I. Program Details:

A. Name of the participating local government: Alachua County

Is there an Interlocal Agreement: Yes ⌂ No ⌂ √

If “Yes”, name local government(s) in the Interlocal Agreement:

__________________ N/A ________________

B. Purpose of the program:
   1. To meet the housing needs of the very low, low and moderate income households;
   2. To expand production of and preserve affordable housing; and
   3. To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs such as the Florida Small Cities Community Development Block Grant.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability (NOFA).

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding described/listed here apply to all strategies unless otherwise stated in the strategy:

The County will accept applications during the advertised “Application Period” which will be 30 days, unless specified differently in the NOFA. From the end of the application period, applicants will have 30 days to submit all required documentation in order to be deemed eligible. Applications will be placed in order of receipt. When funds are available for a particular strategy, the applicants from the waiting list will be contacted to complete/update the application for SHIP assistance. Applicants will be placed in the queue for assistance once they have provided all required documentation and have been deemed SHIP eligible.

Once there is a list of eligible applicants, they will be ranked giving first priority to households qualifying as Special Needs households. These applicants will further be ranked with priority given to very-low income, then low income. The second priority will be to serve Essential Services Personnel (ESP). These applicants will further be ranked with priority given to very-low income, then low income. After serving enough Special Needs households to meet set-asides and any qualified ESP for the funding year, all applicants deemed eligible will be considered equally with priority given to very-low, then low income groups.

Ranking Priority:

1. Special Needs Households
   a. Very low
   b. Low

2. Essential Services Personnel
   a. Very low
   b. Low

3. After Special Needs Set-asides and ESP goals are met
   a. Very Low
   b. Low

J. Discrimination: In accordance with the provisions of ss.760.20-760.37 and the Alachua County Human Rights Ordinance, it is unlawful to discriminate on the basis of race, color, national origin, religion, sex, marital status, age, disability, sexual orientation, gender identity or expression in connection with housing or public accommodations and familial status in housing and in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership
Counseling (Pre and Post), Credit Counseling, Tenant Counseling, and Foreclosure Counseling through qualified HUD approved agencies.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

__√__ U.S. Treasury Department
_____ Local HFA Numbers

The purchase price limit for new and existing homes is shown on the Housing Delivery Goals Chart.

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or
that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. Alachua County finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be wholly performed and maintained by Alachua County.

R. Project Delivery Costs: In addition to the administrative costs listed above, the county will charge a reasonable project delivery cost to cover inspections performed by non-county employees for rehabilitation projects. The fee will not exceed 2% of the contracted SHIP award and will be included in the amount of the recorded mortgage and note.

S. Essential Service Personnel Definition: For purpose of SHIP funding, the County considers the following groups as Essential Services to our county: First Responders, Educators in K-12, Nurses, Active Military, National Guard stationed in the county.

T. Describe efforts to incorporate Green Building and Energy Saving products and processes:
   The County will, when economically feasible, employ the following Green Building requirements on rehabilitation and emergency repairs:
   1. Low or No-VOC paint for all interior walls (Low-VOC means 50 grams per liter or less for flat paint; 150 grams per liter or less for non-flat paint);
   2. Low-flow water fixtures in bathrooms—WaterSense labeled products or the following specifications:
      a. Toilets: 1.6 gallons/flush or less,
      b. Faucets: 1.5 gallons/minute or less,
      c. Showerheads: 2.2 gallons/minute or less;
   3. Energy Star qualified appliances, as available;
   4. Energy Star qualified exhaust fans in all bathrooms; and
5. HVAC: Minimum SEER of 14. Packaged units are allowed in studios and one bedroom units with a minimum of 11.7 EER.

U. Describe efforts to meet the 20% Special Needs set-aside: The County will partner with social service agencies serving the designated special needs populations to achieve the goal of the special needs set-aside. The goals will be met through the owner occupied rehabilitation, emergency repair and rental assistance strategies.

V. Describe efforts to reduce homelessness: The County works with the local Continuum of Care (CoC) and agencies serving the homeless populations primarily through referrals and rental assistance to place these individuals or families in rental housing for the purpose of providing a stable housing situation for twelve months or more. In addition to the direct use of SHIP funding to prevent homelessness through the eviction prevention strategy and to rehouse homeless households through the rental assistance strategy detailed below, the County has a partnership with the City of Gainesville to reduce homelessness. The County also has a representative serving on the CoC Governance Board and staff serving on the CoC housing committee, coordinated entry system committee, and planning committee.

