On Exhibit E, Section A.1. [pg. 111] of SAIL RFA 2014-111, as currently drafted, the application to be excluded under a "related scheme of development" is that which has the lowest (best) lottery number. Since the decisive tie-breaker in SAIL RFA 2014-11 is leverage-per-unit, it would seem appropriate to use Exhibit E, Section A.1. to clarify FAC 67-48.004 to exclude the application which has the lowest (best) leverage-per-unit, and not the lowest (best) lottery number.
