I. PROGRAM DETAILS

A. Name of the participating local government: PASCO COUNTY

Is there an Interlocal Agreement: Yes No X

B. Purpose of the program:

1. To expand the supply of safe, sanitary, and affordable housing for extremely low, very-low, low and moderate-income households;

2. Develop local housing partnerships that expand the production of and preserve the County’s affordable housing stock;

3. To further the housing element of the local government comprehensive plan specific to affordable housing;

4. Improve the living and housing conditions of Neighborhood Target Area households. Target areas are designated by Pasco County Board of County Commissioners (BCC) as neighborhoods in need of revitalization. The neighborhoods have been identified by symptoms of distress, are generally lower-income, have an older and declining housing stock, depressed property values, and lower homeownership rates than many areas of the County. Target areas are identified as a high priority need in the 5-Year Consolidated Plan and are eligible for Federal funding;

5. To provide match funds required by other Federal and State housing programs; and

6. To increase housing related employment.

C. Fiscal years covered by the Plan: 2018-2019; 2019-2020; 2020-2021

D. Governance: The SHIP Program is established in accordance with Section 420.907-9079, Florida Statutes and Chapter 67-37, Florida Administrative Code. Cities and Counties must be in compliance with these applicable statutes, rules and any additional requirements as established through the Legislative process.

E. Local Housing Partnership: The SHIP Program encourages building active partnerships between government; lending institutions; builders and developers; not-for-profit and community-based housing providers and service organizations; providers of professional services related to affordable housing; advocates for low-income persons; real estate professionals; persons or entities that can provide housing or supportive services; and lead agencies of the local continuums of care.
1. The Pasco Opportunity Program ("POP") is a County and not-for-profit agency developer partnership that creates affordable housing for very-low, low and moderate-income homebuyers. POP Developers were solicited by a Request for Proposal and selected by the BCC. There are four (4) types of POP Developers:

i. Tier One Developers: Minimum of 10-years’ experience in affordable housing development; required to leverage their own funds in the rehabilitation or construction of single-family homes. Homebuyers assisted: very-low, low and moderate-income.

ii. Tier Two Developers: Self-Help agencies that may have their clients perform “sweat equity” or provide other services to the agency rather than providing a down payment for single-family homes. Homebuyers assisted: very-low and low-income.

iii. Tier Three Developers: Have less than 10-years’ experience in single-family affordable housing development. Leveraged funds are not required. Homebuyers assisted: very-low, low and moderate-income.

iv. Tier Four Developers: Specialized agencies that are set up to meet HOME Investment Partnerships requirements for a Community Housing Development Organization (CHDO). A CHDO may develop rental and single-family homes. Homebuyers assisted: very-low and low-income.

The solicitation process is not ongoing; however, agency selection occurs periodically based on funding availability and programmatic need. POP Developers must show that they possess the capacity, capability, experience, and the ability to work on homeownership programs; they must have an active status of 501(c) and must be in good financial standing and have an active SAM number.

2. Lenders that participate in the homebuyer program are required to personally complete the Pasco County Community Development Training for Housing Partners on an annual basis to maintain their approval status and serve as partners to assist borrowers with homeownership assistance.

3. Realtors that participate in the homebuyer program are required to personally complete the Pasco County Community Development Training for Housing Partners on an annual basis to maintain their approval status and serve as partners to assist borrowers with homeownership assistance.
4. Contractors that participate in the homeowner rehabilitation program have been qualified through an application process that includes review of licenses, contact references, credit history, and evaluation of past performance. Contractors that have been debarred or suspended from working on federally funded programs, or are the subject of unresolved complaints filed with the Florida Department of Business and Professional Regulation, are not eligible to participate.

F. Leveraging: The Local Housing Assistance Plan (LHAP) is intended to increase the availability of affordable residential units by combining local resources and cost saving measures into a local housing partnership and using public and private funds to reduce the cost of housing. SHIP funds may be leveraged with or used to supplement other Florida Housing Finance Corporation (FHFC) programs and to provide local match to obtain federal housing grants or programs.

