B. Purpose of the program:
1. To meet the housing needs of the very low, low and moderate-income households;
2. To expand production of and preserve affordable housing; and
3. To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2019-2020, 2020-2021 and 2021-2022

D. Governance:
The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership:
The SHIP Program encourages building active partnerships between government, lenders, builders and developers, real estate professionals, advocates for low-income persons and community groups.

F. Leveraging:
The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input:
Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach:
SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
I. Waiting List/Priorities:
A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applications will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan. Priority will only be given to the following, unless otherwise stated in the strategy; listed in Priority order:

1. Special Needs Households (as defined in the Florida Statutes)
   - Very Low
   - Low

2. Homeless Veterans – Rental/Non-Profit home ownership
   - Very Low
   - Low

J. Discrimination:
In accordance with the provisions of FL Statute 760.20-760.37, it is unlawful to discriminate on the basis of race, creed, color, religion, sex, national origin, age, handicap, familial status, or marital status in the award application process for eligible housing.

K. Support Services and Counseling:
Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits:
The sales price or just value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above. The methodology used is:

   X  U.S. Treasury Department  _____  Local HFA Numbers

M. Income Limits, Rent Limits and Affordability:
The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30% of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed
those rental limits adjusted for bedroom size.

N. Welfare Transition Program:
Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal:
In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget:
A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. Citrus County finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52 (19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration:
Administration of the local housing assistance plan will be performed by:

R. Project Delivery Costs:
No project delivery costs will be paid to salaried Citrus County staff administering the SHIP Program. Project delivery costs will be provided to sponsor and sub recipient agencies providing services in accordance with the Local Housing Assistance Plan. Project delivery costs will be negotiated as part of the contract with a sponsor agency. Project delivery costs are to be paid to Sponsor or Subrecipient Agencies only and are included in the maximum subsidies established in each strategy. Project delivery costs will be limited to no more than 5% of any award.

S. Essential Service Personnel Definition:
Any person in need of affordable housing who is a permanent employee of a company or organization located in Citrus County in the following occupations: First Responders, Educators in K-12, Active Military, Nurses, Healthcare Personnel, and Providers of Group Homes for Developmental Disabilities.

T. Describe efforts to incorporate Green Building and Energy Saving products and processes:
Citrus County SHIP Contractors must be licensed and insured in accordance with Citrus County purchasing guidelines. The County shall, through the implementation of the various SHIP construction projects, include energy efficient features that are economically sound with respect to the goals and beneficiaries of each strategy.

Minimum “green” standards:
1. Refrigerators that are replaced or installed shall be Energy Star rated.
2. Gas water heaters that are replaced or installed shall be Energy Star rated.
3. All exterior doors and windows that are replaced or installed shall be Energy Star rated.
4. All lighting fixtures and ceiling fans that are replaced or installed shall be Energy Star rated.

U. Describe efforts to meet the 20% Special Needs set-aside:
Citrus County will utilize at least 20% of funding to assist persons meeting the State of Florida definition of special needs. Prioritization of funding will be for the rehabilitation of owner occupied homes of persons with special needs. Outreach for clients will include marketing to a variety of agencies, including but not limited to, Agency for Persons with Disabilities, the Center for Independent Living (CIL), the County ARC affiliate, etc. Should efforts to attract special needs clients under this strategy not produce the amount necessary to reach the set-aside, persons meeting the definition of special needs may be assisted with other approved LHAP strategies and counted towards the set-aside.

V. Describe efforts to reduce homelessness:
SHIP staff stays updated about other sources of funding for paying past due rents and move-in assistance. The SHIP office works hand-in-hand with the lead agency of local homeless assistance continuum of care so that housing programs are complementary and not duplicative or working at cross-purposes. Citrus County’s SHIP office supports the efforts of the Citrus County Continuum of Care (CoC) agencies (Mid-Florida Homeless Coalition). Much of the outreach to homeless persons is conducted at their community events. Additionally, outreach is conducted by the many caseworkers at community agencies. Needs are assessed during these points of contact, and referrals are made as appropriate. Also, the SHIP home repair strategy
helps keep homeowners in structurally secure homes, which reduces their risk of becoming homeless.

