## INCOME & RENT RESTRICTIONS

This is not a fee simple sale of the land. The Property includes a capital land lease with a \$1 purchase option at the time of expiration. The Property may have to go through additional steps with the neighboring properties to meet the setback and parking requirements necessary to exercise this option.

This property is part of a master planned multi-family residential community and is provided access to the pool, community space amenities, access drives, parking, trash disposal facilities, utilities and stormwater drainage in adjoining phases. The operation, maintenance, repairs and improvements to the pool, community space amenities, access drives, parking, trash disposal facilities, utilities and stormwater drainage is controlled by the adjoining phase owners. This property is required to pay their prorata fair share of all operation, maintenance, repair and improvements cost for these shared improvements.

The subject is restricted by a Land Use Restriction Agreement (LURA) and Extended Low Income Housing Agreement with Florida Housing that requires 24 units be set aside at 60% of the area's median income (AMI).

*\*This property is being offered pursuant to the Qualified Contract provisions under Section 42 of the Internal Revenue Code ("IRC"). The Qualified Contract Price ("QCP") is calculated based on a formula in the IRC and does not provide any indication of the price at which the Owner is willing to sell. Please reference the IRC and Florida Housing's Qualified Contract program rules for more information.*

***Additional program requirements can be found in the respective regulatory agreement. The buyer must agree to maintain the affordability restrictions. This will include but not be limited to operating the property in compliance with all county, state and federal regulatory agreements.***
