibit A](#). The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an

eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: *“The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.”* The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	All administrative duties	10%
Third Party Entity/Sub-recipient		5-10%

R. First-time Homebuyer Definition: For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

These costs are non-administrative costs and capped at 5% and included in the award amount.

T. Essential Service Personnel Definition (ESP): **ESP includes** teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

Default: The loan will be in default, if any of the following occurs and as set forth in the Mortgage document during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; failure to occupy the home as primary residence, failure to maintain fire, hazard, flood, and windstorm (where applicable) insurance in an amount that is adequate to cover all property loans, with the City named as loss payee, failure to maintain the property in accordance with all City codes and regulations,. If any of these occur, it shall be considered a default under the City's Mortgage and Promissory Note wherein the City may pursue acceleration of the payment and all other legal remedies to recapture the balance.

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP-eligible heir who must occupy the home as his/her primary residence. If the legal heir/beneficiary is not SHIP-eligible or chooses not to occupy the home, the outstanding balance of the loan shall be due and payable.

If the home is foreclosed by a superior mortgage holder, the City will pursue any and all legal and equitable remedies to secure repayment through appropriate legal processes, if it is determined that adequate funds are available to justify pursuing repayment.

f. Recipient Selection Criteria: Applicants will be ranked for assistance based on a first-qualified, first-Served

basis with the priorities for Special Needs and income groups as described in Section I. (l) of this plan.

- g. Sponsor Selection Criteria: When the City awards funding to an outside source, Developers may be selected in the following ways; 1) an RFQ process that is open year-round. The RFQ will require proof of developer experience in providing affordable rental housing, proof of financial capacity, evidence of site control (or contract for sale), proof of ability to proceed once all funding is closed, and a housing unit design plan that meets the requirements of the City's housing element in the Comprehensive Plan; 2) receipt of an unsolicited proposal in accordance with Section 287.0512 of the Florida Statutes and received by the City in accordance with Chapter 30 of the City of Hollywood Code of Ordinances; 3) Best Interest and Sole Source designations as allowed by Chapter 38 of the City of Hollywood Code of Ordinances.

III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

- A. Name of the Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

Application for permits for Affordable Housing Projects are submitted with a letter from the CD Manager denoting the submittal as an Affordable Housing Project. City staff located within the Building Division tracks and provides assistance to Community Development staff to ensure the continual and expedited progress of affordable housing projects through the permitting process. Upon receiving a permit number, General Contractors participating in Housing Rehabilitation Programs are instructed to provide a follow-up email to the "Permit Service Manager" and "Permit Service Supervisor" to avoid any unnecessary delays and to ensure affordable housing projects are expedited to a greater degree than other projects.

- B. Name of the Strategy: **Ongoing Review Process**
An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The City Electronically routes City Commission agenda items for approvals via the Granicus Legistar system. The system creates an automated approval sequence with selected approvers that are notified when an item is ready for their review. Community Development staff is included in sequence. When Community Development staff is notified of an item that may increase the cost of housing, a meeting of the Affordable Housing Advisory Committee is scheduled to review the item. The Affordable Housing Advisory Committee reviews the item for the following:

- Does the proposed action increase the cost of housing?
- If Yes, is the assumed cost increase substantial or otherwise detrimental to the development of affordable housing?
- Does the proposed action support an overall goal of the City and/or have an alternate value to the target population?
- Do the long-term benefits of the proposed action outweigh any possible cost increase to housing?
- Does the proposed action protect the ability of the property to appreciate in value?

The findings and recommendation of the Affordable Housing Advisory Committee are then forwarded to the City of Hollywood City Commission for final action.

C. Other Incentive Strategies Adopted:

The reduction of parking and setback requirements for affordable housing.

Provide a description of the procedures used to implement this strategy:

The Planning Department, on a case by case basis, recognizes lower auto ownership rates within LMI properties and supports the granting of variances for reduced parking requirements, as appropriate.

The modification of street requirements for affordable housing

Provide a description of the procedures used to implement this strategy:

Where appropriate, City staff shall allow street modifications to a greater degree for affordable housing projects. However, this allowance does not lighting, streetscape or street closures.