If any of these occur, the outstanding balance will be due and payable.  

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

### C. Owner Occupied Rehabilitation/Mandatory Utility Connections

| a. **Summary of Strategy**: This program will only be used to pay permit, impact, and other fees necessary to connect eligible owner occupied/homesteaded residences to regional central water and/or sewer service, including the cost of installing water and sewer service lines from the residence to the water or sewer main. These funds cannot be used just for general construction of lines. Priority will be given to hookups that are being completed in conjunction with other state or federal funding sources. The purpose of this program is two-fold: to avert or reduce any adverse effect on the affordability of existing homes to which water and sewer service is being extended as well as to provide a source of leveraging for other state and federal funding sources for expansion of water and sewer service. (County ordinances require water and sewer hookups when available.) |

g. **Sponsor/Developer Selection Criteria**: N/A

h. **Additional Information**: Citrus County has given high priority to its goal of improving water quality. In some cases, this program may be used to leverage funds needed in partnership with the Cities of Inverness or Crystal River to provide for the affordable expansion of water and sewer service.

| a. **Summary of Strategy**: This **Not-for-Profit First Time Homebuyer** strategy will assist with the construction of homes sold by non-profit developers to First Time Homebuyers. |

Prospective homebuyers must qualify as a First Time Homebuyer under the HUD definition: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

This strategy will provide a subsidy to eligible sponsors to pay development costs. Eligible development costs include fees charged by governmental entities in conjunction with residential construction (impact fees, building permits, utility fees, etc.), wells, septic and site preparation. Any funds not used for the payment of development costs may be used to offset the cost of construction or rehabilitation of an acquired eligible housing unit.

- Mortgage loans are made directly to the purchaser of the home by the not-for-profit. Loans will be fixed rate mortgages not exceeding current market interest rates for a maximum term of thirty (30) years.
- Homebuyers are required to execute an interest-free note and mortgage held by the not-for-profit with the County added as an additional lien holder.

6. Default: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.

In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

If the home is foreclosed on by a superior mortgage holder, the county will make every effort to recapture as much as possible through the legal process if it is determined that adequate funds may be available to justify pursuing a recapture.

Any funds repaid using these programs/strategies will be used in the strategy where it is most needed at the discretion of the Citrus County Housing Services Director.

f. **Recipient Selection Criteria and Program Requirements:**

1. Eligible structures include existing homes that meet Housing Quality Standards (HQS). Mobile/Manufactured Homes are not eligible for assistance.

2. SHIP funds may not be used to aid with the purchase of a home that has an in-ground pool, which will generate extraordinary, recurring monthly expenditures.

3. Applicants must attend and successfully complete an 8-hour HUD Certified First Time Homebuyers Class (applicant must provide a copy of certificate).

4. Applicants must have the ability to secure first mortgage financing by an approved lending institution and are encouraged to work with lending institutions’ special mortgage products. These products generally have more liberal underwriting guidelines and lower down payment requirements. Applicant is required to provide a pre-qualification letter from lender.

5. The Board of County Commissioners will also work with institutions that do not offer special mortgages products.

6. No assistance will be provided to households who have or have had an interest in $15,000 or more of cash assets or cash equivalents (checking, savings, money market accounts, mutual funds, annuities, stocks, bonds, cash value to life insurance, etc) within the previous 6 months.

g. **Sponsor/Developer Selection Criteria:** N/A

h. **Additional Information:**
1. Final approval will be given and funds obligated once an eligible family has chosen a home, has been approved for financing and Housing Services has reviewed the home inspection for HQS compliance, if applicable.

2. Housing Services will be responsible for ensuring compliance with all income guidelines.

3. Participating Lending Institutions will be provided with a copy of program guidelines for informational purposes as well as providing the parameters for underwriting purposes.

