SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs, to provide local match to obtain federal housing grants or programs, and any local or private funds.

Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on
such monitoring and determination of tenant eligibility. However, any loan or grant in
the original amount of $10,000 or less shall not be subject to these annual monitoring
and determination of tenant eligibility requirements. Tenant eligibility will be monitored
annually for no less than 15 years or the term of assistance whichever is longer unless as
specified above. Eligible sponsors that offer rental housing for sale before 15 years or
that have remaining mortgages funded under this program must give a first right of
refusal to eligible nonprofit organizations for purchase at the current market value for
continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is
attached as Exhibit A.

Duval County/Jacksonville finds that the moneys deposited in the local housing
assistance trust fund shall be used to administer and implement the local housing
assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code,
states: “A county or an eligible municipality may not exceed the 5 percent limitation on
administrative costs, unless its governing body finds, by resolution, that 5 percent of the
local housing distribution plus 5 percent of program income is insufficient to adequately
pay the necessary costs of administering the local housing assistance plan.”
Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code,
further states: “The cost of administering the program may not exceed 10 percent of the
local housing distribution plus 5 percent of program income deposited into the trust
fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities
receiving a local housing distribution of up to $350,000 may use up to 10 percent of
program income for administrative costs.” The applicable local jurisdiction has adopted
the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be
wholly performed and maintained by the Duval County/Jacksonville.

R. Project Delivery Costs: In addition to the administrative costs listed above, the county

D. Acquisition/Rehabilitation for Ownership

a. Summary of Strategy: The program is open to for-profit and non-profit organizations which meet the stated objectives in the request for proposals for this activity and that are interested in developing homeownership units in need of a subsidy for infill projects that may otherwise not be economically feasible. The program is for the acquisition and rehabilitation of existing units. The program provides gap and/or construction financing in the form of a loan on projects that meet the program criteria; however, an affordability Covenant and Restriction must be recorded on the project prior to the unit being sold to an income eligible buyer. All homes must be the buyer’s primary residence. Funding for each project is determined by the gap or "need" demonstrated by the developer through the project budget. The project gap is the difference between the cost to construct the unit and the sales price that the market will bear to sell that unit to an income eligible buyer who has secured mortgage financing using a conventional lender. At the sale of the unit to an eligible buyer, a payoff to the City of Jacksonville for the construction financing minus actual gap minus any third-party financing, shall occur and be considered program income. Construction must be completed (by a Certified of
Completion/Occupancy by the Building Department) within 12 months of award, as evidenced by a fully executed contract, and sold within 6 months of completion.

c. Income Categories to be served: Households with annual income up to 140% of the median income are eligible for assistance under this strategy.

Units not sold within this timeline will convert to an affordable rental unit for the full applicable affordability period.

5. Repayment: Gap amount will be immediately due if the Declaration of Covenants and Restrictions is not recorded on the property prior to the conveyance (purchase) by an eligible buyer.

6. Default: Default shall occur in the event that the Developer fails to sell and execute a Declaration of Covenants and Restrictions prior to the disposition of the said property to an income eligible buyer.

a. Summary of Strategy: The program is open to for-profit and non-profit organizations which meet the stated objectives in the request for proposals for this activity and that are interested in developing homeownership units in need of a subsidy for infill projects that may otherwise not be economically feasible. If the home is sold to an income eligible buyer(s), who is also receiving purchase assistance from the City of Jacksonville, the property affordability will be captured within the recorded subordinate Mortgage and Note associated with the purchase assistance. All homes must be the buyer’s primary residence. Funding for each project is determined by the gap or "need" demonstrated by the developer through the project budget. The project gap is the difference between the cost to construct the unit and the sales price that the market will bear to sell that unit to an income eligible buyer who has secured mortgage financing using a conventional lender. III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:
Under the Planning and Development Department affordable housing projects are identified in order to expedite the permitting process.

B. Name of the Strategy: Ongoing Review Process

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:
The Planning and Development Department, Housing and Community Development Division, and Regulatory Review Committee reviews, evaluates, and makes recommendations on all future ordinances, plans, regulations, policies, and procedures which have an impact on the provision of affordable housing.

C. Other Incentive Strategies Adopted:

1. Modification of impact-fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing: Consistent with the Housing Element of the Comprehensive Plan: Sections 1.2.15 & 1.3.5 in order to increase the availability of affordable housing. The City shall participate with private and nonprofit groups seeking to leverage or obtain new funding sources aimed at solving housing problems by supporting or jointly pursuing foundation funds and social investment by corporations, and by assisting with grant writing and with completing applications for available federal and State funds. The City shall ensure that the Zoning Code provides a mechanism for expeditious site locations of public housing development.

2. Allowance of flexibility in densities for affordable housing - Consistent with the Housing Element of the Comprehensive Plan: Section 1.1.1. The City in its Land Development Regulations shall continue to provide incentives such as higher densities or special design considerations, to encourage the building of a wide variety of housing
types, designs, and price ranges; and promote an equitable distribution of housing choices throughout the City.