### III. LHAP Incentive Strategies

In addition to the **required Incentive Strategy A and Strategy B**, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

**A. Name of the Strategy: Expedited Permitting**

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy: In the case when a backlog of applications for development approval occurs, resulting in delays in processing...
applications within the regularly scheduled time-frame, for profit and not for profit permits for affordable housing projects are assigned priority for review and processing. Permits shall be available within six business days after the application is found sufficient. This policy was implemented through Unified Land Development Code (ULDC) Chapter 402.03.5.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy: The County provides for the development of an expanded process to review local policies, ordinances, regulations, and comprehensive plan provisions which significantly increase the cost of housing. This initiative is administered through public advertisement of proposed new land development regulations and invitation of public comment on housing cost impact. Staff analysis is required for any comprehensive plan amendments or land development regulation text amendments, prior to adoption, to evaluate the impact(s) on the cost of housing, and to incorporate the findings in the staff report. This was implemented by ULDC Chapter 402.05 (a) 17.

C. Other Incentive Strategies Adopted:

**Modification of Impact Fees for Affordable Housing**

The County no longer provides General Revenue Funding to offset the cost of impact fees for affordable housing units but there are ongoing discussions.

**The reservation of infrastructure capacity for housing for very-low-income persons, low-income persons, and moderate-income persons.**

The new ULDC allows for long term concurrency reservation for Affordable Housing Developments without utilizing the Planned Development (PD) process (Chapter 407.121b, ULDC). Traffic capacity on many major county roads is limited. Therefore, the reservation of traffic concurrency is a critical element of the development approval process. Without a Planned Development zoning approval, concurrency reservations are normally limited to six months with Preliminary Plan approval and one year after final development plan approval. Not having a longer term reservation limits most development projects to one phase of construction. With a Planned Development approved by the Board of County Commissioners through a public hearing process, developments may be built in multiple phases over several years with the certainty of having reserved traffic capacity reserved for all of the phases. The incentive of offering long term concurrency reservations with a development plan approval for an affordable housing project allows for long term multi-phase projects without the additional effort, time, and costs required to pursue a planned development zoning approval.

**Allowance for Accessory Dwelling Units-in Residential units in residential zoning Districts**

**Chapter 404.24, Unified Land Development Code (ULDC)**

In the, RE, RE-1, R-1aa, R-1a, R-1b, and R-1c districts, located within the Estate Residential, Low Density, or Medium Density Residential land use designations a single accessory dwelling unit is allowed as an accessory use to a principal structure, without being included in gross residential density calculations. Within the A district in the
Rural/Agriculture land use designation, a single accessory dwelling unit may be allowed as an accessory use, but shall be included in the gross density requirements for that district. All accessory dwelling units must comply with the standards identified in Chapter 404.24.

**Reduction in parking and setback requirements for affordable housing**
Chapter 407, ULDC, allows flexibility in parking requirements by providing options for shared parking for mixed use projects or uses that are adjacent to one another and provides allowances for reductions in off street parking requirements.

**The allowance of flexible lot configurations, including zero –lot-line configurations, for affordable housing**
The Unified Land Development Code, Chapter 403. Article 3, implemented density based zoning districts that allow for flexible lot sizes and better utilization of densities allowed within land uses. The Unified Land Development Code contains a provision to allow mixed unit types by right (Single family and attached units) in residential zoning districts, allowing for more density and a greater range of unit prices. This in turn creates opportunities to include affordable housing units in market rate developments.

**Modification of street requirements for affordable housing**
The County has a range of street standards, depending on street volume, which are intended to minimize street width requirements. There are no further recommendations on this issue at this time.

**Development of an inventory list of locally-owned public lands appropriate for use as affordable housing**
Alachua County, in accordance with Florida Statutes, requires that every three years a review of County-owned lands be completed to determine if any are appropriate for use as affordable housing and conducted its evaluation at a scheduled public hearing. This policy was implemented through Resolution 08-28 on March 25, 2008. An updated inventory list will be prepared and submitted in 2017.