4. **Leveraging:** The first mortgages will be provided either through Rural Housing, Local Lending Institutions, or direct funding from Not-for-Profit Affordable Housing Providers. Local Lending Institutions will utilize any number of sources or guarantees as well as private mortgage insurance companies to provide these loans. Those sources being: their own portfolio loans, FHA & VA insured loans, Secondary Market Loans purchased by FreddieMac or FannieMae (incl. Enhanced Fannie Neighbors with The Community Homebuyer’s Program, Fannie’s Community Seconds Program and Community Home Improvement Mortgage Loan), Florida Housing Finance Corporation’s First Time Homebuyer Program and the Escambia County Housing Finance Authority’s First Time Homebuyer Mortgage Revenue Bond Program.

5. Prospective homebuyers must qualify as a First Time Homebuyer under the HUD definition: An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.

Any recaptured funds repaid to Citrus County under this program will be deposited back into the Housing Trust Fund and used in the strategy where it is most needed at the discretion of the Housing Services Director.

f. **Recipient Selection Criteria:**

- Structure must be the primary residence of the owner/applicant, and be located in Citrus County.
- No assistance will be provided to any property owner who is in arrears in local property taxes or County utility accounts or has county, state or federal tax or other liens levied against them, or whose home is in the process of foreclosure, except in exceptional or unusual cases as determined by the Citrus County Board of County Commissioners or the Housing Services Director.
- Applicants must attend and successfully complete an 8-hour HUD Certified First Time Homebuyers Class (applicant must provide a copy of certificate).
- Applicants will be selected on a first-qualified, first-served basis. If it is determined (by Housing staff) that one client’s substandard housing unit poses a greater hazard to their health and safety than another’s, a client may be given priority on the waiting list.
- However, no client who has received assistance under the Housing Replacement Strategy shall be eligible to be placed back on the waiting list or to re-apply for the same strategy.
They will not become eligible to apply for home rehabilitation (home repair strategy) or the Emergency Home Repair Strategy until 10 years after having been served by this strategy.

When considering a client’s home for replacement the client must maintain homeowner’s insurance with Citrus County, Florida, a political subdivision of the State of Florida, listed as a lien holder on the home insurance policy. Homeowner’s insurance can be a substantial burden that clients with minimal incomes may not be able to afford. Determining a client’s ability to afford these costs can include, but is not limited to, evaluating a client’s debt-to-income-ratio. Grounds for denial could be if the debt-to-income ratio is in excess of 50% including the proposed taxes and insurance or if the debt-to-income is lower and a client just acquired recent debt prior to intake. The client can evidence the ability to maintain a similar debt load historically without adverse effects.

A family budget form is completed with every applicant, computing the debt-to-income with them and the form is filed with the application.

h. **Additional Information:** Rural Housing Services Home Ownership Loans, CDBG funds or other available resources will be used as leverage with SHIP funds, when possible.

This strategy will only be implemented in the event of a disaster using any funds that have not yet been encumbered or with additional disaster funds allocated by Florida Housing Finance Corporation. SHIP disaster funds may be used for items such as, but not limited to:
   1. Purchase of emergency supplies for eligible households to weatherproof damaged homes;
   2. Interim repairs to avoid further damage; tree and debris removal required to make the individual housing unit habitable;
   3. Payment of insurance deductibles for rehabilitation of homes covered under homeowners’ insurance policies;
   4. Rental assistance for renter households that have experienced a temporary financial hardship that results in missed rental payments and in danger of being evicted;
   5. Strategies included in the approved LHAP that benefit applicants directly affected by the declared disaster.
   6. Other activities as proposed by the counties and eligible municipalities and approved by Florida Housing.

b. **Fiscal Years Covered:** 2019-2020, 2020-2021 and 2021-2022

c. **Income Categories to be served:** Very Low and Low

   1. Loan/deferred loan/grant: Grant or Deferred Loan secured by a recorded agreement
   2. Interest Rate: 0%
   3. Term: 10 Years
   4. Forgiveness: No repayment will be required for total assistance provided up to $5,000. If over $5,000, $5,000 will be forgiven and the loan amount above $5,000 will be forgiven on a prorated basis of 20% per year beginning in year 6.

