Subject: RFA2021-203, Minimum # of units South of 224th Street

Trey and Company –

I have a request for your consideration. For the upcoming 9% tax credit RFA2021-203 for Miami-Dade County for a number of years you have a minimum number of 110 units for developments that are south of 224th Street. Given the escalating costs of land, materials and labor I was hoping that you might consider dropping that minimum to 95 units.

I appreciate your consideration of this request.

- Doug