G. Public Input: Public input was solicited through face-to-face meetings with housing providers, social service providers and local lenders and neighborhood associations. On August 21, 2017, Pasco County, in collaboration with various agency partners, held a Housing Summit to discuss local housing and homeless needs. Panel discussions were held on homeownership, Habitat for Humanity, homelessness, special needs, rental development, public housing and neighborhood redevelopment. The information gathered through the summit identified those needs with the highest priority. Public input was also solicited through public notice in a local newspaper on March 29, 2018, on Pasco County’s website, and through the County’s “Notify Me/Message Center.” No written comments were received.

H. Advertising and Outreach: SHIP funding availability shall be advertised in a newspaper of general circulation, on the County’s website, and through the County’s “Notify Me/Message Center”, and if available, periodicals serving ethnic and diverse neighborhoods, at least 30 days before the beginning of the application period. If no funding is available due to a waiting list, no notice of funding availability is required.

I. Waiting List/Priorities: A waiting list may be established when there are eligible applicants for strategies that no longer have funding available. Those households on the waiting list will be notified of their status. Applicants will be maintained in an order that is consistent with the time applications were submitted as well as any established funding priorities as described in this plan.
The following priorities for funding described/listed here apply to all strategies unless otherwise stated:

a) Special Needs Households: very low and low income  
b) Elderly Households: very-low and low-income  
c) Essential Service Personnel: very-low, low and moderate-income  
d) After set asides are met: very-low, low and moderate-income

J. Discrimination: In accordance with the provisions of F.S. 760.20-760.37, it is unlawful to discriminate on the basis of race, color, religion, sex, national origin, age, handicap, or marital status in the award application process for eligible housing.

K. Support Services and Counseling: SHIP funds will be used to provide the following counseling, education and services:

1. Homeownership Education Classes: Homebuyers must attend a HUD-Certified Homeownership Training course. A copy of the training certificate shall be included with the lenders request to reserve homebuyer assistance funds.

2. Homeownership Counseling: Homebuyers and applicants for foreclosure prevention or tax payment assistance must complete a one-on-one counseling session with the County's contracted HUD-Certified counseling agency prior to closing.

3. Providers of housing counseling services shall ensure that the applicant is ready for homeownership and has already placed or will soon place a contract on a home. If sound practices for coordination and communication are in place, there will be fewer problems throughout the process and the applicant will be confident that his or her needs have been effectively addressed by the local program.

L. Purchase Price Limits: The sales price or value of new or existing eligible housing may not exceed 90% of the average area purchase price in the statistical area in which the eligible housing is located. Such average area purchase price may be that calculated for any 12-month period beginning not earlier than the fourth calendar year prior to the year in which the award occurs. The sales price of new and existing units, which can be lower but may not exceed 90% of the median area purchase price established by the U.S. Treasury Department or as described above.
The methodology used is:

X U.S. Treasury Department
_____ Local HFA Numbers

M. **Income Limits, Rent Limits and Affordability:** The Income and Rent Limits used in the SHIP Program are updated annually by the Department of Housing and Urban Development and posted at [www.floridahousing.org](http://www.floridahousing.org).

“Affordable” means that monthly rents or mortgage payments including taxes and insurance do not exceed 30 percent of that amount which represents the percentage of the median annual gross income for the households as indicated in Sections 420.9071, F.S. However, payments shall be deemed affordable if the first institutional mortgage lender is satisfied that the household can afford mortgage payments in excess of the 30 percent benchmark and in the case of rental housing does not exceed those rental limits adjusted for bedroom size. When the county is the first lender, client’s ratios including the County’s loan cannot exceed 40 percent for housing costs and 50 percent for total debt.

N. **Welfare Transition Program:** Should an eligible sponsor be used, a qualification system and selection criteria for applications for Awards to eligible sponsors shall be developed, which includes a description that demonstrates how eligible sponsors that employ personnel from the Welfare Transition Program will be given preference in the selection process.