5. Repayment: None required as long as loan is in good standing.

6. * Refer to County’s current subordination policy and procedure: A.R. 12.20-1Default: The loan will be determined to be in default if any of the following occurs during the loan term: sale, transfer, or conveyance of property; conversion to a rental property; loss of homestead exemption status; or failure to occupy the home as primary residence. If any of these occur, the outstanding balance will be due and payable.
In cases where the qualifying homeowner(s) die(s) during the loan term, the loan may be assumed by a SHIP eligible heir who will occupy the home as a primary residence. If the legal heir is not SHIP eligible or chooses not to occupy the home, the outstanding balance of the loan will be due and payable.

If the home is foreclosed on by a superior mortgage holder, the County will make an effort to recapture funds through the legal process if it is determined that adequate funds may be available to justify pursuing a repayment.

Any recaptured funds repaid to Citrus County under this program will be deposited back into the Housing Trust Fund and used in the strategy where it is most needed at the discretion of the Housing Services Director.

f. **Recipient Selection Criteria (Homeownership):**
   - Disaster Relief applications will be processed immediately in these cases on a first-qualified, first-served basis, pending fund availability. If it is determined (by County staff) that one client’s housing unit poses a greater hazard to their health and safety than another’s, a client may be given priority on the waiting list, (i.e. roof replacement would take precedence over a window repair).
   - Structure must be the primary residence of the owner/applicant, and be located in Citrus County.
   - Applicant must be willing to execute all necessary documents in a timely manner.
   - No assistance will be provided to any owner who has or has had an interest in $15,000 or more of cash assets or cash equivalents (checking, savings, money market accounts, mutual funds, stocks, bonds, annuities, or cash value to life insurance) within the previous 6 months.
   - In the aftermath of an Executive Order declared disaster, the determination of disaster-related damage to the home may be made by either by a County Health Department citation, Fire Rescue inspection or as a result of a home inspection made by the rehab specialist, or other designated building inspector, with approval from the Director of Housing Services.    - Mobile homes constructed after June 1994, provided the home is classified a Real Property are eligible for this program.
   - No assistance will be provided to any property owner who is in arrears in local property taxes or County utility accounts, or has county, state or federal tax or other liens levied against them, or whose home is in the process of foreclosure.

**Recipient Selection Criteria (Rental):**
- This assistance is for renter households that have experienced a temporary financial hardship that resulted in missed rental payments and in danger of being evicted.
- Priority shall be on a first-qualified, first-served basis
- All households assisted must be victims of the declared disaster. This may be certified by an outside party or by the Housing Services Department.
- Assistance is limited to a one-time award.
• Rental applicants may not have outstanding liens or judgements owed to the County.
• Payments will be made directly to landlord and a valid lease must be in place.

g. Sponsor/Developer Selection Criteria: N/A

h. Additional Information:

1. Eligibility for this strategy shall be done in an expedited manner and may include alternative forms of documentation, such as current pay stubs and benefit letters, as well as oral verification of employment wages, other income and assets. If the FHFC allows even less documentation with that particular disaster, that methodology may be used.

III. LHAP Incentive Strategies

Incentives were modified and adopted based on input by the Affordable Housing Advisory Committee (AHAC) and Housing staff with the Evaluation Appraisal Report (EAR) based amendments to the Housing Element to Comprehensive Plan on July 11, 2006, Ordinance 2006-A12. Then subsequently a number of the incentives that were considered as a possibility for Citrus County that had not already been adopted and considered at all feasible or feasible based on County support at the time were adopted in Citrus County Land Development Code by the middle of 2007. On November 14, 2018, AHAC members provided recommendations on affordable housing incentives and evaluation of the implementation of incentives already adopted. Members endorsed the retention of current policies and a report regarding these recommendations was compiled and approved by the BOCC on November 26, 2018.

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

Permits as defined in Section 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other project

Provide a description of the procedures used to implement this strategy:

1) Established Policy & Procedures:
The County’s Department of Growth Management is constantly working on ways to make the development review process more user friendly. A Pre-Application conference is held for all development, re-development, and platting. Pre-application meetings can also be scheduled to discuss conceptual ideas and plans. The purpose of this meeting is to discuss with the applicant all federal, state, and local regulations the proposed development would be required to meet prior to development approval.