3. Allowance of affordable accessory residential units in residential zoning districts - Consistent with the Housing Element of the Comprehensive Plan: Section 1.1.2. The City's Planning and Development Department shall continue to provide technical assistance and market data to builders and developers interested in participating in the City's future growth, and continue to improve and enlarge a data base of timely market information to assist City agencies and the general public with decision making and policy setting.

4. Printed Inventory of Locally Owned Public Lands Suitable for Affordable Housing - Consistent with the Housing Element of the Comprehensive Plan: Sections 1.1.4., 1.2.3, 1.2.5, and 1.4.3. The City's Planning and Development Department shall ensure that the Future Land Use Element shall include an adequate supply of land for various types of residential uses needed in the City and that the required infrastructure will be in place concurrent with the impact of proposed developments. The City shall continue to provide information and assistance on City-owned property suitable for low and moderate income housing or for special needs housing. The City shall continue to acquire vacant lots which are suitable for infill housing by various for profit and non-profit developments. The City's Real Estate Division shall maintain and have available a complete inventory of parcels of surplus properties and structures. The City shall continue to offer incentives (which may include land donations and write-downs) to developers of low income dwellings in all planning districts of the City. The City will continue to donate or reduce the cost of vacant lots and structures appropriate for in-fill housing to organizations engaged in providing homes for low income families in established neighborhoods.

5. Support of Development near Transportation Hubs and Major Employment Centers and Mixed-Use Developments - Consistent with the Housing Element of the Comprehensive Plan: Sections 1.2.5, and 1.4.4. The City shall continue to acquire vacant lots which are suitable for infill housing by various for profit and non-profit developments. Commercial and other non-residential uses lying adjacent to residential neighborhoods shall not be expanded into residential neighborhoods unless such uses enhance or do not diminish or degrade the residential character of the neighborhood.

6. Lien Forgiveness Program for Parcels Donated to or Purchased by Non-Profit or For Profit Partner Agencies/Organizations to be used for Affordable Housing - Consistent with the Housing Element of the Comprehensive Plan: Section 1.4.10. The Housing & Community Development Division shall target rehabilitation efforts toward clusters of units or toward sound, established neighborhoods where the use of resources will result in desirable living environments, and discourage developers from demolishing existing housing units.

RESOLUTION 2017-747-A

A RESOLUTION APPROVING THE LOCAL HOUSING ASSISTANCE PLAN AS REQUIRED BY THE STATE HOUSING INITIATIVES PARTNERSHIP PROGRAM ACT, SUBSESSIONS 420.907 - 420.9079, FLORIDA STATUTES, AND RULE CHAPTER 67-37, FLORIDA ADMINISTRATIVE CODE; AUTHORIZING AND DIRECTING THE MAYOR TO EXECUTE ANY NECESSARY DOCUMENTS AND CERTIFICATIONS NEEDED BY THE STATE; AUTHORIZING THE SUBMISSION OF THE LOCAL HOUSING ASSISTANCE PLAN FOR REVIEW AND APPROVAL BY THE FLORIDA HOUSING FINANCE CORPORATION; PROVIDING AN EFFECTIVE DATE.

WHEREAS, the State of Florida enacted the William E. Sadowski Affordable Housing Act, Chapter 92-317 of Florida Sessions Laws, allocating a portion of documentary stamp taxes on deeds to local government for the development and maintenance of affordable housing; and

WHEREAS, the State Housing Initiatives Partnership (SHIP) Act, Sections 420.907 - 420.9079, Florida Statutes (1992)), and Rule 67-37, Florida Administrative Code, require local governments to develop a one-to-three year Local Housing Assistance Plan outlining how funds will be used; and

WHEREAS, the SHIP Act requires local governments to establish the maximum SHIP funds allowable for each strategy; and
WHEREAS, the SHIP Act further requires local governments to establish an average area purchase price of new and existing housing benefitting from awards made pursuant to the Act, with the methodology and purchase prices used defined in the Local Housing Assistance plan; and

WHEREAS, as required by Section 420.9075, F.S., it is found that five percent (5%) of the local housing distribution plus five percent (5%) of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan; the cost of administering the program may not exceed 10 percent of the local housing distribution plus five percent (5%) of program income deposited into the trust fund, except that small counties as defined in Section 120.52(17), F.S., and ineligible municipalities receiving a local housing distribution of up to $350,000.00 may use up to 10 percent of program income for administrative costs; and

WHEREAS, the Housing and Community Development Division of the Neighborhoods Department has prepared a three-year Local Housing Assistance Plan (the "Plan") for submission to the Florida Housing Finance Corporation; and

WHEREAS, the City Council finds that it is in the best interest of the public for Duval County and the City of Jacksonville to submit the Plan for review and approval so as to qualify for said documentary stamp tax funds; now therefore

BE IT RESOLVED by the Council of the City of Jacksonville:
