I. Program Details:

A. Name of the participating local government: City of West Palm Beach

   Is there an Interlocal Agreement: Yes _______ No _____

B. Purpose of the program:
   1. To meet the housing needs of the very low, low and moderate income households;
   2. To expand production of and preserve affordable housing; and
   3. To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care. The City has a history of working relationships with lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups. These organizations and programs primarily promote and assist in the development of strategies, which serve to primarily assist very low and low-income households. They work in partnership with the City in its efforts to eliminate substandard housing, to build affordable housing, to provide technical services and to relocate displaced families. Local organizations providing support to the City in implementing its housing programs include the Palm Beach Housing Authority, the West Palm Beach Housing Authority, the Urban League of Palm Beach County, and Habitat for Humanity, numerous non-profit agencies, local realtors, contractors, and local lending institutions.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

   In addition, Community Development Block Grant (CDBG), HOME Investment Partnership Program (HOME) funds, and locally generated funds are also used to support the City’s housing programs. As necessary, the source of funds may be solely from SHIP or a combination of sources.

G. Public Input: Through a posting on the City website the public was notified that it could inspect and make comments on the Local Housing Assistance Plan. If comments are received, staff will address such comments. Further, at the City Commission meeting that the LHAP was being reviewed by the Commission the public was provided opportunity to make comments.
H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding described/listed here apply to all strategies unless otherwise stated in the strategy:

1. Special Needs Households
2. Very low
3. Low
4. Moderate

1. After Special Needs Set-asides are met
2. Very Low
3. Low
4. Moderate

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

X U.S. Treasury Department

Local HFA Numbers

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income
for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. The City of West Palm Beach finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be wholly performed and maintained by the City of West Palm Beach Department of Housing and Community Development.

R. Project Delivery Costs: No project delivery cost will be charged.

S. Essential Service Personnel Definition: Essential Services Personnel” means persons whose household incomes do not exceed 140% of AMI, adjusted for family size, and shall include: teachers and
educators; other school district, community college, and university employees; police and fire personnel; health care personnel; skilled building trade industry personnel; Federal, State, County, and local government personnel; information technology industry personnel; child care personnel; biotechnology industry personnel; non-profit personnel; marine services personnel; persons employed in local “business clusters” as identified by the Business Development Board of Palm Beach County.

T. Describe efforts to incorporate Green Building and Energy Saving products and processes: The City of West Palm Beach will employ several strategies to insure SHIP funds are utilized and leveraged in a way that supports sustainability. These strategies include but are not limited to requiring Energy Star compliant appliances and cooling systems in all new and rehabilitated housing projects, leveraging weatherization funds to upgrade systems in houses receiving rehabilitation assistance, partnering with the Palm Beach County Solid Waste Authority’s recycled paint program and requiring housing counseling that includes energy saving tips in the curriculum for all SHIP program recipients. In addition, the City’s Office of Sustainability supplies energy kits to all households who receive purchase assistance and residential rehabilitation assistance.

U. Describe efforts to meet the 20% Special Needs set-aside: Persons with special needs, as defined in F.S. 420.0004 (13) means an adult requiring independent living services in order to maintain housing or development independent living skills and who has a disabling condition, a young adult formerly in foster care who is eligible for services under F.S. 409.1451(5); a survivor of domestic violence as defined in F.S. 741.28; or a person receiving benefits under the Social Security Disability Insurance (SSDI) program or the supplemental Security Income (SSI) program or from veterans disability benefits.

Applications will be prioritized to households qualifying as special needs. The City will consult with public and private agencies in order to identify applicants who meet the criteria and are seeking assistance under any of the approved and funded strategies. The City may also solicit proposals for projects that will include the set aside criteria as a provision for the award.

