Subject: RFA Preservation - Comment

Good Afternoon all,

One last comment for the record.

Under **Other Funding:**

If a proposed development will be assisted with funding from the RD 538 Program the Applicant is required to "provide the Section 538 Selection letter send to the Applicant by RD".

Please allow the USDA 538 RD Selection letter to be submitted during credit underwriting, therefore deleting (c)(ii) on page 26 of the draft RFA.

The preliminary commitment from "an RD 538 approved lender" should be sufficient for the RFA submission.

Thanks.
