Does this LHAP contain an interlocal agreement?	No
If yes, name of other local government(s)	N/A

B. Purpose of the program:

- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

C. Fiscal years covered by the Plan: 2026-2027, 2027-2028, 2028-2029

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time completed applications were submitted as well as any established funding priorities as described in this plan.

The following priorities for funding (very low income, Special Needs, etc.) described/listed here apply to all strategies unless otherwise stated in an individual strategy in Section II:

All strategies will serve households meeting the definition of Special Needs first. After Special Needs, applications will be assisted for each strategy to meet the very low- and low-income set-asides.

First priority will be given to income qualified applicants with households qualifying as Special Needs as defined in 420.0004 (13) , F.S.-“Person with special needs” means an adult person requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition; a young adult formerly in foster care who is eligible for services under s.409.1451(5); a survivor

of domestic violence as defined in s.741.28; or a person receiving benefits under the Social Security Disability Insurance (SSDI) program or the Supplemental Security Income (SSI) program or from veteran's disability benefits.

420.0004 (7), F.S. - "Disabling condition" means a diagnosable substance abuse disorder, serious mental illness, developmental disability, or chronic physical illness or disability, or the co-occurrence of two or more of these conditions, and a determination that the condition is:

1. Expected to be a long-continued and indefinite duration; and
2. Not expected to impair the ability of the person with special needs to live independently with appropriate support.

- J. Discrimination:** In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
- K. Support Services and Counseling:** Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.
- L. Purchase Price Limits:** The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the average area purchase price established by the U.S. Treasury Department or as described above.

The methodology used is:

U.S. Treasury Department	X
Local HFA Numbers	

- M. Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

"Affordable" means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household's ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

- N. Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given

preference in the selection process.

- O. Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of \$10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.
- P. Administrative Budget:** A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: "A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan."

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: "The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to \$350,000 may use up to 10 percent of program income for administrative costs." The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

- Q. Program Administration:** Administration of the local housing assistance plan will be performed by:

Entity	Duties	Admin. Fee Percentage
Local Government	All Program Administration	10%
Third Party Entity/Sub-recipient	All Program Administration	0%

- R. First-time Homebuyer Definition:** For any strategies designed for first-time homebuyers, the following definition will apply: *An individual who has had no ownership in a principal residence during the 3-year period ending on the date of purchase of the property. This includes a spouse (if either meets the above test, they are considered first-time homebuyers). A single parent who has only owned a home with a former spouse while married. An individual who is a displaced homemaker and has only owned with a spouse. An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations. An individual who has only owned a property that was not in compliance with state, local or model building codes and which cannot be brought into compliance for less than the cost of*

constructing a permanent structure.

- S. Project Delivery Costs:** In addition to County administrative costs, project delivery costs may be required. Project delivery costs may include any time spent by Housing staff or County contracted third party consulting firm or firms, who perform housing program tasks, including any and all activities associated with completed project delivery. Project delivery fees charged will be reasonable cost and shall not prohibit the maximum activity award allocations as listed in the project activity categories named below. Project delivery costs shall not exceed 5% of the maximum award amount.
- T. Essential Service Personnel Definition (ESP):** ESP includes teachers and educators, other school district, community college, and university employees, police and fire personnel, health care personnel, and skilled building trades personnel.

U. Describe efforts to incorporate Green Building and Energy Saving products and processes:

With respect to the goals and beneficiaries of each LHAP strategy, the County shall through implementation of the various SHIP housing strategies, encourage the use of green materials, green design, green building principles and other elements that reduce long term costs relating to low maintenance and energy efficiency, in an attempt to lower utility and/or insurance costs.

Additionally, the SHIP program seek to provide cost effective "green" building features wherever possible. At a minimum:

1. Any appliances replaced or installed shall be Energy Star;
2. Any door and/or window replaced or installed shall be Energy Star.
3. Any lighting fixture replaced or installed shall be Energy Star.
4. Weatherization of all homes rehabilitated. At a minimum, weatherization shall include attic, and if appropriate, floor insulation as well as sealing all exterior walls. (New home construction is presumed to meet the minimum insulation and sealing requirements).
5. Any replaced or new (for new home construction) HVAC unit shall have a SEER rating of at least 15.