V. Describe efforts to reduce homelessness: The City of West Palm Beach through its Department of Housing and Community Development funds and operates a Community Services division, which includes two neighborhood outreach centers called the Vickers House. The Vickers House provides outreach, assessment and services to individuals and families who are homeless or are in danger of being homeless. One of the programs is the SHIP funded Housing Stabilization Program, which provides temporary rental and deposit assistance for those who are homeless or in danger of homelessness. The City also is a member of the Homeless and Housing Alliance of Palm Beach County (continuum of care) and works closely with the Homeless Coalition, Lewis Center, Palm Beach County Human Services and various non-profit and faith-based organizations that provide services to the homeless. The West Palm Beach Police Department and Parks and Recreation Department also actively engage and do outreach to the homeless population making them aware of available community services. The City works together with these agencies to provide outreach and assessment services including doing street level outreach at targeted locations where the homeless tend to congregate.
Section II. LHAP Strategies

The Strategy will provide funds to address repair/construction items that compromise the life, health, and/or safety of the household. Eligible properties include, single family, condos, PUDs, townhomes, and villas, and SHIP eligible manufactured homes located within the City of West Palm Beach.

C. Income Categories to be served: Very low, low and moderate

D. Maximum award: $80,000

E. Terms of the award:
   1. Repayment loan/deferred loan/grant: Funds will be awarded as a deferred loan secured by a recorded subordinate mortgage and note.

6. Default: The loan will be determined to be in default if any of the following occurs during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

There is no yearly pro-rata forgiveness of the loan. Full repayment of the loan is required if title is transferred or conveyed for any reason or the property ceases to be the primary residence of the
applicant during the required occupancy period.

In the event of default, which is defined as not meeting the occupancy, eligibility and/or ownership requirements, the City may foreclose to recover funds made available for assistance which is secured by a mortgage and note on the property. In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

F. **Recipient Selection Criteria:** Eligible homeowners will be assisted on a first qualified, first served basis. Homeowners will be assisted within income groups from all eligible applicants based on funding availability. **Replacement:** If the City has an inventory of existing homes that it owns that have been built or rehabilitated and are for sale, the homeowner will be given the option to purchase one of the existing homes for the appraised value and sell the current homestead property to the City as surplus property for the appraised value. The value of the current home will be a credit towards the purchase of the new home. The value of the existing home cannot exceed the value of the home to
be purchased under the program.

D. Purchase Assistance Strategy

A. Summary of the Strategy: The Home Purchase Assistance Strategy is created to assist eligible homebuyers with the costs of purchasing existing or newly constructed eligible affordable housing. Eligible costs include the following: down payment, closing costs, mortgage buy down,
rehabilitation, and other normal and customary costs associated with purchasing a home.

B. **Fiscal Years Covered**: 2018-2019, 2019-2020, 2020-2021

C. **Income Categories to be served**: Very low, low and moderate

D. **Maximum award**: $80,000

E. **Terms of the award**:

</tbody>
</table>

4. Forgiveness: Loan is forgiven on a pro rata basis divided equally based on number of years in the term
5. Repayment: Not required as long as the loan is in good standing.
6. Default: The loan will be determined to be in default if any of the following occurs during the Loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable. The repayment amount shall be reduced on a pro-rata basis for the time the homebuyer has owned and occupied the housing, measured against the required affordability period. The resulting ratio would be used to determine how much of the direct SHIP subsidy would be recaptured. The pro rata amount recaptured cannot exceed what is available from net proceeds. To determine the pro rata amount recaptured:

Divide the number of years the homebuyer occupied the home by the period of affordability; Multiply the resulting figure by the total amount of direct SHIP subsidy originally provided to the homebuyer.

If there are insufficient net proceeds available at sale to recapture the full pro rata amount due, the Buyer is not required to repay the difference between the prorated direct SHIP subsidy due and the amount the City is able to recapture from available from net proceeds.

In the event of default, the City may foreclose to recover funds made available for assistance which is secured by a mortgage and note on the property. In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

If the home is foreclosed on by a superior mortgage holder, the City will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

E. **Recipient Selection Criteria**: Eligible applicants will be evaluated in the order in which they applied
for the program and assisted on a first qualified and first served basis, within income groups; Special needs households, as defined by 420.0004 (13) F.S. will be given first priority in accordance with section 1(l) of this document.

G. Construction and Re-Development – Homeownership

A. Summary of the Strategy: This strategy is designed to promote the acquisition and/or construction of affordable housing for homeownership opportunities, to promote infill housing and mixed income projects/neighborhoods. Developers will be required to submit proposals to provide housing that conforms to the City’s proposal request specifications, neighborhood redevelopment plans and comprehensive plan. Eligible properties include single family homes, town homes, or condominiums.