**Support for development and growth near transportation hubs, major employers, and mixed-use centers.**
Alachua County has adopted Comprehensive Plan amendments to encourage Transit Oriented Developments (TOD’s).

**Increased Number of Attached Units**
Chapter 404.20(d) ULDC, contains a provision to increase the number of attached units allowed from four to eight units for Affordable Housing Developments.

**Development Review Application Fee**
The County Manager may waive development review application fees and charges to not-for-profit corporations that submit affordable housing projects. This policy is annually approved through the Alachua County fee schedule by the Board of County Commissioners.

Requests for Expenditure Extensions (close-out year ONLY) must be received by FHFC by June 15 of the year in which funds are required to be expended. The extension request shall be emailed to robert.dearduff@floridahousing.org and terry.auringer@floridahousing.org and include:

1. A statement that “(city/county) requests an extension to the expenditure deadline for fiscal year _________________.
2. The amount of funds that is not expended.
3. The amount of funds that is not encumbered or has been recaptured.
4. A detailed plan of how/when the money will be expended.

Note: an extension to the expenditure deadline (June 30) does not relieve the requirement to submit (September 15) the annual report online detailing all funds that have been expended. Please email terry.auringer@floridahousing.org when you are ready to “submit” the AR.

Other Key Deadlines:

AHAC reports are due for each local government the same year as the local government’s LHAP being submitted. Local governments receiving the minimum or less allocation are not required to report.

Subordination Policies and Procedures

I. POLICY

The following guidelines and procedures are designed to efficiently process requests for subordination of recapture agreements pertaining to assistance provided by Alachua County Housing Programs. Assistance is provided to eligible applicants in the form of down payment/closing cost assistance and home repairs to first-time homebuyers, home repairs to existing homeowners, and other programs as outlined in the Alachua County SHIP Local Housing Assistance Plan, the Community Development Block Grant Housing Assistance Plan, and the Housing Finance Authority Housing Assistance Plan. SHIP clients enter into mortgage agreements to reimburse the County for SHIP loans in the event that the house is sold, transferred, conveyed, or the client moves out of the assisted unit within the applicable term. In some cases, subordination requests are submitted to Alachua County when the homeowner seeks to refinance their mortgage.

It shall be the policy of Alachua County Housing Programs that subordination of loans and recapture agreements may be only approved in the event that the housing unit becomes more affordable as described below. The following guidelines will be used to determine whether Alachua County will approve subordination of its housing related loan documents.

1. Subordination must occur only once.

2. The total monthly payment (Principal, Interest, Taxes & Insurance) and the interest rate are lower than the previous amount/rate.

3. If the current mortgage is an Adjustable Rate Mortgage (ARM), then the proposed new mortgage must be a fixed rate at or below the current ARM.

4. The participants may include only their mortgage and closing costs in the refinancing.

5. There is no cash returned to the participants upon refinancing and no other debts are being paid off other than the existing mortgage.

6. A Closing Disclosure (formerly HUD-1 Settlement Statement) shall be submitted for final review to the Housing Programs Office by the title company before closing.
II. Procedures

In the event that a former participant of Alachua County Housing Programs wishes to request subordination of recapture agreements, the following supporting documentation shall be provided:

2. A written request, explaining the reason for the subordination and how the above conditions are being met.

3. A Good Faith Estimate for initial approval of subordination and a Closing Disclosure prior to Alachua County releasing a signed subordination agreement to the new lender.

4. Complete terms and conditions of the new loan.

5. Terms of new mortgage must comply with our current subordination guidelines as described in the Lender Guidelines:

   **Lender guidelines for Mortgage Subordination**
   - Institutional Lenders
   - Fixed Interest Rate Loans
   - No ARM’s, No Balloon Payments
   - 30-Year Maximum Amortization
   - Lower Interest Rate and Monthly Payment
   - No Cash Out, No Payoffs
   - Property Taxes & Hazard Insurance Must Be Escrowed
   - Lenders Fees not to exceed 2% of loan value (application fee, appraisal review, closing fee, commitment fee, discount points, doc prep fee, origination fee, processing fee, underwriting fee, partner fee, mortgage broker fee, administration fee).

Upon receipt of a written request along with the required supporting documentation, the Housing Programs Manager or designee will prepare the Subordination Agreement to be approved by the Alachua County Community Support Services Department Director.