V. Describe efforts to meet the 20% Special Needs set-aside:

Hendry County will meet the 20% Special Needs set-aside by providing repairs to properties located within Hendry County that are owned and occupied by special needs households. The County will market to this population through County publications, the County Government website, local churches, nonprofit agencies, and other community-based organizations that serve those with special needs and/or disabilities in an attempt to give priority for assistance to these households.

W. Describe efforts to reduce homelessness:

No specific strategies are being utilized via the Hendry County SHIP program to reduce homelessness. However, the County SHIP program, in as much as it can, will support community-based organizations and programs in an attempt to assist homeless and at-risk-of homelessness residents in a manner that allows such

individuals fair access to affordable permanent housing. Any homeless persons or families encountered by County S.H.I.P. administration will be referred to any local available resources as appropriate.

X. Contract award allocation amount:

a. Allocation of Funding: Funds will be allocated up to an eligible amount per project. Any overage costs will be the responsibility of the homeowner if they agree to move forward with contract signing unless there are unforeseen repair(s) that arise in the middle of the repairs that affect the existing scope of work during the process of the repairs. Payment of the overage requires that an agreement be made between the contractor and the homeowner, and the funds must be paid for prior to beginning work. Homeowner(s) must acknowledge that the BOCC has voted/approved the amount to be spent on the project and that there will be no change(s) to the scope of work unless there are unforeseen changes that affect the scope of work that was approved. Any additional unforeseen costs for repairs will be addressed and in turn any least life, safety or health hazards will be removed from the project to reduce costs and will be applied toward the unforeseen repair costs. If there are any remaining funds to a SHIP project, those funds will be applied to the pool account and not added to the project for additional items in order to complete the entire eligible amount. Once the BOCC approves the bid amount, no changes will be made to the project.

The homeowner has no right to request additional funds that were originally approved by the BOCC.

The homeowner is responsible for removing personal items from the area(s) to be worked in.

SHIP does not fund or provide POD's/storage space or relocation fees unless there are extenuating circumstances.

b. Change Orders: Shall the need arise due to rehabilitation activity change order(s), or other such unforeseen conditions associated with all of the activity categories listed below that include or involve construction or rehabilitation activities, the County Administrator shall have the authority to approve a change order for up to \$9,999 as long as the contract amount does not exceed the maximum award amount. County Commission approval is required for a change order if the change order exceeds \$9,999 or if a change order combined with previously approved change order(s) would exceed \$9,999 or increase the cost above the maximum award amount.

c. Insurance coverage: The owner shall keep the dwelling and eligible appurtenant structure(s) insured against loss by the perils of fire, extended coverage, vandalism and malicious mischief (FEC, V & MM) for an amount equal to or greater than the actual cash value (ACV) of the said dwelling and appurtenant structure(s). Emergency Home Repair applicants are exempt from this requirement. The amount of coverage shall comply with the policy coinsurance requirements, if any. The policy shall name Hendry County as a Mortgagee and shall be with insurers acceptable to the County. The owner shall provide a certificate of insurance to the Hendry County SHIP Director prior to the closing of the mortgage. Said certificate shall provide a minimum of ten (10) days notice prior to cancellation. The owner shall provide to the County proof on an annual basis that the required insurance is in effect for another year. Receipt of certificates or other documentation of insurance or policies or copies of policies by the County which indicate less coverage than required does not constitute a waiver of the owner's obligation to fulfill the insurance requirements herein.

