B. Purpose of the program:
- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-420.9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding described/listed here apply to all strategies unless otherwise stated:

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, Florida Statutes, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

| U.S. Treasury Department | X |
| Local HFA Numbers        |   |

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Section 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria
for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. **Monitoring and First Right of Refusal**: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. **Administrative Budget**: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

*Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states*: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

*Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states*: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. **Program Administration**: Administration of the local housing assistance plan will be performed by:

R. **Project Delivery Costs**: Project Delivery Costs will be paid to a third party who is not a county employee for inspection services provided under the Owner Occupied Rehabilitation Strategy, and any other strategies that require construction and inspections, such as the Demolition and Reconstruction – Home Replacement strategy as well as the Homes for Wounded Veterans strategy. Those inspection services under the Owner Occupied Rehabilitation Strategy include the initial inspection of the property in order to prepare bid
specifications for each rehabilitation project; attendance at the mandatory contractor walk through to discuss the rehabilitation work to be done; continuous monitoring of the construction process; and the final inspection of the work completed on each project. No more than five percent (5%) of the award shall be paid for inspection services.

Project Delivery Costs will be paid to the service provider under the Homeless Stabilization Program, because there is no continuum of care provider in this area currently providing services under the Homeless Stabilization Program. Five percent (5%) of the award per household will be paid for case management. An additional five percent (5%) of the award per household will be paid for counseling services.

S. Essential Service Personnel Definition: Essential Service Personnel is defined as employees or persons whose occupation is considered essential to the community, including teachers and educators, law enforcement, fire and emergency services personnel, health care personnel, skilled building trades personnel, financial and hospitality personnel.

T. Describe efforts to incorporate Green Building and Energy Saving products and processes: Clay County through implementation of the various SHIP housing strategies shall encourage and support green, storm resistant and low maintenance construction, including energy efficient features that are economically sound with respect to the goals and beneficiaries of each strategy. Green building and energy savings shall be encouraged in all appropriate SHIP housing strategies as well as energy star appliances, ceiling fans and light fixtures when appropriate. Energy star fluorescent light fixtures, high efficiency air conditioning units with programmable thermostats, added insulation, light colored roofing material, low/no VOC interior paint, high efficiency low flow and/or dual flushing toilet systems, low-flow shower heads and faucets, durable long-lasting asphalt roof singles will also be used in SHIP projects.

U. Describe efforts to meet the 20% Special Needs set-aside: Clay County SHIP Coordinator meets on a regular basis with the not-for-profit entities that serve the special needs population to discuss their housing needs. The goals will be met through Owner Occupied Housing Rehabilitation and rental assistance strategies.

V. Describe efforts to reduce homelessness: Efforts to reduce homelessness have been carried out through the Special Needs Housing (Non-Profit) Strategy whereby the SHIP program has been able to provide funds to a local not-for-profit entity whose mission is to end homelessness and promote self-sufficiency. The Homeless Stabilization Program Strategy has been added to provide additional assistance to the effort to reduce homelessness.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6)(f)(3), F.S. for affordable housing projects are expedited to a greater degree than other projects.

Provide a description of the procedures used to implement this strategy:

The Board of County Commissioners has an ordinance, which gives priority to affordable housing. Clay County has never had a backlog in its review process. If the County were to experience a backlog within its reviewing process, affordable housing projects shall receive first review over all other housing projects. The applicant can contact either the Building Department or the SHIP Administrator if a delay were to occur and the application will be given immediate priority. The Building Department permit clerks, who issue all permits, are aware of this policy and will give those applicants first review.

B. Name of the Strategy: **Ongoing Review Process**
An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

This is an ongoing process. Local policies, ordinances, and regulations are reviewed through committee meetings at the time of proposal and prior to adoption. The SHIP-required Affordable Housing Advisory Committee (AHAC) serves as a “clearing house” for affordable housing issues. In addition, the Planning and Zoning Board and the Board of County Commissioners review policies, ordinances, regulations and plan provisions.