O. **Monitoring and First Right of Refusal:** In the case of rental housing, the staff and any entity that has administrative authority for implementing the local housing assistance plan assisting rental developments shall annually monitor and determine tenant eligibility or, to the extent another governmental entity provides periodic monitoring and determination, a municipality, county or local housing financing authority may rely on such monitoring and determination of tenant eligibility. However, any loan or grant in the original amount of $10,000 or less shall not be subject to these annual monitoring and determination of tenant eligibility requirements. Tenant eligibility will be monitored annually for no less than 15 years or the term of assistance whichever is longer unless as specified above. Eligible sponsors that offer rental housing for sale before 15 years or that have remaining mortgages funded under this program must give a first right of refusal to eligible nonprofit organizations for purchase at the current market value for continued occupancy by eligible persons. This criterion does not apply to tenant rental assistance activities.
P. **Administrative Budget:** A line-item budget of proposed Administrative Expenditures is attached as **Exhibit A.**

Pasco County finds that the monies deposited in the local housing assistance trust fund shall be used to administer and implement the local housing assistance plan.

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, states: “A county or an eligible municipality may not exceed the 5 percent limitation on administrative costs, unless its governing body finds, by resolution, that 5 percent of the local housing distribution plus 5 percent of program income is insufficient to adequately pay the necessary costs of administering the local housing assistance plan.”

Section 420.9075 Florida Statute and Chapter 67-37, Florida Administrative Code, further states: “The cost of administering the program may not exceed 10 percent of the local housing distribution plus 5 percent of program income deposited into the trust fund, except that small counties, as defined in s. 120.52(19), and eligible municipalities receiving a local housing distribution of up to $350,000 may use up to 10 percent of program income for administrative costs.”

The Pasco County Board of County Commissioners has adopted the above findings in the Resolution attached as **Exhibit E.**

Q. **Program Administration:** Administration of the local housing assistance plan will be wholly performed and maintained by **Pasco County.**

R. **Project Delivery Costs:** There are no additional charges to an applicant other than those charges that are normally included as administrative expenses.

S. **Elderly:** Applicants 62 years and older qualify as Elderly as defined in 420.503, F.S.

T. **Essential Service Personnel Definition:** Essential service personnel is defined as households who earn less than 120% of the median income for the Tampa-St. Petersburg-Clearwater standard metropolitan statistical area, adjusted for family size, which include families that have household members who are Veterans, active duty/reserve military personnel, teachers, law enforcement personnel, emergency service and 9-1-1 dispatchers and medical/health care professionals, skilled building trades personnel, and local government employees.

U. **Describe efforts to incorporate Green Building and Energy Saving products and processes:** For owner occupied rehabilitation, the County will provide an opportunity for
homeowners to upgrade existing insulation to an R-30 standard. Appliances, windows, doors, and light fixtures can be replaced with Energy Star-rated items if replacement is necessary at the time of rehabilitation. Air conditioning units can be replaced with 15 Seasonal Energy Efficiency Ratio (SEER) -rated units. Improvements are subject to homeowner equity and eligibility criteria.

V. **Describe efforts to meet the 20 percent Special Needs set-aside:**

The County will meet this requirement through the Homeowner Rehabilitation, Homebuyer Assistance and Rental Housing Strategies. The first priority of special needs funds is to serve persons with disabilities as defined in F.S. 393.063 and F.S. 420.0004 with an emphasis on home modifications and enhancements that will allow homeowners to remain independent in their own homes and maintain homeownership. Applicant’s referred by one of the three partner agencies serving developmentally disabled persons in the County (A.F.I.R.E. of Pasco County, Inc., The ARC Nature Coast, and The Red Apple Adult Training Center), will receive priority funding, under the 20% set aside. The County has also partnered with the Pasco County Housing Authority to develop scattered site, special needs rental housing units using both SHIP and HOME Investment Partnerships funds.

W. **Describe efforts to reduce homelessness:**

The County works in collaboration with the Continuum of Care (CoC) to develop and coordinate strategies in the effort to end homelessness. The County is responsible for Community Development Block Grant, HOME Investment Partnership (HOME) and Emergency Solutions Grant funds; which are leveraged with other resources to reduce homelessness. SHIP and other grant funds have been provided to the Pasco County Human Services Division for homeless prevention and rapid rehousing programs; the County has implemented an Extremely Low-Income Housing Program to address the issue of housing for homeless families experiencing homelessness and chronically homeless households.