In the event of loss or damage to the Mortgaged Property, the owner will give the County immediate notice thereof by mail, and the County may make and file proof of loss if not made otherwise promptly by or on behalf of the owner. Unless owner and County otherwise agree in writing, insurance proceeds shall be applied

to restoration or repair, provided such restoration or repair is economically feasible and the security of this Mortgage is not thereby impaired. If such restoration or repair is not economically feasible, or if the security of this Mortgage would be impaired, the insurance proceeds shall be paid to owner. If the Mortgaged Property is abandoned by owner, or if owner fails to respond to County within 30 days from the date notice is mailed by County to owner that the insurance carrier offers to settle a claim for insurance benefits, County is authorized to collect and apply the insurance proceeds to restoration or repair of the Mortgaged Property. In the event of foreclosure of this Mortgage, or of any transfer of title to the Mortgaged Property in extinguishment of such indebtedness, all right, title, and interest of the owner in and to every such insurance policy then in effect, subject to the rights and interest of the holder of any such prior lien, shall pass to the grantee acquiring title to the Mortgaged Property together with such policy and appropriate assignment of such right, title, and interest which shall be made by the owner.

If any of these occur, the outstanding balance will be due and payable. If the homeowner vacates the property, or rents it out, repayment will be accelerated with repayment terms. - f. Recipient/Tenant Selection Criteria: Following the annual advertisement of the SHIP availability of funds in a local circulation newspaper, applications will be received on a first-qualified, first-served basis from all applicants meeting the selection criteria in Section I.I.
1. The applicant must meet established income guidelines set forth by the State criteria for "Anticipated Gross Household Income Limits Adjusted for Family Size" for Hendry County.
 2. The home must be located in Hendry County.
 3. Where the cost of repairs exceeds 51% of the assessed (as determined by the Hendry County Property Appraiser) value of the building, no repairs will be made. Applicant will be considered for the demolition and replacement if qualifies.
 4. Rehabilitation Costs Exceeding 50% of Property Value. This provision allows exceptions to local program policies where the Board of County Commissioners or City Council approves the exception in accordance with the LHAP.
The exception is documented in the project file, and the local government can demonstrate that the expenditure is reasonable, cost-effective, and serves the objectives of the SHIP Program. For example, an exception may be justified when:
 - The home has historical or unique value.
 - Demolition/reconstruction is not feasible due to lot constraints.
 - Rehabilitation is still more economical than replacement.
 - The additional rehabilitation will preserve affordable housing and is in the best interest of the SHIP program.
 5. As a best practice, Hendry County adopts the +/- 15% methodology when selecting the lowest bid within the cost estimate range. Prior to bidding, the County will estimate the cost for the work. Bids received that are less than 85% of the estimate or are greater than 115% of the estimate will be rejected. Homeowners will have the option to submit a letter refusing a particular contractor's services prior to soliciting bids. If such a letter is received, the County will advise the identified contractor not to bid. If the County does not receive such a letter

prior to soliciting bids, the lowest most responsive bid will be accepted.

6. After priority listed in Section I. I. is met, priority will be given to first time applicants, elderly homeowners (62 or older), extremely low income, very low income, and disabled households.

g. Sponsor Selection Criteria: N/A

h. Additional Information:

Recording fees may be allocated as grant funds and not included in the recorded mortgage.

c. Any site built or mobile home that is deemed beyond the cost of rehabilitation must be demolished on-site. The person or persons performing the demolition shall be a licensed contractor in good standing with the State of Florida and the Hendry County Building and Licensing Department. It shall be the responsibility of the awarded contractor and/or their subcontractor for the on-site demolition to ensure the safe, legal removal and appropriate disposal of the dilapidated structure. 3. Where the cost of the repairs exceeds 51% of the assessed (as determined by the Hendry County Property Appraiser) value of the building, no repairs will be made. If available, applicant will be referred to another county program for assistance.
4. As a best practice, Hendry County adopts the +/- 15% methodology when selecting the lowest bid within the cost estimate range. Prior to bidding, the County or its designee will estimate the cost of the work. Bids received that are less than 85% of the estimate or are greater than 115% of the estimate will be rejected. Homeowners will have the option to submit a letter refusing a particular contractor's services prior to soliciting bids. If such a letter is received, the County will advise the identified contractor not to bid. If the County does not receive such a letter prior to soliciting bids, the lowest most responsive bid will be accepted. After priority listed in Section I.I. is met, priority will be given to first time applicants, elderly homeowners (age 62 or older), extremely low income, very low income, and disabled.
