B. Purpose of the program:
- To meet the housing needs of the very low, low and moderate-income households;
- To expand production of and preserve affordable housing; and
- To further the housing element of the local government comprehensive plan specific to affordable housing.

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government, lending institutions, builders and developers, not-for-profit and community-based housing providers and service organizations, providers of professional services related to affordable housing, advocates for low-income persons, real estate professionals, persons or entities that can provide housing or support services and lead agencies of the local continuums of care.

F. Leveraging: The Plan is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face to face meetings with housing providers, social service providers and local lenders and neighborhood associations. Public input was solicited through the local newspaper in the advertising of the Local Housing Assistance Plan and the Notice of Funding Availability.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation and periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list will be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.

J. Discrimination: In accordance with the provisions of ss.760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.
K. Support Services and Counseling: Support services are available from various sources. Available support services may include but are not limited to: Homeownership Counseling (Pre and Post), Credit Counseling, Tenant Counseling, Foreclosure Counseling and Transportation.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.

M. Income Limits, Rent Limits and Affordability: The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at www.floridahousing.org.

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, it is not the intent to limit an individual household’s ability to devote more than 30% of its income for housing, and housing for which a household devotes more than 30% of its income shall be deemed Affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30% benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size.

N. Welfare Transition Program: Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. Monitoring and First Right of Refusal: In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons.

P. Administrative Budget: A line-item budget is attached as Exhibit A. The city/county finds that the moneys deposited in the local housing assistance trust fund are necessary to administer and implement the local
housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.” The applicable local jurisdiction has adopted the above findings in the resolution attached as Exhibit E.

Q. Program Administration: Administration of the local housing assistance plan will be performed by:

R. Project Delivery Costs: Project delivery costs for rehab programs will include initial inspections, work write up/cost estimates, and construction inspections/oversight. For purchase assistance it will include housing education/counseling and home inspections. This amount will be capped at $2,500.

S. Essential Service Personnel Definition: Essential Services Personnel means persons whose household income do not exceed 120% of AMI, as determined annually by Florida Housing Finance Corporation and adjusted for family size, including: teachers and educators, police and fire personnel, health care personnel, retail workers, tourism industry personnel, skilled building trades, and food service personnel.

T. Describe efforts to incorporate Green Building and Energy Saving products and processes: Osceola County has included within the LHAP a strategy to address green building principles and energy efficiency. Additionally, Osceola County will offer education on energy efficiency and reducing utility costs associated with maintenance and utility cost at homes.

U. Describe efforts to meet the 20% Special Needs set-aside: 420.004 (13) “Person with special needs” means an adult person requiring independent living services in order to maintain housing or develop independent living skills and who has a disabling condition; a young adult formerly in foster care who is eligible for services under s. 409.1451(5); a survivor of domestic violence as defined in s. 741.28; or a person receiving benefits under the Social Security Disability Insurance (SSDI) program or the Supplemental Security Income (SSI) program or from veterans’ disability benefits. Osceola County SHIP Program staff upon initial contact with a potential client, assess if the family meets the definition of special needs. If through the intake it is determined the family is special needs, they will track on a separate spreadsheet specifically for special needs families. These families will be prioritized and evaluated on a monthly basis and pulled on a regular basis until the 20% requirement is met. Once the 20% is met, we will process these clients on a first qualified, first-served basis along with other applicants.

V. Describe efforts to reduce homelessness: Osceola County has implemented a Re-Housing strategy in an effort to provide financial resources to homeless families in our area. SHIP funds will be leveraged with other
financial resources such as CDGB, HOME, ESG, and etc. In an effort to stretch the available resources and maximize the number of families that can be assisted. Case management services by Human Services case managers will be provided to any homeless families receiving assistance to ensure a reoccurrence of homelessness is minimized.

   5. Repayment: There shall be no monthly payments required.
   6. Default/Recapture: Default of the loan occurs if the recipient(s) home is sold, subordination requirements are not met, title is transferred or the home ceases to be the primary residence of the recipient, then the total amount of assistance at the time of default must be repaid. All eligible loans or grants repaid to the County shall be considered program income. Should the death of the homeowner occur prior to the expiration of the deferred payment loan, at the sale or transfer of ownership the balance of the deferred payment loan shall become due.

f. Recipient Selection Criteria: Priority will be given to very low and low income households. Applicants will
be received on a first qualified, first served basis.

g. Sponsor Selection Criteria: N/A

h. Additional Information: Property Eligibility:
   1. Property must be owner-occupied

   2. The property must be located in Osceola County. Rehabilitation for this strategy is defined as the repairs or improvements which are needed for safe or sanitary habitation or correction of substantial code violations that are a result of a disaster. Generally, such needs may include: purchase of emergency supplies for eligible households to weatherproof damaged homes, interim or permanent repairs to correct or avoid further damage, tree and debris removal required to make individual housing units habitable, insurance deductibles, and post disaster assistance with non-insured repairs.

III. LHAP Incentive Strategies

In addition to the required Incentive Strategy A and Strategy B, include all adopted incentives with the policies and procedures used for implementation as provided in Section 420.9076, F.S.:

A. Name of the Strategy: Expedited Permitting

   Permits as defined in s. 163.3177 (6) (f) (3) for affordable housing projects are expedited to a greater degree than other projects.

   Osceola County realizes that time is of the essence for development projects. Expedited Processing can provide cost and time savings to the developer which helps to lower the cost of the home to the homebuyer.

   Established policy and procedures:

   Projects determined to be affordable housing projects are placed on the Planning Commission’s agenda regardless of workload. That is, affordable housing projects would be placed on the agenda regardless of whether they exceeded the forty (40) project maximum.

   The Building Department reviews affordable housing projects submitted and flags them so that permits are issued within a forty-eight hour period.

   Expedited permitting will be provided to builders and developers who are applying for Federal and/or State Affordable Housing Programs.

   Expedited permitting will be provided to Non-Profit Organizations that are building affordable housing with a sales price that does not exceed the maximum sales price for the State Housing Initiative Partnership (SHIP) Program.

   Expedited permitting will be provided for site and development approval, plats and building permits for any applicant when a minimum of fifteen (15) percent of the total residential units within the development are affordable to households earning less than 120% of the area median income.
Note: *Applications that include more than one phase for residential development must construct at least ten (10) percent of the total affordable housing units within the first phase of development.

B. Name of the Strategy: **Ongoing Review Process**

An ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption.

Provide a description of the procedures used to implement this strategy:

The Affordable Housing Advisory Committee currently serves as the affordable housing advisory committee for the SHIP Program. This committee meets for the purpose of discussing current and proposed plans for housing programs. Copies of proposals are submitted to the AHAC and comments received, when appropriate, are incorporated in the plans and forwarded to the Board of County Commissioners for final approval.

One staff member from the Human Services Division serves on the County’s Technical Review Staff (TRS). This position would serve on an as-needed basis to inform the other TRS members of policy changes, inclusive of increases in impact fees, permit fees, and changes in land development regulations, that may affect the cost of housing. This person will review all applications presented at TRS that relate to affordable housing. Additionally, this staff person will present new items to the Affordable Housing Advisory Committee.

C. Name of the Strategy: **Community Land Trust**

The Community Land Trust model lessens the cost of housing for residents by holding the land and only selling the housing unit. Removing the land cost of the home provides an affordable rate to the homeowner. The County shall explore partnering with an outside entity to establish a CLT within Osceola County.