2) Continue pre-application meetings.

3) Develop and improve County website regarding information to developers or interested citizens.
The information should respond to the needs of both experienced developers and newcomers and should include the following:

- Lists of permits required for every type of regulation with summaries of information needed for each;
- Explanations of procedures along with official time periods or deadlines and estimates of processing time;
- Schedules of fees for all permits;
- Complete copies of ordinances and regulations;
- An explanation of appeal procedures;
- Checklists of guidelines and criteria used by staff in the review process, which may be collected in a guidebook or manual;
- General information on the local government, including its organization and key personnel, with names and telephone numbers.

The ready availability of such information can also reduce staff time needed to explain the approval process. A process must be in place to update this information whenever policies or ordinances are amended.

4) The Department of Growth Management Non-Residential Review Coordinator (NRRC) will be designated to be the primary contact for all affordable housing developments. This contact person will provide technical assistance to the developer to help walk the application through the development review process. The biggest factor contributing to delays translate into additional housing costs and can result in higher housing prices. The NRRC can assist an applicant/developer in ensuring that the application is complete at the time of submittal. If the applicant runs into any difficulties as the permit goes through the process, the NRRC can help him/her understand what is required and facilitate interaction with the appropriate staff member to move revisions through smoothly. Currently single family residential permits are reviewed in 10-21 days. By using a facilitator to assist the applicant in processing the application, the time can be reduced. In larger, multi-family projects or planned developments, the NRRC will reduce the time period through pre-application meetings and assisting in coordination with other departments.

The elements of this housing incentive strategy have been implemented and are working effectively. These issues were addressed in the Housing Element update of the Comprehensive Plan, 1994 Second Cycle and subsequently updated with the EAR based amendments to the Housing Element of the Comprehensive plan with Ordinance 2006 – A12 on July 11, 2006.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption

Provide a description of the procedures used to implement this strategy: An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

1) Established policy and procedures:

Prior to the adoption of any procedures or policies, an analysis will be performed to determine the new policies or procedure impact on the cost of housing. If a proposed policy or procedure is not going to impact the cost of housing, such a statement must appear in the proposed policy or
procedure. If the proposed policy or procedure will impact the cost of housing, that cost must be quantified, to the best extent possible. The AHAC will be notified of any proposed policies or procedures that will impact the cost of housing so that they may make a recommendation to the Board of County Commissioners.

This requirement is in Policy- 1.3.5 (formerly1.9.1) of the Comprehensive Plan, revision to the Housing Element dated 12/20/94, Ordinance No. 94-A30 Cycle and subsequently updated with the EAR based amendments to the Housing Element of the Comprehensive plan with Ordinance 2006 – A12 on July 11, 2006.

C. Name of the Strategy: **Density Bonuses:**
   Allowance of increased density levels for affordable housing.

1) Established policy and procedures:
   Density Bonuses provisions are contained in Chapter 5 of the Citrus County Land Development Code (LDC). In cases where a proposed development is designed to exceed the County’s minimum requirements, additional development rights may be allowed. Specifically, additional residential density (Density Bonus) is permitted through compliance with supplemental standards established in Section 5200 of the Land Development Code. Section 5210 contains the basic standards. Section 5220 provides for a variable credit system and establishes a point system for natural resources standards (wetlands, habitat, etc.) and infrastructure standards (water, special housing, etc.). Density Bonuses are allowed for planned developments based on a variable credit system that encourages but does not require affordable housing.

   Upon review a substantial requirement was adopted in 2007, Ordinance No. 2007-A29, in the LDC and in order to qualify for a planned development residential density increase, at least 20%of the total dwelling units of the proposed development shall be affordable housing as defined by this Code. The Board of County Commissioners, through a developer’s agreement shall approve mechanisms that will be used to assure that the units remain affordable for 10 years.

D. Name of Strategy: **Allowance of Zero-Lot-Line Configurations for Affordable Housing**

1) Established policy and procedures:
   The Board of County Commissioners recommends that staff initiate the process to amend the LDC to permit zero-lot-line configurations on the same parcel in multi-family developments.

