F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.
I.  Waiting List/Priorities: Applications are placed on an intake log in order of receipt by the SHIP office and separated by strategy. Applications are processed on a first-qualified, first-served basis as set forth in the individual strategies listed herein. First priority for all strategies will be to serve households qualifying as Special Needs as defined by Florida Statutes, Section 420.0004(13) Florida Statutes with an emphasis on households with a person with a developmental disability as defined in Section 393.063(12).

M.  Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N.  Welfare Transition Program: Should an eligible sponsor be used, a qualification
system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget of proposed Administrative Expenditures is attached as Exhibit A. Columbia County finds that the moneys deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:
A. Name of the Strategy: **Expedited Permitting**
Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

The current permitting process for Columbia County should be retained until the case load increases to such a degree that a backlog is experienced. The County currently issues approximately 600 permits per year. The County believes that a backlog would be experienced when more than 1,200 permits are issued per year. In accordance with the Policy of the Housing Element of the County’s Comprehensive Plan, this includes the continued refining and streamlining of the existing development approval process, plus expedited plan reviews and inspections, explanatory brochures and computer programs to further refine the existing one-stop permitting and development review process and reduce the financing cost for developers.

The County takes all steps necessary not to delay the review of affordable housing developments, and should review delays begin to occur, the County institutes the practice of reviewing the affordable housing development first. This will occur when more than 1,200 permits are received per year.

The Planning and Zoning Commission will conduct a second meeting a month to accommodate specific affordable housing projects brought forth by planning and development, if they are unable to meet the regular meeting schedule.

No delays have been experienced in Columbia County’s permitting procedures.

B. Name of the Strategy: **Ongoing Review Process**
An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

a. Established policy and procedures: The current ongoing process of review allows the county to review any policy, procedure, ordinance, regulation, or plan revision that may increase the cost of housing prior to its adoption.

b. The County has the responsibility of performing the review procedure. The County or SREC, Inc. staff will review the action and prepare a written report with recommendations prior to the adoption of the plan if a policy, ordinance or regulation change, or plan provision is made by the County. The staffs’ review will consider the following:

1. Will the action increase the cost of development? If so, approximate cost. Explain how increased cost is worth negative impact on housing cost.

2. Will the action increase the time of approval? If so, how does benefit of this increase in approval time compare with the impact on housing costs?
3. Does the action increase the long term development cost? If so, how do the increased cost compare with the benefits of the action?

According to the Assistant County Coordinator, there were no new ordinances or policy changes which might affect the cost of housing.
