B. Purpose of the program:
- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.
The following priorities for funding described/listed here apply to all strategies unless otherwise stated:

The City of Miami Gardens has developed a strategic plan of the data presented in this plan and the community participation and stakeholder consultation process. Through these efforts, the city has identified five priority needs and five goals to address those needs. The priority needs include: 1) Improved Public Facilities and Infrastructure, 2) Expanded Public Service Offerings, 3) Increased Affordable Housing Options, 4) Expanded Economic Development Opportunities, and 5) Improved Efforts to End Homelessness.

To provide for those needs, the five goals for the next five years are as follows:

1. Improve and Expand Public Infrastructure
2. Increase Capacity of Area Service Providers
3. Preserve Existing Housing Stock
4. Provide for New Affordable Housing Opportunities
5. Improve and Expand Economic Development Activity

J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed
30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

The City’s Housing Rehabilitation Standards include hardening of the home to prevent any damages from future weather related forces and accessibility beyond the regular rehabilitation improvements.

c. Income Categories to be served: Extremely low, Very low, low and moderate

d. Maximum award: $ 35,000.00

e. Terms (all six items must be completed or “N/A”)
   1. Repayment loan/deferred loan/grant: Funds will be awarded as a deferred loan secured by a recorded subordinated mortgage and note
   2. Interest Rate: 0% rate
   3. Years in loan term: 5-10 years
   4. Forgiveness:
      The deferred payment loan is forgiven when the maturity date is reached.
   5. Repayment: Loan repayment will be based on the loan recipient’s household income and their ability to afford the monthly payments as determined by an affordability study conducted by City staff. Clients with total debt to income ratios (also called back-end ratio) of greater than 45% will receive a forgivable loan after five (5) years. Clients with total debt to income ratios of less than 45% will receive a deferred payment loan. The repayment, when required, will consist of sixty (60) to one hundred and twenty (120) equal monthly installments. Payments will commence on the first day of the month following the closing of the loan. The Loan recipient will receive payment-remitting instructions upon closing. Payments received will be considered Program Income and used to carry out activities under the same program. The payment amounts will be calculated as follows:
      i. Very low-income applicants will not have to repay the assistance provided. The deferred payment loan will be forgiven at the end of the five-year term.
      ii. Low-income applicants will repay half of the assistance provided in the form of a five (5) – ten (10) year loan with equal monthly installment payments at zero percent (0%) interest; the other half will remain in the form of a five (5) – ten (10) year forgivable loan.
      iii. Moderate applicants will repay the full amount of the assistance with equal monthly installment payments at zero percent (0%) interest in the form of a five (5) – ten (10) year loan term.

Repayment of the full principal balance of the loan is required if the property receiving the financial assistance is rented, leased, or sold during the life of the loan.
6. Default:

Default of the loan occurs if the Mortgagor no longer resides in the home as the principal residence, or if any part of the Property or any interest in it is sold, transferred, gifted or otherwise conveyed, whether by voluntary act, involuntary, by operation of law or otherwise, or if the Mortgagor is divested of title by judicial sale, levy or other proceeding, or if foreclosure action is instituted against the property, or if the Property is leased or rented, or the failure of the Mortgagor to make required payments on a financial loan secured by a mortgage debt.

In the event of death of all eligible homeowner(s), the heirs to the property can assume the obligation based on the original terms and conditions provided to the homeowner as long as the heirs qualify based on income and household size, remain owner occupants of the property for the remaining term of the Mortgage and Note. a. Summary:
Funding is provided for the new construction or for acquisition and rehabilitation, if necessary, of existing rental properties; acquisition and rehabilitation of residential structures for rental properties; or for the acquisition and conversion of commercial or other property to rental residential property. Funds can be provided to a for-profit or a non-profit developer for the purpose of creating or preserving a long-term resource of rental housing opportunities for lower income residents. c. Income Categories to be served: Extremely low, very low, low and moderate

d. Maximum award: $50,000.00

   Funds will be awarded as a loan secured by a recorded subordinate mortgage and note.

2. Interest Rate: 0%

3. Years in loan term: 15 years

4. Forgiveness:
   Once the developer has successfully completed the construction and all the housing units are occupied by income eligible renters, the City of Miami Gardens will fully satisfy the developer’s obligation to the City in connection with the financing of the project.

   Recipients of funding under this strategy will be required to make the property affordable to extremely low, very low, and low income families for a period of not less than fifteen years (15) years.