In low income and/or blighted communities the cost to develop single family housing may be higher than the appraised value or the sales price. This occurs in areas where construction costs are high, such as in south Florida and where there are suppressed housing valuations, low or no sales comparables and depressed housing cost in certain neighborhoods due to blight, low homeownership rates and/or higher than average crime rates.

All funds awarded to the Sponsors/Developers will be used to cover the cost of acquisition/rehabilitation, replacement, or the new construction of single-family housing, or the single-family housing portion of a mixed-use facility. Developers will provide a project development cost breakdown including a project development fee and the City will pay for project expenses on a reimbursement basis.

The maximum subsidy allowed must be used to cover hard and soft costs. Hard costs include the cost of land, permits, impact fees, site preparation, construction materials, landscaping, cost to acquire the structure and/or land, demolition cost, and all construction related hard cost.

Soft costs include plat reviews, recording fees, permits, impact fees, professional service fees, environmental reviews and impact studies, land use amendment reviews, engineering fees, surveys, appraisal, and architectural drawings, developer fees, interest rate buydowns and other acceptable fees and related soft cost.

In all cases, the buyer receives the benefit of SHIP assistance in the form of reduced purchase price. In some instances, a buyer may receive additional SHIP funds for down payment and closing costs necessary for conveyance and to ensure long-term affordability.

C. Income Categories to be served: Very-low, Low and Moderate

D. Maximum award: Developer: $120,000 per unit. Home Buyer: $120,000 which includes subsidizing the sales price and any down payment assistance provided.

E. Terms of the award:
1. Repayment loan/deferred loan/grant:
• Sponsor/Developer - Funds will be awarded to the Developer as a deferred loan secured by a recorded subordinate mortgage and note until conveyed to the buyer.

• Homebuyer - Funds will be awarded as a deferred loan secured by a recorded subordinate mortgage and note.

2. Interest Rate:
   • Sponsor/Developer 0%
   • Homebuyer 0%

3. Years in loan term:
   • Developer: Ends upon conveyance of property to a homebuyer, but not later than 24 months after the award.
   • Homebuyer: Under $15,000 5 years, $15,000-$40,000 10 years, over $40,000 15 years.

4. Forgiveness:
   • Developer: Forgiven upon conveyance to buyer if transferred with 24 months after the award
   • Homebuyer: Loan is forgiven at the end of the loan term.

5. Repayment: Not required as long as the loan is in good standing.

7. Default: Developer: Failure on the part of the developer to receive a certificate of occupancy and transfer ownership to an income eligible buyer with 24 months of receiving the award will constitute a default.
   Homebuyer: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable in addition to shared equity. Shared-equity will be determined by:
   • Dividing the number of years the Owner occupied the Property by the Affordability Period to get resulting figure;
   • Multiply the resulting figure by the City/SHIP Subsidy Amount (below market sale price + an purchase assistance). The result is the pro-rata portion of the City/SHIP subsidy amount due from the net proceeds of the sale.
   • For these purposes, the net proceeds are defined as the sales price minus superior loan repayment (excluding City/SHIP funds) and any closing costs. If the net proceeds of the sale are insufficient to cover the full pro-rata portion of the City/SHIP Subsidy Amount, the Owner shall not be required to repay the difference.

In the event of default, which is defined as not meeting the occupancy, eligibility and/or ownership requirements, the City may foreclose to recover funds made available for assistance which is secured by a mortgage and note on the property. In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the
home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

- If the home is foreclosed on by a superior mortgage holder, the City will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

F. **Recipient Selection Criteria:** For rehabilitated and new construction homeownership units, assistance will be provided on a first qualified, first served basis in accordance with Section I(I) of this plan. The Buyer must qualify for a first mortgage and must contribute no less than 1.75% of the purchase price.

G. **Sponsor/Developer Selection Criteria:** Request for proposals and/or open application process will be utilized to select a sponsor to implement these projects. Characteristics in determining the sponsor/developer may include, but not be limited to:
