Subject: RE: Comment on RFA 2022-201 - Mandatory Distance Requirement Exception Request

Good afternoon Marissa,

We would also ask that FHFC would consider waiving the mandatory distance requirement in designated disaster counties. This would remove a barrier to developing affordable units in communities that have lost inventory as a result of Ian. Removing the MDR would help jumpstart the recovery effort where communities have set aside land for additional workforce housing.

Thank you for your consideration.