When a property is sold to a POP Developer,

A. Name of the Strategy: Expedited Permitting

Permits, as defined in s. 163.3177 (6) (f) (3) for affordable housing projects, are expedited to a greater degree than other projects. Provide a description of the procedures used to implement this strategy:

Developments that are certified as affordable by the SHIP Administrator are scheduled for a Pre-Application Meeting with Planning and Development where a County Review Team provides technical assistance prior to submittal of the development application. Once the development application is submitted the expedited review process begins. Single family permit applications that are certified as affordable by the SHIP Administrator receive an “Expedited Permitting Form” that alerts the permitting staff to the expedited review status. The processing time for single family permitting is reduced from 21 days to approximately 10 days.

The Community Development Department will coordinate with the Development Services Branch to update the Accela Automation Software Program to allow for tracking and reporting of affordable housing project submittals and add “Affordable Housing Intake Permit Requirements” to the existing Central Permitting website with instructions, necessary paperwork, and a designated contact person. Written policies and procedures will be put in place for continuous review of the expedited permitting process to ensure the efficiency of the review process.

B. Name of the Strategy: Ongoing Review Process

Require an ongoing process for review of local policies, ordinances, regulations and plan provisions that increase the cost of housing prior to their adoption. Provide a description of the procedures used to implement this strategy:

The Director of the Community Development Department reviews County policies, procedures, and regulations that may affect the cost of housing as part of its annual reporting for the State Housing Initiatives Partnership (SHIP) program and the Federal Community Development Block Grant (CDBG) and HOME Investment Partnerships (HOME) programs. In addition, the
department receives plan provisions and ordinances for comment and participates in the County’s review process prior to adoption.

The County’s Ordinance Development Team (ODT) leads the drafting and review of all potential Land Development Code (LDC) Amendments. ODT is comprised of Staff members from Zoning and Intake, Current Planning, Long Range Planning, Code Enforcement and the County Attorney’s Office. In addition, ODT members will work with subject matter experts from other County departments, or non-county entities as appropriate.

C. Other Incentive Strategies Adopted:

Improve and update the Pasco County Official Website for the Community Development Department and the Building Construction Services Department with links to the Florida Housing Finance Authority, Florida Housing Coalition, Shimberg Center for Housing Studies, and other affordable housing not-for-profit and for-profit agencies. Improving the County website is an ongoing process.

The Affordable Housing Advisory Committee recommended that the County utilize the Shimberg model from the University of Florida to identify the need for affordable housing in the County. This model provides baseline information that will assist the County in making recommendations on policies and procedures.

Exhibit B
Timeline for SHIP Expenditures

Pasco County affirms that funds allocated for these fiscal years will meet the following deadlines:

<table>
<thead>
<tr>
<th>Fiscal Year</th>
<th>Encumbered</th>
<th>Expended</th>
<th>1st Year AR</th>
<th>2nd Year AR</th>
<th>Closeout AR</th>
</tr>
</thead>
</table>

If funds allocated for these fiscal years are not anticipated to meet any of the deadlines in the table above, Florida Housing Finance Corporation will be notified according to the following chart:

<table>
<thead>
<tr>
<th>Fiscal Year</th>
<th>Funds Not Encumbered</th>
<th>Funds Not Expended</th>
<th>1st Year AR Not Submitted</th>
<th>2nd Year AR Not Submitted</th>
<th>Closeout AR Not Submitted</th>
</tr>
</thead>
</table>

Requests for Expenditure Extensions (close-out year ONLY) must be received by FHFC by June 15 of the year in which funds are required to be expended. The extension request shall be emailed to robert.dearduff@floridahousing.org and terry.auringer@floridahousing.org and include:

1. A statement that Pasco County requests an extension to the expenditure deadline for fiscal year ____________________.
2. The amount of funds that is not expended.
3. The amount of funds that is not encumbered or has been recaptured.
4. A detailed plan of how/when the money will be expended.

Note: an extension to the expenditure deadline (June 30) does not relieve the requirement to submit (September 15) the annual report online detailing all funds that have been expended. Please email terry.auringer@floridahousing.org when you are ready to “submit” the AR.

Other Key Deadlines:

AHAC reports are due for each local government the same year as the local government’s LHAP being submitted. Local governments receiving the minimum or less allocation are not required to report.
