C. Fiscal years covered by the Plan: 2022-2023, 2023-2024, 2024-2025

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the County Website in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

First Priority: Special Needs

- J. **Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. **Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. **Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.
- O. **Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides

periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

- P. Administrative Budget:** A line-item budget is attached as Exhibit A. Franklin County finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	Program Administration	10%

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of constructing a permanent structure.*

- S. Project Delivery Costs:**

The county will charge project delivery costs, not to exceed \$1,000 to cover recording fees and inspections performed by non-county employees for all repair strategies. These fees will be included in the amount of the

recorded mortgage and note.

- T. **Essential Service Personnel Definition (ESP):** ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.
- U. **Describe efforts to incorporate Green Building and Energy Saving products and processes:** Franklin County will, when economically feasible, encourage green building requirements for all rehabilitation and emergency repair projects to include, but not limited to the following: Energy Star rated windows, appliances, hot water heaters, low flow plumbing fixtures, insulated exterior doors, increased insulation for walls and ceilings, higher efficiency HVAC units and programmable thermostats.
- V. **Describe efforts to meet the 20% Special Needs set-aside:** *(describe which strategies and how Special Needs are prioritized for funding as well as agency partners working in this area)* The county will partner with social service agencies serving the designated special needs populations to achieve the goal of the special needs set-aside. The goals will be met through the owner occupied, emergency repair and down payment assistance programs.
- W. **Describe efforts to reduce homelessness:** *Franklin County addresses homelessness prevention through all of its strategies as well as its cooperation with other county organizations focused on homelessness; Down Payment Assistance for home purchases and repair strategies which assist with needed repairs to keep applicants in their home. If any of these occur, the outstanding balance will be due and payable.

In the event the homeowner dies before the term of the loan expires, the FCBCC reserves the right to grant the transfer of the DPL to the surviving members of the immediate family upon completion of probate if the new owner(s) plan to make the house his/her/their primary residence for the balance of the DPL and his/her/ total household income is within the income guidelines that were originally used to award the DPL.

Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy: In the event ordinances are passed that would effect housing costs within the County, the County staff will develop a report on the projected impact. This report would be submitted to the Board of County Commissioners and contain an offer of how to reconcile the new requirements within the Program. At this time, the County has not passed any procedures, ordinances, policies or regulations which impact the cost of housing. EXHIBIT F: Additional Instructions and Information for Down Payment Assistance for Community Land Trust Purchases

To qualify, homes must be purchased from a city/county-approved community land trust (CLT). The CLT will execute a 99-year ground lease with the homebuyer. A memorandum of that ground lease is recorded in the public records immediately following the deed. The terms of the ground lease restrict the resale of the property to an income eligible household and provide a right of repurchase to the CLT in the event of default. The CLT must approve the subsequent homebuyer. In the event of a default, the CLT must notify the City/County whether it intends to exercise its right of repurchase. In the event the CLT is not willing or able to exercise its right of repurchase, it shall transfer its right of repurchase to City/County, giving City/County the right, but not the obligation to purchase the property.

The assistance shall be treated as a development cost pay-down to further reduce the sales price to the homebuyer. The assistance amount shall be excluded from the Base Price and Formula Price as defined in the ground lease. The balance of the assistance must be included in the Purchase Option Price as defined in the ground lease to repay the funds to the City/County in the event of default. If the maximum subsidy was not provided to the first homebuyer, the City/County may provide additional assistance to the subsequent buyer to ensure that the property remains affordable, up to the amount of the maximum subsidy allowable at the time of subsequent purchase minus the original subsidy amount provided to the first homebuyer. Any additional SHIP investment will extend the original loan term. At the end of the loan term, the loan will be forgiven, and the lien released. However, the CLT ground lease will remain in effect and the requirements for residency, resale price, and subsequent buyer's income eligibility will continue. The CLT may request satisfaction of a loan and release of the lien during the term of the loan on behalf of a homeowner or seller, and under certain defined circumstances, with approval granted by the City/County on a case-by-case basis.

When selling a CLT home, the seller must notify the CLT. The CLT will then enter into a purchase and sale agreement with the seller, that will get assigned to the subsequent homebuyer. The Purchase Option Price for the CLT will be calculated as follows:

Purchase Option Price = Formula Price + Payoff Amount of Deferred Payment Loans

The Formula Price is calculated using a Base Price calculated by subtracting the amount of down payment assistance from the purchase price. For example:

Purchase Price:	\$185,000
MINUS Assistance Provided (maximum):	- <u>\$55,000</u>
EQUALS Base Price (sales price) for first buyer:	\$130,000

Base price is the amount the buyer would need to finance (plus transaction costs) and is used to calculate the Formula Price in the ground lease.

Suppose the Formula (re-sale) Price in the ground lease is calculated by a 1% annual increase to the Base Price, compounded. Suppose the home is sold after 5 years. To calculate the Purchase Option Price (price that will go in the purchase and sale agreement between the CLT and the seller), first calculate the Formula Price:

Formula Price = Base Price x Compound Rate

Calculated as follows:

Year 1 = $\$130,100 \times 1.01 = \$131,300$

Year 2 = $\$131,300 \times 1.01 = \$132,613$

Year 3 = $\$131,613 \times 1.01 = \$133,939$

Year 4 = $\$133,939 \times 1.01 = \$135,379$

Year 5 = $\$135,379 \times 1.01 = \$136,631$

Formula Price = $\$136,631$

Purchase Option Price = $\$136,631 + \$55,000 = \$191,631$

The price to the subsequent buyer equals the Purchase Option price minus the assumed down payment assistance:

Purchase Option Price:	\$191,631
DPA assumed:	- <u>\$55,000</u>
Sales price for subsequent buyer:	\$136,631 (New Base Price for Formula Price)

The new price should be affordable to the subsequent buyer without additional subsidy.

At the end of the loan term, the value of the Purchase Option Price will be equal to the Formula Price.