   This incentive has been accomplished. Such configurations are permitted depending on the land use district of the subject property.

   Allowance for zero-lot-line configurations is permitted via LDC Section 4655: Building Set Back requirements. Such configurations are permitted provided the adjacent land owner agrees to a maintenance easement.

E. Name of Strategy: **Modification of Impact Fee Requirements:**
   Modification of impact fee requirements, including reduction or waiver of fees and alternative methods of fee payment for affordable housing.

1) Established policy and procedures:
This incentive was first accomplished during the review and revision of four (4) impact fee categories by the Board of County Commissioners in 2004. Effective April 2004, a lesser transportation impact fee was approved for qualified affordable housing (site built, mobile homes, modular homes, etc. with less than 1500 sq. ft. of living area and occupant households being at or below low income – 80% of AMI adjusted by family size as defined by HUD). The Division of Housing Services works closely with the Citrus County Building Division to ensure qualified families receive the reduction in the transportation impact fee. During the next full impact review (all categories) in 2006 this policy was brought forward and extension of this provision was approved during the final hearing before the Citrus Board of County Commissioners on January 25, 2007. In addition, the Commissioners agreed to defer the remaining balance of impact fees due for qualified affordable housing for 10 years, and provided the homes were not sold in that time frame, permanent cancellation. Accomplished by adoption of Administrative Regulation 13-23 on February 27, 2007.

F. Name of Strategy: The Allowance of Affordable Accessory Residential Units in Residential Zoning Districts

1) Established policy and procedures: Standards for attached and detached accessory dwellings were adopted into the Land Development Code in 2007 by Ordinance No. 2007-A29 setting standards for size (no more than 40% of the living area of principal dwelling or 750 square feet, whichever is less, maximum two (2) bedrooms), design, occupancy, setbacks, landscaping, lot size (one (1) acre minimum for detached), required infrastructure, height limitations, neighborhood compatibility, privacy and an affordability component for detached accessory dwellings.

the time frames noted above.

(p) DMB shall maintain a file for each purchase of a commodity or service that is
obtained because of a formal solicitation, bid waiver or sole source purchase
valued over $25,000 and awarded by the Board of County Commissioners. Staff

behind the request, inclusive of discussions with the vendor/contractor/consultant, and
report its findings to the County Administrator/designee, who will make the final
determination as to whether the request is warranted and properly substantiated. If
approved by the County Administrator/designee, DMB will submit the request to the
Board of County Commissioners for final approval. Once approved by the Board,
DMB shall issue a notice to the vendor/contractor/consultant of such contract

If there is a vendor/contractor/consultant on the list that can provide the required commodity or service, the Department/Division/Office shall procure such from that vendor/contractor/consultant. Should the Department/Division/Office elect not to procure the commodity or service from that vendor/contractor/consultant, they shall complete an "Authorization to Not Purchase from a Bid-Vendor Form", indicating the reason for not complying with this requirement, and submit such the County Administrator/designee for approval.

The written determination shall also inform the protester of his/her right to appeal the DMB Director’s decision to the County Administrator.

DMB shall draft the Amendment to the Agreement and have it executed by the vendor/contractor/consultant. DMB will then prepare an Agenda Item for the Board of County Commissioners to approve and authorize execution of the Amendment to the Agreement. After execution of the Amendment to the Agreement by the parties, DMB shall have the document recorded in the public records of Citrus County and shall issue certified copies of the document to the vendor/contractor/consultant and staff. DMB shall draft the Amendment to the Agreement and have it executed by the vendor/contractor/consultant. DMB will then prepare an Agenda Item for the Board of County Commissioners to approve and authorize execution of the Amendment to the Agreement. After execution of the Amendment to the Agreement by the parties, DMB shall have the document recorded in the public records of Citrus County and shall issue certified copies of the document to the vendor/contractor/consultant and staff.

DMB shall contact the vendor/contractor/consultant and obtain a written confirmation of their desire to renew.
